

2020-05-13 Village Board Meeting

This file is the transcript with time stamps for video found at:
<https://youtu.be/RyGTJwGfTkq>

0:00:00.860,0:00:08.230
[Music]

0:00:09.760,0:00:15.200
okay welcome to the village of

0:00:12.200,0:00:17.360
Wappingers Falls regular monthly meeting

0:00:15.200,0:00:22.000
for the mayor and the Board of Trustees

0:00:17.360,0:00:26.320
for today Wednesday May 13 2020 and

0:00:22.000,0:00:30.939
we'll do the Pledge of Allegiance I

0:00:26.320,0:00:30.939
pledge allegiance to the flag

0:00:42.910,0:00:51.380
okay so tonight's meeting I'm sharing

0:00:49.340,0:01:05.600
the agenda and that's what you should

0:00:51.380,0:01:08.720
see and it won't go up okay and I'd like

0:01:05.600,0:01:12.049
to ask that we take a moment of silence

0:01:08.720,0:01:16.820
for mr. Donald Mizuki

0:01:12.049,0:01:20.090
who passed away April 11th 2020 Don was

0:01:16.820,0:01:23.689
a longtime village resident life member

0:01:20.090,0:01:26.560
of WT garner for over 50 years and

0:01:23.689,0:01:29.329
served as fire chief he was also on a

0:01:26.560,0:01:32.390
village trustee in the second Ward and

0:01:29.329,0:01:35.960
served as a water commissioner and I

0:01:32.390,0:01:38.749
just like to express to his entire

0:01:35.960,0:01:42.079
family and especially Cathy our deepest

0:01:38.749,0:01:43.789
condolences for the passing of this very

0:01:42.079,0:01:46.749
special member of our community

0:01:43.789,0:01:46.749
Don Mizuki

0:01:54.570,0:02:04.480
okay thank you so John do we have any

0:02:01.810,0:02:07.710
items of recognition announcements or

0:02:04.480,0:02:10.660
special events not that I'm aware of

0:02:07.710,0:02:13.360
okay are there any from the board that

0:02:10.660,0:02:20.320
the board would like to bring up at this

0:02:13.360,0:02:21.970
time none but if I may just want to say

0:02:20.320,0:02:25.840
there's been a great outpouring from the

0:02:21.970,0:02:28.930
community for first responders and there

0:02:25.840,0:02:33.420
have been donating not only food but PPE

0:02:28.930,0:02:35.950
and it's been it's been great the

0:02:33.420,0:02:42.310
outreach from the community so thanks to

0:02:35.950,0:02:44.110
everybody out there yes and also it

0:02:42.310,0:02:49.750
would be great if everybody would

0:02:44.110,0:02:53.530
remember our food pantries Zion First

0:02:49.750,0:02:55.989
Presbyterian Church st. Mary's as well

0:02:53.530,0:02:57.459
as the Meals on Wheels program that's

0:02:55.989,0:03:02.110
operated out of the First Presbyterian

0:02:57.459,0:03:04.870
Church they are attempting to address

0:03:02.110,0:03:09.459
all of the hunger needs in our community

0:03:04.870,0:03:12.280
and they would definitely be able to use

0:03:09.459,0:03:14.260
any donations that anyone is able to

0:03:12.280,0:03:16.420
make for them there's been a dramatic

0:03:14.260,0:03:18.790
increase in the number of people going

0:03:16.420,0:03:23.230
to the food bank here in the village of

0:03:18.790,0:03:26.200
Wappingers Falls so at this time before

0:03:23.230,0:03:29.470
we get going with the roll call I'm just

0:03:26.200,0:03:31.510
going to let you know that I have

0:03:29.470,0:03:33.519
confirmed with the village attorney that

0:03:31.510,0:03:35.170
tonight's meeting has been convened in

0:03:33.519,0:03:39.370
accordance with the governor's March

0:03:35.170,0:03:42.190
13th 2028 of order two oh two point one

0:03:39.370,0:03:44.890
and all superseding orders which

0:03:42.190,0:03:47.290
suspends certain provisions of the open

0:03:44.890,0:03:49.530
meetings law to allow a municipal board

0:03:47.290,0:03:53.830
to convene a meeting via

0:03:49.530,0:03:55.510
videoconferencing in accordance with the

0:03:53.830,0:03:57.250
executive order the public has been

0:03:55.510,0:03:59.860
provided with the ability to view

0:03:57.250,0:04:01.840
tonight's work session meeting and a

0:03:59.860,0:04:04.150
transcript will be provided at a later

0:04:01.840,0:04:05.650
date I've done a roll call of the board

0:04:04.150,0:04:07.460
members and there is a quorum present

0:04:05.650,0:04:10.130
for this meeting we will

0:04:07.460,0:04:11.960
the roll call and we will also confirm

0:04:10.130,0:04:13.910
with the village clerk that this meeting

0:04:11.960,0:04:16.520
has been duly noticed we've fulfilled

0:04:13.910,0:04:19.040
our legal notice requirements by posting

0:04:16.520,0:04:20.720
notice on the villages bulletin boards

0:04:19.040,0:04:23.480
faxing to the library and news

0:04:20.720,0:04:25.760
organizations posting notice on the

0:04:23.480,0:04:29.540
villages homepage of its website and

0:04:25.760,0:04:31.250
listing on the villages Facebook page so

0:04:29.540,0:04:40.420
at this time I'd like to ask the clerk

0:04:31.250,0:04:46.630
to do the roll call mayor Alexander your

0:04:40.420,0:04:50.590
trusty Marco John Eyre trusty Davis here

0:04:46.630,0:04:57.290
trusty come morning here trusty Huber

0:04:50.590,0:04:59.630
resident trusty Witten absolute trusty

0:04:57.290,0:05:02.440
Witten is trying to log M he's having

0:04:59.630,0:05:06.650
difficulty with his internet connection

0:05:02.440,0:05:13.160
trusty pernessa here village attorney

0:05:06.650,0:05:17.360
Wallace or okay so the first item that

0:05:13.160,0:05:22.490
we're gonna get to tonight is the local

0:05:17.360,0:05:24.920
law number a for the year 2020 amending

0:05:22.490,0:05:27.500
chapter 151 of the village of weapon

0:05:24.920,0:05:28.970
jurist falls entitled zoning to clarify

0:05:27.500,0:05:32.360
the provisions for street level

0:05:28.970,0:05:36.380
dwellings and before I turn this over to

0:05:32.360,0:05:40.190
our attorney I'd just like to remind

0:05:36.380,0:05:44.110
everybody that this is the rewrite of

0:05:40.190,0:05:47.840
the law that we passed on March 11th

0:05:44.110,0:05:49.850
2020 and we tried to rewrite the way the

0:05:47.840,0:05:55.250
law was written during the meeting and

0:05:49.850,0:05:58.070
you know it I did my usually usual good

0:05:55.250,0:06:00.170
job at being an attorney so we let the

0:05:58.070,0:06:02.210
real attorneys take it back and look at

0:06:00.170,0:06:04.880
it and so at this time I'd like to turn

0:06:02.210,0:06:07.220
it over to the attorneys to take us

0:06:04.880,0:06:10.460
through this or Craig you wanna start

0:06:07.220,0:06:12.410
off yes thanks mayor this is a second

0:06:10.460,0:06:14.900
public hearing on this proposed law

0:06:12.410,0:06:18.110
you'll recall that we had to vacate the

0:06:14.900,0:06:21.380
prior determination as the rewrite was

0:06:18.110,0:06:25.700
actually a wholesale revision you know

0:06:21.380,0:06:28.550
entire local law and as such with the

0:06:25.700,0:06:31.370
input of the public and the input of

0:06:28.550,0:06:34.070
Michelle Gregg and and Lisa Cobb who's

0:06:31.370,0:06:37.640
the Planning Board attorney there were

0:06:34.070,0:06:42.950
further revisions so it was decided to

0:06:37.640,0:06:45.350
send the rewritten local law back to

0:06:42.950,0:06:47.420
County planning pursuant to general

0:06:45.350,0:06:50.690
municipal law to 39mm

0:06:47.420,0:06:55.040
as well as the Planning Board for a

0:06:50.690,0:06:57.860
referral opinion in addition you'll

0:06:55.040,0:07:03.050
recall that this board declared itself

0:06:57.860,0:07:06.500
lead agency so this matter is before you

0:07:03.050,0:07:10.970
for public hearing on an adoption of the

0:07:06.500,0:07:15.560
public of the of the local law a you

0:07:10.970,0:07:18.140
will get some background and you if you

0:07:15.560,0:07:21.610
have any questions before we open the

0:07:18.140,0:07:25.820
public hearing you can you know the

0:07:21.610,0:07:29.450
background will be given by Michelle or

0:07:25.820,0:07:31.220

Lisa they can fill you in on you know

0:07:29.450,0:07:34.580

again what the purpose of this law is

0:07:31.220,0:07:37.840

and why certain revisions were required

0:07:34.580,0:07:40.310

and and what its intent and spirit is so

0:07:37.840,0:07:46.100

Michelle you want to take over at this

0:07:40.310,0:07:50.450

point can I just share my screen Matt

0:07:46.100,0:08:00.140

you need to unshare okay great thanks

0:07:50.450,0:08:02.630

let me just I'll just pull up okay yes

0:08:00.140,0:08:04.580

we can save okay good so this is the

0:08:02.630,0:08:07.160

proposal Kalon I just highlighted a few

0:08:04.580,0:08:09.380

of the key things to focus in on here

0:08:07.160,0:08:12.050

first of all it's really just intended

0:08:09.380,0:08:13.900

to clarify the provisions for street

0:08:12.050,0:08:16.790

level dwellings it's not proposing

0:08:13.900,0:08:20.480

substantive changes to the existing code

0:08:16.790,0:08:21.860

by that I mean for example that street

0:08:20.480,0:08:24.470

level delft dwellings are currently

0:08:21.860,0:08:26.360

prohibited in certain zoning districts

0:08:24.470,0:08:29.000
such as the BC district and that will

0:08:26.360,0:08:30.260
continue to still be prohibited in that

0:08:29.000,0:08:31.850
district so there's no substantive

0:08:30.260,0:08:34.280
change along those lines it's really

0:08:31.850,0:08:35.209
intended to clarify some issues that the

0:08:34.280,0:08:37.069
Planning Board

0:08:35.209,0:08:38.869
and the code enforcement officer and so

0:08:37.069,0:08:41.449
on have encountered during the

0:08:38.869,0:08:42.619
implementation of the zoning law so

0:08:41.449,0:08:46.429
that's the first thing I wanted to point

0:08:42.619,0:08:47.720
out the next thing is that I'm going to

0:08:46.429,0:08:53.660
come back to that in a moment the next

0:08:47.720,0:08:55.429
thing is that the the use is being the

0:08:53.660,0:08:58.339
name of the use is being changed from

0:08:55.429,0:09:00.199
street level dwelling to ground floor

0:08:58.339,0:09:03.319
dwelling and the reason for that is

0:09:00.199,0:09:05.509
because there is no real definition of

0:09:03.319,0:09:09.230
street level in the zoning law that's

0:09:05.509,0:09:15.110
one reason so it wasn't entirely clear

0:09:09.230,0:09:17.170
what was meant and also it was felt that

0:09:15.110,0:09:20.779
it would be desirable to still allow

0:09:17.170,0:09:22.939
basement apartments in these districts

0:09:20.779,0:09:24.490
where street level apartments or

0:09:22.939,0:09:27.379
ground-floor apartments are prohibited

0:09:24.490,0:09:29.209
and with the use of by calling them

0:09:27.379,0:09:31.189
ground-floor dwellings we do have a

0:09:29.209,0:09:34.279
definition in the zoning law of a ground

0:09:31.189,0:09:37.579
floor of the ground floor and it exempts

0:09:34.279,0:09:40.100
basement so you could have apartments in

0:09:37.579,0:09:42.379
these districts on upper storeys or in

0:09:40.100,0:09:44.809
the basement but not on the ground floor

0:09:42.379,0:09:48.860
of the building that area would be

0:09:44.809,0:09:51.110
reserved for commercial uses so that's

0:09:48.860,0:09:55.309
sort of a clarification about what do we

0:09:51.110,0:09:58.910
mean by ground floor dwelling this one

0:09:55.309,0:10:01.129
section of the Code section 20.1 is

0:09:58.910,0:10:03.410
proposed to be deleted this is a section

0:10:01.129,0:10:06.529
that talks about us ground-floor

0:10:03.410,0:10:08.329
dwellings in the CMU district it says

0:10:06.529,0:10:10.369
that they're permitted except on Lots

0:10:08.329,0:10:12.589
with where there are buildings fronting

0:10:10.369,0:10:14.720
New York State Route 9 it wasn't really

0:10:12.589,0:10:17.329
clear what that meant how close to the

0:10:14.720,0:10:20.149
road doesn't have to be anywhere on the

0:10:17.329,0:10:22.639
property if it's fronting it so it just

0:10:20.149,0:10:24.529
didn't seem to be very clear so that's

0:10:22.639,0:10:29.269
just proposed to be deleted in its

0:10:24.529,0:10:31.730
entirety and the definition of

0:10:29.269,0:10:34.009
street-level dwelling is now going to be

0:10:31.730,0:10:36.679
called a ground-floor dwelling has also

0:10:34.009,0:10:40.490
been amended and I've highlighted the

0:10:36.679,0:10:43.129
key issues here it's a dwelling unit or

0:10:40.490,0:10:45.019
any portion thereof because it was not

0:10:43.129,0:10:47.629
really clear previously to some people

0:10:45.019,0:10:48.650
whether you could have a part of the

0:10:47.629,0:10:50.570
dwelling unit on

0:10:48.650,0:10:52.340
on the ground floor maybe you have a

0:10:50.570,0:10:53.600
bedroom on the ground floor our kitchen

0:10:52.340,0:10:55.610
and the rest of the dwelling unit is

0:10:53.600,0:10:57.320
upstairs so this is really just to

0:10:55.610,0:10:59.600
clarify that a dwelling unit or any

0:10:57.320,0:11:02.150
portion of the dwelling unit is not

0:10:59.600,0:11:04.160
permitted to be you know would be that

0:11:02.150,0:11:05.870
sorry the definition of ground floor

0:11:04.160,0:11:09.440
dwelling would include any portion of a

0:11:05.870,0:11:13.310
dwelling unit and it also clarifies that

0:11:09.440,0:11:15.110
a hallway maximum of 6 feet wide with

0:11:13.310,0:11:18.890
stairs that lead from an exterior

0:11:15.110,0:11:21.020
ground-floor door to a dwelling unit on

0:11:18.890,0:11:25.040
a floor above or below the ground floor

0:11:21.020,0:11:27.170
shall not be included in this definition

0:11:25.040,0:11:29.120
and that's to allow you know you don't

0:11:27.170,0:11:32.390
want to you know in order to get to

0:11:29.120,0:11:34.040
upper storey apartments or basement

0:11:32.390,0:11:36.020
apartments you need to have a hallway

0:11:34.040,0:11:37.670
from the ground floor with a set of

0:11:36.020,0:11:39.620
stairs up or down taking you to the

0:11:37.670,0:11:42.650
apartment so again it's just to clarify

0:11:39.620,0:11:44.630
that you know that is not included in

0:11:42.650,0:11:49.340
the definition of dwelling you can have

0:11:44.630,0:11:51.710
that so that those are really the key

0:11:49.340,0:11:55.670
things it's very straightforward there's

0:11:51.710,0:12:07.790
not they're not a lot of changes those

0:11:55.670,0:12:12.980
are the key clarifications ok are there

0:12:07.790,0:12:18.260
any questions from the board it's done

0:12:12.980,0:12:21.800
right ok if there's no comment from the

0:12:18.260,0:12:23.900
board we're did we leave our public

0:12:21.800,0:12:25.400
hearing open or do we need to know oh

0:12:23.900,0:12:28.430
you're gonna have to make a motion to

0:12:25.400,0:12:30.470
open the public hearing for comment okay

0:12:28.430,0:12:34.250
could we get a motion to open the public

0:12:30.470,0:12:38.510
hearing for comment I'll make it okay

0:12:34.250,0:12:41.140
and is there a second second second by

0:12:38.510,0:12:46.580
trustee Panetta all those in favor aye

0:12:41.140,0:12:49.040
you opposed okay at this time we would

0:12:46.580,0:12:58.190
take any comments from anyone from the

0:12:49.040,0:12:58.700
public and is there anybody on queue to

0:12:58.190,0:13:07.730
speak

0:12:58.700,0:13:11.090
this okay so if you're at home and

0:13:07.730,0:13:17.020
you're online and you're rich would you

0:13:11.090,0:13:17.020
explain how you have to do this to speak

0:13:33.850,0:13:42.290
okay so so you have to if you're on

0:13:39.440,0:13:44.420
YouTube you have to leave YouTube and go

0:13:42.290,0:13:47.270
to the zoom meeting and join the zoom

0:13:44.420,0:13:58.940
meeting and the instructions for that

0:13:47.270,0:14:00.700
are where okay so the link for the

0:13:58.940,0:14:04.220
YouTube meeting on the village website

0:14:00.700,0:14:06.500
or on the village website and right

0:14:04.220,0:14:10.670
there also is the link for the zoom

0:14:06.500,0:14:12.830
meeting so leave the YouTube portion if

0:14:10.670,0:14:17.930
you're watching it there now and go to

0:14:12.830,0:14:21.140
the zoom meeting and we'll just wait a

0:14:17.930,0:14:25.660
few more minutes just to make sure that

0:14:21.140,0:14:25.660
there are no other comments

0:14:59.890,0:15:10.330
okay so there are still no comments and

0:15:08.450,0:15:12.680
we did not expect any because this is

0:15:10.330,0:15:16.700
exactly what we said we were going to

0:15:12.680,0:15:20.060
pass on March 11th married were there

0:15:16.700,0:15:21.709
any email comments that were submitted

0:15:20.060,0:15:24.260
in conjunction with this public hearing

0:15:21.709,0:15:26.570
from the public there are not there are

0:15:24.260,0:15:28.490
no email comment we do have an email

0:15:26.570,0:15:32.890
comment for tonight but we do not have

0:15:28.490,0:15:32.890
one for this meeting

0:15:33.130,0:15:41.510
excuse me okay so at this point in time

0:15:40.190,0:15:46.820
you can make a motion to close the

0:15:41.510,0:15:48.860
public hearing so I'd like to ask if

0:15:46.820,0:15:53.899
there's could be a motion to close this

0:15:48.860,0:15:56.149
public hearing so move second second

0:15:53.899,0:15:57.980
second it from trustee Panetta all those

0:15:56.149,0:16:03.740
in favor aye

0:15:57.980,0:16:05.330
any opposed all right okay okay so the

0:16:03.740,0:16:09.970
next next up for your consideration

0:16:05.330,0:16:13.089
would be a secret determination

0:16:09.970,0:16:16.730
Michelle you want to just explain that

0:16:13.089,0:16:20.390
yes we prepared for you previously a

0:16:16.730,0:16:23.990
part one and two and three of the gif

0:16:20.390,0:16:25.400
and I believe you've reviewed those in a

0:16:23.990,0:16:29.320
previous meeting I'm just going to try

0:16:25.400,0:16:38.450
to share this neck deck now see if I can

0:16:29.320,0:16:40.540
sure am I should hold on oh yeah there

0:16:38.450,0:16:40.540
we go

0:16:42.310,0:16:47.839
can you see this can you see this so

0:16:45.800,0:16:50.029
this is the negative declaration it is a

0:16:47.839,0:16:51.620
type 1 action because it applies to the

0:16:50.029,0:16:53.380
entire village and there are a number of

0:16:51.620,0:16:59.800
reasons why we type 1 one of which is

0:16:53.380,0:17:02.420
the area the acreage and also district

0:16:59.800,0:17:04.370
that is not a condition neg DAC this is

0:17:02.420,0:17:07.309
the description of the action which

0:17:04.370,0:17:08.910
you're familiar with the reasons for

0:17:07.309,0:17:12.510
determining negative

0:17:08.910,0:17:14.310
right for this determination is that it

0:17:12.510,0:17:16.770
will apply to lands that are located in

0:17:14.310,0:17:19.100
the walkers Falls historic district

0:17:16.770,0:17:26.330
which is listed on the National Register

0:17:19.100,0:17:29.820
and it will also apply to areas that may

0:17:26.330,0:17:33.210
be potentially significant from an

0:17:29.820,0:17:34.860
archeological perspective however there

0:17:33.210,0:17:36.510
is no development that's actually

0:17:34.860,0:17:40.170
proposed as part of this action it

0:17:36.510,0:17:43.440
consists of changes to the zoning law

0:17:40.170,0:17:48.500
only and any future impacts resulting

0:17:43.440,0:17:50.790
from specific development proposals

0:17:48.500,0:17:52.680
archaeological and historic resources

0:17:50.790,0:17:55.950
would be studied in a separate site

0:17:52.680,0:18:00.360
specific environmental review at that

0:17:55.950,0:18:02.970
time it's also you also have a critical

0:18:00.360,0:18:06.480
environmental area in the tech in the

0:18:02.970,0:18:08.520
village and the action would apply to

0:18:06.480,0:18:09.360
lands located within and adjacent to

0:18:08.520,0:18:11.880
that CEA

0:18:09.360,0:18:13.740
however again no development is proposed

0:18:11.880,0:18:15.930
as part of the action that any potential

0:18:13.740,0:18:18.030
impacts on the CEA that would occur as

0:18:15.930,0:18:20.130
the results of future development

0:18:18.030,0:18:22.140
activities permitted by the amendments

0:18:20.130,0:18:28.470
would be investigated on a site-specific

0:18:22.140,0:18:30.150
basis so based on that I think that you

0:18:28.470,0:18:31.950
are in a position to determine that

0:18:30.150,0:18:33.780
there would be no significant adverse

0:18:31.950,0:18:39.030
environmental impacts associated with

0:18:33.780,0:18:42.360
the proposed action okay okay Craig did

0:18:39.030,0:18:47.340
we put that in the resolution yes so in

0:18:42.360,0:18:51.110
the resolution and before you was a for

0:18:47.340,0:18:51.110
your pleasure

0:18:51.800,0:19:04.080
the resolution declaring that this local

0:18:56.970,0:19:07.860
law is is negative declaration for

0:19:04.080,0:19:10.230
secret purposes so I

0:19:07.860,0:19:15.680
does anybody have that resolution that

0:19:10.230,0:19:16.920
they can post sharing right now that's

0:19:15.680,0:19:19.110
right

0:19:16.920,0:19:21.330
what Michelle had up a moment ago is is

0:19:19.110,0:19:22.590
the negative declaration is the draft

0:19:21.330,0:19:23.789
resolution and that's what

0:19:22.590,0:19:25.880
board has had before it for

0:19:23.789,0:19:28.980
consideration yes she just went through

0:19:25.880,0:19:31.260
so if the whatever the pleasure the

0:19:28.980,0:19:33.390
board is if there's a motion to adopt

0:19:31.260,0:19:36.539
negative declaration they you can

0:19:33.390,0:19:39.690
consider that at this time okay I think

0:19:36.539,0:19:47.460
this is the same thing right yeah can

0:19:39.690,0:19:52.309
everybody see this so you will know take

0:19:47.460,0:19:54.899
us through this the resolution itself

0:19:52.309,0:19:56.970
it's two pages if you want to read it

0:19:54.899,0:19:58.710
into the record that's fine now I don't

0:19:56.970,0:20:00.149
think you need to read you can read it

0:19:58.710,0:20:02.610
if you want to basically it's a

0:20:00.149,0:20:04.200
straightforward resolution advising as

0:20:02.610,0:20:06.299
Michelle just went through that the

0:20:04.200,0:20:08.490
proposed local law will not have any

0:20:06.299,0:20:10.799
adverse environmental impacts and

0:20:08.490,0:20:12.750
therefore a determination of non

0:20:10.799,0:20:24.059
significance for environmental purposes

0:20:12.750,0:20:26.039
is appropriate ok so you've all seen the

0:20:24.059,0:20:28.590
resolution that's in your package as

0:20:26.039,0:20:31.350

well as on the screen can I have a

0:20:28.590,0:20:34.380

motion if I I'm sorry man if I could

0:20:31.350,0:20:35.789

just add one more thing this resolution

0:20:34.380,0:20:38.010

that's in front of you is actually the

0:20:35.789,0:20:40.289

joint resolution so it's adopting a

0:20:38.010,0:20:43.559

negative declaration and then also at

0:20:40.289,0:20:46.140

the same time it looks like it is

0:20:43.559,0:20:48.720

proposed if purporting to adopt can you

0:20:46.140,0:20:50.340

smell the next page are they two

0:20:48.720,0:20:54.649

separate resolutions or is there one

0:20:50.340,0:20:57.240

it's just one yes oh there's two right

0:20:54.649,0:20:58.890

okay so the first resolution so you

0:20:57.240,0:21:00.750

should do them separately which is as

0:20:58.890,0:21:02.880

proposed so the first it's the negative

0:21:00.750,0:21:05.220

declaration that we discussed and then

0:21:02.880,0:21:07.100

the second would be to adopt the local

0:21:05.220,0:21:11.309

law so let's do the negative declaration

0:21:07.100,0:21:13.200

resolution first okay so the negative

0:21:11.309,0:21:18.000
deck is up here that's the one we looked

0:21:13.200,0:21:22.320
at warming okay so this is the neg deck

0:21:18.000,0:21:29.250
resolution um so can I have a motion

0:21:22.320,0:21:32.700
I'll make it second second second by

0:21:29.250,0:21:34.169
trustee open essa I will do a roll call

0:21:32.700,0:21:41.539
vote

0:21:34.169,0:21:45.570
trusty Huber I trusty Marco John I

0:21:41.539,0:21:48.239
trusty come morning hi trusty pernessa

0:21:45.570,0:21:55.080
hi dusty Davis

0:21:48.239,0:21:57.960
I was trustee Witten Mabel to join okay

0:21:55.080,0:22:01.489
and I will vote yes

0:21:57.960,0:22:04.799
I myself so you can record that as an i

0:22:01.489,0:22:06.929
and they are yeah you know just like to

0:22:04.799,0:22:09.359
you know let the record reflect that the

0:22:06.929,0:22:12.090
local law was previously referred to as

0:22:09.359,0:22:15.989
local law a it would now be referred to

0:22:12.090,0:22:18.210
as local law number one and that is

0:22:15.989,0:22:21.090
significant as as the village clerk can

0:22:18.210,0:22:23.460
attest for identification purposes so

0:22:21.090,0:22:26.220
that we can get the rest of our local

0:22:23.460,0:22:29.609
laws you know filed with the Secretary

0:22:26.220,0:22:31.769
of State so you may now refer to this as

0:22:29.609,0:22:34.609
local law number one for purposes of the

0:22:31.769,0:22:39.389
resolution that you're about to consider

0:22:34.609,0:22:41.730
with respect to the local law okay so I

0:22:39.389,0:22:45.629
can read that in as this next resolution

0:22:41.730,0:22:48.239
is local law number one no yes written

0:22:45.629,0:22:50.489
okay so the next one is the resolution

0:22:48.239,0:22:53.519
adopting local law number one of the

0:22:50.489,0:22:56.249
year 2020 amending chapter 151 of the

0:22:53.519,0:22:58.879
village entitled zoning to clarify the

0:22:56.249,0:23:03.749
provisions for street level dwellings

0:22:58.879,0:23:06.480
this resolution is to pass this law as

0:23:03.749,0:23:16.820
described in our public hearing that we

0:23:06.480,0:23:24.960
just had and it's notes that we have

0:23:16.820,0:23:27.899
passed the secret resolution and and

0:23:24.960,0:23:32.190
that we deliberated on this during this

0:23:27.899,0:23:35.850
meeting so it would say that it would be

0:23:32.190,0:23:37.859
therefore resolved that the board hereby

0:23:35.850,0:23:40.980
adopts local law number one of the year

0:23:37.859,0:23:43.320
2020 amending chapter 151 of the village

0:23:40.980,0:23:45.330
entitled zoning to clarify the

0:23:43.320,0:23:47.519
provisions for street level dwellings a

0:23:45.330,0:23:47.890
copy of which is attached here to and

0:23:47.519,0:23:51.460
made

0:23:47.890,0:23:53.620
of this resolution the village clerk

0:23:51.460,0:23:55.540
would intercept local law into the

0:23:53.620,0:23:58.060
minutes of this meeting into the local

0:23:55.540,0:24:00.220
law book for the village and shall file

0:23:58.060,0:24:02.260
the local law with the secretary of the

0:24:00.220,0:24:05.770
state of New York has provided by law

0:24:02.260,0:24:09.190
and it would become effective

0:24:05.770,0:24:16.630
immediately so could I have somebody

0:24:09.190,0:24:19.080
make a resolution make a motion and a

0:24:16.630,0:24:19.080
second

0:24:19.270,0:24:29.230
seconded by trustee come morning roll

0:24:21.910,0:24:33.250
call vote trustee Huber a trustee market

0:24:29.230,0:24:38.190
John I trustee good morning all right

0:24:33.250,0:24:41.590
rusty pernessa hi trustee davis i

0:24:38.190,0:24:42.040
trustee Witten is absent and I will vote

0:24:41.590,0:24:53.530
aye

0:24:42.040,0:24:55.540
as mayor number one now pass this and we

0:24:53.530,0:24:58.600
will prepare the paperwork for filing

0:24:55.540,0:25:01.180
with the Secretary of State thinking and

0:24:58.600,0:25:05.400
a conjunction with our village court

0:25:01.180,0:25:07.540
cars tomorrow all right very good

0:25:05.400,0:25:16.420
all right thank you Lisa Thank You

0:25:07.540,0:25:19.840
Michelle thank you okay next item on the

0:25:16.420,0:25:23.040
agenda we have a storm water management

0:25:19.840,0:25:24.490
program annual report for the past year

0:25:23.040,0:25:27.420
john karge

0:25:24.490,0:25:32.500
is our trusted stormwater management

0:25:27.420,0:25:35.080
program clerk and he has helped us by

0:25:32.500,0:25:38.410
making sure that he is a good

0:25:35.080,0:25:40.210
coordinator of the MS Fort and he's

0:25:38.410,0:25:42.810
going to give us a short explanation of

0:25:40.210,0:25:46.960
this and the report John is also

0:25:42.810,0:25:50.170
currently the chairman of the Dutchess

0:25:46.960,0:25:53.890
County and us for and has been reelected

0:25:50.170,0:25:55.480
to that position numerous times so we

0:25:53.890,0:25:58.260
thank him for his service to the

0:25:55.480,0:26:01.470
community in this effort John

0:25:58.260,0:26:03.150
Thank You mayor Thank You Borg Ms for as

0:26:01.470,0:26:07.260
you know as a municipal separate sewer

0:26:03.150,0:26:09.270
stormwater system each year we have to

0:26:07.260,0:26:12.960
prepare an annual report that we send a

0:26:09.270,0:26:15.690
dec that captures what we've done as a

0:26:12.960,0:26:17.850
consortium with the county and what

0:26:15.690,0:26:20.730
we've done here at the village by

0:26:17.850,0:26:23.370
ourselves this year we did a

0:26:20.730,0:26:26.040
distribution of 2,500 mailings and

0:26:23.370,0:26:29.700
utility bills highlighting different

0:26:26.040,0:26:32.280
things about you know of dogs pets pet

0:26:29.700,0:26:34.320
waste don't put anything down the drain

0:26:32.280,0:26:37.049
that kind of thing we distribute

0:26:34.320,0:26:40.200
displays and we have our brochures and

0:26:37.049,0:26:41.520
displays we have a stormwater banner in

0:26:40.200,0:26:43.890
the courtroom that I'm sure you recall

0:26:41.520,0:26:46.860
seeing and there's also one in Missouri

0:26:43.890,0:26:48.660
Park just to the east of the building

0:26:46.860,0:26:51.809
itself and that's been there for about

0:26:48.660,0:26:53.460
six months I carried it in the st.

0:26:51.809,0:26:56.160
Patrick's Day Parade where we had about

0:26:53.460,0:26:59.610
4,000 viewers so we can count that as

0:26:56.160,0:27:03.570
our public outreach as well so that

0:26:59.610,0:27:06.210
works fine dan Kozak from the water

0:27:03.570,0:27:08.340
department is part of the team he checks

0:27:06.210,0:27:11.400
out Falls every year we have to do 20%

0:27:08.340,0:27:13.799
and he did six this year which consists

0:27:11.400,0:27:16.890
of looking at the elf for looking at the

0:27:13.799,0:27:18.720
water coming out on a wet day checking

0:27:16.890,0:27:20.880
out for dry weather see if there's any

0:27:18.720,0:27:23.160
contamination coming out taking pictures

0:27:20.880,0:27:25.860
of it and highlighting the condition of

0:27:23.160,0:27:27.780
it and he's been doing that for several

0:27:25.860,0:27:30.150
years and he provides me with all that

0:27:27.780,0:27:33.540
data along with pictures that I keep in

0:27:30.150,0:27:35.640
our folder so that if we are audited

0:27:33.540,0:27:39.330
which we have had two audits in the past

0:27:35.640,0:27:41.100
I had that data available there one

0:27:39.330,0:27:42.870
hundred and fifty fourth catch basins

0:27:41.100,0:27:46.770
inspected and clean this past year by

0:27:42.870,0:27:49.410
the DPW doing a great job there that's

0:27:46.770,0:27:51.809
an entire team effort and Bill Bailey

0:27:49.410,0:27:54.809
heads up that operation and keeps track

0:27:51.809,0:27:58.500
of the dates and where they did them and

0:27:54.809,0:28:00.929
the condition of them there were three

0:27:58.500,0:28:02.820
acres of parking lot swept this past 12

0:28:00.929,0:28:04.049
months maybe even more than that that's

0:28:02.820,0:28:07.350
what we recorded and that's a

0:28:04.049,0:28:09.559
significant amount and had that data to

0:28:07.350,0:28:11.879
support that as well dates and times

0:28:09.559,0:28:14.239
there were 34 miles

0:28:11.879,0:28:17.309
trees swept probably more than that to

0:28:14.239,0:28:19.949
Bill Bailey is the sole operator I guess

0:28:17.309,0:28:22.739
that machine I see him around the

0:28:19.949,0:28:26.879
village quite often in the spring time

0:28:22.739,0:28:29.339
and different times during the year we

0:28:26.879,0:28:31.289
provide training to the DPW as an annual

0:28:29.339,0:28:32.940
requirement I tried to get a film I get

0:28:31.289,0:28:34.739
two guys all together in the Legion Hall

0:28:32.940,0:28:38.429
that's that's how we did this year and

0:28:34.739,0:28:42.179
we go over training the s mo was there

0:28:38.429,0:28:45.389
and that's that's something I do as a

0:28:42.179,0:28:46.859
requirement and I logged that in and the

0:28:45.389,0:28:50.459
fellow sign off that they had that

0:28:46.859,0:28:53.659
training so having said that I would

0:28:50.459,0:28:57.599
respectfully ask the board to approve

0:28:53.659,0:28:59.849
the mayor to sign the annual report that

0:28:57.599,0:29:05.099
I have to submit the VEC by the end of

0:28:59.849,0:29:08.159
the month okay could I have a motion to

0:29:05.099,0:29:16.440
accept this annual report as presented

0:29:08.159,0:29:20.759
by John Carr G Davis they'll say and

0:29:16.440,0:29:23.699
could I have a motion from a second to

0:29:20.759,0:29:25.529
that motion second okay seconded by

0:29:23.699,0:29:30.269
trustee of kanessa all those in favor

0:29:25.529,0:29:33.449
all right can you posed mayor I think we

0:29:30.269,0:29:35.819
need to go back to action on minutes an

0:29:33.449,0:29:38.789
authorization to pay bills oh good thank

0:29:35.819,0:29:45.269
you so could I have a motion to approve

0:29:38.789,0:29:55.979
the minutes hold on hold on I need to

0:29:45.269,0:29:59.909
say which minutes so it's the minutes of

0:29:55.979,0:30:05.519
the April 8th April 22nd and April 29th

0:29:59.909,0:30:07.019
board meetings oh okay and that was who

0:30:05.519,0:30:09.599
you were

0:30:07.019,0:30:13.440
oops Oh trustee Huber made a motion

0:30:09.599,0:30:15.179
could I get a second second seconded by

0:30:13.440,0:30:16.229
trustee come morning all those in favor

0:30:15.179,0:30:19.499
aye

0:30:16.229,0:30:22.019
any opposed could I get a motion from

0:30:19.499,0:30:23.620
the Finance Committee to authorize to

0:30:22.019,0:30:28.870
pay bills as per up

0:30:23.620,0:30:31.059
warrants I'll make it well I think that

0:30:28.870,0:30:33.970
was trustee Huber could I get a second

0:30:31.059,0:30:36.210
second second by trustee kanessa all

0:30:33.970,0:30:52.990
those in favor aye

0:30:36.210,0:30:54.940
any opposed okay okay

0:30:52.990,0:30:59.230
John card she want to talk to us about

0:30:54.940,0:31:02.860
the transfer of police car number three

0:30:59.230,0:31:05.559
well it's the police committee I'm not

0:31:02.860,0:31:11.590
sure who I was approached by police

0:31:05.559,0:31:16.390
commissioner Walter Burke to put that

0:31:11.590,0:31:18.070
car up for auction which I did and some

0:31:16.390,0:31:19.990
of the bids were coming in very low for

0:31:18.070,0:31:24.040
considering the condition of that car

0:31:19.990,0:31:25.390
then in the meantime I was reading some

0:31:24.040,0:31:28.059
things that we should do going forward

0:31:25.390,0:31:30.880
as far as safety is concerned for Kovach

0:31:28.059,0:31:33.940
19 and I read that wherever possible we

0:31:30.880,0:31:37.630
should make sure we have enough vehicles

0:31:33.940,0:31:39.460
for our folks and what we have in a

0:31:37.630,0:31:42.340
water department at least I'm thinking

0:31:39.460,0:31:44.650
and I talked to Kenny is we have a we

0:31:42.340,0:31:48.040
have a pickup truck and we have a

0:31:44.650,0:31:50.170
utility truck and at often times there's

0:31:48.040,0:31:53.980
two individuals in either one of those

0:31:50.170,0:31:56.980
the vehicles riding around by taking

0:31:53.980,0:31:59.890
this vehicle off the auction which was

0:31:56.980,0:32:02.740
really around \$1,000 was a high bid now

0:31:59.890,0:32:05.950
not nearly as much as it's worth in my

0:32:02.740,0:32:09.370
estimate I would like to take it off

0:32:05.950,0:32:13.090
auction and leave it the way it is it's

0:32:09.370,0:32:14.740
all set up with with motor vehicle all

0:32:13.090,0:32:18.790
the way to do was an internal transfer

0:32:14.740,0:32:21.010
to the water department that way they

0:32:18.790,0:32:24.370
would also have they would each have a

0:32:21.010,0:32:25.929
vehicle if they needed one they don't

0:32:24.370,0:32:28.510
always need one but it would be nice to

0:32:25.929,0:32:30.670
have instead of two people going in one

0:32:28.510,0:32:33.220
vehicle to a spot and all no now we got

0:32:30.670,0:32:35.770
to go do this they would have the

0:32:33.220,0:32:38.129
capability and flexibility of sharing

0:32:35.770,0:32:41.679
more than two vehicles

0:32:38.129,0:32:43.299
and it's up to you if you want me to

0:32:41.679,0:32:46.299
continue with the auction and not

0:32:43.299,0:32:48.129
transfer it that's fine this bought paid

0:32:46.299,0:32:50.710
for if they just got it back all the

0:32:48.129,0:32:54.539
markings are taken off of it all the

0:32:50.710,0:32:54.539
bells and whistles have been removed and

0:32:54.990,0:33:03.879
it's up to you I like the idea but what

0:33:00.129,0:33:06.220
does the board think about this is there

0:33:03.879,0:33:07.870
any way we have a report on that make

0:33:06.220,0:33:09.490
sure that car does not leak oil since it

0:33:07.870,0:33:12.179
will be sitting at the water plant most

0:33:09.490,0:33:15.159
of its time yes

0:33:12.179,0:33:16.629
because I you know hate to see a leaking

0:33:15.159,0:33:19.840
oil and seep into the ground into our

0:33:16.629,0:33:21.730
wells correct drinking water though is

0:33:19.840,0:33:25.090
it's still owned by the village and it's

0:33:21.730,0:33:32.710
still insured and registered yes yes

0:33:25.090,0:33:34.570
I personally if it helps and it's gonna

0:33:32.710,0:33:39.519
serve a purpose and we could still use

0:33:34.570,0:33:42.820
it you may recall they had a third

0:33:39.519,0:33:49.690
vehicle and we jumped it about ten years

0:33:42.820,0:33:51.299
ago yeah I have no problem guys want to

0:33:49.690,0:33:53.980
make sure it doesn't leak what any oil

0:33:51.299,0:33:55.990
on the grinder look I will check that

0:33:53.980,0:34:03.450
personally and I have the water guys go

0:33:55.990,0:34:06.009
over it thoroughly as well great okay so

0:34:03.450,0:34:10.599
I guess I need a motion to take it off

0:34:06.009,0:34:14.589
the the auction block and a motion to

0:34:10.599,0:34:17.230
transfer it to I don't think no I don't

0:34:14.589,0:34:20.520
think no I don't think we need to do a

0:34:17.230,0:34:25.419
motion for that I just make a motion to

0:34:20.520,0:34:28.300
transfer it to the water department okay

0:34:25.419,0:34:31.270
so could I get a motion to transfer this

0:34:28.300,0:34:32.889
property to the water department water

0:34:31.270,0:34:35.109
fund and it will be recorded on the

0:34:32.889,0:34:36.760
water fund I'll make that motion and

0:34:35.109,0:34:39.030
contingent upon the inspection of the

0:34:36.760,0:34:42.389
park I'll second it

0:34:39.030,0:34:45.780
Kristy Davis all those in favor aye

0:34:42.389,0:34:45.780
any opposed

0:34:52.050,0:35:01.119
okay does the fire committee want to

0:34:55.990,0:35:03.490
talk about the truck sure we've been

0:35:01.119,0:35:07.240
talking about this word I guess several

0:35:03.490,0:35:09.670
months in summer and through the winter

0:35:07.240,0:35:15.720
about push they're gonna be new truck 68

0:35:09.670,0:35:18.849
12 and they had they had a committee and

0:35:15.720,0:35:23.680
committee formed when I inspected a

0:35:18.849,0:35:27.849
truck for \$700,000 we placed a 25 year

0:35:23.680,0:35:32.710
old engine so they're looking to

0:35:27.849,0:35:34.569
purchase this new engine we've bonded it

0:35:32.710,0:35:36.130
I guess we went out to bond and the

0:35:34.569,0:35:37.359
board has proved all the other stuff now

0:35:36.130,0:35:42.640
we're just doing a final approval

0:35:37.359,0:35:47.170
tonight so we passed a bond resolution

0:35:42.640,0:35:53.020
we passed a best value legislation law

0:35:47.170,0:35:55.329
and we are now at the point where we're

0:35:53.020,0:36:01.540
ready to purchase this there was a

0:35:55.329,0:36:06.490
contract associated with this and it

0:36:01.540,0:36:08.170
lists the purchase price for this at six

0:36:06.490,0:36:15.099
hundred ninety eight thousand two

0:36:08.170,0:36:18.910
hundred twenty two dollars there would

0:36:15.099,0:36:24.670
be no bond payment this year no band

0:36:18.910,0:36:28.690
payment this year either so and in fact

0:36:24.670,0:36:33.040
it would take quite a while right Kevin

0:36:28.690,0:36:35.829
for it to get delivered to us correctly

0:36:33.040,0:36:44.260
12-month okay so this would probably

0:36:35.829,0:36:49.920
come in in May of 2021 the payment would

0:36:44.260,0:36:55.060
be made and then there would be a and

0:36:49.920,0:36:58.990
then after that there would be no band

0:36:55.060,0:37:00.950
payment for all of 2021 and 2022

0:36:58.990,0:37:04.790
so the first

0:37:00.950,0:37:12.290
pama would be do either in the fiscal

0:37:04.790,0:37:13.880
year ended 2022 or 2023 so because of

0:37:12.290,0:37:16.730
these times where I know that we're very

0:37:13.880,0:37:18.740
concerned about how that's gonna affect

0:37:16.730,0:37:24.130
us in the future but that's that's the

0:37:18.740,0:37:26.720
timing on this so if there's any other

0:37:24.130,0:37:38.329
is there any other discussion about this

0:37:26.720,0:37:40.550
contract okay I believe Craig has taken

0:37:38.329,0:37:43.550
a look at this but will will still say

0:37:40.550,0:37:47.450
that its subjects review by our attorney

0:37:43.550,0:37:50.390
and if there's no other discussion could

0:37:47.450,0:37:56.690
I get a motion to approve the contract

0:37:50.390,0:37:58.579
between Spartan Motors USA incorporated

0:37:56.690,0:38:00.619
and the village of Wappingers Falls to

0:37:58.579,0:38:02.660
purchase a fire truck for six hundred

0:38:00.619,0:38:05.270
ninety-eight thousand two hundred twenty

0:38:02.660,0:38:09.920
two dollars I'll make that motion mayor

0:38:05.270,0:38:11.060
now second it by Christie Davis and I'll

0:38:09.920,0:38:15.440
do a roll call vote

0:38:11.060,0:38:18.589
trustee Huber Oh Christine Marco John hi

0:38:15.440,0:38:24.220
Christie come morning hi Christie

0:38:18.589,0:38:29.060
pernessa all right trustee Davis aye and

0:38:24.220,0:38:36.170
trustee Witten is absent and so I will

0:38:29.060,0:38:40.040
also yes for this too and that's good so

0:38:36.170,0:38:45.190
that is past okay I think John Kahrs

0:38:40.040,0:38:45.190
this has to go to our bond Council right

0:38:46.150,0:38:50.660
yeah this this should spit it should

0:38:48.560,0:38:52.700
still go back we should go back take

0:38:50.660,0:38:56.960
this contract back they should not be

0:38:52.700,0:38:59.960
calling tomorrow they should go through

0:38:56.960,0:39:02.150
our treasurer and make sure our bond

0:38:59.960,0:39:04.609
Council has all the paperwork necessary

0:39:02.150,0:39:08.869
to make sure this is done in the right

0:39:04.609,0:39:12.920
way so with the fire committee take that

0:39:08.869,0:39:14.450
to see Jessica the treasurer hold the

0:39:12.920,0:39:18.890
fire chief and let them know

0:39:14.450,0:39:21.200
building on Jessica yeah and we would if

0:39:18.890,0:39:23.470
we could just get this over to the bond

0:39:21.200,0:39:25.849
council tomorrow so they can complete

0:39:23.470,0:39:27.859
you know his his file and his

0:39:25.849,0:39:30.530
attachments and schedules to the

0:39:27.859,0:39:34.839
original bond I will be falling apart

0:39:30.530,0:39:38.329
chief shortly did we come ask a question

0:39:34.839,0:39:47.540
did we allocate the dollars to rig it

0:39:38.329,0:39:50.950
out once we get it no break Kevin with

0:39:47.540,0:39:55.030
that there's no dollars allocated for

0:39:50.950,0:39:58.760
special additions to this nope nope

0:39:55.030,0:40:01.540
builds board we all decided no then the

0:39:58.760,0:40:05.630
match would be 700 thousand dollars and

0:40:01.540,0:40:11.960
no more okay but I mean once they get it

0:40:05.630,0:40:16.460
rigged add striping I'm assuming that's

0:40:11.960,0:40:18.109
all part of this nobody okay and for

0:40:16.460,0:40:19.910
doing it we need to make sure that's

0:40:18.109,0:40:22.130
provided for them now so they can make

0:40:19.910,0:40:23.630
plans for part I a funny feeling with

0:40:22.130,0:40:34.060
the current situation there's probably

0:40:23.630,0:40:40.339
not a lot of trucks being made okay uh

0:40:34.060,0:40:45.140
if there's no other discussion for one

0:40:40.339,0:40:51.220
and just tell me can you see this do you

0:40:45.140,0:40:51.220
see the agenda now no I see the Spartan

0:40:55.690,0:41:02.990
okay good

0:41:00.020,0:41:07.119
and are there any items that need to be

0:41:02.990,0:41:07.119
brought up from prior board meetings

0:41:12.640,0:41:20.900
okay so we'll move on to some of the

0:41:17.839,0:41:21.619
committee reports and we'll start with

0:41:20.900,0:41:23.720
safety

0:41:21.619,0:41:25.790
John cards do you want to update the

0:41:23.720,0:41:31.850
board on what we're working

0:41:25.790,0:41:35.600
with myself you and Cory yes bored we

0:41:31.850,0:41:38.030
are meeting every day going over

0:41:35.600,0:41:40.370
different things that we proposals that

0:41:38.030,0:41:42.530
we have to make it safe for our

0:41:40.370,0:41:46.370
employees and at the same time provide

0:41:42.530,0:41:48.170
service ability to the public and just

0:41:46.370,0:41:51.950
some of the things is I have a total

0:41:48.170,0:41:57.230
inventory of all the PPE things that we

0:41:51.950,0:41:59.470
have gloves and mask and sanitizer and I

0:41:57.230,0:42:04.700
have the inventory for the entire

0:41:59.470,0:42:08.720
village departments and we are looking

0:42:04.700,0:42:12.890
at modifying our building here more

0:42:08.720,0:42:14.330
specifically to have I'm suggesting and

0:42:12.890,0:42:20.030
I would like to meet with the Personnel

0:42:14.330,0:42:22.760
Committee on this is having a security

0:42:20.030,0:42:25.040
system at the outer door as we have in

0:42:22.760,0:42:26.450
the inner door and taking the little

0:42:25.040,0:42:29.000
office down there that you come in where

0:42:26.450,0:42:32.360
and resets and make that into a mail

0:42:29.000,0:42:36.500
room with secure mailboxes that way when

0:42:32.360,0:42:39.110
people come in mailman fire people the

0:42:36.500,0:42:41.300
firemen anybody comes in there trustees

0:42:39.110,0:42:43.010
as well you would have your own mailbox

0:42:41.300,0:42:47.660
right there and you wouldn't need that

0:42:43.010,0:42:51.200
come upstairs we talked about the idea

0:42:47.660,0:42:53.030
of having windows up here outside in the

0:42:51.200,0:42:56.270
hallway for the building department and

0:42:53.030,0:42:58.400
here but in thinking that through we

0:42:56.270,0:43:00.590
wouldn't have to really modify that and

0:42:58.400,0:43:03.590
put windows up here if we just locked

0:43:00.590,0:43:05.360
the outside door and still had a buzzer

0:43:03.590,0:43:08.120
system where we could allow people come

0:43:05.360,0:43:10.970
into that little area but not into the

0:43:08.120,0:43:13.670
stairwell coming upstairs I'm really

0:43:10.970,0:43:15.530
excited about doing that I think that

0:43:13.670,0:43:18.350
would be that would solve a lot of

0:43:15.530,0:43:20.600
problems and the folks upstairs here

0:43:18.350,0:43:23.200
I'll agree with that I ordered some

0:43:20.600,0:43:26.150
panels to be put between Murray and

0:43:23.200,0:43:29.150
Heather five foot by 10 foot that's a

0:43:26.150,0:43:35.650
separation I also ordered a panel to

0:43:29.150,0:43:38.920
separate between Cory and Todd

0:43:35.650,0:43:40.990
and that will help there too without

0:43:38.920,0:43:45.340
having to rearrange everybody on up here

0:43:40.990,0:43:47.860
in the second floor so we're taking very

0:43:45.340,0:43:50.680
serious looks at this and I'm open to

0:43:47.860,0:43:52.450
any suggestions every time I come up

0:43:50.680,0:43:55.510
with an idea I pass it by the mayor I

0:43:52.450,0:43:57.430
pass it by the trustee or the employees

0:43:55.510,0:43:59.110
up here to get their feelings on it and

0:43:57.430,0:44:01.810
I think we're all in pretty much

0:43:59.110,0:44:04.660
agreement that putting that system

0:44:01.810,0:44:06.430
downstairs on the outer door very

0:44:04.660,0:44:11.350
similar if not identical to what we

0:44:06.430,0:44:13.390
already have on the inner door will help

0:44:11.350,0:44:16.690
tremendously in keeping the traffic

0:44:13.390,0:44:22.540
downstairs additionally we will put

0:44:16.690,0:44:24.790
Flexiglas in front of Mercedes just in

0:44:22.540,0:44:27.310
case somebody has to come up - to meet

0:44:24.790,0:44:29.020
or to drop something off of importance

0:44:27.310,0:44:32.290
that they couldn't leave downstairs for

0:44:29.020,0:44:34.120
them but if we have a buzzer system we

0:44:32.290,0:44:35.680
would be able to go downstairs retrieve

0:44:34.120,0:44:37.870
documents from people they wouldn't

0:44:35.680,0:44:40.270
necessarily have to come up all the

0:44:37.870,0:44:42.370
forms we have are all online right now

0:44:40.270,0:44:47.320
but we could also have forms down there

0:44:42.370,0:44:51.580
- for people to apply for permits and I

0:44:47.320,0:44:53.500
think overall keeping cost in mind that

0:44:51.580,0:44:55.960
would solve two things we would still

0:44:53.500,0:44:59.260
have serviceability to the community and

0:44:55.960,0:45:05.620
we would be protecting the health of the

0:44:59.260,0:45:08.320
employees okay so this is this document

0:45:05.620,0:45:12.700
which will be about open reopening walk

0:45:08.320,0:45:16.150
injures Falls safely is predicated on

0:45:12.700,0:45:19.470
the dates that we would be allowed to

0:45:16.150,0:45:22.600
reopen certain segments of our

0:45:19.470,0:45:24.520
operations as a village and that

0:45:22.600,0:45:28.000
includes the village hall it also

0:45:24.520,0:45:29.680
includes our police department which is

0:45:28.000,0:45:32.680
an essential service and our highway

0:45:29.680,0:45:35.530
department but we're adding them in and

0:45:32.680,0:45:37.300
we've been getting feedback from those

0:45:35.530,0:45:40.720
departments as well as the water

0:45:37.300,0:45:43.510
department as to what safety features

0:45:40.720,0:45:47.020
they will take going forward given that

0:45:43.510,0:45:49.300
there will be more people out a

0:45:47.020,0:45:54.820
week-by-week as we proceed

0:45:49.300,0:45:56.560
and to the summer so those those items

0:45:54.820,0:46:00.480
will be taken care of we're also looking

0:45:56.560,0:46:04.000
at the four phases of reopening

0:46:00.480,0:46:06.670
throughout the community we have already

0:46:04.000,0:46:09.360
started reaching out and will continue

0:46:06.670,0:46:13.660
to be reaching out to the owners of

0:46:09.360,0:46:16.240
plazas the owners of restaurants we've

0:46:13.660,0:46:21.000
divided up the restaurants into four

0:46:16.240,0:46:24.340
categories and those would be plaza

0:46:21.000,0:46:28.080
restaurants those would be restaurants

0:46:24.340,0:46:32.640
with access to their own parking lot or

0:46:28.080,0:46:37.120
restaurants with access to their own

0:46:32.640,0:46:40.870
piece of real estate property and then

0:46:37.120,0:46:43.330
the last version would be the central

0:46:40.870,0:46:46.150
business district restaurants where they

0:46:43.330,0:46:48.310
may not have any other property and so

0:46:46.150,0:46:50.320
many restaurants have already started

0:46:48.310,0:46:52.960
developing their own plans and that's

0:46:50.320,0:46:57.580
what we're most interested in working

0:46:52.960,0:47:02.650
with and so they have the ability to

0:46:57.580,0:47:07.270
consider things like non site plan

0:47:02.650,0:47:11.440
approved allowances and so I'd like to

0:47:07.270,0:47:15.790
ask this board if when the restaurants

0:47:11.440,0:47:22.080
are allowed to reopen if the board would

0:47:15.790,0:47:27.960
be amenable to allowing restaurants to

0:47:22.080,0:47:32.830
use non site plan measures such as

0:47:27.960,0:47:35.380
outside dining in specified areas on

0:47:32.830,0:47:38.460
their parcels and so I'd like to ask you

0:47:35.380,0:47:43.600
guys if we could discuss that concept

0:47:38.460,0:47:46.810
just as a FYI we already had this

0:47:43.600,0:47:49.300
discussion by bringing it up with the

0:47:46.810,0:47:52.330
Planning Board to get their opinion on

0:47:49.300,0:47:56.230
this matter and they said that their

0:47:52.330,0:48:00.650
opinion is that they would be supportive

0:47:56.230,0:48:06.140
of this measure and they would also

0:48:00.650,0:48:08.359
like to put a October 31st deadline on

0:48:06.140,0:48:13.010
it and which may or may not need to be

0:48:08.359,0:48:16.789
renewed for another length of time or in

0:48:13.010,0:48:22.490
the spring for another length of time so

0:48:16.789,0:48:25.640
um any discussion I think at this time

0:48:22.490,0:48:27.980
it would be smart to try to do as much

0:48:25.640,0:48:30.440
as we can to try to save our businesses

0:48:27.980,0:48:36.200
in the village so I think it's a good

0:48:30.440,0:48:38.450
idea there's going to be all sorts of

0:48:36.200,0:48:39.740
guidelines that filter down to everybody

0:48:38.450,0:48:42.369
that we're going to have to follow

0:48:39.740,0:48:45.109
they're gonna have to follow but

0:48:42.369,0:48:48.829
whatever we could do at the local level

0:48:45.109,0:48:57.160
to help out and whatever local laws that

0:48:48.829,0:48:57.160
we need to look at relaxing ie signage

0:48:57.339,0:49:03.430
temporary signage that kind of thing if

0:49:00.260,0:49:06.260
that's something that helps folks out

0:49:03.430,0:49:08.480
another space out there then that's

0:49:06.260,0:49:10.940
something we should consider and I'm all

0:49:08.480,0:49:12.799
for it but make it real clear that we're

0:49:10.940,0:49:14.180
gonna be told they're gonna be told

0:49:12.799,0:49:15.559
they're gonna be guidelines that come

0:49:14.180,0:49:23.480
out that we're gonna filter down to

0:49:15.559,0:49:35.660
everybody okay I agree definitely any

0:49:23.480,0:49:37.099
other comments okay so I'm going to

0:49:35.660,0:49:40.160
we're not going to vote on this but I'm

0:49:37.099,0:49:42.229
gonna take this that is that I can bring

0:49:40.160,0:49:45.710
something back to the board for their

0:49:42.229,0:49:55.519
review at the workshop and I'll share

0:49:45.710,0:49:58.460
that with you along the way so okay and

0:49:55.519,0:50:01.309
I guess John card I just wanted to make

0:49:58.460,0:50:05.420
one more comment yeah the court seems to

0:50:01.309,0:50:07.369
be a standalone unit here during this

0:50:05.420,0:50:09.279
whole process they're getting direction

0:50:07.369,0:50:11.809
I guess from there wherever their

0:50:09.279,0:50:14.269
magistrates meet or whatever their

0:50:11.809,0:50:20.119
organization is but I have been speaking

0:50:14.269,0:50:22.309
with Donna about it and as far as where

0:50:20.119,0:50:25.039
they sit and how they're down there

0:50:22.309,0:50:28.789
sitting next to each other I am

0:50:25.039,0:50:32.660
suggesting that both of the justices

0:50:28.789,0:50:35.779
share one office we moved on it into the

0:50:32.660,0:50:39.019
other vacant office and then we can

0:50:35.779,0:50:41.719
spread the other three out more that

0:50:39.019,0:50:43.759
would be my proposal for that as far as

0:50:41.719,0:50:45.890
holding court they're gonna need to put

0:50:43.759,0:50:50.329
plexiglass up in front of the justices

0:50:45.890,0:50:53.299
and the DA's and they're gonna have to

0:50:50.329,0:50:55.789
have people out back standing in line

0:50:53.299,0:50:58.099
and call them in individually somehow

0:50:55.789,0:51:00.440
but that's something they need to work

0:50:58.099,0:51:02.989
out yeah they're gonna get guidelines on

0:51:00.440,0:51:05.539
that too all these state guidelines are

0:51:02.989,0:51:07.759
going to come down to everybody and you

0:51:05.539,0:51:09.579
know but but as far as the seating

0:51:07.759,0:51:13.880
arrangement that's gonna fall on us

0:51:09.579,0:51:15.319
right and and there will be you know

0:51:13.880,0:51:19.009
there there are things that we're

0:51:15.319,0:51:21.529
putting into this plan like you know

0:51:19.009,0:51:23.539
we're going to be doing some training

0:51:21.529,0:51:27.440
we've all read also written into the

0:51:23.539,0:51:33.130
plan that John as safety coordinator

0:51:27.440,0:51:41.690
would be doing a periodic check of PPP

0:51:33.130,0:51:43.999
item PPE items and and just doing an

0:51:41.690,0:51:46.660
audit to make sure that people are are

0:51:43.999,0:51:49.299
still following the guidelines and that

0:51:46.660,0:51:52.569
people understand the proper use of

0:51:49.299,0:51:56.089
masks that masks will be required and

0:51:52.569,0:51:59.390
that they also understand the proper use

0:51:56.089,0:52:01.579
of gloves and the right way to dispose

0:51:59.390,0:52:04.910
of both of those and when to dispose of

0:52:01.579,0:52:09.619
them or when to wash them if they're not

0:52:04.910,0:52:12.650
disposable so those are those are all

0:52:09.619,0:52:21.529
items that we're considering for this

0:52:12.650,0:52:27.289
plan okay so look for that to come back

0:52:21.529,0:52:31.789
at the next meeting and get to me if you

0:52:27.289,0:52:36.619
need anything so the next item here is

0:52:31.789,0:52:38.660
the police committee report and do you

0:52:36.619,0:52:47.150
want to share that or do you need me to

0:52:38.660,0:52:49.869
share that I know John I receive yeah

0:52:47.150,0:52:53.809
John card I received it today but I

0:52:49.869,0:52:57.410
cannot read it it's only yes

0:52:53.809,0:53:00.499
so my copy well that's the best I could

0:52:57.410,0:53:05.869
do with what I got so on I'll give you

0:53:00.499,0:53:07.999
the stats for for April just know that I

0:53:05.869,0:53:10.849
met with our new police commissioner

0:53:07.999,0:53:12.380
Walter Burke last week went to the

0:53:10.849,0:53:16.400
police department and had a meeting with

0:53:12.380,0:53:19.900
him and things are going well the

0:53:16.400,0:53:22.219
transition is taking place from

0:53:19.900,0:53:26.329
Commissioner calibrates the commissioner

0:53:22.219,0:53:31.519
Burke and things are going well not a

0:53:26.329,0:53:34.910
lot of issues at all a pretty smooth

0:53:31.519,0:53:36.910
transition you know it's just getting

0:53:34.910,0:53:38.870
his feet wet and he'll let us know what

0:53:36.910,0:53:40.580
as things progress

0:53:38.870,0:53:42.020
wants to meet with the rest of the

0:53:40.580,0:53:44.690
police committee when we can work that

0:53:42.020,0:53:48.020
out so of Trustees Huber and Kimura can

0:53:44.690,0:53:52.070
die can work that out somehow

0:53:48.020,0:53:54.490
April will go into their stats unusual

0:53:52.070,0:54:00.140
because of the current corona situation

0:53:54.490,0:54:03.290
total cars calls for service 218 there

0:54:00.140,0:54:04.730
were three arrests ten whopping traffic

0:54:03.290,0:54:08.900
tickets because there's nobody driving

0:54:04.730,0:54:12.380
on the streets sick call-outs there was

0:54:08.900,0:54:14.420
one call-outs for other reasons were

0:54:12.380,0:54:18.110
three there was one shift that wasn't

0:54:14.420,0:54:22.580
covered domestic calls there were six

0:54:18.110,0:54:25.010
and that's about little right on almost

0:54:22.580,0:54:27.650
half of what what the months be it was

0:54:25.010,0:54:31.870
half of what the month before was car

0:54:27.650,0:54:35.840
lock outs key lock outs ten they went up

0:54:31.870,0:54:38.930
four more cities one drug complaint one

0:54:35.840,0:54:41.330
criminal mischief nine accidents they're

0:54:38.930,0:54:44.750
down to is you can they were sixteen the

0:54:41.330,0:54:46.970
month before assault call zero burger

0:54:44.750,0:54:49.900
alarms were eleven they seemed to remain

0:54:46.970,0:54:52.880
consistent every other month or eleven

0:54:49.900,0:54:54.470
medical calls usually they first

0:54:52.880,0:54:57.350
response in the medical calls there were

0:54:54.470,0:55:00.860
35 and there were zero civilian

0:54:57.350,0:55:04.280
complaints so the transition is going

0:55:00.860,0:55:08.480
well and we'll see what goes on from

0:55:04.280,0:55:10.550
here with with the current situation and

0:55:08.480,0:55:12.230
what they have to deal with what they've

0:55:10.550,0:55:14.450
been doing a good job and like I said

0:55:12.230,0:55:18.320
the communities help them out with the

0:55:14.450,0:55:22.670
PPE and just couldn't ask for a better

0:55:18.320,0:55:27.620
situation right now non current non

0:55:22.670,0:55:30.190
corona wise that's it okay good any

0:55:27.620,0:55:30.190
questions

0:55:41.820,0:55:59.310
got it okay um

0:55:47.810,0:56:03.270
so the next item on the agenda okay

0:55:59.310,0:56:07.890
Oh Scott you want to talk to us about

0:56:03.270,0:56:11.460
the EDC um yeah we met last we had a

0:56:07.890,0:56:12.750
video meeting last week last month the

0:56:11.460,0:56:16.830
end of the month last Monday of the

0:56:12.750,0:56:19.230
month and really kind of the situation

0:56:16.830,0:56:24.090
that everybody's in is you know we're

0:56:19.230,0:56:26.310
stuck we're all we're all in hibernation

0:56:24.090,0:56:29.430
because of this current situation so

0:56:26.310,0:56:33.330
what he's looking for answers as to when

0:56:29.430,0:56:35.310
we come out those plan your plan does

0:56:33.330,0:56:37.710
being developed now like I saw so

0:56:35.310,0:56:39.480
mentioned there'll be regulations that

0:56:37.710,0:56:42.630
come down from the state so everybody's

0:56:39.480,0:56:44.790
kind of on hold but anxiously waiting to

0:56:42.630,0:56:48.570
come out of this and that's pretty much

0:56:44.790,0:56:57.030
it it wasn't not getting done we did

0:56:48.570,0:57:03.240
talk about the we did talk about the the

0:56:57.030,0:57:04.880
park benches that are and the trash cans

0:57:03.240,0:57:10.320
that came in they're down at the

0:57:04.880,0:57:14.010
boathouse waiting to go so the task was

0:57:10.320,0:57:18.000
to find homes for those and we'll start

0:57:14.010,0:57:20.190
placements for those as soon as we did

0:57:18.000,0:57:23.310
some fieldwork and figure out where

0:57:20.190,0:57:25.110
they're going to go though that we're

0:57:23.310,0:57:32.770
kind of dormant like everyone else until

0:57:25.110,0:57:37.900
we come out of this okay all right

0:57:32.770,0:57:41.890
item on the agenda is highway and

0:57:37.900,0:57:44.020
trustee Witten's night here is their kin

0:57:41.890,0:57:51.280
trustee Hubert talked to us about the

0:57:44.020,0:57:53.920
highway yes that's good uh we got our

0:57:51.280,0:57:59.200
email from Pete he's got a potential

0:57:53.920,0:58:01.780
sidewalk list we got and he's back to

0:57:59.200,0:58:03.510
picking up the brush and grass clippings

0:58:01.780,0:58:08.020
on Mondays

0:58:03.510,0:58:10.830
he's also relocated though the grass

0:58:08.020,0:58:15.580
clippings and brush and stuff down the

0:58:10.830,0:58:18.460
staging area he moved it from where it

0:58:15.580,0:58:22.090
sits on Franklin Dale's back to the back

0:58:18.460,0:58:26.650
lot there and Scott's already touched on

0:58:22.090,0:58:28.900
the this road signs do so yeah listen

0:58:26.650,0:58:30.370
listen science one sides marked out

0:58:28.900,0:58:32.950
they're going to start work on that and

0:58:30.370,0:58:38.320
we're still looking at it's the second

0:58:32.950,0:58:39.850
location because the prior the resident

0:58:38.320,0:58:43.210
who agreed to put it on long prior

0:58:39.850,0:58:44.830
change their mind so we got that

0:58:43.210,0:58:46.450
narrowed down to a couple spots and

0:58:44.830,0:58:48.010
we're working on it now I've been down

0:58:46.450,0:58:51.370
the highway garage and talked to Pete

0:58:48.010,0:58:54.070
about it a couple times and I'm you know

0:58:51.370,0:58:55.600
what you also talked about it meaning if

0:58:54.070,0:58:58.090
you want to just put one on this road

0:58:55.600,0:59:00.670
there's a spot on clap and you that

0:58:58.090,0:59:03.340
kiddin yeah we we have talked about that

0:59:00.670,0:59:05.200
but the I got a lot of pushback from the

0:59:03.340,0:59:09.100
neighbors on West saying they wanted the

0:59:05.200,0:59:11.260
second one so we can talk about that

0:59:09.100,0:59:12.700
offline and figure out what what's in

0:59:11.260,0:59:17.830
best interest for everybody

0:59:12.700,0:59:20.200
yeah no problem okay run it by next week

0:59:17.830,0:59:22.180
yeah he mentioned that to me too but

0:59:20.200,0:59:24.520
then I got I sent it out an email to the

0:59:22.180,0:59:27.790
folks on the the chain email for Less

0:59:24.520,0:59:29.470
Road and blew up and there's a lot of

0:59:27.790,0:59:32.590
people that were upset they won them

0:59:29.470,0:59:37.410
both here so we'll talk about I made it

0:59:32.590,0:59:44.050
very clear that we're going to do great

0:59:37.410,0:59:45.550
okay how about the fire committee clerk

0:59:44.050,0:59:46.330
committee we had ten calls for the month

0:59:45.550,0:59:52.180
of

0:59:46.330,0:59:53.560
in April and we've been laying low for

0:59:52.180,0:59:55.000
the month or you know since this whole

0:59:53.560,0:59:57.310
thing started so we really have nothing

0:59:55.000,0:59:59.020
right now yeah the truck was the truck

0:59:57.310,1:00:02.650
was a lot of money you know a lot to put

0:59:59.020,1:00:06.490
out lots of bomb but I think that the

1:00:02.650,1:00:08.920
Marcus tree fire kind of proves that we

1:00:06.490,1:00:10.450
need good equipment and that piece was

1:00:08.920,1:00:12.790
getting really old so I think it's a

1:00:10.450,1:00:15.610
great investment for us to do it pricing

1:00:12.790,1:00:19.210
was good yeah the fire department got

1:00:15.610,1:00:20.710
the truck that they wanted and you know

1:00:19.210,1:00:28.960
I think it's just a big plus for

1:00:20.710,1:00:34.600
everybody say v4 ok what's next on the

1:00:28.960,1:00:40.660
report recreation recreation we have we

1:00:34.600,1:00:45.400
had a problem down recreation there yep

1:00:40.660,1:00:46.900
go ahead over the weekend we had a fish

1:00:45.400,1:00:48.400
you could say a break-in but not a

1:00:46.900,1:00:51.660
break-in someone forgot to lock the door

1:00:48.400,1:00:54.490
at the clubhouse the kids went in and

1:00:51.660,1:00:58.690
basically nothing was stolen

1:00:54.490,1:01:02.920
what stuff was thrown on the floor runes

1:00:58.690,1:01:06.190
so the few members went down and helped

1:01:02.920,1:01:09.900
clean up down here detective Weaver he

1:01:06.190,1:01:12.010
helped us clean up and I'm just speaking

1:01:09.900,1:01:14.530
part of the recreation committee

1:01:12.010,1:01:16.600
there's a security camera down there and

1:01:14.530,1:01:20.260
trustee Witten has brought it up once

1:01:16.600,1:01:24.160
before I'd like to get that up and going

1:01:20.260,1:01:26.140
again because that was that would have

1:01:24.160,1:01:27.370
helped out a lot who was the last one in

1:01:26.140,1:01:30.250
the park that I forgot to lock the door

1:01:27.370,1:01:35.560
and you know what individuals went

1:01:30.250,1:01:37.450
inside ok about so make it good with the

1:01:35.560,1:01:40.480
board approval I'd like to go out and

1:01:37.450,1:01:42.220
look see if we can get some security

1:01:40.480,1:01:44.050
cameras for the park or just for that

1:01:42.220,1:01:47.140
one spot and as I go back to the police

1:01:44.050,1:01:49.480
station where it used to go well you

1:01:47.140,1:01:53.770
could do I mean there's you could get

1:01:49.480,1:01:56.950
the some pretty good stuff for not much

1:01:53.770,1:01:58.630
money with the technology compared to

1:01:56.950,1:02:05.319
the ones we got in 2007

1:01:58.630,1:02:09.789
yep so um I think you should look there

1:02:05.319,1:02:13.680
first I would talk to Todd and the

1:02:09.789,1:02:21.910
police mighty person together

1:02:13.680,1:02:26.799
so see what see what you can do so reach

1:02:21.910,1:02:32.279
out to Todd first and see what you can

1:02:26.799,1:02:36.400
put together whoa okay

1:02:32.279,1:02:40.450
also you should know that the Recreation

1:02:36.400,1:02:44.229
Committee and myself have been attending

1:02:40.450,1:02:47.819
I've been attending meetings conference

1:02:44.229,1:02:52.089
call meetings every Monday and Thursday

1:02:47.819,1:02:54.970
with the county and other meetings

1:02:52.089,1:02:59.369
besides that and so we've got a couple

1:02:54.970,1:03:04.779
of things going on we are looking at

1:02:59.369,1:03:13.719
whether or not camp can be done and we

1:03:04.779,1:03:16.049
are also trying to figure out I'm sorry

1:03:13.719,1:03:21.420
I lost my train of thought

1:03:16.049,1:03:24.789
we're working on camp a summer camp and

1:03:21.420,1:03:27.519
we're trying to figure out what and if

1:03:24.789,1:03:32.799
we can have a camp and how that would

1:03:27.519,1:03:37.630
work so we're definitely interested we

1:03:32.799,1:03:40.390
can put in the right the right

1:03:37.630,1:03:43.269
precautions and if it can be done safely

1:03:40.390,1:03:46.239
and we know that it's something that

1:03:43.269,1:03:48.279
many of our families might need

1:03:46.239,1:03:50.619
especially if they have more than one

1:03:48.279,1:04:00.219
essential worker and the household of

1:03:50.619,1:04:03.809
this summer so the next item on the

1:04:00.219,1:04:05.140
agenda after recreation is the lake

1:04:03.809,1:04:08.200
trusty here

1:04:05.140,1:04:10.660
yeah at this past weekend but the

1:04:08.200,1:04:12.940
weekend before I was out in the lake it

1:04:10.660,1:04:16.030
was a little cloudy I found a few spots

1:04:12.940,1:04:18.750
where the weeds were coming up so I was

1:04:16.030,1:04:22.650
out I'll probably a good two hours

1:04:18.750,1:04:25.000
clipping them and I stopped down at the

1:04:22.650,1:04:29.170
Spring Street dock beginning of the week

1:04:25.000,1:04:32.380
and they're starting to pop so I will be

1:04:29.170,1:04:33.700
out this weekend during the week just

1:04:32.380,1:04:39.040
start seeing the boat out there more and

1:04:33.700,1:04:39.640
more we're going to get a plan and go

1:04:39.040,1:04:41.470
from there

1:04:39.640,1:04:43.690
do you have a good crew of volunteers

1:04:41.470,1:04:46.770
still we have a good crew of volunteers

1:04:43.690,1:04:49.450
still but I mean we still have the

1:04:46.770,1:04:51.730
six-foot social distance rule and

1:04:49.450,1:04:53.800
there's there's no there's no six-foot

1:04:51.730,1:04:55.660
distance between the the operator and

1:04:53.800,1:04:59.410
where you can stand on that on the boat

1:04:55.660,1:05:00.910
yeah so I'm gonna I'm gonna call them I

1:04:59.410,1:05:03.190
mean if we go out there with our masks

1:05:00.910,1:05:06.640
on I don't mean I don't know how they

1:05:03.190,1:05:08.500
would feel about it I I I guess I feel

1:05:06.640,1:05:10.180
comfortable about it going out there

1:05:08.500,1:05:14.080
with somebody but it's up to the other

1:05:10.180,1:05:15.880
person not and of me so I'll leave it up

1:05:14.080,1:05:17.980
to them so if you see two of us out

1:05:15.880,1:05:21.040
there that's what we're doing and I'll

1:05:17.980,1:05:29.050
just train them in the cove where we

1:05:21.040,1:05:35.500
keep it I don't go from there okay okay

1:05:29.050,1:05:39.910
very good so the next item is water and

1:05:35.500,1:05:43.780
so the water boards and the village

1:05:39.910,1:05:46.240
board had passed the budget for water

1:05:43.780,1:05:50.170
and sewer as the village board did and

1:05:46.240,1:05:51.520
the rates will be coming up to be

1:05:50.170,1:05:56.620
changed

1:05:51.520,1:05:59.410
you know we've had a huge fall and usage

1:05:56.620,1:06:04.810
by our commercial entities coupled with

1:05:59.410,1:06:09.280
a large rise in water usage by our

1:06:04.810,1:06:13.120
residential customers so we are running

1:06:09.280,1:06:14.950
a test bill to see what the effect of

1:06:13.120,1:06:16.359
that is going to be on our budget

1:06:14.950,1:06:19.480
one-third of

1:06:16.359,1:06:23.079
revenue usually comes in from commercial

1:06:19.480,1:06:27.670
entities and we're concerned as to what

1:06:23.079,1:06:31.720
that's going to do to the to our ability

1:06:27.670,1:06:33.819
to collect revenue to pay for the water

1:06:31.720,1:06:35.950
operations and the capital that's

1:06:33.819,1:06:39.999
required to provide clean drinking water

1:06:35.950,1:06:43.230
and take care of our sewage so all that

1:06:39.999,1:06:46.509
being said the village has also been

1:06:43.230,1:06:49.930
participating in town hall meetings with

1:06:46.509,1:06:52.779
other local and elected officials with

1:06:49.930,1:06:55.769
the congressman's office and we were on

1:06:52.779,1:06:58.509
a call and have been working with

1:06:55.769,1:07:00.849
congressman Melones office out of

1:06:58.509,1:07:02.859
Newburgh and we have put together a

1:07:00.849,1:07:05.410
request and you see that they've been

1:07:02.859,1:07:08.319
talking about on the federal level this

1:07:05.410,1:07:14.829

bill that is for aid to local

1:07:08.319,1:07:18.039

municipalities and we are we have put in

1:07:14.829,1:07:21.819

our request that the payments that we

1:07:18.039,1:07:27.539

have for our EFC loans be deferred by

1:07:21.819,1:07:30.430

one year in that in that package so we

1:07:27.539,1:07:33.730

will know more about that as we get

1:07:30.430,1:07:36.099

closer to the time of our first filling

1:07:33.730,1:07:42.569

so I will be letting you know how that

1:07:36.099,1:07:45.700

works out at our next board meeting and

1:07:42.569,1:07:48.220

that's really the same thing for sewer

1:07:45.700,1:07:52.299

and so is there anything public to

1:07:48.220,1:07:54.369

discuss for personnel trustee Davis yeah

1:07:52.299,1:08:04.660

we're kind of landlocked at this point

1:07:54.369,1:08:14.349

and okay and so we do have zoning also

1:08:04.660,1:08:16.359

and is Brian Murphy still with us I am

1:08:14.349,1:08:20.170

mayor yes all right

1:08:16.359,1:08:24.009

so Brian I would like to stop staring

1:08:20.170,1:08:28.080

and then you can share your items and

1:08:24.009,1:08:28.080
give us a report on the code enforcement

1:08:28.139,1:08:38.730
okay I'm going to share some

1:08:32.909,1:08:41.469
before-and-after pictures and try not to

1:08:38.730,1:08:54.159
give away in address but it might not be

1:08:41.469,1:09:38.319
as easy as that so I'm going to I'm

1:08:54.159,1:09:43.150
sorry are you guys looking at a picture

1:09:38.319,1:09:45.400
of a car yes yes okay so this is a

1:09:43.150,1:09:49.989
before picture of a property on della

1:09:45.400,1:09:52.210
Bern that we had just cited and we went

1:09:49.989,1:09:55.480
and took another picture and there it is

1:09:52.210,1:09:59.199
now and they also put up signs finally

1:09:55.480,1:10:01.960
to tell their employees to stop throwing

1:09:59.199,1:10:08.440
the garbage there so that was a very

1:10:01.960,1:10:16.570
good one then I would like to show you

1:10:08.440,1:10:19.599
one let me make it bigger this was one

1:10:16.570,1:10:23.139
where I'm a construction company for

1:10:19.599,1:10:26.889
quite a long time kept dragging dirt out

1:10:23.139,1:10:29.849
on Ted Nelson Avenue again we had

1:10:26.889,1:10:33.310
sighted them with a violation notice and

1:10:29.849,1:10:37.750
that's a picture of the parking lot

1:10:33.310,1:10:41.520
prior to the violation and I apologize

1:10:37.750,1:10:41.520
for the picture being turned I mean

1:10:43.540,1:10:49.760
and so there it is now fully gravel buck

1:10:47.570,1:10:52.090
brought back to the original site plan

1:10:49.760,1:10:56.630
which called for a gravel not blacktop

1:10:52.090,1:11:00.820
so that's another one that will stop you

1:10:56.630,1:11:00.820
know being a problem to the neighbors

1:11:02.950,1:11:08.450
here's one upheld that the unregistered

1:11:06.110,1:11:11.690
vehicle

1:11:08.450,1:11:14.210
there's the notice and now the vehicle

1:11:11.690,1:11:16.340
is gone those vehicles actually have

1:11:14.210,1:11:19.610
license plates we just blacked them out

1:11:16.340,1:11:20.930
for this picture so that's why it

1:11:19.610,1:11:26.780
doesn't look like they have license

1:11:20.930,1:11:29.540
plates we use magic markers here is a

1:11:26.780,1:11:32.960
bathtub on up in a front yard of a

1:11:29.540,1:11:36.740
property on Clapp Avenue violation

1:11:32.960,1:11:42.500
notice and now the blue bathtub is

1:11:36.740,1:11:45.020
finally done I apologize for these being

1:11:42.500,1:11:47.480
turned like this but then you

1:11:45.020,1:11:50.170
right-click and then see if he can turn

1:11:47.480,1:11:53.180
them yeah there yeah yeah there we go

1:11:50.170,1:11:56.450
this is another one I'm on clap Avenue

1:11:53.180,1:12:01.730
uh you know I was the broken trampoline

1:11:56.450,1:12:06.920
and parts to a pool violation notice was

1:12:01.730,1:12:11.420
sent and there we go it's gone but now

1:12:06.920,1:12:15.820
my computer froze but so that cleaned up

1:12:11.420,1:12:22.520
I do want to bring to your attention

1:12:15.820,1:12:23.780
let me see here one of one of the larger

1:12:22.520,1:12:27.170
problems that we were having was a

1:12:23.780,1:12:30.890
property on our garden street a couple

1:12:27.170,1:12:33.800
months ago quite a few residents were

1:12:30.890,1:12:37.400
very concerned and by right you know

1:12:33.800,1:12:41.240
very concerned we have confirmation from

1:12:37.400,1:12:43.340
a carting company that a dumpster has

1:12:41.240,1:12:45.650
been paid for and will be delivered

1:12:43.340,1:12:47.240
tomorrow morning to the address on

1:12:45.650,1:12:51.350
Garden Street so they can finally start

1:12:47.240,1:12:53.590
cleaning up the debris if it is not

1:12:51.350,1:12:56.619
taken care of we are going to

1:12:53.590,1:12:58.840
move forward with trying to condemn the

1:12:56.619,1:13:03.639
house and using the new property

1:12:58.840,1:13:05.290
maintenance law once we're able to the

1:13:03.639,1:13:07.719
property also I had numerous on

1:13:05.290,1:13:10.570
registered vehicles two of them were

1:13:07.719,1:13:15.480
removed today we're trying to work on

1:13:10.570,1:13:17.800
the rest of them and as of now that's

1:13:15.480,1:13:20.349
that's what I have to report we do have

1:13:17.800,1:13:21.969
quite a few other OTRS and violations

1:13:20.349,1:13:26.530
that we're trying to work on to get

1:13:21.969,1:13:31.090
remedied and again once that new I think

1:13:26.530,1:13:35.380
it's local law five chapter 114 once

1:13:31.090,1:13:39.940
we're able to use it we will be able to

1:13:35.380,1:13:41.469
clean up the property on Remsen and

1:13:39.940,1:13:46.900
there's a couple others that we will use

1:13:41.469,1:13:49.449
that a new law to you know try to clean

1:13:46.900,1:13:52.750
up to the best that we can and that is

1:13:49.449,1:13:54.639
all that I have Americans yeah Brian

1:13:52.750,1:14:01.810
do you have anything on goring halls

1:13:54.639,1:14:06.280
wall any picture um I do actually would

1:14:01.810,1:14:09.989
you like to see it I've done a finished

1:14:06.280,1:14:24.130
version there's a before and after it

1:14:09.989,1:14:25.889
yeah I'm gonna stop sharing for one

1:14:24.130,1:14:29.320
second anybody know how I can do that

1:14:25.889,1:14:34.630
you go to the go to the top of the

1:14:29.320,1:14:37.570
screen oh okay yep okay so we're stop I

1:14:34.630,1:14:39.840
I gotta get into the property and I just

1:14:37.570,1:14:39.840
want to

1:14:53.930,1:15:00.660
just so you're aware the growing hall

1:14:57.440,1:15:04.200
property the des permit has been closed

1:15:00.660,1:15:09.660
out so it does have a certificate of

1:15:04.200,1:15:12.390
compliance that one also happened to be

1:15:09.660,1:15:15.630
filed with New York State as a complaint

1:15:12.390,1:15:19.710
and I received a letter today from New

1:15:15.630,1:15:21.750
York State that you know they're

1:15:19.710,1:15:23.250
discontinuing their investigation as far

1:15:21.750,1:15:35.850
as they're concerned everything is all

1:15:23.250,1:15:38.250
done and completed and let me just Brian

1:15:35.850,1:15:40.560
that just to clarify the action that was

1:15:38.250,1:15:43.140
taken on Garden Street that particular

1:15:40.560,1:15:45.120
property was in response to an or

1:15:43.140,1:15:49.440
ordered a remedy that you had served

1:15:45.120,1:15:54.570
upon the occupant of that property yes

1:15:49.440,1:16:29.310
yes correct yes numerous um order two

1:15:54.570,1:16:31.740
remedies on that property yes what we

1:16:29.310,1:16:34.470
could do Brian as we could go to the I

1:16:31.740,1:16:36.300
can open it up for the trustees right

1:16:34.470,1:16:37.770
now while you look at that okay you know

1:16:36.300,1:16:41.990
what I actually I have it right the

1:16:37.770,1:16:41.990
second exit okay here we go

1:16:42.950,1:16:50.450
so I didn't I didn't put that one in my

1:16:46.110,1:16:50.450
queue to show you I apologize it was uh

1:16:52.550,1:17:03.540
and there it is finished are you guys

1:17:01.200,1:17:07.770
there yeah yeah could you I like you

1:17:03.540,1:17:10.290
should show it yeah I'll just show that

1:17:07.770,1:17:14.820
with the cursor where the does everybody

1:17:10.290,1:17:18.150
see the cursor yes there's a new wall

1:17:14.820,1:17:21.440
that runs right along here parallel to

1:17:18.150,1:17:23.820
the Smith building and then there's also

1:17:21.440,1:17:25.830
they had bring it out as they were doing

1:17:23.820,1:17:30.090
it they needed to pour a wall parallel

1:17:25.830,1:17:34.080
to YZ main the elevations were just way

1:17:30.090,1:17:37.050
off too big to be able to fill it on the

1:17:34.080,1:17:39.740
dirt would have just kept washing out on

1:17:37.050,1:17:42.930
to the East Main Street sidewalks so

1:17:39.740,1:17:49.020
that was the best and this picture right

1:17:42.930,1:17:52.040
here was taken prior to the fence coming

1:17:49.020,1:17:54.780
down along the East Main Street side

1:17:52.040,1:17:57.150
having to be an accident that took it

1:17:54.780,1:17:59.430
down but the defense along the East Main

1:17:57.150,1:18:01.950
Street is gone and we're working with

1:17:59.430,1:18:06.990
the owner to get the fence along

1:18:01.950,1:18:09.120
reservoir taken down also and I was you

1:18:06.990,1:18:13.920
know the other building I'll leave it at

1:18:09.120,1:18:16.260
that I got a question Brian are you

1:18:13.920,1:18:27.980
gonna do anything uh what's her about

1:18:16.260,1:18:27.980
those tarps yeah that's mixed yes yes I

1:18:30.110,1:18:38.240
will reach out to attorney Wallace and

1:18:34.860,1:18:40.640
and work with him to move forward with

1:18:38.240,1:18:43.800
getting that all taken care of

1:18:40.640,1:18:47.160
yeah we gotta have to refrain from

1:18:43.800,1:18:58.130
talking about any possible investigation

1:18:47.160,1:18:58.130
about any you know okay so if there's no

1:18:59.390,1:19:08.820
nothing else from our code enforcement

1:19:02.610,1:19:11.790
um what can I do what about the other

1:19:08.820,1:19:14.489
properties that were brought to our

1:19:11.790,1:19:18.830
attention at the board

1:19:14.489,1:19:18.830
wasn't you know the Rumson property

1:19:21.380,1:19:29.820
remson Avenue property once I believe

1:19:26.400,1:19:31.699
and good court cards could speak for

1:19:29.820,1:19:34.260
that one once we get back the

1:19:31.699,1:19:39.480
verification from this date that the law

1:19:34.260,1:19:44.310
is filed chapter 114 which will

1:19:39.480,1:19:47.600
ultimately allow us to remedy the

1:19:44.310,1:19:50.750
situation if we need to will be used

1:19:47.600,1:19:52.590
instantly when we're able to use it

1:19:50.750,1:19:55.679
sometime if there are any other

1:19:52.590,1:19:57.840
properties it will be the same you know

1:19:55.679,1:20:04.860
we'll do the same thing for whatever

1:19:57.840,1:20:08.250
property we have to do so on the node of

1:20:04.860,1:20:10.860
may I keep going there sure on the note

1:20:08.250,1:20:13.489
of the the properties that we've been

1:20:10.860,1:20:16.409
talking about it was kind of hard before

1:20:13.489,1:20:18.360
the way the village law was written to

1:20:16.409,1:20:20.640
put your sink your teeth into any of

1:20:18.360,1:20:22.920
these things because it just really

1:20:20.640,1:20:25.199
wasn't I just want to make it real clear

1:20:22.920,1:20:26.480
that these laws date back for years and

1:20:25.199,1:20:28.710
years and years through past

1:20:26.480,1:20:30.090
administrations and they were the ones

1:20:28.710,1:20:33.600
that are on the books so we made these

1:20:30.090,1:20:36.540
changes the necessary changes I might

1:20:33.600,1:20:38.040
add and that you know a lot of these

1:20:36.540,1:20:39.300
problems that we talked about that

1:20:38.040,1:20:43.199
meeting come to find out I've been

1:20:39.300,1:20:48.330
lingering for a long time and are I just

1:20:43.199,1:20:51.090
want to get Bryant's murphy's get your

1:20:48.330,1:20:53.610
opinion on it but I think that this put

1:20:51.090,1:20:55.409
it you in a situation where now that you

1:20:53.610,1:20:59.400
have a little more tighter clamp that

1:20:55.409,1:21:05.400
you can put on to to enforce these

1:20:59.400,1:21:09.449
things um absolutely trustee David this

1:21:05.400,1:21:14.159
new law will will be very helpful to us

1:21:09.449,1:21:17.850
under the previous one the only real

1:21:14.159,1:21:19.500
remedy that we had for accumulation of

1:21:17.850,1:21:21.780
rubbish and garbage and things like that

1:21:19.500,1:21:26.280
or even unregistered vehicles were

1:21:21.780,1:21:27.810
tickets to court and the one specific on

1:21:26.280,1:21:30.420
in heaven you came to court and paid a

1:21:27.810,1:21:33.060
ticket and you know that there was

1:21:30.420,1:21:42.660
really not much else that we can do the

1:21:33.060,1:21:44.220
new 114 we have a lot more available to

1:21:42.660,1:21:46.920
my office to remedy the situation

1:21:44.220,1:21:48.930
depending on which way the village board

1:21:46.920,1:21:50.580
chooses to go with it and just to make

1:21:48.930,1:21:52.140
it really really clear because of the

1:21:50.580,1:21:54.720
heat that we took they go back to the

1:21:52.140,1:21:58.790
former last two former at least the last

1:21:54.720,1:21:58.790
two former administrations don't they

1:21:59.090,1:22:06.540
the one on rented I would say absolutely

1:22:02.580,1:22:10.290
um I've been here a little over eight

1:22:06.540,1:22:13.440
years and it was an issue when I got

1:22:10.290,1:22:15.870
here I you know I not exactly sure how

1:22:13.440,1:22:18.570
the date of the previous administrations

1:22:15.870,1:22:21.270
but the Renton one has been a long time

1:22:18.570,1:22:24.420
that's not something that just all of a

1:22:21.270,1:22:28.950
sudden popped up that's absolutely true

1:22:24.420,1:22:32.430
uh the Garden Street one I believe it's

1:22:28.950,1:22:34.680
been a troubled property you know but I

1:22:32.430,1:22:36.480
just went through foreclosure and

1:22:34.680,1:22:39.590
everything along those lines now I

1:22:36.480,1:22:44.010
apologize for my sarcasm but it's just

1:22:39.590,1:22:46.770
you know I think if I can comment on

1:22:44.010,1:22:50.310
chapter 114 it now gives the village

1:22:46.770,1:22:54.030
which is a last resort for the village

1:22:50.310,1:22:56.610
but it gives an older property who has

1:22:54.030,1:22:58.530
been cited if the village had to take

1:22:56.610,1:23:01.650
matters into their own hands and clean

1:22:58.530,1:23:04.800
it up we would be giving them a fair

1:23:01.650,1:23:06.570
hearing before the village to you know I

1:23:04.800,1:23:09.720
will be giving them their due process

1:23:06.570,1:23:12.450
but if the village after hearing all the

1:23:09.720,1:23:16.700
facts from the building department or

1:23:12.450,1:23:20.220
tillage engineer the sometimes that the

1:23:16.700,1:23:22.620
problem is such that it's an emergency

1:23:20.220,1:23:24.660
in its detriment detrimental to the

1:23:22.620,1:23:26.700
public health and safety and has to be

1:23:24.660,1:23:29.040
taken care of immediately you now have

1:23:26.700,1:23:31.710
at your disposal this particular statute

1:23:29.040,1:23:36.060
that allows the village to take matters

1:23:31.710,1:23:38.430
into their own hands and then to impose

1:23:36.060,1:23:38.820
that cost back on to the owner of the

1:23:38.430,1:23:42.030
prob

1:23:38.820,1:23:46.860
and if they don't pay it back then it

1:23:42.030,1:23:49.260
goes on their taxes so it is we're going

1:23:46.860,1:23:53.430
to be giving the owner a fair hearing

1:23:49.260,1:23:55.800
and an opportunity to be heard and of

1:23:53.430,1:23:58.320
course the last resort is we don't want

1:23:55.800,1:24:00.570
us you know just want to have to expend

1:23:58.320,1:24:03.240
it the the manpower and the money to

1:24:00.570,1:24:07.050
remove an objectionable condition but if

1:24:03.240,1:24:08.880
they had to for the sake of the of the

1:24:07.050,1:24:11.910
neighborhood and and and the rest of the

1:24:08.880,1:24:14.870
village you know you know how about your

1:24:11.910,1:24:24.000
disposal oh my god

1:24:14.870,1:24:26.940
we have teeth now okay if there's no

1:24:24.000,1:24:29.340
other comments about that then we're

1:24:26.940,1:24:34.340
ready to move on and I think we are done

1:24:29.340,1:24:34.340
with the agenda as it was stated John

1:24:37.910,1:24:44.700
right well I mean at first I was gonna

1:24:40.200,1:24:49.740
ask the words they wanted to it's

1:24:44.700,1:24:53.600
correct me okay so Walden then at this

1:24:49.740,1:24:53.600
time or is there anything from the board

1:24:55.070,1:25:00.660
not just I think we're all just hovering

1:24:58.440,1:25:03.030
waiting for something to break here okay

1:25:00.660,1:25:06.960
and at this time then there's I do have

1:25:03.030,1:25:11.070
a comment from the if I have a public

1:25:06.960,1:25:15.050
comment from the walk injures Falls

1:25:11.070,1:25:15.050
business and professional association

1:25:27.980,1:25:31.250
okay the

1:25:29.340,1:25:34.320
Ginger's false business and professional

1:25:31.250,1:25:36.810
association had a meeting about the

1:25:34.320,1:25:38.820
village recovery program that we spoke

1:25:36.810,1:25:42.270
about earlier which we're starting with

1:25:38.820,1:25:44.760
the village hall in all of the village

1:25:42.270,1:25:48.619
services as well as the in moving out

1:25:44.760,1:25:53.190
into the business areas and they are

1:25:48.619,1:25:55.349
asking and making comment that they are

1:25:53.190,1:25:58.560
putting together a database of village

1:25:55.349,1:26:02.070
businesses contact info and status of

1:25:58.560,1:26:03.590
operation as of right now and that's

1:26:02.070,1:26:06.179
something that they had already done

1:26:03.590,1:26:08.599
early on and March and so they're

1:26:06.179,1:26:11.940
they're working on updating that um

1:26:08.599,1:26:14.130
they're helping businesses to provide

1:26:11.940,1:26:16.849
access to resources that help them to

1:26:14.130,1:26:20.010
develop specific reopening plans and

1:26:16.849,1:26:23.610
they've got a current and updated info

1:26:20.010,1:26:27.800
when the phase is reopening they've been

1:26:23.610,1:26:33.810
meeting with the county on the calls

1:26:27.800,1:26:36.300
having to do with economic development

1:26:33.810,1:26:41.730
and they've gotten support with

1:26:36.300,1:26:44.880
obtaining PPE supplies so the bill Beale

1:26:41.730,1:26:47.460
from the town of Wathan juror who also

1:26:44.880,1:26:53.099
works for Dutchess County had supplied

1:26:47.460,1:26:54.750
the them with packs of cloth masks to

1:26:53.099,1:26:58.619
devote to distribute to village

1:26:54.750,1:27:03.920
businesses and we received those today I

1:26:58.619,1:27:07.380
think John right that's correct mayor

1:27:03.920,1:27:09.530
and he collected we had the thousand of

1:27:07.380,1:27:12.300
them so they've been working with

1:27:09.530,1:27:14.550
building zoning planning to streamline

1:27:12.300,1:27:19.320
building permits for necessary safety

1:27:14.550,1:27:28.290
upgrades and they've also been looking

1:27:19.320,1:27:32.420
at parking solutions and looking at

1:27:28.290,1:27:35.159
places to propose for outdoor seating

1:27:32.420,1:27:37.860
public spaces that they'll come back to

1:27:35.159,1:27:40.170
us with and exploring options for

1:27:37.860,1:27:40.690
barricading off closed parking slots and

1:27:40.170,1:27:45.900
allowing

1:27:40.690,1:27:48.850
or seating in certain locations and

1:27:45.900,1:27:55.719
looking for additional parking areas to

1:27:48.850,1:27:58.180
offset the lots of spaces so they've

1:27:55.719,1:28:01.650
also looked at West Main Street South

1:27:58.180,1:28:04.300
Avenue areas and the route 9 corridor to

1:28:01.650,1:28:07.570
identify and the village hall also has

1:28:04.300,1:28:11.290
called the plaza owners who I myself

1:28:07.570,1:28:13.469
called the plaza owners to talk to them

1:28:11.290,1:28:17.290
about this concept and to get their

1:28:13.469,1:28:21.640
tenants looking at strategies that they

1:28:17.290,1:28:24.160
might be able to use and I mean so has

1:28:21.640,1:28:28.060
Brian Murphy the code enforcement

1:28:24.160,1:28:30.850
officer they are looking at the right

1:28:28.060,1:28:35.050
kind of signage to identify these new

1:28:30.850,1:28:37.120
uses of different areas and also adding

1:28:35.050,1:28:39.100
signage for safety precautions to be

1:28:37.120,1:28:41.650
expected of customers and visitors to

1:28:39.100,1:28:46.060
the village in regards to social

1:28:41.650,1:28:49.030
distancing masks etc and they've looked

1:28:46.060,1:28:52.660
at identifying pickup zones for retail

1:28:49.030,1:28:54.850
businesses offering this option so there

1:28:52.660,1:28:56.410
could be emergency no parking area

1:28:54.850,1:28:59.080
currently in front of Miss many

1:28:56.410,1:29:02.560
businesses because of people coming to

1:28:59.080,1:29:05.199
pick up items and they are looking to

1:29:02.560,1:29:07.239
create an advertising plan through an

1:29:05.199,1:29:09.670
absurd started working on an advertising

1:29:07.239,1:29:11.560
plan through various media sources to

1:29:09.670,1:29:13.750
get information about businesses how

1:29:11.560,1:29:16.530
they are operating et cetera and to

1:29:13.750,1:29:18.880
utilize all social media sites from the

1:29:16.530,1:29:22.030
business association the village

1:29:18.880,1:29:24.310
Wappingers Rises towns County etc so

1:29:22.030,1:29:28.330
that was the one comment that we've

1:29:24.310,1:29:30.340
received um there is time for a public

1:29:28.330,1:29:32.710
comment from anybody and list

1:29:30.340,1:29:35.980
are there any people waiting to make

1:29:32.710,1:29:40.120
public comment who have made note of the

1:29:35.980,1:29:47.670
at this time Robert well Robert wall or

1:29:40.120,1:29:52.140
does I have his hands hand raised okay

1:29:47.670,1:29:52.140
Robert Robert you're unmuted

1:29:57.250,1:30:03.189
[Applause]

1:30:03.810,1:30:08.400
I'm going to assume that was an error

1:30:08.520,1:30:16.210
he's muted okay okay and raise your hand

1:30:14.500,1:30:18.730
again if you have anything to say are

1:30:16.210,1:30:42.640
there any other hands raised hold on one

1:30:18.730,1:30:47.260
second it is not unmuting heaven excuse

1:30:42.640,1:30:49.060
me mayor just a village clerk card just

1:30:47.260,1:30:51.190
came into my office to inform me that

1:30:49.060,1:30:54.010
his laptop battery judged

1:30:51.190,1:30:57.550
look out I get the message I think all

1:30:54.010,1:31:00.430
right yes so he could probably not join

1:30:57.550,1:31:07.650
us for the rest of this meeting thank

1:31:00.430,1:31:07.650
you okay don't thank you okay thank you

1:31:14.699,1:31:20.290
okay know whether I do I just couldn't

1:31:19.030,1:31:25.900
raise my hand sorry I didn't want to

1:31:20.290,1:31:26.680
interrupt okay this is Heidi Murphy hi

1:31:25.900,1:31:30.070
is it okay

1:31:26.680,1:31:32.410
yes we can hear you go ahead and say so

1:31:30.070,1:31:35.739
just so you know we do have rules about

1:31:32.410,1:31:38.520
the sharing so you have two minutes

1:31:35.739,1:31:43.090
total two minutes of total time I

1:31:38.520,1:31:46.150
wouldn't keep you longer okay my name is

1:31:43.090,1:31:50.949
Heidi Murphy I'm from Ward one shout out

1:31:46.150,1:31:54.520
to Huber and Marko John I just have a

1:31:50.949,1:31:56.860
brief statement for all of you I don't

1:31:54.520,1:31:59.650
want to hold anybody up I just wanted to

1:31:56.860,1:32:03.880
say thank you for your service to our

1:31:59.650,1:32:06.219
village community in general and but

1:32:03.880,1:32:09.219
especially during a pandemic such

1:32:06.219,1:32:12.280
kovat 19 your presence here tonight is a

1:32:09.219,1:32:16.030
sign of your commitment during this time

1:32:12.280,1:32:18.969
I also urge our elected officials to

1:32:16.030,1:32:22.090
continue their valued work as

1:32:18.969,1:32:25.420
representatives of all of the residents

1:32:22.090,1:32:29.590
in our community even when many voices

1:32:25.420,1:32:31.630
might seem quiet at this time I also

1:32:29.590,1:32:34.570
want to commend the many volunteers

1:32:31.630,1:32:37.179
found within our community too many to

1:32:34.570,1:32:40.079
list although I would caution some

1:32:37.179,1:32:43.840
volunteer village committee members

1:32:40.079,1:32:46.929
namely the EDC to be mindful of

1:32:43.840,1:32:49.599
procedures that must be followed in

1:32:46.929,1:32:52.659
order to protect public safety and funds

1:32:49.599,1:32:56.050
the ambivalence of inaccurate

1:32:52.659,1:32:59.190
information presented presented as fact

1:32:56.050,1:33:03.639
and the divisive nature of their past

1:32:59.190,1:33:07.479
presentations is not conducive to the

1:33:03.639,1:33:10.630
forward progress of our village perhaps

1:33:07.479,1:33:14.260
additional training or experience will

1:33:10.630,1:33:17.199
be helpful in their future endeavors our

1:33:14.260,1:33:20.409
village has many wonderful residents

1:33:17.199,1:33:23.619
that are in need many for the first time

1:33:20.409,1:33:28.119
of a helping hand at this most scary of

1:33:23.619,1:33:31.840
times please continue to collaborate and

1:33:28.119,1:33:35.739
support each other as we reconfigure and

1:33:31.840,1:33:39.039
reframe a safe future for the viable

1:33:35.739,1:33:41.019
reopening of our community if I can be

1:33:39.039,1:33:44.889
of any assistance please do not hesitate

1:33:41.019,1:33:47.579
to contact me again please stay safe and

1:33:44.889,1:33:51.280
I thank you so much for all of your

1:33:47.579,1:33:53.170
continued like representation elected

1:33:51.280,1:33:55.479
volunteer and otherwise I really

1:33:53.170,1:34:04.030
appreciate it thank you from me and my

1:33:55.479,1:34:11.619
family thank you thank you okay

1:34:04.030,1:34:14.050
any other items no so I would like to

1:34:11.619,1:34:17.110
ask the board if we could go into

1:34:14.050,1:34:18.850
executive session for the purpose of the

1:34:17.110,1:34:23.500
collective bargaining agreement

1:34:18.850,1:34:25.720
and any and some personnel my it matters

1:34:23.500,1:34:30.360
so if that's okay

1:34:25.720,1:34:30.360
could I get a motion I'll make it I

1:34:32.040,1:34:37.540
think there's nothing to vote on so that

1:34:35.680,1:34:47.890
so we should be able to end the webcast

1:34:37.540,1:34:50.500
at this time that's okay okay so and we

1:34:47.890,1:34:53.590
will we will vote on journeying the

1:34:50.500,1:34:56.320
meeting now to make a motion to go in

1:34:53.590,1:34:58.900
like an obsession so could we get a

1:34:56.320,1:35:03.220
motion to go into executive I'll make it

1:34:58.900,1:35:06.510
second okay all those in favor aye

1:35:03.220,1:35:06.510
the opposed
