0:00:07.259,0:00:14.250
shortly okay welcome to the village of

0:00:11.610,0:00:16.070
Wappingers Falls monthly regular meeting

0:00:14.250,0:00:21.779
of the mayor and the Board of Trustees

0:00:16.070,0:00:24.810
for today June 10th 2020 at this time

0:00:21.779,0:00:25.920
I'd like to ask that we place our hands

0:00:24.810,0:00:29.939
on our hearts for the Pledge of

0:00:25.920,0:00:48.200
Allegiance I pledge allegiance to the

0:00:29.939,0:00:48.200
flag and under God and justice okay

0:00:48.289,0:00:54.360
so before we get started are there any

0:00:51.120,0:01:02.160
items of recognition announcements or

0:00:54.360,0:01:08.970
special events John not that I'm aware

0:01:02.160,0:01:11.990
of mayor other than your letter okay so

0:01:08.970,0:01:18.000
as as you may have seen I am issuing a

0:01:11.990,0:01:26.250
letter for the events that happened on

0:01:18.000,0:01:29.700
May 25th and I wanted to read this into

0:01:26.250,0:01:32.610
the minutes we are very proud of our

0:01:29.700,0:01:35.970
Police Department and all of the efforts

0:01:32.610,0:01:36.810
they have made to ensure everyone's

0:01:35.970,0:01:40.710
safety

0:01:36.810,0:01:43.799
yet we are deeply saddened by the events

0:01:40.710,0:01:48.770
that happened in Minneapolis on Monday

0:01:43.799,0:01:52.439
May 25th and I would like to acknowledge

0:01:48.770,0:01:55.140
the pain that our residents are going

0:01:52.439,0:01:57.840
through and the entire nation is going

0:01:55.140,0:02:03.060
through as it deals with the aftermath

0:01:57.840,0:02:05.009
of a terrible day so I just like to read

0:02:03.060,0:02:08.550
this into the minutes dear village

0:02:05.009,0:02:11.220
residents on Monday May 25th Minneapolis

0:02:08.550,0:02:13.650
resident George Floyd was killed after a

0:02:11.220,0:02:16.439
local police officer knelt on his

0:02:13.650,0:02:20.730
neck for 8 minutes and 46 seconds

0:02:16.439,0:02:23.720
causing its PhysX fixation mr. Floyd's

0:02:20.730,0:02:25.879
death is just one of a long line of

0:02:23.720,0:02:28.590
mistreatment and brutality of

0:02:25.879,0:02:30.659
african-americans the horrific scenes

0:02:28.590,0:02:33.299
shown during the murder of mr. Floyd

0:02:30.659,0:02:35.599
caused immediate unrest from the public

0:02:33.299,0:02:38.189
the village of weapon Jers Falls Police

0:02:35.599,0:02:40.379
the village board as well as myself

0:02:38.189,0:02:42.659
would like to communicate to our

0:02:40.379,0:02:44.909
residents that George Floyd's murder was

0:02:42.659,0:02:47.549
a reprehensible act of force and

0:02:44.909,0:02:50.760
brutality against one of our fellow

0:02:47.549,0:02:53.190
Americans we understand that one one of

0:02:50.760,0:02:55.980
us is attacked all of us are attacked

0:02:53.190,0:02:58.349
but those words rang hollow when there

0:02:55.980,0:03:01.530
has been such a terrible long history

0:02:58.349,0:03:03.689
against African Americans we have always

0:03:01.530,0:03:07.290
prided ourselves on being a close-knit

0:03:03.689,0:03:10.260
community and wanted to convey that this

0:03:07.290,0:03:13.139
includes all of our residents and

0:03:10.260,0:03:16.620
furthermore our police force is there to

0:03:13.139,0:03:18.419
protect each resident equally we are

0:03:16.620,0:03:20.819
proud of our efforts to ensure

0:03:18.419,0:03:24.060
everyone's safety we are one of the

0:03:20.819,0:03:26.849
first Dutchess County communities to use

0:03:24.060,0:03:29.250
body cameras that being said we

0:03:26.849,0:03:32.220
acknowledge that we like our nation

0:03:29.250,0:03:34.139
still have a long way to go as an

0:03:32.220,0:03:36.629
ethnically and culturally diverse

0:03:34.139,0:03:39.180
community we embrace our brothers and

0:03:36.629,0:03:42.180
sisters with the hope that we move past

0:03:39.180,0:03:45.209
racial inequality and respect one

0:03:42.180,0:03:47.819
another's rich cultural history most

0:03:45.209,0:03:51.449
importantly would sincerely offer our

0:03:47.819,0:04:02.010
genuine concern and love to all who have

0:03:51.449,0:04:05.790
been traumatized and I have communicated

0:04:02.010,0:04:10.019
with our Police Commissioner and he has

0:04:05.790,0:04:13.079
assured me that that they also found

0:04:10.019,0:04:15.449
these that universally throughout the

0:04:13.079,0:04:19.829
police community that these acts were

0:04:15.449,0:04:23.039
found to be reprehensible and that we

0:04:19.829,0:04:26.479
are willing to work to make sure that we

0:04:23.039,0:04:26.479
protect everyone equally

0:04:27.770,0:04:36.000
okay uh there was also there you may

0:04:32.070,0:04:39.690
have seen that there was a a protest put

0:04:36.000,0:04:44.250
on on Sunday at two o'clock in the

0:04:39.690,0:04:48.720
afternoon I was called by a Vassar

0:04:44.250,0:04:50.070
hospital nurse who has two children who

0:04:48.720,0:04:53.400
go to walk into your Central School

0:04:50.070,0:04:55.830
District and went through sheath and she

0:04:53.400,0:04:59.550
was one very concerned about the safety

0:04:55.830,0:05:01.500
of people during these protests because

0:04:59.550,0:05:05.580
of the virus and because of her close

0:05:01.500,0:05:10.110
connection to the virus at the Pasteur

0:05:05.580,0:05:12.810
hospital but she was very concerned also

0:05:10.110,0:05:16.490
that her children be allowed to use

0:05:12.810,0:05:19.740
their American right to free speech and

0:05:16.490,0:05:21.630
they gathered peacefully on Sunday

0:05:19.740,0:05:24.090
without incident

0:05:21.630,0:05:26.070
they were community in communication

0:05:24.090,0:05:30.060
with myself and with the police

0:05:26.070,0:05:34.590
department before and during that that

0:05:30.060,0:05:38.070
day it would say it was supposed to be a

0:05:34.590,0:05:41.250
very small group but it was as as the

0:05:38.070,0:05:43.770
day went on people joined and stay

0:05:41.250,0:05:47.669
stayed within their family unit off to

0:05:43.770,0:05:51.510
the sides so those are some of the

0:05:47.669,0:05:53.040
events that have been going on and I

0:05:51.510,0:05:55.080
think that's all the recognition

0:05:53.040,0:06:01.310
announcements and special events that I

0:05:55.080,0:06:01.310
have are there any others from the board

the highway committee to be able to make

0:07:58.360,0:08:06.550

side-by-side per that by the two that

0:08:14.529,0:08:22.869
bid it been ciccone and sunup and in

0:08:20.589,0:08:25.149
accordance with the summation the bid

0:08:22.869,0:08:29.619
document it appears that Ben Ciccone is

0:08:25.149,0:08:32.610
the low bidder the contract is up for a

0:10:52.760,0:10:59.100
multiple terms he sat on the board

0:10:56.280,0:11:02.250
during some tumultuous times he always

0:10:59.100,0:11:06.540
kept in school he was a good

0:11:02.250,0:11:10.830
spokesperson for the village and I know

0:11:06.540,0:11:13.440
that he cared deeply about this the

0:11:10.830,0:11:16.230
place where he was born his family and

0:11:13.440,0:11:18.390
his neighbors and I'd like to express on

0:11:16.230,0:11:22.290

0:11:39.030,0:11:43.920
and I wish him the best of luck he'll be

0:11:43.530,0:11:51.510
missed

0:11:43.920,0:11:56.730
yes okay at this time I'd like to ask if

0:11:51.510,0:11:59.700
we can get the resignation of trustee

0:11:56.730,0:12:03.990
Bryan Witten I'm okay I'll make the most

0:11:59.700,0:12:06.589
nuclear so I got a motion from trustee

0:12:03.990,0:12:09.660
come morning can I get a second okay

0:12:06.589,0:12:14.300
seconded by trustee Huber all those in

0:12:09.660,0:12:21.510
favor aye aye any opposed

0:12:14.300,0:12:24.300
okay um so last week he asked for cover

0:12:21.510,0:12:26.670
letters and resumes from individuals

0:12:24.300,0:12:29.820
from the Third Ward who were interested

0:12:26.670,0:12:34.470
in filling the vacancy for trustee Bryan

0:12:29.820,0:12:39.450
Witten we received five letters and

0:12:34.470,0:12:42.480
resumes and I met with weed the board

0:12:39.450,0:12:47.100
met in groups of three so as to avoid

0:12:42.480,0:12:49.320
having a quorum and I have had an

0:12:47.100,0:12:53.000
opportunity to speak with members of the

0:12:49.320,0:12:55.189
board since then there is a

0:12:53.000,0:12:58.339
provision and New York state village law

0:12:55.189,0:13:01.569
that the appointment is by the mayor and

0:12:58.339,0:13:04.970
is not subject to a vote on and after

0:13:01.569,0:13:06.889
speaking with all of the candidates and

0:13:04.970,0:13:09.920
I'd like to say that all of them were

0:13:06.889,0:13:11.600
excellent and I would like to thank all

0:13:09.920,0:13:14.180
of them for putting themselves out there

0:13:11.600,0:13:17.660
for expressing their interest in serving

0:13:14.180,0:13:19.310
their community we've done this a few

0:13:17.660,0:13:22.970
times but I don't think we've ever

0:13:19.310,0:13:27.110
gotten that big of a response in 14

0:13:22.970,0:13:30.709
years anyway and we met five people who

0:13:27.110,0:13:33.470
were very devoted to the village had

0:13:30.709,0:13:36.259
lots of abilities lots of capabilities

0:13:33.470,0:13:39.110
and I thought it would have all been

0:13:36.259,0:13:42.889
each individually a great asset to the

0:13:39.110,0:13:46.870
village of Wappingers Falls um that

0:13:42.889,0:13:49.850
being said after I spoke with everybody

0:13:46.870,0:13:52.910
who was applying talked to everybody on

0:13:49.850,0:13:55.120
the board and looked at the resumes and

0:13:52.910,0:13:59.870
thought about what we have before us

0:13:55.120,0:14:01.970
it's my intention to announce that the

0:13:59.870,0:14:03.980
board that I would like to as mayor

0:14:01.970,0:14:08.269
appoint Brian

0:14:03.980,0:14:11.809
lammers of 64 South nazir to the

0:14:08.269,0:14:15.100
position as the Third Ward trustee to

0:14:11.809,0:14:17.540
fill out the term of Brian Witten and

0:14:15.100,0:14:24.410
that term would be up on the first

0:14:17.540,0:14:26.629
Monday in April so Brian is he's

0:14:24.410,0:14:29.269
somewhat of a new resident in the

0:14:26.629,0:14:33.079
village but he has also been here for a

0:14:29.269,0:14:36.709
while he has been very involved in

0:14:33.079,0:14:41.449
events in the village he has he's known

0:14:36.709,0:14:44.199
on his block for gathering his the

0:14:41.449,0:14:47.509
blocks around South nazir together and

0:14:44.199,0:14:53.420
he has been involved in several

0:14:47.509,0:14:58.569
community events he also has a lot of

0:14:53.420,0:15:02.870
credentials and they include computer

0:14:58.569,0:15:06.120
skills management classes Bachelor of

0:15:02.870,0:15:08.580
Science in graphic design

0:15:06.120,0:15:11.250
credits for which he did not end up

0:15:08.580,0:15:14.010
getting the bachelors but he's got many

0:15:11.250,0:15:17.060
certificates from the New York State

0:15:14.010,0:15:19.770
Office of Children and Family Services

0:15:17.060,0:15:24.510
which also include youth development

0:15:19.770,0:15:28.020
classes and many other kinds of

0:15:24.510,0:15:30.779
technical training after speaking with

0:15:28.020,0:15:34.110
mr. Lam Ruiz I believe he will be a

0:15:30.779,0:15:38.160
valuable addition to the board and I

0:15:34.110,0:15:42.120
would encourage everybody who was not

0:15:38.160,0:15:45.170
selected to stay involved and I mean

0:15:42.120,0:15:47.490
from what I've heard from everybody who

0:15:45.170,0:15:50.430
interviewed for the position they were

0:15:47.490,0:15:52.410
all very interested and staying involved

0:15:50.430,0:15:56.820
in the village and we thanked them for

0:15:52.410,0:16:00.900
their efforts so I would like to bring

0:15:56.820,0:16:04.980
Brian in at the next board meeting as a

0:16:00.900,0:16:08.430
by that time he will have taken the oath

0:16:04.980,0:16:11.490
of office and be able to begin serving

0:16:08.430,0:16:16.589
on the board as the third of the other

0:16:11.490,0:16:18.320
third board trustee so I would ask that

0:16:16.589,0:16:21.060
the board

0:16:18.320,0:16:26.310
congratulate Brian and thank you all for

0:16:21.060,0:16:29.990
your input and we will be working with

0:16:26.310,0:16:34.490
him I'm sure so I would like to say

0:16:29.990,0:16:37.260
congratulations and I hope he enjoys our

0:16:34.490,0:16:42.080
learning a little bit more about village

0:16:37.260,0:16:44.490
and how its run thank you you're welcome

0:16:42.080,0:16:47.100
John you're gonna reach out to him he's

0:16:44.490,0:16:53.730
got to be sworn in in three days within

0:16:47.100,0:16:56.339
the next three days okay so John yeah

0:16:53.730,0:17:00.810
Brian you can reach out to me by phone

0:16:56.339,0:17:04.700
and I'm available even after render

0:17:00.810,0:17:04.700
hours so just give me a call

0:17:04.950,0:17:10.930
okay uh so at this time we're gonna open

0:17:09.100,0:17:14.020
up the discussion we're gonna talk

0:17:10.930,0:17:16.540
specifically to one business owner but

0:17:14.020,0:17:22.589
I'm gonna start it off because I noticed

0:17:16.540,0:17:22.589
a trend as we started to discuss of the

0:17:23.280,0:17:27.730
restaurants who are interested in doing

0:17:25.510,0:17:31.420
outdoor dining so they're allowed to

0:17:27.730,0:17:35.700
serve customers once again after three

0:17:31.420,0:17:39.370
long months of this quarantine but they

0:17:35.700,0:17:41.320
have been ordered by executive order of

0:17:39.370,0:17:46.000
the new york new york state governor to

0:17:41.320,0:17:47.850
do so outside there I'm sorry we skipped

0:17:46.000,0:17:50.020
over a gas lamp

0:17:47.850,0:18:00.160
okay can I come back to that because I

0:17:50.020,0:18:02.640
got Tom so could I ask the board to what

0:18:00.160,0:18:08.770
do I need to do do I need to ask for a

0:18:02.640,0:18:10.330
yeah motions you need could I get a

0:18:08.770,0:18:15.700
motion to suspend the rules and

0:18:10.330,0:18:22.300
rearrange the the agenda to start with

0:18:15.700,0:18:29.800
this discussion actually don't move

0:18:22.300,0:18:34.270
okay second second second if I try some

0:18:29.800,0:18:40.630
humor all those in favor okay I don't

0:18:34.270,0:18:44.730
think I have that on the agenda I have a

0:18:40.630,0:18:47.170
I didn't see it the promo for a consent

0:18:44.730,0:18:48.940
it'll take two seconds with the approval

0:18:47.170,0:18:55.870
for consent to allow the Planning Board

0:18:48.940,0:18:57.460
do believe agency oh yeah okay so well

0:18:55.870,0:18:59.650
you want to go ahead then so could I get

0:18:57.460,0:19:01.720
a motion to approve to allow the

0:18:59.650,0:19:10.450
Planning Board to be the lead agency for

0:19:01.720,0:19:12.250
seeker for a Gasland Omega second okay

0:19:10.450,0:19:16.340
second by trustee Davis all those in

0:19:12.250,0:19:21.350
favor all right okay so um

0:19:16.340,0:19:26.690
over the last few years the village has

0:19:21.350,0:19:30.170
been working on a grant-funded project

0:19:26.690,0:19:33.950
to do some planning and in that planning

0:19:30.170,0:19:36.050
effort we were looking at many different

0:19:33.950,0:19:41.690
areas within the village of Wappingers

0:19:36.050,0:19:50.390
Falls to see which ones which areas

0:19:41.690,0:19:52.000
should be improved and that work excuse

0:19:50.390,0:19:54.560
me

0:19:52.000,0:19:56.690
started with the brownfield of something

0:19:54.560,0:20:00.500
called the brownfield opportunity area

0:19:56.690,0:20:04.910
program and then it went into the

0:20:00.500,0:20:09.640
comprehensive plan and so we use this

0:20:04.910,0:20:12.500
information to move forward with a

0:20:09.640,0:20:25.540
downtown revitalization initiative grant

0:20:12.500,0:20:28.100
request so that being said what I would

0:20:25.540,0:20:32.240
like to do is just start off by showing

0:20:28.100,0:20:46.250
you this one section and this map that

0:20:32.240,0:20:47.890
we've done so I'll share the screen can

0:20:46.250,0:20:52.010
you see the screen yep

0:20:47.890,0:20:55.100
says it's starting it's there you're

0:20:52.010,0:21:01.640
good so just gonna get to the right page

0:20:55.100,0:21:07.250
because it keeps changing it for me okay

0:21:01.640,0:21:10.970
so so the village spent lots of public

0:21:07.250,0:21:13.340
meetings and discussions about changing

0:21:10.970,0:21:17.090
key buildings and the village center

0:21:13.340,0:21:20.420
area and we said the first and foremost

0:21:17.090,0:21:24.710
we would like to make sure that we bring

0:21:20.420,0:21:27.110
in businesses that are a positive for

0:21:24.710,0:21:30.510
the village create a walking atmosphere

0:21:27.110,0:21:34.690
we got we've developed the light

0:21:30.510,0:21:37.690
projects that you saw begin last year

0:21:34.690,0:21:42.000
throughout the village from this this

0:21:37.690,0:21:44.860
design and we also noted many different

0:21:42.000,0:21:46.480
lights throughout the village that we

0:21:44.860,0:21:51.370
would like to do some work on and this

0:21:46.480,0:21:52.990
year we're talking about this and I'm

0:21:51.370,0:21:56.550
looking at the map of the village center

0:21:52.990,0:22:00.520
is that the one you all are looking at

0:21:56.550,0:22:05.470
no it's Center site plan yes okay good

0:22:00.520,0:22:08.650
so so this this site plan map is one

0:22:05.470,0:22:10.810
that we would refer back to it's the one

0:22:08.650,0:22:14.800
that we took into the comprehensive plan

0:22:10.810,0:22:18.280
and it shows lots of different sites

0:22:14.800,0:22:23.200
within the village with ideas about how

0:22:18.280,0:22:29.950
they should be redeveloped so one of

0:22:23.200,0:22:32.230
those businesses is the business that

0:22:29.950,0:22:36.210
we're going to bring up here now and

0:22:32.230,0:22:38.890
that's the vinyl room that came into

0:22:36.210,0:22:41.500
where a liquor store had been before

0:22:38.890,0:22:45.070
next door to wagon-wheel pizza but also

0:22:41.500,0:22:51.970
adjacent to what is known as Mary Ross

0:22:45.070,0:22:55.180
Park and rich if you would allow John

0:22:51.970,0:23:00.670
kill Mayer mark chicka relly and Tom

0:22:55.180,0:23:08.810
Morris to be seen for this portion that

0:23:00.670,0:23:12.830
would be useful guys so

0:23:08.810,0:23:17.800
mr. kill Myer is the proprietor of the

0:23:12.830,0:23:20.630
vinyl room and it's a business that has

0:23:17.800,0:23:22.700
provided some of the juice for the

0:23:20.630,0:23:27.620
revitalization throughout the village

0:23:22.700,0:23:29.660
its we are very happy with it it's an

0:23:27.620,0:23:33.530
establishment as far as what it's done

0:23:29.660,0:23:39.160
for a revitalization and so all the

0:23:33.530,0:23:43.100
businesses are looking for ways to get

0:23:39.160,0:23:46.580
service to people outside during this

0:23:43.100,0:23:48.680
quarantine time and during this second

0:23:46.580,0:23:51.340
phase that allows them to serve food

0:23:48.680,0:23:54.080
outside so we've gotten lots of

0:23:51.340,0:23:59.840
restaurants are working on some creative

0:23:54.080,0:24:05.000
ideas and I'm gonna put up the drawing

0:23:59.840,0:24:09.980
that I have and then you can speak about

0:24:05.000,0:24:14.900
what you're doing so I'll just share

0:24:09.980,0:24:18.310
this screen and I'll let John kill Meyer

0:24:14.900,0:24:26.630
and Mark chicka relly take it from here

0:24:18.310,0:24:30.440
just gonna take me a second okay John

0:24:26.630,0:24:34.040
you wanna speak to the board sure so

0:24:30.440,0:24:37.580
this is the digital 3d design that

0:24:34.040,0:24:40.100
Marsha Corelli provided now I know we

0:24:37.580,0:24:41.870
all met some of us met at the park a few

0:24:40.100,0:24:44.660
days back the original design was

0:24:41.870,0:24:48.020
supposed to be a deck but you guys

0:24:44.660,0:24:51.020
prefer it to be more of a flat ground

0:24:48.020,0:24:55.250
obviously there is gonna be some a

0:24:51.020,0:24:59.270
partial stone wall as you can see but

0:24:55.250,0:25:01.460
the entranceways in will be handicapped

0:24:59.270,0:25:04.460
accessible plus there's also a back

0:25:01.460,0:25:07.940
little section that we've created to

0:25:04.460,0:25:10.940
provide outside seating as well I think

0:25:07.940,0:25:15.740
it's maybe the next screen so here's

0:25:10.940,0:25:17.120
here's a view of that back portion good

0:25:15.740,0:25:17.540
Johnny go up a little bit you went past

0:25:17.120,0:25:21.159
it

0:25:17.540,0:25:28.989
I'm actually not controlling it Oh

0:25:21.159,0:25:32.129
okay up one more one more yeah that's

0:25:28.989,0:25:35.409
the back area oh yes okay I'm sorry

0:25:32.129,0:25:37.359
so mark you could probably explain the

0:25:35.409,0:25:40.679
design you know better than I can I mean

0:25:37.359,0:25:43.899
we basically want to make this obviously

0:25:40.679,0:25:45.639
exactly the way you want it and from the

0:25:43.899,0:25:48.009
meeting that we previously had mark

0:25:45.639,0:25:50.320
recreated a design so mark if you want

0:25:48.009,0:25:52.659
to elaborate on it yeah so you know I

0:25:50.320,0:25:55.029
know ideally the idea is to have the

0:25:52.659,0:25:57.429
deployment of access level for

0:25:55.029,0:25:58.659
handicapped accessibility which would be

0:25:57.429,0:26:01.450
on the right that's good join right

0:25:58.659,0:26:04.929
there on the right side on the on the

0:26:01.450,0:26:06.879
left side to make the patio level the

0:26:04.929,0:26:08.379
grade is a little off to off about 18

0:26:06.879,0:26:11.080
inches so that's why you see a little

0:26:08.379,0:26:12.639
wall depicted there so that wall would

0:26:11.080,0:26:15.399
come from 18 inches out of grade on the

0:26:12.639,0:26:16.899
left flush on the right with a return

0:26:15.399,0:26:19.570
back towards the building and another

0:26:16.899,0:26:21.369
return for either steps or a handicap

0:26:19.570,0:26:23.499
ramp on the back corner which you really

0:26:21.369,0:26:27.009
can't see it from this drawing we could

0:26:23.499,0:26:28.629
do either/or so the material would be an

0:26:27.009,0:26:31.299
engineered block we're gonna try and get

0:26:28.629,0:26:32.950
something to match the wall that's near

0:26:31.299,0:26:34.509
the wine bar

0:26:32.950,0:26:36.460
I guess I'm as close as possible I'm not

0:26:34.509,0:26:38.349
sure you know again we'll get we'll get

0:26:36.460,0:26:40.090
it approvals and I'll get samples

0:26:38.349,0:26:43.389
together so whoever wants to see them

0:26:40.090,0:26:45.070
can see them the paver that the floor

0:26:43.389,0:26:48.159
itself will be an engineer block by you

0:26:45.070,0:26:49.509
a lot favored a couple different designs

0:26:48.159,0:26:52.629
are nice we could do something with some

0:26:49.509,0:26:54.249
color and some maybe some brick borders

0:26:52.629,0:26:59.409
to tie it tidy with the ability to kind

0:26:54.249,0:27:00.849
of keep that that old village look and

0:26:59.409,0:27:02.950
you know that's about it I mean kind of

0:27:00.849,0:27:05.830
kind of what the drawing is is what we

0:27:02.950,0:27:09.629
discussed and I hope you guys like it I

0:27:05.830,0:27:13.210
mean I know whatever we have to do for

0:27:09.629,0:27:15.989
for handicapped accessibility done for

0:27:13.210,0:27:22.590
railings guards all that kind of stuff I

0:27:15.989,0:27:22.590
think you look great I think I'm gonna

0:27:22.679,0:27:30.159
change it and show them did the to the

0:27:28.450,0:27:32.909
screen change when I did that

0:27:30.159,0:27:32.909
No

0:27:33.990,0:27:45.690
now you're back I love it I think it's

0:27:44.539,0:27:51.020
perfect

0:27:45.690,0:27:53.250
here's another way of looking at it

0:27:51.020,0:28:02.669
John did you send them the video by a

0:27:53.250,0:28:05.250
chance yeah Matt's trying to bring up my

0:28:02.669,0:28:08.909
my thoughts on this we met down there is

0:28:05.250,0:28:09.750
that this is a public park area and open

0:28:08.909,0:28:12.929
to the public

0:28:09.750,0:28:15.450
so although the vinyl room people could

0:28:12.929,0:28:18.570
step out and sit there people from the

0:28:15.450,0:28:20.610
flick walk into there any point in time

0:28:18.570,0:28:26.549
this is not exclusive use to the

0:28:20.610,0:28:29.429
business this is a hoax fake yes I'm

0:28:26.549,0:28:32.039
totally fine with that and I have no

0:28:29.429,0:28:33.870
issues with that whatsoever no well I

0:28:32.039,0:28:37.799
just want to make the point cuz you know

0:28:33.870,0:28:40.620
we since this is the footage property

0:28:37.799,0:28:42.960
where and you are being you know very

0:28:40.620,0:28:45.029
helpful and help you prove that space

0:28:42.960,0:28:46.320
for the village I just wanted to make

0:28:45.029,0:28:48.480
sure that all the board members

0:28:46.320,0:28:51.600
understood and the public who could be

0:28:48.480,0:28:54.029
dialing in here that this is this is an

0:28:51.600,0:28:57.750
improvement for the public in general so

0:28:54.029,0:29:00.600
that that area is open to those who to

0:28:57.750,0:29:02.220
use it from the village and it'll help

0:29:00.600,0:29:04.919
your business as well because they can

0:29:02.220,0:29:06.210
pop right out your door and take a seat

0:29:04.919,0:29:09.690
sure

0:29:06.210,0:29:10.590
yeah and I agree I have no issues with

0:29:09.690,0:29:12.870
that whatsoever

0:29:10.590,0:29:15.510
right you know I obviously understand

0:29:12.870,0:29:18.120
I'm funding everything just as long as

0:29:15.510,0:29:21.690
you know I can obviously legally serve

0:29:18.120,0:29:23.010
beer and wine out there I have no issues

0:29:21.690,0:29:31.020
whatsoever with the public using the

0:29:23.010,0:29:33.059
space so I have a question because

0:29:31.020,0:29:35.669
there's a plaque there for Mary Ross a

0:29:33.059,0:29:40.080
memorial plaque so are we finding a new

0:29:35.669,0:29:41.970
location for that we would stir from the

0:29:40.080,0:29:45.240
way I look at it I think that we would

0:29:41.970,0:29:46.740
look to put that at this location still

0:29:45.240,0:29:48.770
this would still be married

0:29:46.740,0:29:52.260
spork it would just be mary-rose park

0:29:48.770,0:29:54.870
redesigned I don't imagine there would

0:29:52.260,0:29:59.880
be a plaque at the probably on the fence

0:29:54.870,0:30:01.770
post as you enter the patio area from

0:29:59.880,0:30:07.380
the East Main Street side right across

0:30:01.770,0:30:09.030
from where Mary used to live so whatever

0:30:07.380,0:30:10.440
plaque is this is marked by the way

0:30:09.030,0:30:12.240
whatever plaque is there we can

0:30:10.440,0:30:14.670
absolutely utilize in the landscape on

0:30:12.240,0:30:17.070
the fence in the patio or wherever

0:30:14.670,0:30:18.990
wherever you guys would like it we can

0:30:17.070,0:30:24.360
mount it or set it up it's not an issue

0:30:18.990,0:30:26.280
at all I think it's spectacular and Mary

0:30:24.360,0:30:29.760
Ross would be smiling from ear here

0:30:26.280,0:30:32.790
right now I got a quick question

0:30:29.760,0:30:36.090
but what would baby ours so that would

0:30:32.790,0:30:38.730
be open I think I would stick to the

0:30:36.090,0:30:42.679
same hours outside seating why's that

0:30:38.730,0:30:45.480
Devine has I mean usually we quiet down

0:30:42.679,0:30:47.309
around 10:30 11 o'clock I mean like you

0:30:45.480,0:30:49.020
guys I'm sure know I do have some events

0:30:47.309,0:30:52.530
every now and then but our normal

0:30:49.020,0:30:54.630
weekend normal Saturday we honestly

0:30:52.530,0:30:56.520
wouldn't get busy it's old probably 7

0:30:54.630,0:30:59.100
o'clock now having that outside seating

0:30:56.520,0:31:01.050
I think I could open up probably 1

0:30:59.100,0:31:03.330
o'clock in the afternoon and be busy so

0:31:01.050,0:31:05.940
I wouldn't have an issue you know

0:31:03.330,0:31:07.350
closing down the patio at a reasonable

0:31:05.940,0:31:09.600
hour I mean I totally understand noise

0:31:07.350,0:31:11.040
ordinance so you know I don't want you

0:31:09.600,0:31:15.000
guys to think that we're gonna be having

0:31:11.040,0:31:17.700
any DJ's out there if I do any DJ music

0:31:15.000,0:31:20.010
that would be strictly inside but an

0:31:17.700,0:31:21.480
afternoon acoustic guitarist something

0:31:20.010,0:31:24.330
along those lines we would probably

0:31:21.480,0:31:27.380
entertain but other than that I think we

0:31:24.330,0:31:27.380
would keep it a reasonable hours

0:31:28.370,0:31:31.550
thank you

0:31:33.230,0:31:39.060
yeah I think there would be quite a bit

0:31:36.270,0:31:42.090
to work through on the licensing side

0:31:39.060,0:31:45.930
which would have to hammer out lots of

0:31:42.090,0:31:51.780
those details which I think if we're in

0:31:45.930,0:31:55.170
agreement we should allow and maybe meet

0:31:51.780,0:31:58.080
and with our attorney separately and

0:31:55.170,0:32:00.150
allow him to make those deals and then

0:31:58.080,0:32:03.690
to bring back at an agreement that we

0:32:00.150,0:32:05.970
can just presented a meeting yeah so I

0:32:03.690,0:32:09.270
just wanted to let everybody know that I

0:32:05.970,0:32:12.080
previously represented mr. Kilmer so I'm

0:32:09.270,0:32:14.610
conflicted out so as a result we got

0:32:12.080,0:32:17.850
rich Olsen from the cave and Matt Kozar

0:32:14.610,0:32:20.640
complex on he'll be representing the

0:32:17.850,0:32:27.270
village of Wappingers Falls with respect

0:32:20.640,0:32:40.140
to this particular application tech

0:32:27.270,0:32:43.110
being possible so I do have I think it's

0:32:40.140,0:32:47.220
a great project the thing is so I'm

0:32:43.110,0:32:51.450
gonna open this up for comment by the

0:32:47.220,0:32:53.370
board first and then by the public so

0:32:51.450,0:32:57.770
are there any other questions or

0:32:53.370,0:32:57.770
comments from the board at this time

0:32:59.090,0:33:06.240
um do you say anything else

0:33:03.350,0:33:08.580
no I think I'm gonna run this by the

0:33:06.240,0:33:10.830
Planning Board they should at least get

0:33:08.580,0:33:13.050
a chance to look at it as a board itself

0:33:10.830,0:33:15.420
but I don't see any objections this is

0:33:13.050,0:33:17.880
this village property that was my

0:33:15.420,0:33:20.940
biggest concern is that we were making

0:33:17.880,0:33:23.820
sure that this space is improving for

0:33:20.940,0:33:27.320
all business bill addresses and by

0:33:23.820,0:33:29.730
making it open on the various ends we

0:33:27.320,0:33:31.830
eliminated handicap accessible we also

0:33:29.730,0:33:33.060
have opened it up for those residents so

0:33:31.830,0:33:35.940
to me I think this is a positive

0:33:33.060,0:33:38.540
addition and then a big step forward in

0:33:35.940,0:33:41.700
improving the park to more stability

0:33:38.540,0:33:47.919
there's right now now how to use

0:33:41.700,0:33:50.020
directly so I know that there's one

0:33:47.919,0:33:51.640
person who wants to make a comment and

0:33:50.020,0:33:54.640
we're gonna start with him but I just

0:33:51.640,0:33:58.990
gonna ask you if you are on YouTube

0:33:54.640,0:34:03.250
watching this meeting right now live who

0:33:58.990,0:34:06.340
can let the person to our assistant

0:34:03.250,0:34:08.230
who's handling this video know that

0:34:06.340,0:34:12.810
you'd like to make a comment and he will

0:34:08.230,0:34:15.940
explain how to go and if you are on

0:34:12.810,0:34:19.839
right now and we have one person who is

0:34:15.940,0:34:22.000
unzoom and I'd like to who would like to

0:34:19.839,0:34:25.240
make a comment and then anybody else can

0:34:22.000,0:34:29.379
after that so I'm gonna ask if rich

0:34:25.240,0:34:31.839
would unmute Charles Ferry so that he

0:34:29.379,0:34:34.060
can make a comment and also look out for

0:34:31.839,0:34:47.679
the YouTube people who might want to

0:34:34.060,0:34:51.159

make a comment as well it's Charles

0:34:47.679,0:34:54.700

uh thanks Tom for bringing out but this

0:34:51.159,0:34:56.440

is a public park that is somewhat being

0:34:54.700,0:34:57.940

taken over for private use so I think

0:34:56.440,0:35:00.280

you've got to be really careful when

0:34:57.940,0:35:01.330

you're doing that I was soon gonna have

0:35:00.280,0:35:03.070

to corona that these were going to be

0:35:01.330,0:35:04.750

temporary arrangements fits outside

0:35:03.070,0:35:06.369

seating I didn't think it was going to

0:35:04.750,0:35:09.849

be taken public parks and turned them

0:35:06.369,0:35:11.109

into private areas I think you you got

0:35:09.849,0:35:13.599

to be really careful about doing this

0:35:11.109,0:35:15.190

because already I hear the shot that

0:35:13.599,0:35:17.290

owners saying that you'll be closing

0:35:15.190,0:35:18.820

down the fabulous certain hours well

0:35:17.290,0:35:20.710

right now that's not closed down certain

0:35:18.820,0:35:22.210

hours I think you really got to be

0:35:20.710,0:35:24.130

careful when you do it this publicly and

0:35:22.210,0:35:25.089
I hope you look for another piece of

0:35:24.130,0:35:27.310
land they're going to replace it with

0:35:25.089,0:35:29.200
rather than taking green space away in

0:35:27.310,0:35:31.900
the village which there is no child and

0:35:29.200,0:35:34.270
making the pavers I think you identify

0:35:31.900,0:35:37.750
someplace else to get the public green

0:35:34.270,0:35:40.210
spaces to quietly I was elaborating this

0:35:37.750,0:35:43.660
I'm sorry to interrupt I was elaborating

0:35:40.210,0:35:47.170
to the the closure of my staff serving

0:35:43.660,0:35:49.810
beer outside the park could be used 24/7

0:35:47.170,0:35:52.119
I mean you know we typically don't open

0:35:49.810,0:35:53.740
until later in the afternoon so somebody

0:35:52.119,0:35:54.580
could grab a coffee in a newspaper and

0:35:53.740,0:35:56.290
go sit

0:35:54.580,0:35:58.780
somebody could get ice cream from the

0:35:56.290,0:36:00.220
creamery go sit there somebody could get

0:35:58.780,0:36:02.290
takeout from a restaurant sit there I

0:36:00.220,0:36:04.660
actually have no issues with that I just

0:36:02.290,0:36:06.820
meant that we would probably close down

0:36:04.660,0:36:08.710
in terms of serving beer and wine out

0:36:06.820,0:36:11.470
there at a certain time just for the

0:36:08.710,0:36:13.630
respect of the village I think it looks

0:36:11.470,0:36:15.820
great but I really I just want you to be

0:36:13.630,0:36:17.470
cautious because if you remember when

0:36:15.820,0:36:19.180
they village took over and put that

0:36:17.470,0:36:21.250
Highway Department down the ball field

0:36:19.180,0:36:23.020
I was very hopeful and saying you

0:36:21.250,0:36:24.580
shouldn't do it it was until after I was

0:36:23.020,0:36:26.410
put up to you realized I was right and

0:36:24.580,0:36:29.230
they needed to look at the alienation

0:36:26.410,0:36:31.240
act before you repurpose user Park so

0:36:29.230,0:36:33.340
just as you look at that again before

0:36:31.240,0:36:36.880
you right now the land I mean especially

0:36:33.340,0:36:38.950
the back portion of the building is not

0:36:36.880,0:36:41.800
being used at all and you know I've been

0:36:38.950,0:36:44.290
had my office for MSV across the street

0:36:41.800,0:36:46.720
and before I open the Vanar room and

0:36:44.290,0:36:49.330
that Park has gotten zero use in the

0:36:46.720,0:36:51.580
last seven years so I think that one

0:36:49.330,0:36:53.349
it'll brighten up the village especially

0:36:51.580,0:36:55.570
with some other projects that I've heard

0:36:53.349,0:36:58.660
terms of some outside seating I think

0:36:55.570,0:37:00.280
the ultimate you know response to that

0:36:58.660,0:37:02.380
as you're driving through on a Saturday

0:37:00.280,0:37:04.510
afternoon at at three o'clock and you

0:37:02.380,0:37:06.700
look around and it's super busy and

0:37:04.510,0:37:08.890
you'll want to park your car and that

0:37:06.700,0:37:10.810
will help foot traffic for some of the

0:37:08.890,0:37:13.030
smaller businesses that struggle with it

0:37:10.810,0:37:15.130
like the final room and we you know we

0:37:13.030,0:37:16.990
struggle all the time you know until we

0:37:15.130,0:37:18.430
hit seven o'clock at ninety eight

0:37:16.990,0:37:21.010
o'clock at night when people want to go

0:37:18.430,0:37:22.270
out I think having outside seating will

0:37:21.010,0:37:24.640
change the whole complexity of the

0:37:22.270,0:37:26.470
village for sure I understand I'm just

0:37:24.640,0:37:28.060
saying but you take if this is a

0:37:26.470,0:37:30.520
dedicated public park which it has been

0:37:28.060,0:37:32.500
for us play so either way it's a

0:37:30.520,0:37:35.050
dedicated public park you can't be

0:37:32.500,0:37:36.609
purpose it to private use without going

0:37:35.050,0:37:38.050
through a state legislature I think that

0:37:36.609,0:37:44.020
you trying to look into that just think

0:37:38.050,0:37:46.240
before you do this so Charlie we

0:37:44.020,0:37:48.030
definitely will look into that but just

0:37:46.240,0:37:51.970
as a point of clarification

0:37:48.030,0:37:54.970
everything that has been brought up so

0:37:51.970,0:37:58.540
far is said that they that it will

0:37:54.970,0:38:00.730
always be available for public use so if

0:37:58.540,0:38:03.369
somebody wants to go to McDonald's and

0:38:00.730,0:38:05.770
out on Route nine and come in and sit

0:38:03.369,0:38:07.520
down at a table and have their

0:38:05.770,0:38:11.060

McDonald's Big Mac

0:38:07.520,0:38:13.520

direct in during the hours there they

0:38:11.060,0:38:15.800

would be allowed so yeah I understand I

0:38:13.520,0:38:17.540

think it's a great idea but I think you

0:38:15.800,0:38:21.260

need to not just do it tonight you need

0:38:17.540,0:38:23.720

to make sure you got your stuff in order

0:38:21.260,0:38:26.000

because it's a it would never be closed

0:38:23.720,0:38:29.360

I'll be fine Yates or anything that

0:38:26.000,0:38:33.680

would be closed I mean physically open

0:38:29.360,0:38:36.470

the entire time go yes we definitely

0:38:33.680,0:38:38.450

will check into that I think this is

0:38:36.470,0:38:40.430

just to see if we're this is the first

0:38:38.450,0:38:43.400

proposal so this is just to see if we're

0:38:40.430,0:38:52.370

interested in moving forward okay thanks

0:38:43.400,0:39:00.290

turn me off okay which you wanna okay

0:38:52.370,0:39:03.230

very good so I think we're ready to move

0:39:00.290,0:39:06.670

forward and I'd like to I think that the

0:39:03.230,0:39:11.750

next step would be for us to get rich

0:39:06.670,0:39:15.560
involved right yeah and so what I'd like

0:39:11.750,0:39:18.380
to do is ask the board if we can start

0:39:15.560,0:39:24.020
taking this to the next level to see

0:39:18.380,0:39:25.670
what is possible and and then also get

0:39:24.020,0:39:27.080
the board's comments right now as to

0:39:25.670,0:39:31.310
whether or not they think that this

0:39:27.080,0:39:33.110
should be pursued period and I would say

0:39:31.310,0:39:39.790
that that's important to do before we

0:39:33.110,0:39:43.520
talk to rich I'm ready to move forward

0:39:39.790,0:39:48.640
okay I think it's a good idea it's a big

0:39:43.520,0:39:48.640
improvement on that corner and

0:39:51.190,0:39:59.650
I trusted your people I'm gonna great

0:39:56.790,0:40:15.720
damn improvement in the downtown area

0:39:59.650,0:40:29.560
and Christie Marco John are you in favor

0:40:15.720,0:40:31.810
of moving forward yeah okay so we've got

0:40:29.560,0:40:33.970
lots of things to check out first and

0:40:31.810,0:40:38.859
trusty Panetta are you interested in

0:40:33.970,0:40:41.819
moving forward yes okay and I think us

0:40:38.859,0:40:47.050
everybody right Scott

0:40:41.819,0:40:50.260
okay so I did want to keep Tom here

0:40:47.050,0:40:51.730
especially and John you and Mark can

0:40:50.260,0:40:53.730
stay here for a second if you want

0:40:51.730,0:40:57.819
because we're gonna keep talking about

0:40:53.730,0:41:00.010
faces but I'd like to we're getting to

0:40:57.819,0:41:03.160
the point right now where the

0:41:00.010,0:41:10.089
comprehensive plan has been reviewed by

0:41:03.160,0:41:12.280
the board the new zoning code is being

0:41:10.089,0:41:15.000
put together to go with that

0:41:12.280,0:41:17.700
comprehensive plan and the plans that

0:41:15.000,0:41:20.470
fed into the comprehensive plan which

0:41:17.700,0:41:24.520
most importantly would be the brownfield

0:41:20.470,0:41:26.170
opportunity area plan as is being

0:41:24.520,0:41:26.920
reviewed by the Department of State

0:41:26.170,0:41:31.410
right now

0:41:26.920,0:41:35.530
it's been but has been going on for over

0:41:31.410,0:41:38.950
a year right now but they are almost

0:41:35.530,0:41:42.910
ready to get that back to us and it's

0:41:38.950,0:41:45.700
likely that within three to six months

0:41:42.910,0:41:48.280
we would be able to move forward with

0:41:45.700,0:41:52.119
the comprehensive plan that being said

0:41:48.280,0:41:55.060
we're taking the ideas that have come

0:41:52.119,0:41:58.630
out of the last four to five years of

0:41:55.060,0:42:00.760
planning and putting them into grant

0:41:58.630,0:42:02.710
applications one of them is a ten

0:42:00.760,0:42:03.430
million dollar grant application called

0:42:02.710,0:42:05.680
the downtown

0:42:03.430,0:42:14.109
revitalization initiative and we've been

0:42:05.680,0:42:16.410
working on this with with we've been

0:42:14.109,0:42:18.550
working on this for about four years now

0:42:16.410,0:42:21.099
four or five I think this will be the

0:42:18.550,0:42:29.010
fifth downtown revitalization initiative

0:42:21.099,0:42:33.940
they've given it to Kingston Peekskill I

0:42:29.010,0:42:36.940
believe New Rochelle maybe and one in

0:42:33.940,0:42:39.690
Middletown and so we've got very stiff

0:42:36.940,0:42:43.690
competition in our region we have

0:42:39.690,0:42:47.380
Westchester County Rockland Orange

0:42:43.690,0:42:49.390
County Dutchess Putnam and Ulster or all

0:42:47.380,0:42:52.300
in our region so we've got lots of

0:42:49.390,0:42:55.359
different small smaller walkable

0:42:52.300,0:43:01.420
communities that can apply for this

0:42:55.359,0:43:04.230
money but we have been inspired to look

0:43:01.420,0:43:07.359
at lots of other outdoor space ideas

0:43:04.230,0:43:15.400
because of what's going on here and one

0:43:07.359,0:43:17.170
of them is so most recently we've been

0:43:15.400,0:43:20.650
working on Franny Reese Park which

0:43:17.170,0:43:22.420
everybody knows about and that is under

0:43:20.650,0:43:25.329
construction right now but we've got

0:43:22.420,0:43:38.190
some good outdoor space located there I

0:43:25.329,0:43:41.170
can't get back too soon oh here I am

0:43:38.190,0:43:43.870
alright and so I'm going to share what's

0:43:41.170,0:43:47.030
going on there right now

0:43:43.870,0:43:47.030
[Music]

0:43:50.349,0:43:56.810
well before I do that I'll share with

0:43:52.849,0:43:58.490
you a proposal from across the street so

0:43:56.810,0:44:02.660
across the street we hope the Goering

0:43:58.490,0:44:05.660
Hall sight and we've seen developers

0:44:02.660,0:44:09.470
come and go there we do have the owner

0:44:05.660,0:44:13.820
of Patsy's purchased Goering Hall about

0:44:09.470,0:44:16.700
one year ago and so they have come back

0:44:13.820,0:44:18.349
to us with a design that would be

0:44:16.700,0:44:21.619
different from anything you've ever seen

0:44:18.349,0:44:24.500
but it would help them with the outdoor

0:44:21.619,0:44:28.790
dining element that we keep talking

0:44:24.500,0:44:33.760
about and this is the design that has

0:44:28.790,0:44:37.030
been brought back for boring Hall so

0:44:33.760,0:44:40.460
this would only be one level it would be

0:44:37.030,0:44:42.380
it might just start out as a pavilion it

0:44:40.460,0:44:47.359
would go through a separate site plan

0:44:42.380,0:44:50.089
application process and it would it

0:44:47.359,0:44:54.859
seemed to be something that later would

0:44:50.089,0:44:59.450
involve being closed in that might come

0:44:54.859,0:45:05.200
in in the next phase but this is a 90

0:44:59.450,0:45:05.200
foot long by 35 foot wide pavilion and

0:45:05.260,0:45:14.000
dining space and so this is one person's

0:45:11.150,0:45:16.670
idea of what they would like to do with

0:45:14.000,0:45:21.020
that property one of the nice things

0:45:16.670,0:45:24.319
about this idea is that it is completely

0:45:21.020,0:45:26.780
doable it's feasible with it's not a two

0:45:24.319,0:45:31.220
million dollar project that they would

0:45:26.780,0:45:34.700
have to battle out with our community

0:45:31.220,0:45:42.950
about so we've had we've had projects go

0:45:34.700,0:45:46.810
from too high to too low and this is and

0:45:42.950,0:45:46.810
I'll show you some other pictures here

0:45:55.060,0:46:01.000
of what looking about so this is

0:45:58.460,0:46:21.580
conceptual only this does not have any

0:46:01.000,0:46:24.650
anything so this is a this is the owners

0:46:21.580,0:46:27.140
proposal to us and if this is something

0:46:24.650,0:46:28.490
that we'd like to see this is something

0:46:27.140,0:46:30.350
that he would pursue with the Planning

0:46:28.490,0:46:34.730
Board level so it's not really up here

0:46:30.350,0:46:36.560
for this comment yet but this is just to

0:46:34.730,0:46:38.870
put out here and see what the interest

0:46:36.560,0:46:40.190
is that being said there you know

0:46:38.870,0:46:42.740
there's been some there's an

0:46:40.190,0:47:10.220
amphitheater being put into place at a

0:46:42.740,0:47:12.700
Frannie race park and so rich I can't

0:47:10.220,0:47:12.700
make my

0:47:28.359,0:47:56.300
so and there is one more thing I wanted

0:47:44.750,0:47:58.760
to show everybody so a long time so that

0:47:56.300,0:48:04.119
we met up the other clothes on the

0:47:58.760,0:48:06.650
parking lot career for that apartment

0:48:04.119,0:48:08.450
from our discussion the other day the

0:48:06.650,0:48:11.750
park use of the parking lot behind the

0:48:08.450,0:48:13.960
area you just showed for temporary so

0:48:11.750,0:48:16.369
the two property owners are in

0:48:13.960,0:48:19.010
discussions about whether or not that

0:48:16.369,0:48:24.619
would be something that they would be

0:48:19.010,0:48:27.650
able to work out so now if you go to the

0:48:24.619,0:48:30.349
south of that what you just showed is a

0:48:27.650,0:48:33.290
parking lot in the upper level through

0:48:30.349,0:48:35.960
talking about possibly having the

0:48:33.290,0:48:39.640
Patsy's pizza or having some outdoor

0:48:35.960,0:48:47.240
seating in that parking lot during the

0:48:39.640,0:48:49.520
coronavirus area here for outside yes he

0:48:47.240,0:48:51.440
is so there they're talking to the two

0:48:49.520,0:48:55.700
owners of the two parcels and talking to

0:48:51.440,0:48:57.890
each other and okay yes we'll see if

0:48:55.700,0:48:59.630
they can make a deal about that just for

0:48:57.890,0:49:04.000
everybody else's information so that

0:48:59.630,0:49:04.000
this executive order right now allows

0:49:04.510,0:49:14.390
restaurants and municipalities to work

0:49:07.880,0:49:16.849
together to make space arrangements that

0:49:14.390,0:49:21.319
weren't necessarily approved in site

0:49:16.849,0:49:23.660
plans to allow for people to in these

0:49:21.319,0:49:26.329
very unusual times to put dining

0:49:23.660,0:49:26.599
elsewhere that was not included in their

0:49:26.329,0:49:30.529
site

0:49:26.599,0:49:33.380
plan and so the idea here is that the 14

0:49:30.529,0:49:36.650
Market Street Marshalls deli building

0:49:33.380,0:49:37.220
had a parking lot and reservoir behind

0:49:36.650,0:49:39.109
it

0:49:37.220,0:49:41.450
it's a pretty large parking lot it

0:49:39.109,0:49:43.910
overlooks the Falls View Park and

0:49:41.450,0:49:45.859
there's the opportunity where they might

0:49:43.910,0:49:50.390
be able to put tables in that parking

0:49:45.859,0:49:52.460
lot during during specified hours that

0:49:50.390,0:49:56.299
the village would have a say about and

0:49:52.460,0:50:00.859
allow the restaurant to use that per

0:49:56.299,0:50:02.930
table space though all this discussion

0:50:00.859,0:50:05.779
about outdoor areas along with what

0:50:02.930,0:50:13.029
we're doing at Frannie Reese Park has

0:50:05.779,0:50:16.849
also and and also working on the

0:50:13.029,0:50:20.390
downtown revitalization we also were

0:50:16.849,0:50:27.289
interested in false view park for a

0:50:20.390,0:50:30.170
while now and so the ability to open up

0:50:27.289,0:50:32.239
public space in Falls View Park and this

0:50:30.170,0:50:35.089
is another example of something that

0:50:32.239,0:50:39.349
which that is a park that would require

0:50:35.089,0:50:43.249
there to be participation with New York

0:50:39.349,0:50:46.700
state legislature about to make sure

0:50:43.249,0:50:48.890
that it was able to be used as portions

0:50:46.700,0:50:53.539
of it would be able to be used as non

0:50:48.890,0:50:55.569
park areas but one idea to get that part

0:50:53.539,0:51:00.319
developed would be to develop

0:50:55.569,0:51:02.660
public-private partnership and so the as

0:51:00.319,0:51:06.769
part of the planning that we had done

0:51:02.660,0:51:10.249
last year we had gotten to work with a

0:51:06.769,0:51:13.309
local graduate of local high school here

0:51:10.249,0:51:16.609
in Dutchess County who went to Pratt and

0:51:13.309,0:51:19.190
he his name is right here and he came

0:51:16.609,0:51:28.960
and took a look at the site at Falls via

0:51:19.190,0:51:28.960
park and gave us some notice

0:51:33.799,0:51:46.259
concept plans okay so he took a look at

0:51:40.650,0:51:47.759
the light that is false view park so

0:51:46.259,0:51:51.299
false for your park is actually made up

0:51:47.759,0:51:55.559
of two parcels and one parcel the two

0:51:51.299,0:51:59.039
parcels together take up 215 feet of

0:51:55.559,0:52:04.380
street front and one end of the parcel

0:51:59.039,0:52:09.989
closer to divine is only 30 feet deep

0:52:04.380,0:52:17.029
and the end on the southern side of the

0:52:09.989,0:52:17.029
parcel is 62 feet deep when the

0:52:17.539,0:52:21.329
hydroelectric owners cleared out the

0:52:19.890,0:52:24.209
site you can see that in the middle

0:52:21.329,0:52:27.029
lower picture what the site looks like

0:52:24.209,0:52:31.019
and we got to get a better idea of how

0:52:27.029,0:52:33.420
to put a park there we also realized

0:52:31.019,0:52:35.880
that we might need to look at the

0:52:33.420,0:52:37.769
private partnership and started to focus

0:52:35.880,0:52:40.380
on whether or not that it might be

0:52:37.769,0:52:41.910
something that village residents would

0:52:40.380,0:52:44.279
be interested in seeing at the

0:52:41.910,0:52:46.650
southernmost portion of the property so

0:52:44.279,0:52:49.170
instead of having a parcel completely

0:52:46.650,0:52:53.249
taken up by building it would be one

0:52:49.170,0:52:55.890
that would just have a parcel of

0:52:53.249,0:53:02.130
building on one end of it so they looked

0:52:55.890,0:53:03.900
at the architectural structures we have

0:53:02.130,0:53:07.739
here and here's the first of three

0:53:03.900,0:53:11.039
designs this is the stone takes after

0:53:07.739,0:53:12.630
the stone designs and this is what the

0:53:11.039,0:53:16.349
building would look like on the Market

0:53:12.630,0:53:21.420
Street side and this is what it would

0:53:16.349,0:53:24.930
look like inside falls view park the

0:53:21.420,0:53:27.680
idea is the area this Park area here

0:53:24.930,0:53:30.890
would have public access on the northern

0:53:27.680,0:53:35.519
portion with a stairway there would be

0:53:30.890,0:53:37.799
the ability of people to access the

0:53:35.519,0:53:41.569
levels that way or through the

0:53:37.799,0:53:41.569
commercial portion of the building

0:53:42.630,0:53:48.030
here's a design concept number two which

0:53:44.970,0:53:52.980
comes from the more industrial side of

0:53:48.030,0:53:57.240
the village and you get a just a

0:53:52.980,0:54:03.540
rendering here and what the park area

0:53:57.240,0:54:09.390
would look like and the switchbacks

0:54:03.540,0:54:13.110
necessary the bottom and here's a design

0:54:09.390,0:54:15.090
that was inspired by something that I

0:54:13.110,0:54:19.550
thought looked more like Chuck and

0:54:15.090,0:54:24.000
Damien's building used to look like and

0:54:19.550,0:54:27.240
mine does now and so all three designs

0:54:24.000,0:54:30.570
are very familiar to the village of

0:54:27.240,0:54:33.780
Wappingers Falls what I would like to

0:54:30.570,0:54:36.000
ask the board and the Planning Board is

0:54:33.780,0:54:39.450
if this is something that we could look

0:54:36.000,0:54:41.250
at in a separate process and talk about

0:54:39.450,0:54:43.590
as a community and it would be very

0:54:41.250,0:54:45.750
valuable to do that since we have these

0:54:43.590,0:54:49.080
materials before we go out to the

0:54:45.750,0:54:51.900
downtown revitalization initiative this

0:54:49.080,0:54:55.410
architect even took a look at putting

0:54:51.900,0:54:57.300
our own walkway over the pipe you know

0:54:55.410,0:54:59.430
of course we do not own the pipe that

0:54:57.300,0:55:01.920
would be some negotiation there but that

0:54:59.430,0:55:06.090
would add that would connect to the

0:55:01.920,0:55:10.980
Greenway Trail that used to go down down

0:55:06.090,0:55:15.060
the workers walk and it could be a very

0:55:10.980,0:55:18.890
good thing for economic development in

0:55:15.060,0:55:20.160
the village and that's one of the other

0:55:18.890,0:55:24.960
designs

0:55:20.160,0:55:27.450
that is out there so I would like to

0:55:24.960,0:55:29.850
take those designs out there start

0:55:27.450,0:55:33.960
talking more about the boathouse Frannie

0:55:29.850,0:55:37.200
reefs park these outdoor pavilions you

0:55:33.960,0:55:39.510
know I think it's many people have said

0:55:37.200,0:55:43.260
along the way that just with the outdoor

0:55:39.510,0:55:46.890
deck at Devine with what's going on

0:55:43.260,0:55:51.270
maybe at the vinyl room and boring halls

0:55:46.890,0:55:53.310
site I think if we it would be a good

0:55:51.270,0:55:54.480
time I think to think about is this

0:55:53.310,0:55:58.550
something that we'd like to

0:55:54.480,0:56:01.290
see it falls for Park it would require

0:55:58.550,0:56:04.440
us to go through the process to make

0:56:01.290,0:56:08.370
sure that can be used that way it would

0:56:04.440,0:56:11.760
require that there be a partnership with

0:56:08.370,0:56:13.470
a private entity and even after that we

0:56:11.760,0:56:15.000
would have to have a lot of discussion

0:56:13.470,0:56:19.650
about how the rest of the building would

0:56:15.000,0:56:23.280
get used but I've talked to our planner

0:56:19.650,0:56:25.740
I've already talked to Tom about this

0:56:23.280,0:56:27.780
and and we we've talked about it as a

0:56:25.740,0:56:30.780
board when we first received these plans

0:56:27.780,0:56:33.060
but I think it would be a good time to

0:56:30.780,0:56:35.010
take this out to the people of the

0:56:33.060,0:56:37.530
village of wok injures Falls if you if

0:56:35.010,0:56:38.820
you like what we have so far and if you

0:56:37.530,0:56:46.680
think that this is something that would

0:56:38.820,0:56:49.350
be valuable so I think the only thing

0:56:46.680,0:56:50.550
I'd like to ask you at this point is is

0:56:49.350,0:56:52.410
that something that you might be

0:56:50.550,0:56:54.240
interested in or do you have comments

0:56:52.410,0:56:57.000
that you'd like to bring up now Scott

0:56:54.240,0:56:59.190
you must have something must be going

0:56:57.000,0:57:03.210
through your economic development brain

0:56:59.190,0:57:08.100
yeah I'm forward I look forward to

0:57:03.210,0:57:09.780
moving and had the goring hall portion

0:57:08.100,0:57:12.870
of this was new news to me

0:57:09.780,0:57:14.610
I did see the Falls View Park and I know

0:57:12.870,0:57:19.280
I know about the boathouse and Frank

0:57:14.610,0:57:22.260
Rees I think they're all great projects

0:57:19.280,0:57:25.080
goreng Hall you know we have to discuss

0:57:22.260,0:57:28.650
that several questions come to mind but

0:57:25.080,0:57:30.540
we put it up for public interest and see

0:57:28.650,0:57:32.280
what everybody thinks about it and then

0:57:30.540,0:57:34.470
have the opportunity to ask some

0:57:32.280,0:57:36.510
questions along the design phases and

0:57:34.470,0:57:38.820
see if we want to move ahead and start

0:57:36.510,0:57:40.890
funding or what we have to do to enter

0:57:38.820,0:57:44.970
in the partnership when the Falls you

0:57:40.890,0:57:45.960
are the Falls report project I think

0:57:44.970,0:57:49.020
we're all headed in the right direction

0:57:45.960,0:57:50.100
I think economically it helps us a great

0:57:49.020,0:57:55.290
deal

0:57:50.100,0:57:58.380
jeonse your project John is for Mary

0:57:55.290,0:58:01.350
Ross Park is great it puts that party it

0:57:58.380,0:58:05.130
gives it you know use purpose you know

0:58:01.350,0:58:07.590
use purpose for everybody and I think

0:58:05.130,0:58:08.310
the right project or false you will do

0:58:07.590,0:58:10.260
the same thing

0:58:08.310,0:58:13.230
you know a big fan of the bridge mayor

0:58:10.260,0:58:16.620
so I think that that's a great plus for

0:58:13.230,0:58:18.510
me but that's really secondary to what

0:58:16.620,0:58:20.730
we're trying to do here but I think all

0:58:18.510,0:58:23.160
of them put it put it just think about

0:58:20.730,0:58:25.590
all those projects if we could make a

0:58:23.160,0:58:27.330
war of how wonderful would be to just

0:58:25.590,0:58:29.280
sculpt more people come in here and I

0:58:27.330,0:58:31.590
think that's really what it's all about

0:58:29.280,0:58:36.480
I mean economically I think it's a big

0:58:31.590,0:58:46.920
plus for the village okay any of their

0:58:36.480,0:58:50.340
comments Tom you know we worked our way

0:58:46.920,0:58:54.120
through the process you to to pick the

0:58:50.340,0:58:56.520
right right design that fit blends best

0:58:54.120,0:59:00.150
in the village at that point there as

0:58:56.520,0:59:01.980
well as the overall layout we saw

0:59:00.150,0:59:04.950
everything from set of stairs to

0:59:01.980,0:59:07.140
switchbacks to buildings you know

0:59:04.950,0:59:09.810
possibly the building is a community

0:59:07.140,0:59:15.030
center or something like that with some

0:59:09.810,0:59:17.040
some real merchants at one point in the

0:59:15.030,0:59:21.240
building on some other business multiple

0:59:17.040,0:59:23.460
stories I think that's all goodness but

0:59:21.240,0:59:26.520
definitely a lot of discussion has to

0:59:23.460,0:59:29.790
happen before anything anything gets

0:59:26.520,0:59:31.860
firmed up but my opinion absolutely this

0:59:29.790,0:59:37.260
is a good project I think we think it's

0:59:31.860,0:59:40.920
worth going through the analysis okay

0:59:37.260,0:59:43.290
anybody else from the board I have

0:59:40.920,0:59:45.980
anything to say are there any public

0:59:43.290,0:59:45.980
comments

0:59:47.820,0:59:57.730
and rich you should be looking on

0:59:50.350,1:00:00.160
YouTube to know one okay okay uh I'm

0:59:57.730,1:00:02.230
gonna give it another five seconds

1:00:00.160,1:00:04.810
because it might be slow and your

1:00:02.230,1:00:15.100
computer as it was on mine married you

1:00:04.810,1:00:16.300
Jason want to say something okay if

1:00:15.100,1:00:18.370
you're on if you're watching this

1:00:16.300,1:00:21.640
meeting on YouTube and you have a public

1:00:18.370,1:00:25.180
comment tonight you need to enter the

1:00:21.640,1:00:29.440
zoom meeting and rich or their or the

1:00:25.180,1:00:34.210
instructions that are so you have to go

1:00:29.440,1:00:38.320
to the village website WWF injures falls

1:00:34.210,1:00:41.040
in white gov and look at the

1:00:38.320,1:00:50.080
instructions on how to go onto the zoom

1:00:41.040,1:00:53.230
meeting to make live comments okay

1:00:50.080,1:00:55.900
if you come on later you can still make

1:00:53.230,1:00:58.300
comments so if you're on YouTube and

1:00:55.900,1:01:04.060
you're still trying to get to that you

1:00:58.300,1:01:09.450
can we'll take your comments whenever

1:01:04.060,1:01:12.040
you get on to zoom okay so if there's a

1:01:09.450,1:01:16.300
little more discussion about this of

1:01:12.040,1:01:17.830
like we move forward with have in the

1:01:16.300,1:01:22.050
comprehensive planning process that

1:01:17.830,1:01:24.700
we're in anyway and start developing a

1:01:22.050,1:01:29.590
public process for people to talk about

1:01:24.700,1:01:30.970
these kinds of projects are you guys

1:01:29.590,1:01:33.970
okay with that that would be public

1:01:30.970,1:01:38.790
meetings kind of like the one we had for

1:01:33.970,1:01:38.790
Franny Reese Park about two years ago

1:01:39.049,1:01:47.880
okay so were you guys on board with up

1:01:43.910,1:01:54.390
though I see Ronnie yes Scott

1:01:47.880,1:01:55.740
yes Mary yes oh yeah Devon okay good all

1:01:54.390,1:01:57.329
right so we'll start working on that

1:01:55.740,1:02:02.339
with the planning board and the planner

1:01:57.329,1:02:04.530
and what we can bring back to you though

1:02:02.339,1:02:07.230
John for you I think our next step is to

1:02:04.530,1:02:11.490
reach out to rich Olsen the attorney and

1:02:07.230,1:02:14.579
to figure out how to get this down on

1:02:11.490,1:02:17.160
paper okay for you okay and see what

1:02:14.579,1:02:19.049
where that goes but we will we will be

1:02:17.160,1:02:20.220
talking to him tomorrow and see where we

1:02:19.049,1:02:22.530
get and I'll talk to him

1:02:20.220,1:02:24.630
yeah just keep me in the loop okay okay

1:02:22.530,1:02:25.260
thanks guys thanks man thank you John

1:02:24.630,1:02:30.030
appreciate it

1:02:25.260,1:02:38.309
yeah thank you appreciate you guys thank

1:02:30.030,1:02:43.650
you welcome okay so after all that

1:02:38.309,1:02:46.670
discussion of outdoor space we still

1:02:43.650,1:02:49.289
have to look at a resolution to approve

1:02:46.670,1:02:51.750
temporary application for restaurant

1:02:49.289,1:02:57.390
outdoor dining and I'm gonna let our

1:02:51.750,1:03:00.569
attorney talk to that yes so so um you

1:02:57.390,1:03:02.520
know as everybody knows Dutchess County

1:03:00.569,1:03:07.309
was part of the mid-hudson region and we

1:03:02.520,1:03:14.809
recently moved into Phase two of the

1:03:07.309,1:03:17.369
state's moving forward plan and these to

1:03:14.809,1:03:19.559
the next phase will take is two weeks

1:03:17.369,1:03:22.579
from now hopefully if everything goes

1:03:19.559,1:03:26.339
well and we'll be going into Phase three

1:03:22.579,1:03:30.900
at the end of June it sounds like our

1:03:26.339,1:03:34.200
third week of June but with phase two it

1:03:30.900,1:03:40.470
allows restaurants to open for curbside

1:03:34.200,1:03:42.599
pickup and you know this state and our

1:03:40.470,1:03:45.779
county executive actually have issued a

1:03:42.599,1:03:49.349
bunch of executive orders to kind of

1:03:45.779,1:03:51.800
help get restaurants off the ground and

1:03:49.349,1:03:54.690
get them running in

1:03:51.800,1:03:56.910
consistent with the nice warm weather of

1:03:54.690,1:04:00.210
the summer and towards that end the

1:03:56.910,1:04:02.010
County Executive Monday past the an

1:04:00.210,1:04:08.850
executive order that he has to renew

1:04:02.010,1:04:11.510
every five days that relaxes the site

1:04:08.850,1:04:14.700
plan process it makes it unnecessary for

1:04:11.510,1:04:18.420
restaurant Torsen have to make amended

1:04:14.700,1:04:22.770
site plans to you know incorporate

1:04:18.420,1:04:25.950
outdoor dining so I've been taking you

1:04:22.770,1:04:28.790
know a lot of webinars lately you know

1:04:25.950,1:04:32.250
on this particular topic especially on

1:04:28.790,1:04:35.820
as it affects restaurants that have

1:04:32.250,1:04:39.210
liquor licenses and it is a very

1:04:35.820,1:04:41.190
complicated process but basically from

1:04:39.210,1:04:43.470
the webinar that I was on yesterday with

1:04:41.190,1:04:46.350
the State Liquor Authority they are

1:04:43.470,1:04:49.320
pretty much going to defer to the local

1:04:46.350,1:04:53.010
municipalities to enforce their own

1:04:49.320,1:04:55.710
local laws and I give them they're going

1:04:53.010,1:04:59.370
to give a lot of latitude to these

1:04:55.710,1:05:02.310
municipalities when it comes to you know

1:04:59.370,1:05:07.980
opening it up but they contiguous

1:05:02.310,1:05:11.430
properties to to alcohol service of

1:05:07.980,1:05:12.810
alcohol for this particular measure all

1:05:11.430,1:05:14.520
right that doesn't mean that this is

1:05:12.810,1:05:18.110
going to be a permanent thing but this

1:05:14.520,1:05:20.370
is going to be a temporary relaxation of

1:05:18.110,1:05:23.850
our code you know our site plan

1:05:20.370,1:05:26.400
requirements and we don't have to go

1:05:23.850,1:05:29.970
through the local law process as you

1:05:26.400,1:05:33.330
know that can be lengthy and we can

1:05:29.970,1:05:34.890
actually pass this particular measure by

1:05:33.330,1:05:37.170
resolution and that's what you have

1:05:34.890,1:05:41.820
before you today is a proposed

1:05:37.170,1:05:44.580
resolution that basically gives a Brian

1:05:41.820,1:05:48.570
Murphy as our building inspector /

1:05:44.580,1:05:51.980
Zoning Administrator pretty much total

1:05:48.570,1:05:54.660
discretion subject to you know the

1:05:51.980,1:05:59.370
protocols and rules and regulations that

1:05:54.660,1:06:01.230
the state has has given us given

1:05:59.370,1:06:03.130
everybody you know with social

1:06:01.230,1:06:05.739
distancing and and

1:06:03.130,1:06:09.749
and things like that so it incorporates

1:06:05.739,1:06:15.339
a lot of SLA measures it incorporates

1:06:09.749,1:06:19.420
you know a lot of the kovat 19 safe

1:06:15.339,1:06:24.609
distancing protocol but it gives us a

1:06:19.420,1:06:28.269
little more or it gives Brian a lot of

1:06:24.609,1:06:30.880
latitude in that respect so you know

1:06:28.269,1:06:33.309
having said that I Brian if you want I

1:06:30.880,1:06:35.769
see her on the call here if you want to

1:06:33.309,1:06:38.950
chime in on that and what your your

1:06:35.769,1:06:41.559
experience has been talking to you know

1:06:38.950,1:06:47.259
some of the county health officials and

1:06:41.559,1:06:50.289
the powers that be yeah I have no

1:06:47.259,1:06:52.690
problem with the resolution and moving

1:06:50.289,1:06:55.569
forward and working with the restaurant

1:06:52.690,1:06:59.200
owners to figure out you know where they

1:06:55.569,1:07:01.210
could safely put tables and that's you

1:06:59.200,1:07:02.440
know I've worked with them last two days

1:07:01.210,1:07:04.239
trying to figure out what they were

1:07:02.440,1:07:07.210
going to do with their outside tents and

1:07:04.239,1:07:09.099
now we could deal with sidewalks or

1:07:07.210,1:07:11.229
other places so yeah I don't have a

1:07:09.099,1:07:13.539
problem with it the biggest takeaway I

1:07:11.229,1:07:15.099
if there are any local restaurants that

1:07:13.539,1:07:17.410
are watching this meeting the biggest

1:07:15.099,1:07:23.979
takeaway I got from SLA yesterday was

1:07:17.410,1:07:26.289
that if you are going to open up to the

1:07:23.979,1:07:29.229
outside and and use some contiguous

1:07:26.289,1:07:32.219
space number one they want to see that

1:07:29.229,1:07:35.469
you have approval from your landlord to

1:07:32.219,1:07:38.170
use that area okay and if you're going

1:07:35.469,1:07:43.509
to be serving alcohol in that area you

1:07:38.170,1:07:45.130
know the they want a diagram and you are

1:07:43.509,1:07:47.469
going to have to it's going to be

1:07:45.130,1:07:49.660
incumbent upon you to not only give it

1:07:47.469,1:07:55.140
to Brian to the local municipality but

1:07:49.660,1:07:58.690
to give it to SLA within five days

1:07:55.140,1:08:03.670
because that is going to be you know in

1:07:58.690,1:08:06.460
at one of the conditions for getting

1:08:03.670,1:08:09.489
getting this outdoor dining approved

1:08:06.460,1:08:14.050
getting a permit for it and if you don't

1:08:09.489,1:08:17.350
comply your permit can be revoked

1:08:14.050,1:08:20.920
so I think in the coming days we're

1:08:17.350,1:08:23.230
going to have the application form put

1:08:20.920,1:08:26.170
on the website so everybody can you know

1:08:23.230,1:08:27.359
download it start applying and you know

1:08:26.170,1:08:30.640
get going

1:08:27.359,1:08:36.240
like I've got a question what about the

1:08:30.640,1:08:38.279
liability for insurance for these people

1:08:36.240,1:08:42.790
that's going to be their responsibility

1:08:38.279,1:08:44.650
right yeah in our application there's

1:08:42.790,1:08:49.000
going to be a hold harmless to the

1:08:44.650,1:08:54.010
village no doubt you know we are just

1:08:49.000,1:08:57.220
facilitating basically the wishes of not

1:08:54.010,1:09:01.210
only the county executive but you know

1:08:57.220,1:09:02.890
the entire state so that you know

1:09:01.210,1:09:04.299
they're the the applicant or the

1:09:02.890,1:09:06.250
restaurateur is going to have to hold

1:09:04.299,1:09:09.040
the village harmless for anything that

1:09:06.250,1:09:12.970
happens as a result of you know anybody

1:09:09.040,1:09:16.180
who might contract let's say Co vid 19

1:09:12.970,1:09:21.100
while dining you know so that is gonna

1:09:16.180,1:09:29.410
be a requirement to old village harmless

1:09:21.100,1:09:36.569
that is right I was just asking good

1:09:29.410,1:09:40.630
question though right okay this is for

1:09:36.569,1:09:42.640
restaurants without liquor licenses also

1:09:40.630,1:09:44.620
correct they just don't have to send to

1:09:42.640,1:09:47.589
the Liquor Authority that's correct

1:09:44.620,1:09:49.089
okay obviously if the restaurant doesn't

1:09:47.589,1:09:51.339
have a liquor license they don't have to

1:09:49.089,1:09:55.720
notify the SLA cuz they're not under the

1:09:51.339,1:09:57.520
jurisdiction yeah a license with SLA but

1:09:55.720,1:09:59.230
they should still contact my office and

1:09:57.520,1:10:04.180
apply for a permit to be out on the

1:09:59.230,1:10:06.730
sidewalk yes yeah and I don't know what

1:10:04.180,1:10:09.550
what regulations you have you're gonna

1:10:06.730,1:10:12.060
have to make with a notifying County for

1:10:09.550,1:10:12.060
to help either

1:10:14.260,1:10:22.920
but that's something you've been working

1:10:16.449,1:10:26.739
on I know the permit correct these are

1:10:22.920,1:10:31.059
all open I'm I didn't hear ya I'm sorry

1:10:26.739,1:10:34.090
yes there is a fee no I don't know of

1:10:31.059,1:10:37.059
one unless you guys have set one no no

1:10:34.090,1:10:37.719
I'm the board is that one no I'm just

1:10:37.059,1:10:42.119
asking

1:10:37.719,1:10:45.460
okay here be out of here we can waive it

1:10:42.119,1:10:47.170
okay I don't know because we actually

1:10:45.460,1:10:51.190
have to create the permit we don't even

1:10:47.170,1:10:56.710
have it yeah yeah there's no proposed

1:10:51.190,1:10:59.289
application fee okay but if there if

1:10:56.710,1:11:02.829
there was a fee only you guys can can

1:10:59.289,1:11:05.050
set it I mean I wouldn't be interesting

1:11:02.829,1:11:09.190
17 they're just getting back on their

1:11:05.050,1:11:11.670
feet you would I think they would

1:11:09.190,1:11:11.670
appreciate that

1:11:12.179,1:11:21.750
the restaurants somebody did I will know

1:11:16.750,1:11:21.750
I think they would a restaurant business

1:11:25.139,1:11:37.480
okay are there any other questions about

1:11:27.849,1:11:40.179
the resolution I have a question yep if

1:11:37.480,1:11:43.179
there has been no application submitted

1:11:40.179,1:11:45.909
why is there tables along sidewalks in

1:11:43.179,1:11:54.519
the village we have been working with

1:11:45.909,1:11:57.039
them ahead so this is also part of a

1:11:54.519,1:11:59.679
state of emergency that was declared by

1:11:57.039,1:12:02.110
Dutchess County for the economic

1:11:59.679,1:12:05.670
disaster that's happening right now

1:12:02.110,1:12:11.130
throughout the United States due to the

1:12:05.670,1:12:11.130
shutdown of businesses and so

1:12:12.920,1:12:20.480
so we asked that this include for this

1:12:18.710,1:12:26.210
for the purposes of putting together

1:12:20.480,1:12:32.810
this this process for our restaurants

1:12:26.210,1:12:38.690
that we named deviation from our site

1:12:32.810,1:12:41.240
plan review from parking requirements

1:12:38.690,1:12:42.920
and our zoning and blocking of public

1:12:41.240,1:12:47.680
ways which would be the places where

1:12:42.920,1:12:50.900
this is on in in public parks or on

1:12:47.680,1:12:53.990
sidewalks or streets we don't have any

1:12:50.900,1:12:56.420
that are going on streets but that's

1:12:53.990,1:13:00.050
what that's the emergency order that

1:12:56.420,1:13:01.640
allows us to move forward but we have to

1:13:00.050,1:13:03.980
we are in the process of putting

1:13:01.640,1:13:05.780
together a new process for this and

1:13:03.980,1:13:17.090
that's what this resolution that Craig's

1:13:05.780,1:13:19.400
talking about is for so I don't have the

1:13:17.090,1:13:22.280
resolution I've seen it but I don't have

1:13:19.400,1:13:36.290
it in front of me right now can John can

1:13:22.280,1:13:38.990
you you want me to read it mayor I think

1:13:36.290,1:13:42.200
you should read the yeah is there any

1:13:38.990,1:13:44.480
way we could put it on on the everybody

1:13:42.200,1:13:47.270
should have it I sent it out it let me

1:13:44.480,1:13:50.540
put it up somewhere hold on I sent it

1:13:47.270,1:13:52.000
out at 6:30 to everybody with all the

1:13:50.540,1:13:56.210
resolutions in order

1:13:52.000,1:14:04.670
it's rather lengthy its resolution

1:13:56.210,1:14:07.180
number 24 2020 it's at page 8 your

1:14:04.670,1:14:07.180
packets

1:14:31.500,1:14:59.250
all right I'm just pulling it up it's

1:14:50.080,1:14:59.250
not page eight right no resolution 24

1:15:15.170,1:15:33.770
okay okay I'll read it it's resolution

1:15:30.710,1:15:41.300
this is the right one right John 24 - OH

1:15:33.770,1:15:42.950
- Oh 24 20 20 rack of 20 20 resolution

1:15:41.300,1:15:44.870
authorizing the building inspector

1:15:42.950,1:15:48.020
Zoning Administrator to approve

1:15:44.870,1:15:49.700
temporary suspension of enforcement of

1:15:48.020,1:15:51.220
outdoor dining restrictions and

1:15:49.700,1:15:53.420
ancillary off street parking

1:15:51.220,1:15:55.730
requirements set forth in the village of

1:15:53.420,1:15:57.770
Wappingers Falls zoning code until

1:15:55.730,1:15:59.390
further notice until further

1:15:57.770,1:16:02.540
determination of the village board

1:15:59.390,1:16:05.210
subject to specified conditions whereas

1:16:02.540,1:16:07.220
kovat 19 pandemic has led to necessary

1:16:05.210,1:16:10.190
closures of woefully operating

1:16:07.220,1:16:12.920
restaurants in the village and outdoor

1:16:10.190,1:16:15.170
dining at lawfully operating restaurants

1:16:12.920,1:16:17.450
and food establishments are subject to

1:16:15.170,1:16:20.420
the provisions of required off street

1:16:17.450,1:16:22.700
parking spaces or other land use

1:16:20.420,1:16:25.640
restrictions under the village of weapon

1:16:22.700,1:16:28.280
Jers fall zoning code and the village

1:16:25.640,1:16:31.730
board is mindful of both the public

1:16:28.280,1:16:35.750
health concerns and the public interest

1:16:31.730,1:16:38.560
of safety and gradually reopening safely

1:16:35.750,1:16:40.700
and gradually reopening businesses and

1:16:38.560,1:16:42.740
allowing restaurants and food

1:16:40.700,1:16:45.290
establishments where feasible the

1:16:42.740,1:16:48.800
opportunity to reopen for the safe

1:16:45.290,1:16:51.020
conduct of outdoor dining subject to

1:16:48.800,1:16:53.420
approval and conditions here and after

1:16:51.020,1:16:55.490
set forth is a prudent measure that

1:16:53.420,1:16:59.390
rationally balances those public

1:16:55.490,1:17:01.910
interests and County Executive Marcus J

1:16:59.390,1:17:04.220
Molinaro just issued local emergency

1:17:01.910,1:17:06.740
order number 12 which I referred to

1:17:04.220,1:17:11.120
before of emergency executive order

1:17:06.740,1:17:13.370
number 2 of 2020 effective June 9th 2020

1:17:11.120,1:17:17.120
in support of the reopening of food

1:17:13.370,1:17:19.910
service establishments without regard to

1:17:17.120,1:17:22.790
strict adherence to local land loose use

1:17:19.910,1:17:24.950
laws rules and regulations subject to

1:17:22.790,1:17:26.660
the terms and conditions of the village

1:17:24.950,1:17:29.690
now there are there

1:17:26.660,1:17:31.550
or be it resolved that the village of

1:17:29.690,1:17:34.490
Wappingers Falls building inspectors

1:17:31.550,1:17:37.370

tables should be appropriately sized to

1:19:36.260,1:19:41.290

1:19:38.810,1:19:41.290

1:22:43.510,1:22:51.760
above guidelines of requirements are not

1:22:45.579,1:22:53.679
adhered to and it's also resolved that

1:22:51.760,1:22:56.020
nothing herein shall be deemed to

1:22:53.679,1:22:58.210
supersede any new york state or federal

requirements including those dealing

1:22:58.210,1:23:03.760
with COBIT 19 pandemic and also shall

1:23:02.440,1:23:05.800
not take it shall take effect

1:23:03.760,1:23:07.750
immediately upon its adoption by the

1:23:05.800,1:23:11.639
village board and remain in effect and

1:23:07.750,1:23:16.329
so further resolution of the village

1:23:11.639,1:23:22.719
okay are there any questions from the

1:23:16.329,1:23:25.030
board no I just like to make up one

1:23:22.719,1:23:27.790
comment like the word survey just

1:23:25.030,1:23:31.119
doesn't mean that a property survey is

1:23:27.790,1:23:34.659
required by the restaurant owners so you

1:23:31.119,1:23:37.989
know it the spirit of it is really just

1:23:34.659,1:23:40.480
to provide a an accurate diagram as much

1:23:37.989,1:23:42.460
the scale as possible so that Brian can

1:23:40.480,1:23:46.540
you know work through what he needs to

1:23:42.460,1:23:50.889
work through yeah it's even been

1:23:46.540,1:23:54.670
indicated that they could use the County

1:23:50.889,1:24:00.570
GIS so that's the spirit of this is that

1:23:54.670,1:24:00.570
they would be able to explain

1:24:01.010,1:24:07.710
okay impose the the the proposed use

1:24:04.770,1:24:15.720
over the part the parcel access GIS

1:24:07.710,1:24:21.110
that's where I've seen any other any

1:24:15.720,1:24:25.380
other comments questions um mayor I do I

1:24:21.110,1:24:28.410
was number thirteen on that I'm the

1:24:25.380,1:24:30.540
resolution I can you put it back up I

1:24:28.410,1:24:32.490
apologize um I thought it said something

1:24:30.540,1:24:34.620
about that the Patriots can't enter the

1:24:32.490,1:24:37.530
restaurants for the me he could the

1:24:34.620,1:24:41.640
bathrooms are from what I understand

1:24:37.530,1:24:45.990
allowed to be used so that that's

1:24:41.640,1:24:50.040
allowed by the you know by under law

1:24:45.990,1:24:52.350
however we're talking about service at

1:24:50.040,1:24:54.630
food and if evidence says a number

1:24:52.350,1:25:02.100
twelve patrons may utilize into our

1:24:54.630,1:25:04.800
restaurants okay yeah hopefully on Phase

1:25:02.100,1:25:07.830
three you know the will be able to go be

1:25:04.800,1:25:11.070
able to utilize the interior so many of

1:25:07.830,1:25:13.080
these provisions are gonna go away once

1:25:11.070,1:25:17.400
we get through the various you know

1:25:13.080,1:25:25.230
phases hopefully and there are no you

1:25:17.400,1:25:35.070
know reoccurrences it's really all I

1:25:25.230,1:25:37.380
have Jason has a question Jason yeah

1:25:35.070,1:25:41.250
what is considered twenty five percent

1:25:37.380,1:25:43.440
capacity outside so if I owned a

1:25:41.250,1:25:45.990
restaurant I'm just trying to figure

1:25:43.440,1:25:51.990
this out and am I allowed to go halfway

1:25:45.990,1:25:53.160
Bock with tables and chairs no twenty

1:25:51.990,1:25:54.300
five percent are you learning about

1:25:53.160,1:25:57.300
there twenty five percent of the

1:25:54.300,1:25:58.200
required on site of street parking no

1:25:57.300,1:25:59.700
I'm phone

1:25:58.200,1:26:00.800
well what's considered twenty five

1:25:59.700,1:26:02.970
percent if you were allowed to have

1:26:00.800,1:26:04.590
let's say a hundred people in the

1:26:02.970,1:26:08.340
building what are they doing for outside

1:26:04.590,1:26:12.600
you said twenty five percent so that's

1:26:08.340,1:26:13.510
not or you I think you're talking about

1:26:12.600,1:26:15.520
number four

1:26:13.510,1:26:22.300
which is where they'd use the 25% and

1:26:15.520,1:26:25.000
that reads higher parking lot so that's

1:26:22.300,1:26:26.580
all about sidewalks being used I get I

1:26:25.000,1:26:28.960
know the businesses want to get moving

1:26:26.580,1:26:33.010
so where's the 25 percent about

1:26:28.960,1:26:36.280
sidewalks is there another one no I

1:26:33.010,1:26:39.220
don't think you're saying okay what I'm

1:26:36.280,1:26:41.860
saying is so I'll use County Fair as an

1:26:39.220,1:26:47.620
example can I go up past Graceland with

1:26:41.860,1:26:51.100
tables and chairs on village property if

1:26:47.620,1:26:53.380
we allow it and if and that would

1:26:51.100,1:27:00.190
involve the fire department and the

1:26:53.380,1:27:04.780
building inspector um yes yes yes what

1:27:00.190,1:27:08.110
you would be allowed to use village

1:27:04.780,1:27:11.650
owned or if you have an agreement with

1:27:08.110,1:27:16.510
another property owners property and the

1:27:11.650,1:27:18.010
village agreed to it so all right are

1:27:16.510,1:27:19.240
they gonna have barricades between the

1:27:18.010,1:27:21.220
curb and sidewalk

1:27:19.240,1:27:23.680
well there's that's gonna be limited

1:27:21.220,1:27:25.060
forbid yeah that's gonna be limited I

1:27:23.680,1:27:27.700
mean we would be able to shut that down

1:27:25.060,1:27:30.040
if they were taking up too much of the

1:27:27.700,1:27:31.870
sidewalk no I'm talking about when we

1:27:30.040,1:27:33.340
had the auto accident with the car into

1:27:31.870,1:27:34.810
the building just thinking that was on

1:27:33.340,1:27:38.470
the other side of the street is there

1:27:34.810,1:27:41.440
anything that's gonna stop you know god

1:27:38.470,1:27:43.930
forbid or or you just haven't thought

1:27:41.440,1:27:46.570
about it no there's not going to be

1:27:43.930,1:27:48.460
jersey barriers up in front of the is

1:27:46.570,1:27:50.200
that what you're asking anything it

1:27:48.460,1:27:52.180
could be even the gates we use for st.

1:27:50.200,1:27:54.460
Patty's Day or something that would stop

1:27:52.180,1:27:57.340
a car probably but not so much them

1:27:54.460,1:28:01.270
concrete ones with something yeah no

1:27:57.340,1:28:02.890
that's not I mean that I think that

1:28:01.270,1:28:05.200
should be taken into account when

1:28:02.890,1:28:09.090
looking at the site to see if it's a

1:28:05.200,1:28:09.090
place that's likely to have that but

1:28:09.300,1:28:14.070
that's all I got

1:28:11.250,1:28:17.290
I'm sure it's gonna be a case-by-case

1:28:14.070,1:28:22.320
analysis and up to the discretion of

1:28:17.290,1:28:24.570
Brian Murphy yeah

1:28:22.320,1:28:26.700
that's a good thing to look at Brian you

1:28:24.570,1:28:28.560
know because we would know and you

1:28:26.700,1:28:31.800
should talk to the fire department the

1:28:28.560,1:28:33.840
police about places where like I don't

1:28:31.800,1:28:35.580
know how many times I've seen it a car

1:28:33.840,1:28:40.260
roll into the front of Knights of

1:28:35.580,1:28:49.020
Columbus probably three and twenty two

1:28:40.260,1:28:53.450
years so but Mike okay well okay so you

1:28:49.020,1:28:58.320
might want to take history into account

1:28:53.450,1:29:00.050
as you can gather it that's fine then

1:28:58.320,1:29:02.550
that I don't

1:29:00.050,1:29:05.220
maybe we hold off on signing this then

1:29:02.550,1:29:08.910
or you guys hold off on signing it do we

1:29:05.220,1:29:10.710
figure something out cuz I'm not gonna

1:29:08.910,1:29:12.480
grant them on that Sidewalk if somebody

1:29:10.710,1:29:16.140
has a concern of them getting hit so we

1:29:12.480,1:29:18.930
might as well yeah but you you have a

1:29:16.140,1:29:23.580
you have total discretion so that that's

1:29:18.930,1:29:26.970
something that you know ladies is

1:29:23.580,1:29:29.130
bringing it to conferring but you

1:29:26.970,1:29:31.230
already know there's gonna be Corey's

1:29:29.130,1:29:34.590
parked in the parking space in front of

1:29:31.230,1:29:39.920
most of the area there's only selects

1:29:34.590,1:29:43.710
places where that's possible or likely

1:29:39.920,1:29:47.370
you know in the end they're likely so I

1:29:43.710,1:29:51.840
don't think that that's likely in the

1:29:47.370,1:29:54.570
straight of way where there's cars

1:29:51.840,1:30:03.990
usually parked in the parking spaces in

1:29:54.570,1:30:05.610
front of the stores okay I think that

1:30:03.990,1:30:07.290
will block I think the cars parked in

1:30:05.610,1:30:09.780
front of the stories would block a

1:30:07.290,1:30:12.150
another car from coming over the car

1:30:09.780,1:30:15.150
into the storefront especially on the

1:30:12.150,1:30:20.790
downhill portion of these main like if

1:30:15.150,1:30:26.480
you were at 2653 East Main I don't think

1:30:20.790,1:30:26.480
that would be likely at that point I

1:30:28.580,1:30:33.270
think it's left up to if the

1:30:31.020,1:30:35.360
interpretation is good common sense is

1:30:33.270,1:30:40.090
in order I think we could use that

1:30:35.360,1:30:40.090
I think we have to prohibit anything

1:30:40.810,1:30:50.840
okay are there any other comments you

1:30:45.700,1:30:56.060
know with my off mute no you're you're

1:30:50.840,1:30:56.810
speaking to us Jason it is likely it

1:30:56.060,1:30:59.450
could happen

1:30:56.810,1:31:01.910
so instead of trying to be you know

1:30:59.450,1:31:06.140
three times in 23 years the car went

1:31:01.910,1:31:08.030
into nothing nothing to do with anything

1:31:06.140,1:31:09.770
we had a car that went straight into

1:31:08.030,1:31:12.680
your wall that still not fixed that

1:31:09.770,1:31:15.230
Mazur homestead we had a car that was in

1:31:12.680,1:31:16.820
front of Adam and a fire engine clearly

1:31:15.230,1:31:19.640
went off the road and hit a building so

1:31:16.820,1:31:21.890
it's likely it could happen no I'm not

1:31:19.640,1:31:23.600
I'm not saying that it's not likely that

1:31:21.890,1:31:26.390
it couldn't happen what I'm saying is

1:31:23.600,1:31:28.400
that there are locations along East Main

1:31:26.390,1:31:30.710
Street where it's more likely than

1:31:28.400,1:31:33.020
others and there are locations along

1:31:30.710,1:31:35.450
East Main Street where it's likely that

1:31:33.020,1:31:38.090
there will be an obstacle in the place

1:31:35.450,1:31:40.670
that would stop a car from going through

1:31:38.090,1:31:43.690
and those places are the places that

1:31:40.670,1:31:46.880
have parking spots in front of them so

1:31:43.690,1:31:50.510
if there's a car parked in front of a if

1:31:46.880,1:31:53.540
there's only 510 parking spots total on

1:31:50.510,1:31:56.150
East Main Street for the 10 storefronts

1:31:53.540,1:31:58.280
or 12 storefronts that are there there's

1:31:56.150,1:32:00.050
it's likely that there's gonna be a car

1:31:58.280,1:32:02.300
parks there and it's likely that those

1:32:00.050,1:32:06.350
cars are gonna block people from going

1:32:02.300,1:32:08.540
through the car into the storefront but

1:32:06.350,1:32:11.390
there's also places like the Knights of

1:32:08.540,1:32:13.970
Columbus where I wasn't using three

1:32:11.390,1:32:16.250
times in 23 years as a low number I was

1:32:13.970,1:32:18.770
using three times in 23 years as a high

1:32:16.250,1:32:21.200
number I think that that's a lot that

1:32:18.770,1:32:27.320
tells me that there shouldn't be tables

1:32:21.200,1:32:31.060
in front of the Knights of Columbus what

1:32:27.320,1:32:33.500
if they were to provide a barrier

1:32:31.060,1:32:36.960
Knights of Columbus guys it's a pretty

1:32:33.500,1:32:39.680
wide open sidewalk I think that if

1:32:36.960,1:32:41.850
to provide a barrier than that would be

1:32:39.680,1:32:43.470
the right thing to do but they've also

1:32:41.850,1:32:47.640
got their whole parking lot behind their

1:32:43.470,1:32:49.140
building absolutely maybe maybe a

1:32:47.640,1:32:51.120
different restaurant would like to

1:32:49.140,1:32:52.860
utilize it or something I don't I don't

1:32:51.120,1:32:54.570
know I just would want to exclude it

1:32:52.860,1:32:56.220
then if they could protect it

1:32:54.570,1:32:57.990
oh yeah no no if they could protect it

1:32:56.220,1:33:00.240
then that would be reasonable for you to

1:32:57.990,1:33:06.900
think that it could be protected okay

1:33:00.240,1:33:09.450
great okay and I do think you should

1:33:06.900,1:33:11.130
talk to Jason about we'd been in the

1:33:09.450,1:33:14.850
fire department about where there have

1:33:11.130,1:33:17.310
been accidents you know I will reach out

1:33:14.850,1:33:20.910
to them tomorrow I've been in contact

1:33:17.310,1:33:24.690
with Chief and tassel on the the

1:33:20.910,1:33:27.330
placement of the other tents um so he's

1:33:24.690,1:33:29.910
aware of them okay well if you look at

1:33:27.330,1:33:35.580
number three it includes the fire

1:33:29.910,1:33:40.560
inspectors office right now so that's me

1:33:35.580,1:33:42.660
also in it yeah so that any any

1:33:40.560,1:33:47.160
application has to protect from regular

1:33:42.660,1:33:48.690
traffic for occupant safety in the

1:33:47.160,1:33:53.910
judgment of the fire inspectors office

1:33:48.690,1:34:03.960
which of course is you I get that okay

1:33:53.910,1:34:06.000
any other comments okay if there are no

1:34:03.960,1:34:13.310
other comments is somebody want to make

1:34:06.000,1:34:13.310
a motion I'll make it second

1:34:16.070,1:34:24.780
jacket seconded by trustee Huber yeah

1:34:21.090,1:34:29.450
yep okay and all in favor

1:34:24.780,1:34:29.450
Oh aye any opposed

1:34:29.480,1:34:43.110
okay so we'll mark that resolution with

1:34:37.260,1:34:43.500
those folks thank you very much and good

1:34:43.110,1:34:47.510
night

1:34:43.500,1:34:52.020
all right thanks thank I know Brian

1:34:47.510,1:34:56.870
Mayer it's John card John can we go back

1:34:52.020,1:35:00.210
to ratify resolution number 22 2020

1:34:56.870,1:35:09.810
pointing Third Ward trustee to ratify

1:35:00.210,1:35:11.760
you our appointment uh yes could I get a

1:35:09.810,1:35:16.320
motion to ratify the appointment that

1:35:11.760,1:35:18.660
I've made my second document

1:35:16.320,1:35:20.100
I couldn't by trustee Davis all those in

1:35:18.660,1:35:26.990
favor aye

1:35:20.100,1:35:26.990
Oh knew your post okay thank you

1:35:29.750,1:35:37.380
all right so that was the resolution to

1:35:35.490,1:35:41.250
approve temporary application for

1:35:37.380,1:35:43.980
restaurant outdoor dining and what's on

1:35:41.250,1:35:46.290
my agenda that might not be right is the

1:35:43.980,1:35:51.270
State Liquor Authority approved altering

1:35:46.290,1:35:58.110
site plans well the State Liquor

1:35:51.270,1:36:00.420
Authority is relaxing there nor the

1:35:58.110,1:36:03.780
regulations and deferring to the local

1:36:00.420,1:36:08.640
municipality no you spoke to that before

1:36:03.780,1:36:12.500
so there's no basically our our present

1:36:08.640,1:36:16.890
resolution pretty much covers as always

1:36:12.500,1:36:19.110
stance on that they are going to pretty

1:36:16.890,1:36:21.560
much defer to the local municipalities

1:36:19.110,1:36:24.710
to enforce the rules and regs and and

1:36:21.560,1:36:28.469
hopefully you know their licensees will

1:36:24.710,1:36:31.829
also self-report their change in

1:36:28.469,1:36:34.050
or plan would be outdoor dining again

1:36:31.829,1:36:35.460
this is a temporary measure it's not

1:36:34.050,1:36:39.210
going to be going into the winter months

1:36:35.460,1:36:41.699
it probably you know it will only be

1:36:39.210,1:36:44.969
extended as long as the governor's

1:36:41.699,1:36:52.010
executive order keeps getting extended

1:36:44.969,1:36:54.929
because they are all tied together okay

1:36:52.010,1:36:59.249
so no action there the next item on the

1:36:54.929,1:37:03.030
agenda is I'm gonna ask that can we move

1:36:59.249,1:37:06.960
the this item until after executive

1:37:03.030,1:37:09.599
session so this would be something that

1:37:06.960,1:37:14.610
we would take action on after speaking

1:37:09.599,1:37:17.070
in an executive session yes okay do I

1:37:14.610,1:37:21.090
need to make a motion for that actually

1:37:17.070,1:37:24.449
that that there is no action that needs

1:37:21.090,1:37:26.190
to be taken so I'll explain what

1:37:24.449,1:37:32.719
happened in the executive session

1:37:26.190,1:37:36.479
it has to do with some litigation okay

1:37:32.719,1:37:38.369
next item on the agenda that I see just

1:37:36.479,1:37:46.889
correct me if I'm wrong John is list

1:37:38.369,1:37:52.639
road signs correct okay stylist road

1:37:46.889,1:37:56.760
sign on the east end of this road the

1:37:52.639,1:38:00.659
sonotube has has been put in place by

1:37:56.760,1:38:02.219
the highway the installations scheduled

1:38:00.659,1:38:03.449
and then when they're done that they're

1:38:02.219,1:38:10.159
going to move right on to the other

1:38:03.449,1:38:12.809
location in the middle of the list and

1:38:10.159,1:38:15.360
those things will be up probably I would

1:38:12.809,1:38:18.900
say probably no longer definitely before

1:38:15.360,1:38:23.159
the next meeting so we're ready to go

1:38:18.900,1:38:26.099
okay so then we're gonna get into

1:38:23.159,1:38:31.499
committee reports and there should be a

1:38:26.099,1:38:33.840
police report I I did not receive any

1:38:31.499,1:38:35.309
statistics from the Commissioner yeah

1:38:33.840,1:38:37.530
and I was told they would they were

1:38:35.309,1:38:40.769
gonna be late so deceptive postpone them

1:38:37.530,1:38:42.900
and solve them so we'll do that at

1:38:40.769,1:38:48.269
yeah we have a transition period and

1:38:42.900,1:38:51.119
we're trying to read Aria that duty to

1:38:48.269,1:38:52.530
someone and so it's we're just we're

1:38:51.119,1:38:54.780
almost there there's someone working on

1:38:52.530,1:38:56.480
it now actually so by the next meeting

1:38:54.780,1:39:00.030
we'll catch up

1:38:56.480,1:39:03.269
yeah we gotta kept the resignation of

1:39:00.030,1:39:05.699
the police officer amanda peet do and we

1:39:03.269,1:39:11.519
said that we're gonna push that up the

1:39:05.699,1:39:20.010
end you know okay

1:39:11.519,1:39:24.989
UDC she's got EDC I like to make a

1:39:20.010,1:39:27.869
motion explain first that we received a

1:39:24.989,1:39:30.809
letter of resignation 4:40 call as the

1:39:27.869,1:39:33.570
chair of that committee that that

1:39:30.809,1:39:36.869
committee did not meet last month so

1:39:33.570,1:39:39.329
effective I believe it was yesterday

1:39:36.869,1:39:41.820
should you lose a few days ago you

1:39:39.329,1:39:45.019
resign though I'd like to make a motion

1:39:41.820,1:39:48.420
that we accept her resignation

1:39:45.019,1:39:49.170
okay I kind of by trustee Cooper all

1:39:48.420,1:39:55.050

those in favor

1:39:49.170,1:39:59.550

Oh make her first service we'll go from

1:39:55.050,1:40:02.309

there okay there was no meeting in this

1:39:59.550,1:40:08.460

past month so we'll have one next month

1:40:02.309,1:40:18.199

okay and who was on the highway

1:40:08.460,1:40:20.880

committee highway guys did the past and

1:40:18.199,1:40:24.210

Nazir Park last month I asked him to do

1:40:20.880,1:40:26.909

all the past so that that was done and

1:40:24.210,1:40:30.510

they were they this week they're doing a

1:40:26.909,1:40:34.550

sewer line in front of tending bad sewer

1:40:30.510,1:40:37.739

line and that's all I really have now I

1:40:34.550,1:40:39.360

don't have I mean I had the report right

1:40:37.739,1:40:42.389

I don't have to in front of me tonight

1:40:39.360,1:40:46.949

well one one thing that I could bring if

1:40:42.389,1:40:49.820

I make your honor the the highway

1:40:46.949,1:40:52.770

department I think there was the last

1:40:49.820,1:40:57.420

pickup for shrubs

1:40:52.770,1:40:59.760

leaves was this week right yeah Monday

1:40:57.420,1:41:02.610
they do it right it wasn't that the last

1:40:59.760,1:41:03.810
one for a while I think I do it

1:41:02.610,1:41:04.980
throughout the year tell you the truth

1:41:03.810,1:41:13.170
okay

1:41:04.980,1:41:15.510
Monday this road was told the day they

1:41:13.170,1:41:17.310
they were gonna stop that was gonna be

1:41:15.510,1:41:20.130
the last one for a while so I just want

1:41:17.310,1:41:24.300
to clarify like I could be wrong that

1:41:20.130,1:41:27.240
could be wrong but I probably didn't do

1:41:24.300,1:41:28.680
it right up until November alright so we

1:41:27.240,1:41:30.090
could follow a repeat and we could put

1:41:28.680,1:41:30.660
something on we'll have time to put it

1:41:30.090,1:41:34.070
on the website

1:41:30.660,1:41:37.070
I just there's no miscommunication there

1:41:34.070,1:41:37.070
yes

1:41:37.790,1:41:46.260
we're gonna bring back the parking lot

1:41:43.710,1:41:51.090
cleaning a boarding lot that problem in

1:41:46.260,1:41:52.470
the Panama where the we need help food

1:41:51.090,1:41:55.560
the police department to close it on

1:41:52.470,1:41:57.390
79th so we talked to Commissioner over

1:41:55.560,1:42:00.270
the police department

1:41:57.390,1:42:03.990
Walter Berg and he's gonna set it up for

1:42:00.270,1:42:06.450
go I so and I'm gonna go talk to Pete

1:42:03.990,1:42:09.060
and we're gonna go in there first Monday

1:42:06.450,1:42:11.130
of every month from now on the parking

1:42:09.060,1:42:13.170
lot will be closed for a couple hours to

1:42:11.130,1:42:14.970
do cleaning and maintenance and

1:42:13.170,1:42:20.310
hopefully we can get some lines painted

1:42:14.970,1:42:32.280
again this year good and then those

1:42:20.310,1:42:34.950
three parking lot Thanks okay dusty

1:42:32.280,1:42:41.280
Newbury got three more living fire

1:42:34.950,1:42:43.890
creation week fire I got a party format

1:42:41.280,1:42:46.430
13 calls for a month of May if I'm and

1:42:43.890,1:42:52.380
pretty sure I'm correct

1:42:46.430,1:42:57.420
Jason can fill me in and Garner's the

1:42:52.380,1:43:01.350
delivery of their mini rescue truck back

1:42:57.420,1:43:04.100
in May and Johnson's is proceeding with

1:43:01.350,1:43:04.100
their new engine

1:43:04.730,1:43:13.500
that's it for fire recreation there's

1:43:10.380,1:43:17.910
going to be right now as it right now

1:43:13.500,1:43:21.840
we're not sure but we have two concerts

1:43:17.910,1:43:23.540
scheduled one for the end of July and I

1:43:21.840,1:43:27.150
think there's another one for the end of

1:43:23.540,1:43:30.750
August I'm not sure the dates right now

1:43:27.150,1:43:34.260
but they're still on the calendar cindy

1:43:30.750,1:43:37.380
has more information on that and we've

1:43:34.260,1:43:40.800
brought up camp was cancelled due to the

1:43:37.380,1:43:44.510
Kogan just because the social distance

1:43:40.800,1:43:49.130
with the kids would be kind of hard and

1:43:44.510,1:43:51.270
Lake we we are out there the weeding

1:43:49.130,1:43:55.290
we've been we've been cutting them

1:43:51.270,1:43:57.300
moving them so we're out there I bet I

1:43:55.290,1:43:59.490
got three guys now I'm going to go out

1:43:57.300,1:44:01.740
this weekend with the fourth guy so

1:43:59.490,1:44:02.310
we're going to get it going as fast as

1:44:01.740,1:44:06.090
we can

1:44:02.310,1:44:09.240
these these two gentlemen are retired so

1:44:06.090,1:44:11.700
they can go out during mornings or you

1:44:09.240,1:44:14.010
know during a day sometime for us for

1:44:11.700,1:44:16.230
Brian and I we we'd have to wait till we

1:44:14.010,1:44:25.260
have to work or a weekend kind of things

1:44:16.230,1:44:29.730
though and that will happen ok ok so the

1:44:25.260,1:44:34.950
water board of met Monday there has been

1:44:29.730,1:44:39.530
an increase in rates for both water and

1:44:34.950,1:44:43.560
sewer sewer by default with the water

1:44:39.530,1:44:46.790
rates were increased by 3 percent across

1:44:43.560,1:44:52.020
the board to meet the revenue

1:44:46.790,1:44:57.140
expectation that we need to pay the the

1:44:52.020,1:45:00.480
expenses of water department the other

1:44:57.140,1:45:05.580
issue that we continue to talk about is

1:45:00.480,1:45:09.300
the filtration plan and there was of

1:45:05.580,1:45:13.650
course all the there was discussion of

1:45:09.300,1:45:16.300
what was the usage of water throughout

1:45:13.650,1:45:25.030
the system for the West

1:45:16.300,1:45:28.000
month so Scott anything on personnel but

1:45:25.030,1:45:32.940
you can talk about our biggest personnel

1:45:28.000,1:45:35.440
was the appointment of Brian lammers and

1:45:32.940,1:45:38.619
there has been and everybody's been in

1:45:35.440,1:45:42.489
place following the Cobie regulations

1:45:38.619,1:45:48.360
and that's been pretty much it on the

1:45:42.489,1:45:51.130
Sears we kept we continue to work on our

1:45:48.360,1:45:54.400
projects at the tribe municipal sewer

1:45:51.130,1:45:57.190
Commission and the plant and so we're

1:45:54.400,1:46:01.920
we're working on the clarifiers we're

1:45:57.190,1:46:04.809
also working on the surge tank and we're

1:46:01.920,1:46:07.809
trying to manage the flow there's been a

1:46:04.809,1:46:09.820
lot more wet weather and there's been a

1:46:07.809,1:46:11.409
lot more spikes in wet weather so

1:46:09.820,1:46:16.239
there's been sudden wet weather which is

1:46:11.409,1:46:18.190
caused there to be changes in the the

1:46:16.239,1:46:21.309
amount of flow that we get at any one

1:46:18.190,1:46:25.900
time so that's been challenging for the

1:46:21.309,1:46:29.230
system so there is presently a large

1:46:25.900,1:46:31.300
capital project being talked about at

1:46:29.230,1:46:34.630
the Tri municipal sewer Commission and

1:46:31.300,1:46:40.440
we the village of weapon Jers Falls has

1:46:34.630,1:46:43.329
offered to be the grant writer and the

1:46:40.440,1:46:46.420
the grant recipient and it would flow

1:46:43.329,1:46:48.369
through to both the village and the town

1:46:46.420,1:46:51.429
of Poughkeepsie as well as the town of

1:46:48.369,1:46:53.290
Wappingers tenant through the tri

1:46:51.429,1:46:57.969
municipal sewer commission but it would

1:46:53.290,1:47:00.550
be projects that would be good for the

1:46:57.969,1:47:02.909
processing of our sewage or helman

1:47:00.550,1:47:02.909
sewage

1:47:06.180,1:47:15.330
um I want to do I wanted to add that

1:47:11.090,1:47:20.010
safety I'm control I'm keeping inventory

1:47:15.330,1:47:22.230
the PPE equipment and I posted 25

1:47:20.010,1:47:26.430
two-sided signs throughout the downtown

1:47:22.230,1:47:30.140
area first second and third Ward to ask

1:47:26.430,1:47:30.140
you might have seen those signs

1:47:38.810,1:47:43.950
we also rearranged the courtroom girls

1:47:42.120,1:47:46.440
downstairs to make sure that they're all

1:47:43.950,1:47:58.560
apart ordered dividers and I'm working

1:47:46.440,1:48:01.530
on the plexiglass areas okay did you did

1:47:58.560,1:48:03.540
you go into executive session no okay

1:48:01.530,1:48:05.370
okay so I think before we go into

1:48:03.540,1:48:10.670
executive session there was somebody

1:48:05.370,1:48:10.670
here for two hours that was gonna speak

1:48:24.320,1:48:40.680
okay are there any is there anything

1:48:31.020,1:48:43.980
else from the board yeah I got I got one

1:48:40.680,1:48:47.700
I got one there I'm I brought this up in

1:48:43.980,1:48:50.370
the past the total Wappingers they're

1:48:47.700,1:48:52.620
having board meetings back at the town

1:48:50.370,1:48:56.430
hall is there any reason why we can't do

1:48:52.620,1:49:04.620
that I don't think we can invite people

1:48:56.430,1:49:06.990
to assemble by executive order isn't it

1:49:04.620,1:49:10.020
is it Church open though they have

1:49:06.990,1:49:13.470
Church opens this weekend Church open

1:49:10.020,1:49:16.410
today yeah yesterday but Church is not

1:49:13.470,1:49:18.590
open on Sunday it's only open during the

1:49:16.410,1:49:23.900
week and they can only have

1:49:18.590,1:49:24.739
a certain number of people there I'm

1:49:23.900,1:49:29.900
just curious

1:49:24.739,1:49:33.080
I actually I do have a comment and this

1:49:29.900,1:49:36.739
is just my opinion that if we can't

1:49:33.080,1:49:39.349
stand on line to go to Home Depot and go

1:49:36.739,1:49:42.380
to grocery stores and we're now in Phase

1:49:39.349,1:49:45.880
two there is no reason why the village

1:49:42.380,1:49:55.550
of Wappingers Falls cannot election

1:49:45.880,1:49:58.820
cannot wait holder election I just I

1:49:55.550,1:50:02.840
don't think it's fair I mean nothing

1:49:58.820,1:50:04.760
against Scott but it's been way too long

1:50:02.840,1:50:06.739
and like i said you can wait on line and

1:50:04.760,1:50:09.679
all the other places are on phase two

1:50:06.739,1:50:11.360
working on Phase three there's no reason

1:50:09.679,1:50:15.139
why we can't have an election where we

1:50:11.360,1:50:22.909
have to wait until summer that's the

1:50:15.139,1:50:26.020
governor's call that's actually probably

1:50:22.909,1:50:30.020
get considered under phase 4 because of

1:50:26.020,1:50:31.790
you know the possibility of some of the

1:50:30.020,1:50:36.110
people being congregated on your one

1:50:31.790,1:50:38.840
spot at a time and that's the governor's

1:50:36.110,1:50:42.560
call he's the one who made it were

1:50:38.840,1:50:45.969
actually set the date he said a date

1:50:42.560,1:50:54.320
perfect for for village elections in

1:50:45.969,1:50:56.510
2000 but if it was been actually on that

1:50:54.320,1:51:03.730
every single week he's been sending

1:50:56.510,1:51:03.730
nikon questions about village elections

1:51:05.590,1:51:12.170
I'm on top of the election process it's

1:51:09.699,1:51:15.980
the governor made a ruling that it would

1:51:12.170,1:51:17.869
be summer at the September 15 and that

1:51:15.980,1:51:21.290
everything is in place as far as the

1:51:17.869,1:51:26.830
candidates the absentee ballots and all

1:51:21.290,1:51:26.830
of that remains the same until then

1:51:33.599,1:51:43.300
okay are there any other board comments

1:51:36.909,1:51:46.059
before I open it up okay at this time if

1:51:43.300,1:51:50.409
you're on YouTube and you want to make a

1:51:46.059,1:51:53.650
comment you should come on to the zoom

1:51:50.409,1:51:57.219
meeting you need to go unto the village

1:51:53.650,1:51:59.170
website at Wappingers Falls NY gov to

1:51:57.219,1:52:03.070
get instructions on how to go into the

1:51:59.170,1:52:11.650
zone website are there any public

1:52:03.070,1:52:13.659
comments hey Charles ferry go ahead well

1:52:11.650,1:52:16.750
I was actually watching I wanted to hear

1:52:13.659,1:52:20.980
about that list rode a speed sign

1:52:16.750,1:52:25.179
project and I'm just wondering why this

1:52:20.980,1:52:27.639
road was chosen typical sign well to

1:52:25.179,1:52:33.369
give you a brief history it started with

1:52:27.639,1:52:36.070
a petition from the several of the

1:52:33.369,1:52:42.179
residents on the road though we held

1:52:36.070,1:52:45.730
meetings and asked for public input and

1:52:42.179,1:52:49.750
it's actually a state police colonel who

1:52:45.730,1:52:52.059
actually made the suggestion sign it was

1:52:49.750,1:52:54.309
also discussed at the time what that

1:52:52.059,1:52:58.719
there are several problems with several

1:52:54.309,1:53:02.530
streets on in the village the suggestion

1:52:58.719,1:53:04.929
was made as a result that we purchased

1:53:02.530,1:53:06.880
the science we had the Sheriff's

1:53:04.929,1:53:14.860
Department put the trailer out there

1:53:06.880,1:53:17.050
that had the mouse per our foot out

1:53:14.860,1:53:20.170
there and they did it as a test program

1:53:17.050,1:53:21.820
and it seemed to curb the the speeding

1:53:20.170,1:53:35.020
because what happens is route nine gets

1:53:21.820,1:53:37.119
backed up in feedback they haul up you

1:53:35.020,1:53:39.579
know haul tail up this road and cut off

1:53:37.119,1:53:41.949
to Missouri trying to beat the light so

1:53:39.579,1:53:42.249
as an end result what we decided is the

1:53:41.949,1:53:45.249
poor

1:53:42.249,1:53:48.340
was the test program this road and see

1:53:45.249,1:53:49.780
what if purchasing the signs they use

1:53:48.340,1:53:51.849
them in Rhinebeck the easier than other

1:53:49.780,1:53:53.289
locations and they seem to have been

1:53:51.849,1:53:55.840
working well and that's what was

1:53:53.289,1:53:57.519
suggested to us so we decided to pilot

1:53:55.840,1:53:58.570
them one restless road that's how we

1:53:57.519,1:54:02.380
came up with it

1:53:58.570,1:54:04.360
how much the plan is cost I think total

1:54:02.380,1:54:07.510
for the science was sixty two hundred

1:54:04.360,1:54:09.280
dollars for two designs so when you say

1:54:07.510,1:54:11.650
a pilot program could you envision

1:54:09.280,1:54:13.360
paying sixty two hundred dollars for any

1:54:11.650,1:54:14.860
other village streets that actually

1:54:13.360,1:54:17.949
before I said let me ask were there any

1:54:14.860,1:54:19.269
speed and volume studies done to verify

1:54:17.949,1:54:23.110
there was an even a speeding problem

1:54:19.269,1:54:24.639
linear believe I'm gonna ask anybody in

1:54:23.110,1:54:26.289
town of course a speeding on the street

1:54:24.639,1:54:28.510
I'll guarantee eighty percent of the

1:54:26.289,1:54:30.249
residents village will say your cars are

1:54:28.510,1:54:31.900
speeding on history you know I lived on

1:54:30.249,1:54:33.460
West Road for twenty five years and

1:54:31.900,1:54:35.139
every time the road gets backed up

1:54:33.460,1:54:40.599
Charlie they gone ninety miles an hour

1:54:35.139,1:54:41.800
down my street my baby my little darling

1:54:40.599,1:54:44.260
Charlie let me finish

1:54:41.800,1:54:46.360
when leave something behind you miles an

1:54:44.260,1:54:48.010
hour when it gets backed up I'd still

1:54:46.360,1:54:50.710
like to finish when it gets backed up

1:54:48.010,1:54:53.229
they go twenty they go 90 miles an hour

1:54:50.710,1:54:56.320
down this road twenty five years ago

1:54:53.229,1:54:58.510
okay there was and I think there's some

1:54:56.320,1:55:00.729
pretty good authority of people that

1:54:58.510,1:55:03.130
live on my street they can back up the

1:55:00.729,1:55:08.530
fact that they go well over the speed

1:55:03.130,1:55:11.499
limit New York State Police I think he's

1:55:08.530,1:55:14.019
quite fat I think he's qualified to make

1:55:11.499,1:55:15.729
the assessment that the cars go way over

1:55:14.019,1:55:18.190
the speed limit up the street when I

1:55:15.729,1:55:20.710
first moved them when I first moved on

1:55:18.190,1:55:22.780
the street there was maybe four kids on

1:55:20.710,1:55:26.409
the street five kids now there's about

1:55:22.780,1:55:28.300
thirty five so that's the most important

1:55:26.409,1:55:30.610
thing and that's what generated this and

1:55:28.300,1:55:32.170
the residents came to us we held

1:55:30.610,1:55:37.809
meetings and that's what we decided to

1:55:32.170,1:55:41.320
do about okay so it snows and it's been

1:55:37.809,1:55:43.360
discussed in multiple mobile so the

1:55:41.320,1:55:45.039
village is prepared to spend six to

1:55:43.360,1:55:47.499
seven thousand dollars on on the streets

1:55:45.039,1:55:49.479
to install these signs for other people

1:55:47.499,1:55:51.099
or feeling that their children first of

1:55:49.479,1:55:53.229
children should be playing in the street

1:55:51.099,1:55:54.980
that's the first thing but I can

1:55:53.229,1:55:59.750
guarantee you that

1:55:54.980,1:56:01.550
anyways we don't have sidewalks and we

1:55:59.750,1:56:03.230
have the no constraints I can guarantee

1:56:01.550,1:56:07.370
you nobody's going 90 miles an hour on

1:56:03.230,1:56:09.830
your street okay okay I'm trying to get

1:56:07.370,1:56:11.540
out here mayor is that you're gonna

1:56:09.830,1:56:14.000
throw a lot of money way at doing this

1:56:11.540,1:56:17.720
program like this there are poor there

1:56:14.000,1:56:19.489
are ways did you get a traffic speed and

1:56:17.720,1:56:22.250
volume study done and then you set

1:56:19.489,1:56:24.110
thresholds so you go onto this road and

1:56:22.250,1:56:26.120
you put a box out there they don't have

1:56:24.110,1:56:28.190
the tubes anymore the village could buy

1:56:26.120,1:56:30.260
one that they could use themselves for

1:56:28.190,1:56:31.880
three to four thousand dollars and now

1:56:30.260,1:56:34.190
we'll tell you how fast cars are going

1:56:31.880,1:56:36.080
which directions are going in and what

1:56:34.190,1:56:37.640
your volume is and then you know the

1:56:36.080,1:56:40.250
threshold of when you're gonna put these

1:56:37.640,1:56:43.400
signs in place to think you're gonna

1:56:40.250,1:56:45.380
think \$6,000 seen a sign is going to ask

1:56:43.400,1:56:48.380
you for these signs and the other part

1:56:45.380,1:56:50.660
of this is this Scott data capture

1:56:48.380,1:56:51.890
charlie they have data capturing they

1:56:50.660,1:56:54.470
haven't done it now but you burn

1:56:51.890,1:56:55.730
installed the signs I'll say you do data

1:56:54.470,1:56:59.060
capture before you come to the

1:56:55.730,1:57:00.710
conclusion that you need them - hold on

1:56:59.060,1:57:02.420
how far over this field that's where we

1:57:00.710,1:57:04.850
disagree Charlotte because every time

1:57:02.420,1:57:06.890
trying is another part of it so the

1:57:04.850,1:57:08.720
other argument is this when you put

1:57:06.890,1:57:10.550
those signs on a street location

1:57:08.720,1:57:12.950
permanently they become part of the

1:57:10.550,1:57:14.690
landscape they lose total effect for

1:57:12.950,1:57:16.640
anybody looking at them it's a proven

1:57:14.690,1:57:19.070
fact I did research on these signs I've

1:57:16.640,1:57:20.239
used them I consider myself an authority

1:57:19.070,1:57:20.810
and just as anybody in the State

1:57:20.239,1:57:24.080
Police's

1:57:20.810,1:57:26.750
and I can tell you that these signs are

1:57:24.080,1:57:28.130
not made realistically on residential

1:57:26.750,1:57:29.960
street to be there permanently because

1:57:28.130,1:57:31.760
they become part of the landscape those

1:57:29.960,1:57:33.920
people cut through there or the same

1:57:31.760,1:57:35.090
people cut and so every time there's

1:57:33.920,1:57:37.220
essentially you're not going to see

1:57:35.090,1:57:38.600
those signs anymore Scott so the way

1:57:37.220,1:57:40.880
you've run this program you take those

1:57:38.600,1:57:42.470
six thousand dollar signs and you divide

1:57:40.880,1:57:44.600
them up against four different streets

1:57:42.470,1:57:46.670
keep them on this road for a month and

1:57:44.600,1:57:48.350
then put them on this year and then put

1:57:46.670,1:57:50.210
it myself this year know what this year

1:57:48.350,1:57:53.030
Spring Street put them on the Eastside

1:57:50.210,1:57:55.550
Westside whenever I get them it's great

1:57:53.030,1:57:57.080
to get or not I mean to be six six

1:57:55.550,1:57:59.930
thousand dollars to be installed on one

1:57:57.080,1:58:03.790
Street where a trustee lives it's a

1:57:59.930,1:58:07.730
problem for me because now I find it and

1:58:03.790,1:58:08.510
come tell my content well we can't tell

1:58:07.730,1:58:10.340
my neighbors

1:58:08.510,1:58:16.370
putting her on a street because I'm a

1:58:10.340,1:58:18.620
trustee you're ridiculous it should have

1:58:16.370,1:58:22.600
never been sad the homeworks spent on

1:58:18.620,1:58:22.600
the street the homework ones in the home

1:58:23.380,1:58:29.860
you're going by your petition so mayor

1:58:27.740,1:58:54.410
the thing is you're looking to spend

1:58:29.860,1:58:57.260
\$1000 hold on one second okay put into

1:58:54.410,1:58:59.690
it the work was done the commentary was

1:58:57.260,1:59:01.340
made the the citizens spoke and we

1:58:59.690,1:59:04.490
reacted and you know what if there's

1:59:01.340,1:59:06.230
another street citizens whose if the

1:59:04.490,1:59:07.550
other if the other streets reacted they

1:59:06.230,1:59:09.110
have the same problem that we're going

1:59:07.550,1:59:23.450
to spend sixty two hundred hours there

1:59:09.110,1:59:25.760
too if it works it doesn't work trustee

1:59:23.450,1:59:26.750
on the street okay let's just move on

1:59:25.760,1:59:31.160
please

1:59:26.750,1:59:33.680
okay so Charlie actually so we actually

1:59:31.160,1:59:36.380
so what I need to ramp up your point on

1:59:33.680,1:59:41.270
this this one yeah open up you let me

1:59:36.380,1:59:42.740
talk okay so the point is this it's

1:59:41.270,1:59:44.120
really simple and said if you're going

1:59:42.740,1:59:46.460
to use these signs you should come up

1:59:44.120,1:59:50.000
with a system the system should be a

1:59:46.460,1:59:51.500
speed and volume survey or Road prior to

1:59:50.000,1:59:54.260
putting six thousand dollars and signs

1:59:51.500,1:59:55.760
on right the number of crashes the

1:59:54.260,1:59:57.590
house-passed accords I'm actually going

1:59:55.760,2:00:00.380
that was perceived by the residents and

1:59:57.590,2:00:02.000
how much volume you have and look what

2:00:00.380,2:00:09.080
really forcing six thousand dollars on

2:00:02.000,2:00:10.550
the street I'm sorry but I Charlie I'm

2:00:09.080,2:00:13.340
just waiting do you have anything else

2:00:10.550,2:00:14.570
because I've heard everything I do know

2:00:13.340,2:00:16.640
I've been sitting here for two hours to

2:00:14.570,2:00:18.590
talk about this to support on me not

2:00:16.640,2:00:20.840
getting my tax dollars thrown away

2:00:18.590,2:00:22.730
like this so I just want to I'm looking

2:00:20.840,2:00:24.470
for the new thing after because I've

2:00:22.730,2:00:26.810
heard that the points that you've made

2:00:24.470,2:00:30.010
three times now from you so is there

2:00:26.810,2:00:33.440
anything else besides the traffic study

2:00:30.010,2:00:34.880
yeah and so the point is that it that

2:00:33.440,2:00:37.280
sorry should be shared it was different

2:00:34.880,2:00:37.700
streets not just under seven you already

2:00:37.280,2:00:45.020
said that

2:00:37.700,2:00:46.460
so every time we find you know your

2:00:45.020,2:00:48.440
neighbor knowing so about me but you

2:00:46.460,2:00:51.770
know so stop trying to argue with me

2:00:48.440,2:00:54.110
about this guy okay your kitchen but I

2:00:51.770,2:00:55.850
do want to hear talk about blood status

2:00:54.110,2:00:59.450
okay but you want to plug traffic safety

2:00:55.850,2:01:01.640
and all the more you okay okay Charlie

2:00:59.450,2:01:02.210
you have the floor so thank you ma'am go

2:01:01.640,2:01:11.870
from there

2:01:02.210,2:01:12.980
good night okay okay and I wish the

2:01:11.870,2:01:18.050
other guy came back

2:01:12.980,2:01:21.380
alright so okay at this time I'd like to

2:01:18.050,2:01:23.630
ask if we could go to have a motion to

2:01:21.380,2:01:27.790
go into executive session to discuss

2:01:23.630,2:01:36.410
personnel and bargaining unit agreement

2:01:27.790,2:01:50.330
issues we're going to executive session

2:01:36.410,2:01:50.989
so we need to go into that so we don't

2:01:50.330,2:01:53.570
have anything

2:01:50.989,2:02:07.369
we don't have anything to vote on okay

2:01:53.570,2:02:09.769
so um then you can M stating I didn't

2:02:07.369,2:02:12.860
get a second on that executive session

2:02:09.769,2:02:16.789
Ronnie made the motion fall so could I

2:02:12.860,2:02:19.579
get a second a second second to go into

2:02:16.789,2:02:22.329
executive session by trustee Davis all

2:02:19.579,2:02:22.329
those in favor

2:02:22.630,2:02:25.630
okay
