0:00:10.250,0:00:16.230
okay welcome to the village of

0:00:13.170,0:00:19.800
Wappingers Falls monthly regular meeting

0:00:16.230,0:00:24.779
of the Board and the mayor for today

0:00:19.800,0:00:30.359
Wednesday July 8 2020 we'll begin by

0:00:24.779,0:00:48.360
saying the Pledge of Allegiance I pledge

0:00:30.359,0:00:49.980
allegiance to the flag okay before we

0:00:48.360,0:00:57.300
start off tonight

0:00:49.980,0:01:03.120
I would like to ask the board to pass a

0:00:57.300,0:01:04.979
formal recognition for to developers and

0:01:03.120,0:01:07.830
residents of the village of Wappingers

0:01:04.979,0:01:10.380
Falls who have been instrumental in the

0:01:07.830,0:01:11.430
revitalization of our central business

0:01:10.380,0:01:15.000
district

0:01:11.430,0:01:19.320
they came here 22 years ago and

0:01:15.000,0:01:23.009
purchased three buildings on East Main

0:01:19.320,0:01:28.229
Street that were in desperate need of

0:01:23.009,0:01:34.320
repair and renovation and they renovated

0:01:28.229,0:01:38.729
those buildings got businesses inside

0:01:34.320,0:01:44.100
them and they were you know with among

0:01:38.729,0:01:46.860
the first new businesses coming to the

0:01:44.100,0:01:49.290
central business district which we know

0:01:46.860,0:01:52.680
called the village center of course we

0:01:49.290,0:01:57.079
always had the restaurants like the

0:01:52.680,0:02:00.750
arena we had the wagon wheel Pizza many

0:01:57.079,0:02:04.200
long-standing businesses that still are

0:02:00.750,0:02:05.560
there today but this time period

0:02:04.200,0:02:08.200
represented

0:02:05.560,0:02:10.569
move towards renovation and

0:02:08.200,0:02:14.620
revitalization which really started that

0:02:10.569,0:02:17.950
long ago since those three buildings

0:02:14.620,0:02:20.970
have been worked on the cousins Jeff

0:02:17.950,0:02:24.220
Boresha and mr. Almy Boresha have

0:02:20.970,0:02:26.709
purchased more buildings together and

0:02:24.220,0:02:29.140
separately and there's a total of eight

0:02:26.709,0:02:32.260
buildings in the village of weapon Jers

0:02:29.140,0:02:34.870
Falls which have been renovated some of

0:02:32.260,0:02:39.010
them were in very bad shape and one of

0:02:34.870,0:02:41.860
them is still yet to be renovated but I

0:02:39.010,0:02:44.230
do think that it's appropriate to

0:02:41.860,0:02:47.459
acknowledge the good work that they've

0:02:44.230,0:02:52.000
done and the village with a resolution

0:02:47.459,0:02:54.910
in recognition of that and so I would

0:02:52.000,0:02:57.489
like to ask the board if they might want

0:02:54.910,0:02:59.860
to present that we would prepare it

0:02:57.489,0:03:02.769
after this resolution is passed and then

0:02:59.860,0:03:04.299
maybe have a group of us presented at

0:03:02.769,0:03:10.540
their grand opening which should be

0:03:04.299,0:03:13.060
coming up for Patsy's pizzeria so do you

0:03:10.540,0:03:18.489
want to say anything as the economic

0:03:13.060,0:03:22.600
development liaison you're muted those

0:03:18.489,0:03:25.660
guys only Elmi and company took a chance

0:03:22.600,0:03:29.829
with us a long time ago revitalize those

0:03:25.660,0:03:32.230
buildings and we've prospered but

0:03:29.829,0:03:34.030
through the years I think that they've

0:03:32.230,0:03:38.079
done a remarkable job when they do

0:03:34.030,0:03:40.000
projects they do quality projects and

0:03:38.079,0:03:42.250
they really really care about the

0:03:40.000,0:03:46.650
village so I think it's wonderful that

0:03:42.250,0:03:46.650
wasn't acknowledged that tonight

0:03:49.730,0:03:59.500
you muted Matt that being said could we

0:03:56.840,0:04:03.049
have a motion to pass a resolution

0:03:59.500,0:04:04.340
honoring the work the good work that

0:04:03.049,0:04:06.860
they've done in the revitalization of

0:04:04.340,0:04:08.959
the village of weapon Jers Falls I'll

0:04:06.860,0:04:13.430
make it in a second

0:04:08.959,0:04:14.530
gladly second and all those in favor all

0:04:13.430,0:04:20.030
right

0:04:14.530,0:04:21.680
okay as we get ready to find out more

0:04:20.030,0:04:24.110
about the date of an official grand

0:04:21.680,0:04:26.810
opening or other such ceremony that they

0:04:24.110,0:04:31.850
would like to have I would like to make

0:04:26.810,0:04:37.520
that available to them in public at that

0:04:31.850,0:04:43.520
time so ask tonight and get that ready

0:04:37.520,0:04:52.010
to go out okay are there any other

0:04:43.520,0:04:53.780
announcements any other special events

0:04:52.010,0:04:56.960
that anybody would like to bring up at

0:04:53.780,0:05:01.250
this time coming up I think we have some

0:04:56.960,0:05:04.760
prints we have a doctor so I think it's

0:05:01.250,0:05:09.169
a light blowing board in the park from

0:05:04.760,0:05:11.690
here apart I think it's called I forgot

0:05:09.169,0:05:13.639
to name Cindy's coming later but I know

0:05:11.690,0:05:23.680
that the concert coming up named a month

0:05:13.639,0:05:23.680
okay very good

0:05:24.729,0:05:34.280
okay any other announcements if there's

0:05:31.760,0:05:38.260
no other I'd like to ask our clerk John

0:05:34.280,0:05:38.260
corage if he would do the roll call

0:05:40.670,0:05:50.040

0:06:16.560,0:06:20.760
before I do that I'd like to ask if we

0:06:18.420,0:06:24.660

0:06:20.760,0:06:27.650

0:06:27.650,0:06:39.020
second second and that's seconded by

0:06:32.730,0:06:39.020

0:06:41.000,0:06:52.320

0:06:52.320,0:06:54.740
agenda

0:07:03.710,0:07:28.770
hold on my computer's stuck okay so we

0:07:26.250,0:07:30.900
do have an amendment John do you want to

0:07:28.770,0:07:34.710
talk to us about the amendment the

0:07:30.900,0:07:37.560
amendment is from the April 29th meeting

0:07:34.710,0:07:40.770
where my system went down again toward

0:07:37.560,0:07:42.569
the end of it and I missed that one and

0:07:40.770,0:07:44.340
I want to add that into the minutes that

0:07:42.569,0:07:49.979
were approved for a four twenty nine

0:07:44.340,0:07:55.050

Finance Committee to pay bills as per

0:08:09.659,0:08:17.580
approved warrants I'll make it and that

0:08:14.190,0:08:20.430
was trustee Huber what a second

0:08:17.580,0:08:22.680
forkel seconded by trustee come morning

0:08:20.430,0:08:28.469
all those in favor all right

0:08:22.680,0:08:30.719
aye any opposed okay next item on the

0:08:28.469,0:08:35.399
agenda I'd like to ask the attorney to

0:08:30.719,0:08:38.089
talk to us about this item okay what you

0:08:35.399,0:08:41.159
have before you is resolution adopting

0:08:38.089,0:08:43.169
discrimination and harassment policy and

0:08:41.159,0:08:49.019
establishing a complaint form and

0:08:43.169,0:08:51.329
compliance officers in the village New

0:08:49.019,0:08:56.399
York State has come out the with a with

0:08:51.329,0:08:58.260
a model anti harassment and a sexual

0:08:56.399,0:09:00.899
harassment policy that includes a

0:08:58.260,0:09:03.630
complaint form for employees to report

0:09:00.899,0:09:09.089
legends and it's a sexual harassment or

0:09:03.630,0:09:13.230
any type of harassment and Nikon had

0:09:09.089,0:09:16.680
actually given us a sample

0:09:13.230,0:09:21.899
template by which we could adopt and it

0:09:16.680,0:09:24.540
was an update of our previous policy so

0:09:21.899,0:09:27.180
we had formulated a policy a couple

0:09:24.540,0:09:30.620
years ago but we're now updating it and

0:09:27.180,0:09:34.139
to be in compliance with Nikon's

0:09:30.620,0:09:37.709
recommendations and and nine was

0:09:34.139,0:09:40.050
recommendations as well and we're we're

0:09:37.709,0:09:41.610
doing that at this particular point in

0:09:40.050,0:09:45.269
time and that that is what you have

0:09:41.610,0:09:48.470
before you so basically this should be

0:09:45.269,0:09:53.880
disseminated to all department heads and

0:09:48.470,0:09:56.040
and if there's an issue you know should

0:09:53.880,0:10:00.240
be posted conspicuously if there's an

0:09:56.040,0:10:05.010
issue george clerk cars and myself have

0:10:00.240,0:10:09.930
been designated as point people for you

0:10:05.010,0:10:18.360
know the origination of complaints I

0:10:09.930,0:10:21.959
sent a copy to everyone today yes John I

0:10:18.360,0:10:23.790
think you should when you do pass this

0:10:21.959,0:10:26.670
out all the department heads you should

0:10:23.790,0:10:29.910
get a log book out and I'll put it in a

0:10:26.670,0:10:31.860
folder with signatures from the

0:10:29.910,0:10:36.930
department heads acknowledging receipt

0:10:31.860,0:10:41.930
of it okay yep I would also suggest that

0:10:36.930,0:10:41.930
this also go on our web site as well

0:10:42.139,0:10:53.579
okay some time didn't take care of that

0:10:48.740,0:10:58.470
all right okay so are there any

0:10:53.579,0:11:00.600
questions about the policy I'll read it

0:10:58.470,0:11:03.630
in a second but if there's no questions

0:11:00.600,0:11:05.490
are you ready for me to read it you mean

0:11:03.630,0:11:07.649
you're gonna read the whole policy or

0:11:05.490,0:11:10.880
just a resolution resolution excuse me

0:11:07.649,0:11:10.880
I'm sorry okay

0:11:14.690,0:11:22.670
sent the policy a couple weeks ago with

0:11:18.340,0:11:27.890
the resolution policy went to all the

0:11:22.670,0:11:30.230
trustees okay in the end you're of sign

0:11:27.890,0:11:36.290
off book John should include trustees

0:11:30.230,0:11:40.580
and myself okay okay the following

0:11:36.290,0:11:44.510
resolution will be introduced and

0:11:40.580,0:11:46.700
seconded and reads whereas pursuant to

0:11:44.510,0:11:48.320
section 296 of the New York state

0:11:46.700,0:11:49.970
executive law of the village of

0:11:48.320,0:11:52.430
Wappingers Falls must formulate a

0:11:49.970,0:11:55.160
discrimination and harassment policy and

0:11:52.430,0:11:58.040
complaint form which is in compliance

0:11:55.160,0:12:02.060
with the New York State model policy and

0:11:58.040,0:12:04.730
whereas the village previously adopted a

0:12:02.060,0:12:09.500
sexual harassment policy on October 10th

0:12:04.730,0:12:11.810
2018 by resolution number 20 1809 and

0:12:09.500,0:12:13.010
now desires to update their policy in

0:12:11.810,0:12:15.590
accordance with nightmares

0:12:13.010,0:12:18.740
recommendations now therefore be it

0:12:15.590,0:12:20.510
resolved that the village board of

0:12:18.740,0:12:23.180
trustees of the village of Wappingers

0:12:20.510,0:12:25.160
adopts the village of weapon Jers Falls

0:12:23.180,0:12:27.260
policy against discrimination and

0:12:25.160,0:12:30.200
harassment a copy of which is attached

0:12:27.260,0:12:32.390
here to and made a part here of as the

0:12:30.200,0:12:35.300
official discrimination and harassment

0:12:32.390,0:12:37.460
policy of the village and be it further

0:12:35.300,0:12:40.490
resolved that the village shall provide

0:12:37.460,0:12:43.070
a copy of this policy along with the

0:12:40.490,0:12:46.720
attached complaint form within five days

0:12:43.070,0:12:49.820
of its adoption by the village board and

0:12:46.720,0:12:52.760
be it further resolved that the villages

0:12:49.820,0:12:55.940
compliance officers or the village

0:12:52.760,0:12:57.470
attorney in the village clerk and be it

0:12:55.940,0:13:00.110
further resolved that this resolution

0:12:57.470,0:13:03.260
shall take effect immediately

0:13:00.110,0:13:10.730
so for that resolution could I get a

0:13:03.260,0:13:13.610
motion in a second korteck second by

0:13:10.730,0:13:15.940
trustee kornek all those and then I'll

0:13:13.610,0:13:20.690
do a roll calling who made the motion

0:13:15.940,0:13:24.440
spelling to Davis okay

0:13:20.690,0:13:28.370
and trustee good morning second yep and

0:13:24.440,0:13:32.240
I'm gonna do a roll call Kevin Huber

0:13:28.370,0:13:33.320
early market John I Ronny come morning

0:13:32.240,0:13:35.240
hi

0:13:33.320,0:13:42.820
with the record show that mareep Anessa

0:13:35.240,0:13:51.890
is absent Scott Davis I Brian Lammers oh

0:13:42.820,0:13:54.350
okay and I will say I as well okay the

0:13:51.890,0:14:00.020
next item on the agenda is the village

0:13:54.350,0:14:03.500
is in the process of closing on the the

0:14:00.020,0:14:06.740
loan that we have with the environmental

0:14:03.500,0:14:08.779
facilities corporation we are closing on

0:14:06.740,0:14:11.000
that loan before we have actually

0:14:08.779,0:14:14.750
finished the work the estimated

0:14:11.000,0:14:18.500
completion amount would be four million

0:14:14.750,0:14:22.520
twenty eight thousand dollars and the

0:14:18.500,0:14:28.970
village is doing all the necessary

0:14:22.520,0:14:31.940
paperwork to get this this loan closed

0:14:28.970,0:14:34.910
and it includes with it because the the

0:14:31.940,0:14:37.310
entire amount is seven million twenty

0:14:34.910,0:14:39.650
eight thousand dollars but it's expected

0:14:37.310,0:14:41.990
that it would be it also includes a

0:14:39.650,0:14:44.260
three million dollar grant for which we

0:14:41.990,0:14:49.040
do not have to pay neither

0:14:44.260,0:14:53.180
principal or interest on so the village

0:14:49.040,0:14:55.580
actually did about six million dollars

0:14:53.180,0:14:58.459
worth of work so far and it's expected

0:14:55.580,0:15:03.190
that it will be doing another 1 million

0:14:58.459,0:15:08.209
dollars in the next fiscal year in the

0:15:03.190,0:15:12.650
2021 time period so in order to close

0:15:08.209,0:15:15.230
this loan we need to amend our seeker

0:15:12.650,0:15:18.200
for the incremental review it has to do

0:15:15.230,0:15:21.950
with the utility replacements project

0:15:18.200,0:15:24.500
and it updates it and the reason that it

0:15:21.950,0:15:28.370
updates will be made evident as I read

0:15:24.500,0:15:30.560
this resolution for you that I just

0:15:28.370,0:15:33.620
wanted to just bring to the attention on

0:15:30.560,0:15:38.760
the board that the village board was

0:15:33.620,0:15:43.529
lead agency back in 2016

0:15:38.760,0:15:46.769
in this particular matter and from a

0:15:43.529,0:15:50.519
quick look it looks like this there's

0:15:46.769,0:15:53.339
been a scaling back of the original plan

0:15:50.519,0:15:55.980
from contract for two would we have

0:15:53.339,0:15:58.860
before us which is contact five contract

0:15:55.980,0:16:00.329
five looks like there's no water tower

0:15:58.860,0:16:03.889
that's going to be proposed that's the

0:16:00.329,0:16:06.750
only difference so when you have to the

0:16:03.889,0:16:09.480
can we have to declare ourselves lead

0:16:06.750,0:16:14.519
agency once again so that we can

0:16:09.480,0:16:18.870
circulate and you know we're gonna be

0:16:14.519,0:16:21.870
hearing on the cemented amendment to the

0:16:18.870,0:16:24.839
application shortly so but before we can

0:16:21.870,0:16:29.970
hear on the amendment we have to

0:16:24.839,0:16:36.870
circulate so the reasons for the change

0:16:29.970,0:16:38.760
in the storage options for the village

0:16:36.870,0:16:41.120
of weapon jurors Falls is that the

0:16:38.760,0:16:44.010
village was able to enter into an

0:16:41.120,0:16:48.329
interminable agreement with the town of

0:16:44.010,0:16:51.899
whop injure where it was able to agree

0:16:48.329,0:16:54.720
with the town that if for emergent for

0:16:51.899,0:16:59.480
fire emergency or maintenance purposes

0:16:54.720,0:17:02.610
it needed to turn on or other emergency

0:16:59.480,0:17:04.770
purposes such as the need for more any

0:17:02.610,0:17:06.750
need for more water that the village

0:17:04.770,0:17:09.089
would be allowed to turn on the

0:17:06.750,0:17:11.040
connection with the town of whom injure

0:17:09.089,0:17:14.329
and use water that has a much higher

0:17:11.040,0:17:22.049
pressure from their water storage tanks

0:17:14.329,0:17:25.980
east of Route 9 it's also the fact that

0:17:22.049,0:17:29.130
the village is working on increasing

0:17:25.980,0:17:32.419
pressure and looking at changes that

0:17:29.130,0:17:35.460
might be made either by the village or a

0:17:32.419,0:17:37.260
developer to the deliverer an avenue

0:17:35.460,0:17:42.809
tank that would increase the pressure

0:17:37.260,0:17:45.780
over on that side so the resolution are

0:17:42.809,0:17:47.880
there any questions about that I think

0:17:45.780,0:17:51.389
this is all stuff we've talked about and

0:17:47.880,0:17:53.879
concept over the last two years as we've

0:17:51.389,0:17:55.679
worked on making this agreement with the

0:17:53.879,0:17:58.799
town of Wappingers and making these

0:17:55.679,0:17:59.600
changes are there any questions from the

0:17:58.799,0:18:06.330
board

0:17:59.600,0:18:09.720
none for me okay so I'll read the

0:18:06.330,0:18:11.909
resolution whereas in 2016 the village

0:18:09.720,0:18:15.119
undertook various utility improvements

0:18:11.909,0:18:17.639
known as contract for and it was

0:18:15.119,0:18:20.700
declared lead agency for the purposes of

0:18:17.639,0:18:23.639
seeker and whereas it is the intent of

0:18:20.700,0:18:26.009
the village to assume the role of lead

0:18:23.639,0:18:28.139
agency for the purposes of conducting a

0:18:26.009,0:18:30.450
seeker assessment for contract five

0:18:28.139,0:18:32.129
which consists of a water connection to

0:18:30.450,0:18:34.200
the town in accordance with the mentor

0:18:32.129,0:18:37.200
municipal water supply and transmission

0:18:34.200,0:18:40.649
agreement with the town dated July 24th

0:18:37.200,0:18:43.109
2019 and whereas part one of a full

0:18:40.649,0:18:45.029
environmental assessment form has been

0:18:43.109,0:18:47.940
completed for the project it's reviewed

0:18:45.029,0:18:50.789
by the village and will be circulated to

0:18:47.940,0:18:53.100
all interested and involved agencies for

0:18:50.789,0:18:57.779
purposes of establishing the village as

0:18:53.100,0:19:02.070
lead agency in accordance with six NYC

0:18:57.779,0:19:04.109
RR part six one seven point six B now

0:19:02.070,0:19:06.299
therefore be it resolved that the

0:19:04.109,0:19:09.149
village of Wappingers Falls will send

0:19:06.299,0:19:11.070
said part one of the environmental

0:19:09.149,0:19:13.799
assessment form to the interested and

0:19:11.070,0:19:16.080
involved agencies under cover of a

0:19:13.799,0:19:18.480
notice of intent to establish lead

0:19:16.080,0:19:21.090
agency letter for purposes of

0:19:18.480,0:19:23.549
establishing lead agency status under

0:19:21.090,0:19:25.529
seeker and be it further resolved that

0:19:23.549,0:19:27.690
the village clerk and attorney are

0:19:25.529,0:19:29.639
hereby authorized to take all actions

0:19:27.690,0:19:31.830
serve all notices and complete all

0:19:29.639,0:19:35.489
documents required to give full force

0:19:31.830,0:19:37.590
and effects to this determination the

0:19:35.489,0:19:39.809
involved agencies would be the village

0:19:37.590,0:19:42.210
water board the town of walking dirt on

0:19:39.809,0:19:44.489
board Dutchess County department of

0:19:42.210,0:19:46.139
community and behavioral health New York

0:19:44.489,0:19:48.179
State Department of Environmental

0:19:46.139,0:19:51.899
Conservation in New York State

0:19:48.179,0:19:56.100
environmental facilities corporation for

0:19:51.899,0:19:57.869
that motion could we have a vote excuse

0:19:56.100,0:20:00.109
me could for that vote could we have a

0:19:57.869,0:20:00.109
motion

0:20:00.970,0:20:09.260
or questions I'll make it

0:20:05.900,0:20:14.540
we've talked about this many times okay

0:20:09.260,0:20:17.420
so could I have a second second okay

0:20:14.540,0:20:21.110
although I'll do a roll call vote

0:20:17.420,0:20:22.460
trustee Huber ah Christie Marco John

0:20:21.110,0:20:26.150
yeah

0:20:22.460,0:20:29.780
Christie come morning no and trustee

0:20:26.150,0:20:34.400
Panetta is absent trustee Davis

0:20:29.780,0:20:38.150
aye rusty Lammers I'll abstain since

0:20:34.400,0:20:41.540
this happened way before my appointment

0:20:38.150,0:20:44.840
to the board so I don't feel I know

0:20:41.540,0:20:48.710
enough about it to Lydia we would like

0:20:44.840,0:20:51.020
to before I say I also just like to

0:20:48.710,0:20:52.460
thank the town of Wappingers for all of

0:20:51.020,0:20:55.970
their good work that they've been doing

0:20:52.460,0:20:59.840
with us on this this contract seeks to

0:20:55.970,0:21:02.060
this project and the contract seeks to

0:20:59.840,0:21:05.410
increase in term you know scible

0:21:02.060,0:21:07.100
cooperation and protect both

0:21:05.410,0:21:10.910
municipalities with the center

0:21:07.100,0:21:14.320
connection in the event of an emergency

0:21:10.910,0:21:18.710
or needed maintenance for either side so

0:21:14.320,0:21:21.440
I will say aye and I think that's enough

0:21:18.710,0:21:32.200
to pass that is enough to pass so at

0:21:21.440,0:21:35.420
this time I'd like to just that that's

0:21:32.200,0:21:38.030
all we need to say for that so the next

0:21:35.420,0:21:42.200
item on the agenda is I have been

0:21:38.030,0:21:46.250
working with the attorney for the

0:21:42.200,0:21:50.830
village who is representing us and the

0:21:46.250,0:21:55.610
issue for Mary Ross Park and the

0:21:50.830,0:22:00.680
licensing of a use of Mary Ross Park not

0:21:55.610,0:22:04.790
sole use but a use of Mary Ross Park by

0:22:00.680,0:22:07.370
the vinyl room which is a business

0:22:04.790,0:22:11.960
that's located adjacent to Mary Ross

0:22:07.370,0:22:14.110
Park and we are we took all the comments

0:22:11.960,0:22:17.140
that were made at the last meeting

0:22:14.110,0:22:21.490
and we put them into the contract the

0:22:17.140,0:22:24.010
way they are and that our attorney is

0:22:21.490,0:22:29.290
talking to their attorney and they will

0:22:24.010,0:22:31.000
come back to us with any changes or any

0:22:29.290,0:22:34.690
issues that they need us to think about

0:22:31.000,0:22:39.040
or look at the in the meantime the

0:22:34.690,0:22:41.110
business has started to look into what

0:22:39.040,0:22:43.929
it would take for with other state

0:22:41.110,0:22:48.610
agencies such as the Liquor Authority to

0:22:43.929,0:22:50.230
determine what other needed actions he

0:22:48.610,0:22:52.809
might need to take and the village might

0:22:50.230,0:23:00.610
need to take are there any questions

0:22:52.809,0:23:03.070
about Mary Ross Park this time yeah any

0:23:00.610,0:23:13.030
new comments that anybody wants to make

0:23:03.070,0:23:15.010
about Mary Ross Park so what I'm gonna

0:23:13.030,0:23:18.220
do is I'm going to ask you if you're

0:23:15.010,0:23:22.840
watching this on YouTube you should be

0:23:18.220,0:23:26.799
able to access the village webpage and

0:23:22.840,0:23:29.500
find the Xoom link and click on that

0:23:26.799,0:23:32.200
link and make comment about this this

0:23:29.500,0:23:35.049
item is still ongoing but if you would

0:23:32.200,0:23:38.230
like to make a comment about Mary Ross

0:23:35.049,0:23:43.720
Park and what's going on with this

0:23:38.230,0:23:47.169
please go hunt zoom yeah just let us

0:23:43.720,0:23:50.020
know that you are interested my comment

0:23:47.169,0:23:52.510
about this item in the meantime we will

0:23:50.020,0:23:54.220
continue to move through the rest of the

0:23:52.510,0:23:57.880
agenda there will be an opportunity

0:23:54.220,0:24:00.640
between each item that we're talking

0:23:57.880,0:24:03.730
about as well as an opportunity at the

0:24:00.640,0:24:08.740
end of the meeting for residents to make

0:24:03.730,0:24:10.960
comments as there always is so if you

0:24:08.740,0:24:13.450
would like to make a comment about this

0:24:10.960,0:24:17.260
item or any other items that are on the

0:24:13.450,0:24:19.290
agenda what you need to do is click on

0:24:17.260,0:24:23.970
to the village of Wappingers Falls

0:24:19.290,0:24:26.540
webpage at Wappingers Falls NY gov and

0:24:23.970,0:24:31.880
look for the zoom

0:24:26.540,0:24:35.590
link for the meeting dated July 8 2020

0:24:31.880,0:24:38.420
and that will bring you to this location

0:24:35.590,0:24:42.100
online and you will be able to make a

0:24:38.420,0:24:45.170
comment after you're recognized

0:24:42.100,0:24:48.280
okay so if there's no comments from the

0:24:45.170,0:24:48.280
board we'll keep going

0:24:50.470,0:24:57.260
so uh we have an item on here from the

0:24:54.890,0:24:59.810
fire committee so when somebody like

0:24:57.260,0:25:05.360
Kevin is this you to talk about the fire

0:24:59.810,0:25:08.540
committee yes I was talking to us

0:25:05.360,0:25:11.120
fantastic and there are new mini rescue

0:25:08.540,0:25:15.410
truck that we purchased they're looking

0:25:11.120,0:25:17.690
to use the one fire fun not taxpayer

0:25:15.410,0:25:20.270
money but strict and fun look and they

0:25:17.690,0:25:20.810
see why I take \$12,000 of it goodbye

0:25:20.270,0:25:24.440
this purchase

0:25:20.810,0:25:30.140
airbags those airbags are used in rescue

0:25:24.440,0:25:33.140
operations for say a car so on somebody

0:25:30.140,0:25:38.950
we can use the bag to lift up the cars

0:25:33.140,0:25:42.290
the full station out or like the

0:25:38.950,0:25:44.180
concrete wall some sort of stuff like

0:25:42.290,0:25:48.500
that button heavy where we can use these

0:25:44.180,0:25:52.240
and you like the purchase these bags and

0:25:48.500,0:25:58.040
we're just looking for a fool so nice to

0:25:52.240,0:26:00.920
use we stripped it fun okay so you and

0:25:58.040,0:26:06.730
you talks you spoke with um chief

0:26:00.920,0:26:13.550
fantastic engine very good are there any

0:26:06.730,0:26:15.200
any comments from the board I just have

0:26:13.550,0:26:19.190
a question where's the money coming from

0:26:15.200,0:26:26.030
for the funds to purchase the a fire

0:26:19.190,0:26:31.130
restricted fun okay I think you might

0:26:26.030,0:26:34.430
need to explain a little bit more way I

0:26:31.130,0:26:39.020
take it is in a new construction they

0:26:34.430,0:26:39.980
have to pee I guess a fire feed and we

0:26:39.020,0:26:41.510
can take

0:26:39.980,0:26:47.929
it goes the water department use

0:26:41.510,0:26:49.640
hopefully for only equipment in this so

0:26:47.929,0:26:51.110
instead of taking out of their budget

0:26:49.640,0:27:00.020
line they would take it out of their

0:26:51.110,0:27:03.169
restricted line okay so so this does not

0:27:00.020,0:27:06.130
come from taxpayer monies from the tax

0:27:03.169,0:27:08.720
levy it comes from taxpayers who have

0:27:06.130,0:27:10.640
developed property and the village of

0:27:08.720,0:27:13.280
Wappingers Falls and somewhere and the

0:27:10.640,0:27:19.970
process been asked to pay and agreed to

0:27:13.280,0:27:25.640
pay a fire fee so could you tell us how

0:27:19.970,0:27:28.370
long the air bags last for I really

0:27:25.640,0:27:33.760
don't know that's how long we had them

0:27:28.370,0:27:36.799
on the rescue up the station to 55 and

0:27:33.760,0:27:39.410
I've been a member of 20 years and

0:27:36.799,0:27:43.030
they've been on hidden servers ever

0:27:39.410,0:27:46.160
since they last a long time

0:27:43.030,0:27:49.940
good there's different different size

0:27:46.160,0:27:53.570
bags they go from a little rectangle to

0:27:49.940,0:28:00.340
a big big square probably 24 by 24 inch

0:27:53.570,0:28:04.370
square so they just inflate them with a

0:28:00.340,0:28:06.559
with their Ascot bottle or so be our

0:28:04.370,0:28:09.410
breathing apparatus there's a regulator

0:28:06.559,0:28:10.970
that we can push a button to go up we

0:28:09.410,0:28:18.590
supply them to go down and push a button

0:28:10.970,0:28:22.059
to plate all okay III have a quick how

0:28:18.590,0:28:26.480
many of these bags with this with this

0:28:22.059,0:28:28.760
purchase covered I think we I'm not sure

0:28:26.480,0:28:31.820
how many bags we this person would cover

0:28:28.760,0:28:32.660
but I think we have on the rescue is six

0:28:31.820,0:28:35.540
bags total

0:28:32.660,0:28:38.210
on our arrest you up for station - yeah

0:28:35.540,0:28:40.760
I mean I'm not I didn't get the exact

0:28:38.210,0:28:41.840
number how many they wanted they did I

0:28:40.760,0:28:44.690
mean or did I ask

0:28:41.840,0:28:47.720
I'm sorry about that but they're growing

0:28:44.690,0:28:49.340
they're only asking for the 12 mm of it

0:28:47.720,0:28:51.440
and they have a current through the

0:28:49.340,0:28:53.309
purchasing agent of purchasing waters

0:28:51.440,0:28:55.649
they did they got three folks

0:28:53.309,0:29:00.679
and there's only with those four

0:28:55.649,0:29:05.549
thousand dollars I I have a question

0:29:00.679,0:29:08.610
those bags now do you need it in both

0:29:05.549,0:29:12.330
fire houses aren't a bit with the bags

0:29:08.610,0:29:14.730
three years between the two did they

0:29:12.330,0:29:16.220
have to have the separate ones for the

0:29:14.730,0:29:20.850
other firehouse

0:29:16.220,0:29:23.580
well I would I would say yes we it would

0:29:20.850,0:29:27.059
be nice to have them on the other rescue

0:29:23.580,0:29:29.309
truck also just in case

0:29:27.059,0:29:31.529
this one's on another call and that one

0:29:29.309,0:29:34.460
gets called to it or one one can free up

0:29:31.529,0:29:38.970
from another or I mean if the court out

0:29:34.460,0:29:41.749
instruction fire and the rescue truck is

0:29:38.970,0:29:46.259
available they can go to a car action or

0:29:41.749,0:29:48.149
the person can between the wall on the

0:29:46.259,0:29:53.369
ground or you know concrete wall or a

0:29:48.149,0:29:57.899
ground or you know I would say they

0:29:53.369,0:30:00.840
definitely need it I mean they we have

0:29:57.899,0:30:02.519
we have the jaws of life up here at the

0:30:00.840,0:30:05.730
station - and they had the jaws of life

0:30:02.519,0:30:09.210
down there so we're trying to mimic each

0:30:05.730,0:30:16.980
other just in case one doesn't get out

0:30:09.210,0:30:20.119
and the other one does you know okay

0:30:16.980,0:30:20.119
they're there any other questions

0:30:20.299,0:30:36.600
comments

0:30:21.600,0:30:39.149
I keep trying to look at people okay if

0:30:36.600,0:30:41.759
there's no other comments is somebody

0:30:39.149,0:30:44.999
ready to make a motion I would like to

0:30:41.759,0:30:47.100
make a motion to approve \$12,000 for the

0:30:44.999,0:30:51.769
purchase of the airbags were the new

0:30:47.100,0:30:56.549
truck is there a second second

0:30:51.769,0:30:59.299
second by trustee Bryan Lammers those in

0:30:56.549,0:31:02.850
favor aye aye

0:30:59.299,0:31:07.820
any opposed

0:31:02.850,0:31:17.269
okay the next item on the agenda is last

0:31:07.820,0:31:20.340
month we approved the purchase of a of

0:31:17.269,0:31:24.570
playground equipment that we went

0:31:20.340,0:31:29.580
through a public process to select over

0:31:24.570,0:31:31.889
the over many months and the total value

0:31:29.580,0:31:33.779
of that equipment is one hundred and

0:31:31.889,0:31:35.309
twenty thousand dollars we're at the

0:31:33.779,0:31:37.649
point where we need to put down the

0:31:35.309,0:31:39.480
deposit there's a hundred thousand

0:31:37.649,0:31:41.100
dollar grant it means that twenty

0:31:39.480,0:31:43.500
thousand dollars will come from other

0:31:41.100,0:31:46.620
sources and what we'd like to ask the

0:31:43.500,0:31:50.129
board is if we can use restricted

0:31:46.620,0:31:53.309
recreation funds and trustee lammers

0:31:50.129,0:31:56.340
these are similar to restricted fire

0:31:53.309,0:31:57.990
funds but they have to do with

0:31:56.340,0:32:01.710
recreation equipment and I think we

0:31:57.990,0:32:05.490
talked about this earlier today so we

0:32:01.710,0:32:07.409
have the use of these funds and we would

0:32:05.490,0:32:11.340
like to go ahead and make this purchase

0:32:07.409,0:32:13.769
with this deposit and get this contract

0:32:11.340,0:32:16.350
to them so I'd like to ask the board if

0:32:13.769,0:32:18.269
we could get a motion for this or any

0:32:16.350,0:32:28.559
discussion if you want to start with

0:32:18.269,0:32:32.309
that if there's no discussion could we

0:32:28.559,0:32:35.070
have a motion I'll make it a second

0:32:32.309,0:32:35.870
second Kristy Davis all those in favor

0:32:35.070,0:32:41.159
aye

0:32:35.870,0:32:44.639
any opposed okay next item on the agenda

0:32:41.159,0:32:47.070
we are in receipt of a resignation

0:32:44.639,0:32:49.440
letter from one of our police officers

0:32:47.070,0:32:52.529
who's named here on our agenda so I'd

0:32:49.440,0:32:54.570
like to ask for a motion to accept the

0:32:52.529,0:33:03.450
resignation of Sergeant Martin for

0:32:54.570,0:33:07.519
effective July 27th 2020 second decedent

0:33:03.450,0:33:07.519
by trustee all those in favor aye

0:33:09.049,0:33:16.070
any opposed okay I would like to thank

0:33:14.190,0:33:20.680
sergeant Martin for his service

0:33:16.070,0:33:24.770
here and the next item on the agenda is

0:33:20.680,0:33:27.070
I think this is over but you might want

0:33:24.770,0:33:30.560
to talk about anything that's come up

0:33:27.070,0:33:39.530
trustee Davis about the list road signs

0:33:30.560,0:33:42.320
pilot program okay so we got one one of

0:33:39.530,0:33:44.270
the signs up we're finalizing the

0:33:42.320,0:33:45.410
location of the second sign it's up and

0:33:44.270,0:33:48.500
running

0:33:45.410,0:33:51.410
kudos to commissioner Burke and the

0:33:48.500,0:33:55.670
folks in dispatch because they got it

0:33:51.410,0:33:57.680
it was put up on Thursday I believe for

0:33:55.670,0:34:01.190
Friday and it was up and running on

0:33:57.680,0:34:05.390
Monday so and that was contacting the

0:34:01.190,0:34:09.170
company and getting it initiated and

0:34:05.390,0:34:10.940
then through the police department we're

0:34:09.170,0:34:14.780
going to determine what data that's

0:34:10.940,0:34:16.670
going to start capturing and then once

0:34:14.780,0:34:19.060
we get the second location we're just

0:34:16.670,0:34:22.040
finalizing that now hopefully that'll be

0:34:19.060,0:34:24.710
secured tomorrow well we'll get the

0:34:22.040,0:34:27.170
second one up as soon as possible but

0:34:24.710,0:34:31.330
the first ones up and running it's go as

0:34:27.170,0:34:36.410
you come off of Route 9 on this road so

0:34:31.330,0:34:38.990
anybody wants to go take a look okay so

0:34:36.410,0:34:41.840
trustee Davis could you talk to us or

0:34:38.990,0:34:43.850
maybe the Commissioner Berg could talk

0:34:41.840,0:34:48.080
to us about the kinds of data that it

0:34:43.850,0:34:50.720
captures in fact I have a train schedule

0:34:48.080,0:34:52.480
tomorrow afternoon with the company to

0:34:50.720,0:34:57.380
walk me through on how to reset the

0:34:52.480,0:34:59.720
times and I need that it flex it will

0:34:57.380,0:35:01.640
also email us all the data when it does

0:34:59.720,0:35:03.350
so if we set it up for like a monthly

0:35:01.640,0:35:05.450
thing a good sense report on what the

0:35:03.350,0:35:09.500
speed and volume of vehicles on the road

0:35:05.450,0:35:10.040
was um right now it's set for 25 miles

0:35:09.500,0:35:13.070

an hour

0:35:10.040,0:35:14.690

at 30 it changes colors to let people

0:35:13.070,0:35:16.790

know that you've gone above the speed

0:35:14.690,0:35:19.910

limit and it's also set for another

0:35:16.790,0:35:21.650

warning at 35 on that if people are in

0:35:19.910,0:35:24.350

real violation of the speed limit on the

0:35:21.650,0:35:26.420

street but I don't know if anyone could

0:35:24.350,0:35:29.750

get up to that speed I was gonna say a

0:35:26.420,0:35:31.970

turn if I may interject

0:35:29.750,0:35:33.920

Walter's on there it's gonna be it would

0:35:31.970,0:35:36.170

be extremely hard for someone to get up

0:35:33.920,0:35:40.160

to that speed and I hope they never do

0:35:36.170,0:35:42.140

but I'm sure after you get your class

0:35:40.160,0:35:44.720

this week you'll have a better idea what

0:35:42.140,0:35:48.620

data we can actually actually can

0:35:44.720,0:35:50.180

capture yes as soon as I take this class

0:35:48.620,0:35:54.580

I'll be able to report that better on

0:35:50.180,0:35:58.340

the operation of the other speeds

0:35:54.580,0:36:01.100
okay oh and we have discussed it's it's

0:35:58.340,0:36:06.200
entirely possible to move this sign and

0:36:01.100,0:36:08.390
it's something that we could do and we

0:36:06.200,0:36:11.270
would consider if it was prudent to do

0:36:08.390,0:36:14.260
so so we'll keep watching what happens

0:36:11.270,0:36:16.460
with this sign in this location and

0:36:14.260,0:36:21.950
determine what we would do next with it

0:36:16.460,0:36:23.960
they're gonna jump in real quick I was

0:36:21.950,0:36:28.040
talking to people last week and he has

0:36:23.960,0:36:31.520
another location set up whenever when

0:36:28.040,0:36:35.540
when when we're ready to move it moves

0:36:31.520,0:36:37.460
on because they can't be who they should

0:36:35.540,0:36:39.260
be moved the other location would be on

0:36:37.460,0:36:42.740
Clapp Avenue by Baynes marks that's

0:36:39.260,0:36:46.460
another hot zone trustee Panetta has

0:36:42.740,0:36:49.670
talked to uh Pete about that about that

0:36:46.460,0:36:51.140
location yeah the second the second

0:36:49.670,0:36:52.670
location that we've been working on for

0:36:51.140,0:36:54.470
quite some time if it doesn't come

0:36:52.670,0:36:56.030
through them will consider to klap

0:36:54.470,0:36:58.670
Avenue because that's definitely a

0:36:56.030,0:37:00.650
problem spot oh definitely and once he

0:36:58.670,0:37:02.870
signs are up there and people are

0:37:00.650,0:37:04.430
obeying the speed limit on there we

0:37:02.870,0:37:05.090
could bounce it around and we could put

0:37:04.430,0:37:07.100
one back on

0:37:05.090,0:37:08.870
Arabic report lawn clap Avenue and

0:37:07.100,0:37:12.950
possibly other places through the

0:37:08.870,0:37:16.220
village so are movable and they are or

0:37:12.950,0:37:18.200
not they take us what they call sonotube

0:37:16.220,0:37:20.030
it's a big con cardboard tube and they

0:37:18.200,0:37:23.660
fill it with concrete and put bolts in

0:37:20.030,0:37:27.890
it so the cost is not the expensive

0:37:23.660,0:37:31.310
probably 75 bucks to to set the thing up

0:37:27.890,0:37:33.560
and then once it's set up we could

0:37:31.310,0:37:37.460
actually find other spots to put them

0:37:33.560,0:37:39.800
and move around we want to the highway

0:37:37.460,0:37:41.960
did a great job constructing it was I

0:37:39.800,0:37:43.420
was there when they were constructing it

0:37:41.960,0:37:45.250
was a lot to it

0:37:43.420,0:37:48.339
it's a matter of getting the batteries

0:37:45.250,0:37:49.779
put in and getting the panel put in

0:37:48.339,0:37:53.829
place to where it's going to capture the

0:37:49.779,0:37:56.799
Sun correctly but we could actually we

0:37:53.829,0:37:58.779
could actually if we wanted to be

0:37:56.799,0:38:01.089
proactive we could determine some spots

0:37:58.779,0:38:04.269
to put those now and maybe maybe we do

0:38:01.089,0:38:06.130
move them after a while so the only bad

0:38:04.269,0:38:10.269
thing about the list Road one is that

0:38:06.130,0:38:12.609
were the first one ended up was that is

0:38:10.269,0:38:14.890
relatively close to route 9 so if you're

0:38:12.609,0:38:18.099
coming southbound on 9 you make the ride

0:38:14.890,0:38:21.250
on wrap on this road you really really

0:38:18.099,0:38:23.380
have to be a maniac to get on the street

0:38:21.250,0:38:25.869
to make that thing start flashing at you

0:38:23.380,0:38:28.809
but the good part about it is is when

0:38:25.869,0:38:31.839
you come around the corner off around

0:38:28.809,0:38:33.460
9:00 it's in your face you see it and it

0:38:31.839,0:38:35.680
definitely should be a heads up for

0:38:33.460,0:38:37.779
folks to caution shows in their speed

0:38:35.680,0:38:39.369
limit so we'll just have to watch it

0:38:37.779,0:38:42.160
real close but the second one doesn't

0:38:39.369,0:38:44.170
work by Friday and we don't have a spot

0:38:42.160,0:38:46.779
to do that I'll concede it the clap

0:38:44.170,0:38:49.779
Avenue like you said it ought or just a

0:38:46.779,0:38:51.369
Huber said it's already in place so just

0:38:49.779,0:38:53.230
a matter of putting the second one there

0:38:51.369,0:38:57.460
so I think give me until Friday

0:38:53.230,0:38:59.170
well we'll Kyle will end that one and we

0:38:57.460,0:39:03.640
will put him on clap if it doesn't work

0:38:59.170,0:39:05.920
out on list and the other thing I want

0:39:03.640,0:39:07.509
to just remind folks because I was put

0:39:05.920,0:39:09.640
under a little scrutiny at last village

0:39:07.509,0:39:11.349
board meeting I did that project because

0:39:09.640,0:39:13.839
it was the folks on the street

0:39:11.349,0:39:15.940
petitioned to have that done and then

0:39:13.839,0:39:18.880
through a couple of Ward meetings we

0:39:15.940,0:39:21.009
decide our list road actually meetings

0:39:18.880,0:39:23.349
that we have open to the public we

0:39:21.009,0:39:24.940
decided that that was an option to

0:39:23.349,0:39:27.250
purchase these signs and put them up

0:39:24.940,0:39:31.000
there and nothing to do with me I went

0:39:27.250,0:39:33.640
by the recommendation to the folks on

0:39:31.000,0:39:36.190
the on the street and that's why they

0:39:33.640,0:39:38.410
were put up there so if it's better

0:39:36.190,0:39:41.230
because we have a larger problem

0:39:38.410,0:39:43.509
somewhere else in the village then that

0:39:41.230,0:39:45.640
comes first and Safety's really the

0:39:43.509,0:39:47.380
issue so you want to make sure that was

0:39:45.640,0:39:51.720
clear I didn't do it because I'm the

0:39:47.380,0:39:51.720
list third Ward was Road trustee

0:39:52.770,0:40:04.720
okay good so I is there I think we'll

0:40:00.579,0:40:07.480
move on and so we would like to go into

0:40:04.720,0:40:10.089
committee reports right now and we have

0:40:07.480,0:40:13.150
our new police commissioner Walter Bork

0:40:10.089,0:40:15.039
work with us here tonight and so I'd

0:40:13.150,0:40:16.660
like to welcome Walter Berg to the

0:40:15.039,0:40:19.450
village of Wappingers Falls where he's

0:40:16.660,0:40:23.950
been for I spent many a few years here

0:40:19.450,0:40:25.599
before and he's back again so Walter you

0:40:23.950,0:40:27.549
want to lead us through the report and

0:40:25.599,0:40:39.280
as well as give us an update of what's

0:40:27.549,0:40:42.880
going on with you many reports right now

0:40:39.280,0:40:46.240
and we have our new commissioner Walter

0:40:42.880,0:40:54.250
Burke with us here tonight and sort of

0:40:46.240,0:40:55.539
like to welcome all jerks so mayor do

0:40:54.250,0:40:58.359
you want me to actually read the figure

0:40:55.539,0:41:00.849
the report from the last month because I

0:40:58.359,0:41:04.380
can't see it on the eye

0:41:00.849,0:41:08.559
I had the numbers and mayor board I

0:41:04.380,0:41:13.930
compared June of 2020 and next to it

0:41:08.559,0:41:18.270
you'll see to the far right 2019 June so

0:41:13.930,0:41:18.270
last year you can compare to this year's

0:41:20.500,0:41:26.800
okay so do you see that Walter yeah no I

0:41:23.350,0:41:29.080
can see it now um so you know the usual

0:41:26.800,0:41:30.850
m'kay calls that we have or you know

0:41:29.080,0:41:35.440
pretty much standard you know burglar

0:41:30.850,0:41:41.110
alarms 80 cases assaults in 2020 so far

0:41:35.440,0:41:42.420
is down we had two in in 2019 civilian

0:41:41.110,0:41:47.950
complaints against the department

0:41:42.420,0:41:50.770
there's only been one this year as far

0:41:47.950,0:41:53.110
as personnel were down as far as what we

0:41:50.770,0:41:55.800
had last year but we've been able to

0:41:53.110,0:41:58.900
maintain covering all of our tours

0:41:55.800,0:42:00.940
Larson EES are up this year a little bit

0:41:58.900,0:42:04.540
more than they were last year in fact we

0:42:00.940,0:42:06.670
found a couple of car cars up on Main

0:42:04.540,0:42:07.840
Street that have been left unlocked at

0:42:06.670,0:42:09.310
night and somebody's been going through

0:42:07.840,0:42:11.260
I think I was like three or four cars

0:42:09.310,0:42:13.090
that people went through so everybody

0:42:11.260,0:42:15.370
should always lock their doors if they

0:42:13.090,0:42:16.780
have any type of fun they're just

0:42:15.370,0:42:18.640
looking for a small change in small

0:42:16.780,0:42:20.380
items in the car so make sure your car's

0:42:18.640,0:42:23.200
always locked up there or anywhere in

0:42:20.380,0:42:30.490
the village um that's pretty much it for

0:42:23.200,0:42:36.610
that report okay are there any questions

0:42:30.490,0:42:40.360
on the report from the trustees no much

0:42:36.610,0:42:42.160
much that numbers are headed in the

0:42:40.360,0:42:45.370
right direction it's it looks really

0:42:42.160,0:42:53.230
good really happy to have you here thank

0:42:45.370,0:42:58.180
you yeah yeah and your total calls for

0:42:53.230,0:43:05.080
service are up there up when this year

0:42:58.180,0:43:06.520
yeah well for well you can see that the

0:43:05.080,0:43:08.590
tickets are starting to rise up so you

0:43:06.520,0:43:09.940
know we're doing more stops now you know

0:43:08.590,0:43:12.310
last couple months we really haven't

0:43:09.940,0:43:17.080
been doing to my stops ghosted what's

0:43:12.310,0:43:18.490
going on but yeah you know did calls at

0:43:17.080,0:43:20.530
the end of the year really come out

0:43:18.490,0:43:22.390
about the same every year you know might

0:43:20.530,0:43:26.500
be a couple hundred difference but it's

0:43:22.390,0:43:30.310
not much but it looks like it's possible

0:43:26.500,0:43:31.990
that the pandemic is making you get more

0:43:30.310,0:43:34.270
calls maybe because there's more people

0:43:31.990,0:43:37.690
at home is that both 80

0:43:34.270,0:43:41.230
Letta 80 cases have gone up so that

0:43:37.690,0:43:43.180
increases um but you know as far as like

0:43:41.230,0:43:45.340
domestics they're a little bit up this

0:43:43.180,0:43:49.750
year but not not that I'm not too much

0:43:45.340,0:43:51.430
of a difference from last year so I know

0:43:49.750,0:43:52.840
you and I had talked about a couple of

0:43:51.430,0:43:54.610
other things and you might have talked

0:43:52.840,0:43:56.920
to some of the other trustees about some

0:43:54.610,0:44:01.180
other issues do you want to bring up any

0:43:56.920,0:44:02.170
of those at this point um well we can

0:44:01.180,0:44:03.940
talk about the meeting we had the other

0:44:02.170,0:44:05.500
day about the domestic violence we're

0:44:03.940,0:44:09.220
you know we're gonna try to increase our

0:44:05.500,0:44:10.870
or activity in the in the community as

0:44:09.220,0:44:12.700
far as making people aware what we can

0:44:10.870,0:44:14.770
do to help them if there's any domestic

0:44:12.700,0:44:17.770
violence in the community I'm like

0:44:14.770,0:44:19.900
appoint an officer to act as a liaison

0:44:17.770,0:44:21.940
for any any times the reports come in

0:44:19.900,0:44:23.680
with domestic violence to follow up with

0:44:21.940,0:44:25.840
the person to make sure everything's

0:44:23.680,0:44:30.190
good if they've seen counseling or

0:44:25.840,0:44:31.900
whatever we can advise them on so we're

0:44:30.190,0:44:33.490
looking to you know to increase that

0:44:31.900,0:44:36.340
because our domestic violence or

0:44:33.490,0:44:42.100
domestic calls that usually increase and

0:44:36.340,0:44:43.660
seem to be increasing every year but in

0:44:42.100,0:44:44.980
the department you know we're did we're

0:44:43.660,0:44:47.680
doing train two this week on

0:44:44.980,0:44:51.070
de-escalation officers are watching an

0:44:47.680,0:44:53.470
hour-long video that's put out by the

0:44:51.070,0:44:56.530
line of duty and it's really tells them

0:44:53.470,0:44:57.850
how to you know bring a person's they

0:44:56.530,0:45:00.580
get on a scene and the person's like

0:44:57.850,0:45:02.410
really agitated if they can use certain

0:45:00.580,0:45:04.870
type of wording and actions to bring

0:45:02.410,0:45:07.300
their them down so that they hopefully

0:45:04.870,0:45:10.990
not turn into a situation that doesn't

0:45:07.300,0:45:13.000
need to happen so that trainings going

0:45:10.990,0:45:14.290
on right now and that's about the only

0:45:13.000,0:45:19.800
big thing we have going on in the

0:45:14.290,0:45:22.450
department so the reason we talked about

0:45:19.800,0:45:24.460
domestic violence in particular was

0:45:22.450,0:45:28.420
because once again the village of walk

0:45:24.460,0:45:34.090
endures Falls was noted in a survey as

0:45:28.420,0:45:37.420
having the highest number of cases per

0:45:34.090,0:45:40.690
capita in any municipality in Dutchess

0:45:37.420,0:45:44.410
County and so we know that this is an

0:45:40.690,0:45:48.829
issue of great concern for us and we're

0:45:44.410,0:45:51.799
in we're trying to get some control over

0:45:48.829,0:45:55.099
it and see if there's something that we

0:45:51.799,0:46:00.259
can offer to the residents to address

0:45:55.099,0:46:03.380
that that high number that we have here

0:46:00.259,0:46:06.529
so I'd like to thank our Commissioner

0:46:03.380,0:46:09.609
for working on that issue the

0:46:06.529,0:46:14.449
commissioner and I also discussed

0:46:09.609,0:46:16.999
looking at two other issues possibly and

0:46:14.449,0:46:19.880
also determining what other issues might

0:46:16.999,0:46:23.420
need to be looked at and I think we had

0:46:19.880,0:46:27.619
identified opiates and addiction as

0:46:23.420,0:46:31.160
being a major issue here in the village

0:46:27.619,0:46:35.890
that causes great harm to our village

0:46:31.160,0:46:39.319
families village residents in terms of

0:46:35.890,0:46:43.160
other associated problems that go along

0:46:39.319,0:46:45.140
with addition addiction and then the

0:46:43.160,0:46:48.499
third item that we talked about was

0:46:45.140,0:46:52.219
elder care and how we could look out for

0:46:48.499,0:46:55.819
the villages higher than average elderly

0:46:52.219,0:46:57.619
population that it has and make sure

0:46:55.819,0:47:01.509
that those that segment of the

0:46:57.619,0:47:06.589
population is being watched out for in a

0:47:01.509,0:47:08.269
special way so I'm glad that the police

0:47:06.589,0:47:10.279
department is working on those issues

0:47:08.269,0:47:13.640
and we look forward to getting more

0:47:10.279,0:47:16.189
information as the as the commissioner

0:47:13.640,0:47:20.959
and his department dig into those issues

0:47:16.189,0:47:25.009
deeper are there any questions for

0:47:20.959,0:47:28.099
Walter just like to thank them for the

0:47:25.009,0:47:35.170
job that he's doing and we really

0:47:28.099,0:47:35.170
appreciate it thank you I second that

0:47:36.579,0:47:42.799
okay if there's no more questions for

0:47:40.369,0:47:44.390
Walter Walter could stay for the rest of

0:47:42.799,0:47:47.689
the meeting or he could go enjoy the

0:47:44.390,0:47:50.420
rest of the night and we could go on to

0:47:47.689,0:47:53.989
other departments and catch up with

0:47:50.420,0:47:55.969
Walter later so if you want to stay for

0:47:53.989,0:47:57.420
a while and just check out quietly

0:47:55.969,0:47:59.730
that's that's fine

0:47:57.420,0:48:02.400
whichever one is good for you but we're

0:47:59.730,0:48:05.090
gonna keep going I think I'll stay on

0:48:02.400,0:48:08.190
for the long alright thank you

0:48:05.090,0:48:10.590
okay the next committee report we have

0:48:08.190,0:48:13.470
coming up is the Economic Development

0:48:10.590,0:48:16.770
Corp Economic Development Committee

0:48:13.470,0:48:20.880
Scott oh we had some transition in that

0:48:16.770,0:48:23.820
committee so we're gonna go for July's

0:48:20.880,0:48:25.380
meeting we didn't have one like smart so

0:48:23.820,0:48:27.030
there's been a little change over there

0:48:25.380,0:48:32.970
oh nothing for this month

0:48:27.030,0:48:35.270
Oh trustee Huber you want to talk to us

0:48:32.970,0:48:38.640
about what's going on with highway

0:48:35.270,0:48:40.560
highway headed for pretty busy month and

0:48:38.640,0:48:43.890
quite a few things that have four pages

0:48:40.560,0:48:48.510
of things and marked out a couple key

0:48:43.890,0:48:50.460
note things there back through number

0:48:48.510,0:48:54.180
one they're back to regular shifts all

0:48:50.460,0:48:56.520
guys are working as of six eleven so

0:48:54.180,0:48:57.620
that's a good thing we do start really

0:48:56.520,0:49:00.630
getting some work done in the village

0:48:57.620,0:49:02.610
and they've been working god damn

0:49:00.630,0:49:05.040
they're working down less it was last

0:49:02.610,0:49:07.470
week I saw him kind of the village dump

0:49:05.040,0:49:09.240
or staging area I'm cutting the grass

0:49:07.470,0:49:14.790
down there trimming the trees and brush

0:49:09.240,0:49:22.590
along that fence line and cleaning out

0:49:14.790,0:49:25.320
the pump stations if you saw they help

0:49:22.590,0:49:28.860
the recreation out or parks they want

0:49:25.320,0:49:33.840
some sanitizers stations up in Betts

0:49:28.860,0:49:35.730
Park Nazir Park I think down temple they

0:49:33.840,0:49:37.320
they were assembling some garbage hands

0:49:35.730,0:49:38.730
we got some new garbage hands the EDC

0:49:37.320,0:49:42.710
guy they assembled them and put them

0:49:38.730,0:49:42.710
along East Main Street West Main Street

0:49:45.920,0:49:54.170
they were installing some signs you know

0:49:49.080,0:49:56.760
street signs we had a pretty busy month

0:49:54.170,0:50:01.770
kudos to these guys they do work out

0:49:56.760,0:50:05.010
good that's all I have right now okay

0:50:01.770,0:50:08.940
and you did job the staging area work

0:50:05.010,0:50:11.950
that they've been doing yep yeah

0:50:08.940,0:50:14.730
so they've been able to I notice there

0:50:11.950,0:50:19.359
to just like to thank them they really

0:50:14.730,0:50:20.950
guide a area of the village that we're

0:50:19.359,0:50:23.920
trying to get control over which is

0:50:20.950,0:50:28.930
where the staging area which used to be

0:50:23.920,0:50:32.940
a dump literally and it had a lot of

0:50:28.930,0:50:37.060
overgrown overgrown vegetation and the

0:50:32.940,0:50:40.140
entryway and they've really done a lot

0:50:37.060,0:50:44.200
of great job of reorganizing what's

0:50:40.140,0:50:46.900
located air and putting it into good

0:50:44.200,0:50:48.580
piles and keeping it very neat I think

0:50:46.900,0:50:50.619
I've taken a couple of walks back there

0:50:48.580,0:50:53.020
over the last couple of weeks and I was

0:50:50.619,0:50:55.839
really happy with the progress we've

0:50:53.020,0:50:58.780
made I thought they were doing great and

0:50:55.839,0:51:03.310
I also know that they had done some

0:50:58.780,0:51:06.540
maintenance along some of the sidewalk

0:51:03.310,0:51:10.240
paths where the village has lots of

0:51:06.540,0:51:12.760
property and they had cut back some of

0:51:10.240,0:51:16.109
the vegetation in those locations so

0:51:12.760,0:51:18.700
just like to especially thank them for

0:51:16.109,0:51:21.430
this good work that they're doing and

0:51:18.700,0:51:25.050
thank you Kevin and everybody else on

0:51:21.430,0:51:29.589
committee for looking out for us

0:51:25.050,0:51:32.290
I'll move on to fire now okay so for the

0:51:29.589,0:51:37.119
month of June fire department and

0:51:32.290,0:51:38.680
answered 19 alarms the like it said

0:51:37.119,0:51:43.109
before the new rescue trucks in that's

0:51:38.680,0:51:46.180
been letters and filming the radio was

0:51:43.109,0:51:47.980
they got reporting new radios in them so

0:51:46.180,0:51:50.170
I'm assuming maybe by the end of the

0:51:47.980,0:51:52.180
month the new rescue truck will be in

0:51:50.170,0:51:54.880
service I'm not sure on that just yet

0:51:52.180,0:51:56.230
but I'm just taking it I guess it seems

0:51:54.880,0:52:01.349
like it's been moving right along those

0:51:56.230,0:52:04.210
guys down here and that's it on the fire

0:52:01.349,0:52:05.500
and if you don't mind could I jump the

0:52:04.210,0:52:10.890
lake this way I don't have to take to

0:52:05.500,0:52:13.540
bridge okay on the lake

0:52:10.890,0:52:17.619
we've got six people that are running

0:52:13.540,0:52:18.760
the we do and may not look like we've

0:52:17.619,0:52:20.020
been doing anything out there but we've

0:52:18.760,0:52:22.350
been doing stuff out there

0:52:20.020,0:52:24.970
there's been no rain

0:52:22.350,0:52:28.090
the rain helps out moving the weeds as

0:52:24.970,0:52:30.670
we cut them or push them out into the

0:52:28.090,0:52:32.560
channel or you know long if we're out in

0:52:30.670,0:52:33.880
the middle I mean not the middle middle

0:52:32.560,0:52:36.820
because we can't get there because you

0:52:33.880,0:52:39.100
the sandbar dart out there and the water

0:52:36.820,0:52:42.070
has been it because the lake levels down

0:52:39.100,0:52:44.640
three or four feet off the shore lines I

0:52:42.070,0:52:48.070
could tell where we keep the weed to do

0:52:44.640,0:52:51.070
so it's really shallow out there in some

0:52:48.070,0:52:56.140
parts so the guys have been working out

0:52:51.070,0:53:02.680
there and that's why that's all I have

0:52:56.140,0:53:05.920
right now Cindy here for recreation a

0:53:02.680,0:53:08.530
second but I just wanted to ask you is

0:53:05.920,0:53:12.000
it taking it takes a while for the

0:53:08.530,0:53:17.140
volunteers to get trained right yes yeah

0:53:12.000,0:53:19.120
I'm taking four of them out I think

0:53:17.140,0:53:22.600
Brian Brian serves the other two out or

0:53:19.120,0:53:26.140
the other one out and they spent a

0:53:22.600,0:53:27.760
couple hours with them they go out I I

0:53:26.140,0:53:29.110
strongly urge them to go out and just

0:53:27.760,0:53:31.060
get yourself familiarize with the

0:53:29.110,0:53:34.750
machine before you really get into it

0:53:31.060,0:53:36.250
you know this way you can you know what

0:53:34.750,0:53:37.930
you're getting into and know how to

0:53:36.250,0:53:39.640
handle it and get yourself into a

0:53:37.930,0:53:42.100
situation you get yourself out of the

0:53:39.640,0:53:43.810
situation show them how to get

0:53:42.100,0:53:46.210
themselves a good situation if they ever

0:53:43.810,0:53:50.350
get into a situation down there or you

0:53:46.210,0:53:54.400
get stuck or the machine shuts off what

0:53:50.350,0:53:56.050
to look for so because you're out there

0:53:54.400,0:53:59.820
you're stuck you're the only one out

0:53:56.050,0:54:02.620
there you you got to order yourself back

0:53:59.820,0:54:06.550
the exam you know that you can call for

0:54:02.620,0:54:08.020
help hold the fire department that will

0:54:06.550,0:54:10.390
help us out the fire department has a

0:54:08.020,0:54:13.030
boat where we come out and get you if

0:54:10.390,0:54:15.010
it's if it's that case but let's hope

0:54:13.030,0:54:16.690
not nothing happens like that and these

0:54:15.010,0:54:19.270
guys are I think doing a good job out

0:54:16.690,0:54:21.760
there but I've seen I tried to go out a

0:54:19.270,0:54:23.350
couple times in machines missing the

0:54:21.760,0:54:25.150
tower okay

0:54:23.350,0:54:27.490
well the reason I bring it up is I've

0:54:25.150,0:54:31.840
got some more residents who would like

0:54:27.490,0:54:32.770
to volunteer and if there's a way to get

0:54:31.840,0:54:34.840
them out there

0:54:32.770,0:54:38.560
if you can get them more training let me

0:54:34.840,0:54:41.980
know because there's a lot of desire to

0:54:38.560,0:54:44.980
get out there from a few people and like

0:54:41.980,0:54:47.590
I could give you I could start giving

0:54:44.980,0:54:50.020
you some extra names as times become

0:54:47.590,0:54:51.610
available for you to get some extra

0:54:50.020,0:54:53.650
people out there but I understand that

0:54:51.610,0:54:55.270
it takes time to train them and that we

0:54:53.650,0:55:04.210
want them to be trained to the right way

0:54:55.270,0:55:06.880
so thank you thank you Kevin Cindy do

0:55:04.210,0:55:13.330
you want to talk to us about recreation

0:55:06.880,0:55:16.360
uh yeah sure um so our just to give a

0:55:13.330,0:55:18.280
quick report we have had some complaints

0:55:16.360,0:55:22.360
committed out the garbage issues in the

0:55:18.280,0:55:24.610
parks in particular areas and so I've

0:55:22.360,0:55:27.280
been working with the highway department

0:55:24.610,0:55:29.200
to make sure that we get garbage cans

0:55:27.280,0:55:33.070
out there and make sure that they're

0:55:29.200,0:55:35.170
getting emptied on a regular basis I'm

0:55:33.070,0:55:40.030
sorry pay attention you're sending me

0:55:35.170,0:55:41.530
notes so you know that's in place and

0:55:40.030,0:55:44.050
you're trying to work on it as best we

0:55:41.530,0:55:46.090
can we also are going to try and address

0:55:44.050,0:55:48.910
some of these issues with some more

0:55:46.090,0:55:51.040
signage so we're working that out right

0:55:48.910,0:55:54.640
now to figure out what's the best way

0:55:51.040,0:55:56.350
for us to post what we would like um the

0:55:54.640,0:55:59.200
people in our parks to be doing with

0:55:56.350,0:56:02.230
their garbage I you're finding that in

0:55:59.200,0:56:03.550
many cases there's excess residential

0:56:02.230,0:56:05.619
garbage being put into some of the

0:56:03.550,0:56:07.720
containers we have so that's something

0:56:05.619,0:56:11.619
that we need to lock them up with a plan

0:56:07.720,0:56:14.800
to get not to happen on a regular basis

0:56:11.619,0:56:16.540
so one of the things that I've been

0:56:14.800,0:56:19.300
exploring is coming up in the

0:56:16.540,0:56:21.460
anti-littering campaign that we will

0:56:19.300,0:56:25.600
start putting out from social media

0:56:21.460,0:56:27.460
first and then we'll use other methods

0:56:25.600,0:56:29.859
of getting it out to the public as well

0:56:27.460,0:56:34.030
but we'll launch it off of our social

0:56:29.859,0:56:35.859
media platform first concerts I announce

0:56:34.030,0:56:38.740
that you know we were very lucky to have

0:56:35.859,0:56:42.700
be having two concerts in the MS ear

0:56:38.740,0:56:44.190
park one is on July the 24th and one is

0:56:42.700,0:56:46.330
on August 21st

0:56:44.190,0:56:49.150
I've been putting

0:56:46.330,0:56:51.040
- share on Facebook the band that is

0:56:49.150,0:56:52.630
playing in both of these concerts will

0:56:51.040,0:56:55.330
be social distancing and they've been

0:56:52.630,0:56:58.480
putting out they had their first concert

0:56:55.330,0:57:01.000
on Sunday I believe and they had posted

0:56:58.480,0:57:04.750
onto facebook pictures of them social

0:57:01.000,0:57:08.050
distancing and what a different way of

0:57:04.750,0:57:10.150
having a concert is so I'm planning for

0:57:08.050,0:57:13.210
those concerts we will be marking out

0:57:10.150,0:57:14.740
the parks pour on to remind people to

0:57:13.210,0:57:17.470
social distance and put out some

0:57:14.740,0:57:18.730
reminders as to what we are expecting

0:57:17.470,0:57:20.650
them to wear in the park if they're

0:57:18.730,0:57:23.380
going to be sitting down and listening

0:57:20.650,0:57:25.570
to the concert they do not have to wear

0:57:23.380,0:57:27.670
masks however if they decide to move

0:57:25.570,0:57:30.400
around and go someplace out they're

0:57:27.670,0:57:34.000
going to have to be wearing a mask for

0:57:30.400,0:57:35.500
everybody's safety at the workshop

0:57:34.000,0:57:38.170
meeting I had talked a little bit about

0:57:35.500,0:57:41.080
our exploring the possibility of putting

0:57:38.170,0:57:43.870
a small pocket fork into the hillside

0:57:41.080,0:57:45.970
Avenue area up by the old water tower I

0:57:43.870,0:57:48.460
don't really have any more to report on

0:57:45.970,0:57:50.500
that yet it's it's if something yep you

0:57:48.460,0:57:54.010
know we're looking into a bunch of

0:57:50.500,0:57:56.200
different things as far as fencing what

0:57:54.010,0:57:58.090
kind of fields we want this part to have

0:57:56.200,0:58:00.760
what kind of a footman we would have we

0:57:58.090,0:58:04.450
did have a donation of equipment from

0:58:00.760,0:58:06.280
the sheath Road PTA so that will be one

0:58:04.450,0:58:08.640
of the pieces that will go in up they

0:58:06.280,0:58:12.250
are um as we move forward on this um

0:58:08.640,0:58:17.670
there has been a an outreach by

0:58:12.250,0:58:19.570
Wappingers rises to provide to residents

0:58:17.670,0:58:21.940
information on when they where they

0:58:19.570,0:58:27.210
could volunteer in the community and we

0:58:21.940,0:58:30.250
have had a couple of people email me

0:58:27.210,0:58:33.310
redirected apartment offering your

0:58:30.250,0:58:35.830
services and volunteers our policy has

0:58:33.310,0:58:37.780
been to only really put out volunteer

0:58:35.830,0:58:40.660
opportunities when I need volunteers so

0:58:37.780,0:58:43.780
that's what I'm trying to let people

0:58:40.660,0:58:46.030
know and that we are creating a database

0:58:43.780,0:58:48.310
with their contact information and we

0:58:46.030,0:58:51.190
will reach out to them with volunteer

0:58:48.310,0:58:53.260
app opportunities as they arise we don't

0:58:51.190,0:58:55.000
have too many activities going on right

0:58:53.260,0:58:57.900
now so there really isn't too much of a

0:58:55.000,0:59:00.010
need for it also have been working with

0:58:57.900,0:59:03.850
John arch to

0:59:00.010,0:59:05.590
determine what kind of coverage we need

0:59:03.850,0:59:08.050
as far as insurance coverage what kind

0:59:05.590,0:59:10.900
of information we need to get from

0:59:08.050,0:59:14.050
volunteers disclaimers and stuff to

0:59:10.900,0:59:17.080
allow people to mean certain activities

0:59:14.050,0:59:19.270
that welcome to help us with um I think

0:59:17.080,0:59:22.270
that's just about everything that I can

0:59:19.270,0:59:24.480
report on I do have a question because I

0:59:22.270,0:59:28.690
thought maybe EDC we green up there

0:59:24.480,0:59:30.609
there is um an effort to put some flags

0:59:28.690,0:59:31.750
up on the lamppost so I don't know if

0:59:30.609,0:59:35.619
they're planning on saying something

0:59:31.750,0:59:38.080
about that I know that there was a horn

0:59:35.619,0:59:40.570
put up up by Stefano's so that people

0:59:38.080,0:59:43.180
could see what what they look like and

0:59:40.570,0:59:44.470
what they're planning I'm doing by my I

0:59:43.180,0:59:47.980
thought they were coming to the board

0:59:44.470,0:59:53.200
tonight with a more extensive proposal

0:59:47.980,0:59:54.760
on it did you know after after we get

0:59:53.200,0:59:56.140
done talking we do the trustees if

0:59:54.760,1:00:02.100
trustees want to talk I'd like to talk

0:59:56.140,1:00:05.440
about that I know that Flags I can help

1:00:02.100,1:00:06.910
okay I just I just know you know I

1:00:05.440,1:00:08.320
thought the intent was that they were

1:00:06.910,1:00:11.590
going to be bringing it to the board

1:00:08.320,1:00:12.700
tonight that was what they asked me to

1:00:11.590,1:00:14.530
bring to the board I could bring it to

1:00:12.700,1:00:18.070
the board now a blank or I could wait

1:00:14.530,1:00:19.780
till after we're done here okay you want

1:00:18.070,1:00:23.970
me to that's all I got to report if

1:00:19.780,1:00:23.970
anybody has any questions I can answer

1:00:33.150,1:00:37.600
may I can touch on the flag that we hung

1:00:35.800,1:00:40.930
up by stefanos when I sent pictures to

1:00:37.600,1:00:45.280
the board last night if you want to talk

1:00:40.930,1:00:46.180
about it now yes all right so uh last

1:00:45.280,1:00:49.270
night

1:00:46.180,1:00:50.350
Trent Atkinson and I hung a flag up in

1:00:49.270,1:00:52.960
front of stuff funnels on the new

1:00:50.350,1:00:57.550
delayed polls I think it looks pretty

1:00:52.960,1:01:00.250
cool I like the idea and training has

1:00:57.550,1:01:03.190
come up with a plan and I again another

1:01:00.250,1:01:05.890
great idea and maybe maybe two bills can

1:01:03.190,1:01:09.100
sponsor a couple flags himself but the

1:01:05.890,1:01:13.210
way he's looking to do it is is you

1:01:09.100,1:01:13.839
would buy the flag online on I want to

1:01:13.210,1:01:18.489
say it's on

1:01:13.839,1:01:20.589
and you would buy the flag and you can

1:01:18.489,1:01:24.489
have a ship to your house or you can

1:01:20.589,1:01:27.339
ship it the trench to his address and we

1:01:24.489,1:01:31.869
have and we will would hang them on the

1:01:27.339,1:01:37.329
light poles as we get them in and I I

1:01:31.869,1:01:38.769
mean I think we have 15 loopholes as of

1:01:37.329,1:01:41.199
right now through the village and there

1:01:38.769,1:01:44.699
might be a total of 30 altogether I want

1:01:41.199,1:01:46.989
to say maybe wrong on that number so I

1:01:44.699,1:01:49.180
was hanging the flights last night with

1:01:46.989,1:01:52.809
Trent he was sick he was talking maybe

1:01:49.180,1:01:54.579
going every other hole with an American

1:01:52.809,1:01:57.489
flag this way it's not every light pole

1:01:54.579,1:01:59.229
has an American flag on it and maybe we

1:01:57.489,1:02:02.019
can come up with something different on

1:01:59.229,1:02:04.150
the other light pole that doesn't have

1:02:02.019,1:02:07.779
the American flag I'm not quite sure

1:02:04.150,1:02:10.479
what we want to do yet maybe there is

1:02:07.779,1:02:13.509
one thing out there that Adam Lord snow

1:02:10.479,1:02:15.039
made up and I kind of like the idea but

1:02:13.509,1:02:16.749
I don't have to I don't have it in front

1:02:15.039,1:02:19.719
of me tonight where I can throw anybody

1:02:16.749,1:02:21.339
but this he has a sticker and the

1:02:19.719,1:02:23.949
village' Walker's gold sticker and it's

1:02:21.339,1:02:26.709
red white and blue and it's a pretty

1:02:23.949,1:02:29.589
cool I guess you would say logo as you

1:02:26.709,1:02:32.019
would say I just like the print of it

1:02:29.589,1:02:34.059
looks looks nice and something different

1:02:32.019,1:02:36.369
there goes to the village and the flags

1:02:34.059,1:02:38.439
are I think they'll help us out of them

1:02:36.369,1:02:40.569
make make it make them light poles

1:02:38.439,1:02:42.459
really stand out during the day they

1:02:40.569,1:02:45.009
stand out at night the light is there

1:02:42.459,1:02:46.929
nice and bright pretty and I just think

1:02:45.009,1:02:49.660
it'll make the moving into the downtown

1:02:46.929,1:02:54.279
area and going down West Main Street I

1:02:49.660,1:02:55.900
think it'd look nicely and pop so I mean

1:02:54.279,1:02:58.380
I don't know if the village board would

1:02:55.900,1:03:01.689
be interested in sponsoring a flag or

1:02:58.380,1:03:03.069
eggs or whatever I know there are I

1:03:01.689,1:03:07.449
think he paid like twenty six dollars

1:03:03.069,1:03:12.999
for that one flag so I think it's a

1:03:07.449,1:03:16.599
great idea and we want to do more with

1:03:12.999,1:03:20.130
that the light poles I kind of like the

1:03:16.599,1:03:23.700
idea of having all match

1:03:20.130,1:03:26.800
more that I and maybe putting the

1:03:23.700,1:03:29.740
something different in one location

1:03:26.800,1:03:36.400
instead of every other poll I don't know

1:03:29.740,1:03:39.250
how you guys we can discuss mean we

1:03:36.400,1:03:41.470
definitely see more of American flags on

1:03:39.250,1:03:43.690
no polls they they've been hung hanging

1:03:41.470,1:03:45.700
or they've been almost up for almost a

1:03:43.690,1:03:49.300
year now and really nothing's been on it

1:03:45.700,1:03:51.310
and now we're into July and we're

1:03:49.300,1:03:57.430
starting to do something I mean I think

1:03:51.310,1:04:03.070
it would be great it looks nice so if I

1:03:57.430,1:04:06.490
may the how many total polls do we have

1:04:03.070,1:04:08.650
total number of polls as of right now I

1:04:06.490,1:04:10.390
think there's 13 I counted the other day

1:04:08.650,1:04:12.220
I could be wrong in a number but I'm

1:04:10.390,1:04:15.550
pretty close to that number I'm pretty

1:04:12.220,1:04:19.000
short of 13 maybe 15 tops I wouldn't

1:04:15.550,1:04:21.100
imagine that that would if we open that

1:04:19.000,1:04:24.010
up and people can buy them I'm sure that

1:04:21.100,1:04:26.320
that would go relatively quick I'm sure

1:04:24.010,1:04:29.410
with you so we would have to provide

1:04:26.320,1:04:31.270
them before with the information to go

1:04:29.410,1:04:32.620
online or whatever they do to purchase

1:04:31.270,1:04:34.540
them and how to get the flags to the

1:04:32.620,1:04:36.520
right place so and the other thing is

1:04:34.540,1:04:39.490
you don't want to oversell it so that

1:04:36.520,1:04:42.970
you have more than 13 being bought

1:04:39.490,1:04:45.460
because I tried by what Ward's gonna buy

1:04:42.970,1:04:48.880
one now we're down to 11 there's one on

1:04:45.460,1:04:51.910
there so that's that's 10 so I could see

1:04:48.880,1:04:53.710
it going relatively quick yeah we have

1:04:51.910,1:04:57.910
to make sure that that's done correctly

1:04:53.710,1:05:03.100
and to Matt's point about the the other

1:04:57.910,1:05:06.070
I mean I don't think that 13 lampposts

1:05:03.100,1:05:08.230
is enough to put something else on there

1:05:06.070,1:05:09.940
I think that if you put the flags on

1:05:08.230,1:05:11.830
there I think it would probably make a

1:05:09.940,1:05:13.540
real nice presence it's not going to be

1:05:11.830,1:05:14.650
overwhelming and who's going to argue

1:05:13.540,1:05:16.270
with the flag

1:05:14.650,1:05:19.900
why should say that in today's day and

1:05:16.270,1:05:22.780
age but I don't think the flag is gonna

1:05:19.900,1:05:26.200
draw too many issues so I don't think

1:05:22.780,1:05:28.570
you either but I mean alacrity interact

1:05:26.200,1:05:30.280
real quick I'm not sure how many new

1:05:28.570,1:05:32.200
light poles are going on West Main

1:05:30.280,1:05:36.630
Street maybe the mayor knows how many

1:05:32.200,1:05:41.319
total is going to be listening so he

1:05:36.630,1:05:43.839
knows her for well there goes to start

1:05:41.319,1:05:45.700
that pedestrian sidewalk project would

1:05:43.839,1:05:48.339
new like moonlighting on West Main

1:05:45.700,1:05:52.030
Street going up the hill from Givens

1:05:48.339,1:05:57.640
Avenue all the way to church three into

1:05:52.030,1:05:59.200
for any restart yes so I don't I don't

1:05:57.640,1:06:01.450
know exactly how many there would be

1:05:59.200,1:06:06.849
there or they did you say that he's

1:06:01.450,1:06:10.420
there \$26 each yeah \$26 each he's got

1:06:06.849,1:06:12.640
him on Amazon I can get the I can I can

1:06:10.420,1:06:16.059
get the measurements from him I want to

1:06:12.640,1:06:19.150
say you're 30 inches long I want to say

1:06:16.059,1:06:20.740
and maybe 12 its Amazon I should just

1:06:19.150,1:06:23.980
take a picture of the page and put it

1:06:20.740,1:06:25.660
out there and then find out what to sign

1:06:23.980,1:06:27.339
them up you don't want to oversell it to

1:06:25.660,1:06:28.900
where you got you know I know you don't

1:06:27.339,1:06:34.740
want a hundred of them but you know it's

1:06:28.900,1:06:39.670
a nice idea oh it's great can I just

1:06:34.740,1:06:41.589
yeah that's something I think you know I

1:06:39.670,1:06:43.630
think you should probably check with

1:06:41.589,1:06:47.349
Trent because they might have already

1:06:43.630,1:06:49.210
covered these costs already um so I

1:06:47.349,1:06:51.280
think that you need to open the

1:06:49.210,1:06:52.990
discussion with him because that that

1:06:51.280,1:06:56.230
was what he'd like me to believe is that

1:06:52.990,1:06:58.030
they already have enough money to

1:06:56.230,1:07:00.400
purchase whatever flies they need for

1:06:58.030,1:07:02.440
all the goals right now and any new

1:07:00.400,1:07:04.720
phones coming in and I can tell you for

1:07:02.440,1:07:09.549
a fact that I know we have more than 13

1:07:04.720,1:07:13.900
right now it's not alone on the bridge

1:07:09.549,1:07:15.579
there you go so um you know I I think

1:07:13.900,1:07:17.319
you have to have a conversation with

1:07:15.579,1:07:20.680
Trent and find out where he's at with

1:07:17.319,1:07:23.349
this because oh I just texted him about

1:07:20.680,1:07:25.359
it back and forth and I I was led to

1:07:23.349,1:07:28.180
believe that he already had the funding

1:07:25.359,1:07:29.950
covered and that this prototype was to

1:07:28.180,1:07:33.250
give you guys a look and get your

1:07:29.950,1:07:37.619
approval to put them up on that was that

1:07:33.250,1:07:39.880
was the last message I had from him so

1:07:37.619,1:07:41.079
what this tells me at this point is

1:07:39.880,1:07:44.650
we're missing information

1:07:41.079,1:07:45.609
so if trustee Huber if you're you're

1:07:44.650,1:07:47.440
willing to pick up

1:07:45.609,1:07:55.059
the baton on this maybe we'd be just

1:07:47.440,1:07:57.489
authorize you to see it through and also

1:07:55.059,1:08:00.489
make sure that we account for the total

1:07:57.489,1:08:03.130
number of poles once the tap project

1:08:00.489,1:08:04.660
goes up the hill and on the West Main

1:08:03.130,1:08:06.220
Street so that if we're gonna purchase

1:08:04.660,1:08:08.259
some we purchased them so they could

1:08:06.220,1:08:11.200
walk right away but I think one person

1:08:08.259,1:08:14.410
should deal with it and we should

1:08:11.200,1:08:16.869
validate what Cindy just said and make

1:08:14.410,1:08:18.790
sure that there are if there is enough

1:08:16.869,1:08:20.440
money in their allocated or if they

1:08:18.790,1:08:22.299
purchased them if there's enough flags

1:08:20.440,1:08:23.980
right now then there's no need to

1:08:22.299,1:08:26.909
purchase flags we just got to get them

1:08:23.980,1:08:30.819
up I'll be in contact with Trent

1:08:26.909,1:08:32.560
probably tomorrow morning and okay I'll

1:08:30.819,1:08:35.020
get the information on the flags out

1:08:32.560,1:08:37.929
I'll call I'll reach out to Nancy or

1:08:35.020,1:08:39.730
John the engineers and see how many

1:08:37.929,1:08:43.119
light poles that are going on West Main

1:08:39.730,1:08:44.739
Street and we can go from there

1:08:43.119,1:08:46.949
I think what we're just looking forward

1:08:44.739,1:08:51.130
and make is the blessing from the board

1:08:46.949,1:08:55.409
for this group to purchase our through

1:08:51.130,1:08:58.540
these flags on the poles for the village

1:08:55.409,1:09:01.600
so how does the flag you you put the

1:08:58.540,1:09:04.389
flags up with trustee I mean yeah yeah

1:09:01.600,1:09:05.409
you put the flags up and had help

1:09:04.389,1:09:07.389
putting them up

1:09:05.409,1:09:10.259
yeah track 9 hung the one in front of

1:09:07.389,1:09:13.089
step one was last night it was very easy

1:09:10.259,1:09:16.719
there's no safety issues there no I

1:09:13.089,1:09:19.589
should we ladder the light pole itself

1:09:16.719,1:09:23.799
we I use an allen key to take the trace

1:09:19.589,1:09:26.920
the pole off with and it has a safety

1:09:23.799,1:09:29.619
clasp also and we put you know we took

1:09:26.920,1:09:33.279
it all off get it on the ground and we

1:09:29.619,1:09:35.170
put everything onto the pole we're the

1:09:33.279,1:09:42.100
way we found it this way everything safe

1:09:35.170,1:09:43.569
and the woman I fall down on anybody and

1:09:42.100,1:09:45.699
you're willing to see that project

1:09:43.569,1:09:47.170
project through I'm definitely willing

1:09:45.699,1:09:48.850
to see that project through I'd like to

1:09:47.170,1:09:53.980
see that bucket complete I think it'll

1:09:48.850,1:09:54.810
look nice to this village there I mean

1:09:53.980,1:09:56.940
it's only three

1:09:54.810,1:10:01.260
thirty-eight dollars to do all of them

1:09:56.940,1:10:02.850
so I don't know oh I don't I mean I'm

1:10:01.260,1:10:08.700
fine with it as soon as they get them

1:10:02.850,1:10:12.630
all and I don't have anything but so I

1:10:08.700,1:10:14.550
guess I mean do we do we need a motion

1:10:12.630,1:10:16.200
for the board approve the flags to go up

1:10:14.550,1:10:18.420
on the polls is that what we do you

1:10:16.200,1:10:21.600
think we should would probably be a good

1:10:18.420,1:10:26.130
idea is this for the concepts and for

1:10:21.600,1:10:28.080
them to be allowed I would like to make

1:10:26.130,1:10:30.930
that motion that we allow the flags to

1:10:28.080,1:10:33.690
go up there based on and that Kevin

1:10:30.930,1:10:36.330
trustee humeral Huber will spearhead the

1:10:33.690,1:10:40.890
project where they are do you know if

1:10:36.330,1:10:43.260
they're donating the flags to us concept

1:10:40.890,1:10:46.620
I was taking near donating the flags to

1:10:43.260,1:10:48.660
the village yes they were sponsoring a

1:10:46.620,1:10:51.330
flag the person would be sponsoring a

1:10:48.660,1:10:53.760
flag Indian you said that you believe

1:10:51.330,1:10:55.650
that they already have the flags in

1:10:53.760,1:10:57.930
their possession I don't know if they

1:10:55.650,1:11:00.420
have the flags in possession I know that

1:10:57.930,1:11:02.280
my my texting back and forth you're

1:11:00.420,1:11:05.280
trying to indicated that he had already

1:11:02.280,1:11:07.110
gotten enough funding and that I don't

1:11:05.280,1:11:09.390
know he was having two people live in

1:11:07.110,1:11:10.650
themselves or whatever so I think that's

1:11:09.390,1:11:12.780
why you have to have a conversation with

1:11:10.650,1:11:15.270
him but my understanding was is that he

1:11:12.780,1:11:17.430
felt that they had and all the flags of

1:11:15.270,1:11:20.010
they we mean not only for what we have

1:11:17.430,1:11:22.170
right now but also for the future holds

1:11:20.010,1:11:25.800
that are going into West Main Street and

1:11:22.170,1:11:28.170
that um they could already have somebody

1:11:25.800,1:11:29.850
that is making their they are just

1:11:28.170,1:11:33.900
standard American flags and what's

1:11:29.850,1:11:35.970
happening is that a volunteer is sewing

1:11:33.900,1:11:38.340
in another suite Eve at the bottom of

1:11:35.970,1:11:38.880
those flags so that they slide on to the

1:11:38.340,1:11:41.730
poles

1:11:38.880,1:11:44.580
um and I think he's got all the details

1:11:41.730,1:11:46.260
worked out so I I think really you just

1:11:44.580,1:11:47.850
need to believe it I think it's you know

1:11:46.260,1:11:50.790
it's a great idea to put something like

1:11:47.850,1:11:54.060
that up there um I know that last year

1:11:50.790,1:11:55.710
when the poles first went in on the

1:11:54.060,1:11:57.570
business association had also had a

1:11:55.710,1:11:59.880
conversation with ABC about what was

1:11:57.570,1:12:01.590
going out there and they had you know

1:11:59.880,1:12:03.570
they had some ideas that they wanted to

1:12:01.590,1:12:06.539
do so we backed off of a plan that we

1:12:03.570,1:12:08.789
were suggesting but I you know and it's

1:12:06.539,1:12:13.469
a very similar type of thing so I think

1:12:08.789,1:12:16.319
you go ahead with organized like it's

1:12:13.469,1:12:18.989
you know okay I think we're beating at

1:12:16.319,1:12:23.249
this point so I'll make a motion that

1:12:18.989,1:12:29.519
the flags we allow the flags to go up on

1:12:23.249,1:12:31.169
the polls now and that we I don't know

1:12:29.519,1:12:32.760
how we want to word this mayor but want

1:12:31.169,1:12:35.489
to allocate enough money to buy the

1:12:32.760,1:12:36.839
flags that are for all thirteen polls if

1:12:35.489,1:12:40.859
they're not already purchase

1:12:36.839,1:12:43.949
oh I'll second it and let me jump on to

1:12:40.859,1:12:45.899
Cindy seeing how they purchase it no

1:12:43.949,1:12:49.530
money will be transferred at rinse name

1:12:45.899,1:12:51.719
it's basically you go on the website and

1:12:49.530,1:12:53.429
I want to say it's on Amazon I want to

1:12:51.719,1:12:55.739
say he's getting from Amazon it this

1:12:53.429,1:12:59.249
light came from Amazon and you would

1:12:55.739,1:13:02.249
purchase the flag yourself you can

1:12:59.249,1:13:04.709
either have it shipped to Trent pentose

1:13:02.249,1:13:06.299
or you can ship it to your house and

1:13:04.709,1:13:09.959
deliver it to French house and he would

1:13:06.299,1:13:13.949
in take it to the volunteer and her name

1:13:09.959,1:13:15.809
is Anne and she would sew a sleeve on

1:13:13.949,1:13:18.809
the bottom to put it on that pole so

1:13:15.809,1:13:20.789
there's no money in to anybody else in

1:13:18.809,1:13:23.639
his hands it's just basically you pay

1:13:20.789,1:13:25.949
for online and it took through Amazon

1:13:23.639,1:13:27.719
and it goes through that way and you can

1:13:25.949,1:13:31.889
either bring it the trench house or mail

1:13:27.719,1:13:33.749
turns out that's how that we can we can

1:13:31.889,1:13:37.349
post that on them on the village website

1:13:33.749,1:13:38.729
and price this let me get it let me get

1:13:37.349,1:13:40.349
the information from make sure it's

1:13:38.729,1:13:50.039
definitely Amazon I he did say Amazon

1:13:40.349,1:13:53.429
buy one to check though I can only go

1:13:50.039,1:13:55.499
whoops my on speaker I have to go back

1:13:53.429,1:13:58.199
to my recreation report I just had a

1:13:55.499,1:14:04.709
text and I guess um with regards to the

1:13:58.199,1:14:05.510
hillside I'm sorry I thought I'm sorry

1:14:04.709,1:14:08.459
about that

1:14:05.510,1:14:11.099
okay so we have a motion we have a

1:14:08.459,1:14:15.119
second Scott could you repeat the motion

1:14:11.099,1:14:19.289
I that we allow the flags go on the

1:14:15.119,1:14:20.400
poles and we allow the purchase of the

1:14:19.289,1:14:22.860
flags the way they

1:14:20.400,1:14:28.650
trusty lay Huber laid out and that is

1:14:22.860,1:14:31.320
they could buy the flag on Amazon and we

1:14:28.650,1:14:32.730
can get it to the person that's gonna

1:14:31.320,1:14:37.460
show the flag and get him up on the

1:14:32.730,1:14:40.560
pulse for 13 polls okay

1:14:37.460,1:14:41.280
so is and we have a second all those in

1:14:40.560,1:14:45.620
favor

1:14:41.280,1:14:52.110
I met any opposed

1:14:45.620,1:14:57.150
okay sorry Cindy okay so do you want to

1:14:52.110,1:14:58.710
go back you're on I saw I'm sorry I get

1:14:57.150,1:15:00.750
confused as to what's going on in the

1:14:58.710,1:15:03.450
zoom stuff so you just needed to go back

1:15:00.750,1:15:07.290
and reopen my wreck report I just had a

1:15:03.450,1:15:09.360
text saying that the she throat PTA is

1:15:07.290,1:15:11.610
not going to be donating that piece of

1:15:09.360,1:15:13.440
equipment to us so that's off the table

1:15:11.610,1:15:15.660
and just wanted to be really out of it I

1:15:13.440,1:15:23.270
wasn't aware of it until I got the text

1:15:15.660,1:15:23.270
so that's it okay

1:15:39.059,1:15:47.969
okay the next item is John cards do you

1:15:44.039,1:15:51.829
want to talk to us about safety okay

1:15:47.969,1:15:54.480
just up-to-date update the board that

1:15:51.829,1:15:56.070
two of my five members of the committee

1:15:54.480,1:15:59.550
are no longer on the committee that

1:15:56.070,1:16:02.309
would be lotto and Amanda peeps so I'll

1:15:59.550,1:16:06.000
be looking for two more replacements the

1:16:02.309,1:16:09.539
PPE inventory is adequate on all

1:16:06.000,1:16:11.639
departments at the moment I found a

1:16:09.539,1:16:15.000
contractor who will be hanging lexan

1:16:11.639,1:16:23.280
that's a form of plexiglass if you don't

1:16:15.000,1:16:25.949
know probably this weekend so that will

1:16:23.280,1:16:29.719
take care of the court they are going to

1:16:25.949,1:16:33.510
open up and you probably read sue

1:16:29.719,1:16:35.849
O'Sullivan's report or sue Sullivan's

1:16:33.510,1:16:37.050
report that they're going to have court

1:16:35.849,1:16:38.760
on the 14th

1:16:37.050,1:16:41.460
so the plexiglass will need to be in

1:16:38.760,1:16:47.539
place for the lexan by then and it will

1:16:41.460,1:16:50.809
be that's it okay any questions on

1:16:47.539,1:17:05.309
safety you did some other stuff with

1:16:50.809,1:17:09.900
nightmare nightmare or it didn't you

1:17:05.309,1:17:18.030
work on some other safety items as far

1:17:09.900,1:17:20.099
as workplace violence yeah we that was a

1:17:18.030,1:17:22.590
resolution tonight that we had earlier

1:17:20.099,1:17:24.989
oh no I thought you did further work on

1:17:22.590,1:17:26.639
the we already had we already had all

1:17:24.989,1:17:30.630
that in place we held our annual

1:17:26.639,1:17:34.710
training back in January and each year

1:17:30.630,1:17:38.070
now we coordinate with our comp carrier

1:17:34.710,1:17:41.579
perma who provides free of charge the

1:17:38.070,1:17:46.770
training by a consultant for the entire

1:17:41.579,1:17:47.710
village employees and we we did that

1:17:46.770,1:17:50.440
then

1:17:47.710,1:17:52.989
and nine mirror is also offering up the

1:17:50.440,1:17:55.270
same training but we've already done it

1:17:52.989,1:17:57.040
and I'd like to stay with perma we've

1:17:55.270,1:18:00.489
done it now two years in a row with them

1:17:57.040,1:18:02.770
at the beginning of each year and you

1:18:00.489,1:18:06.700
know the contractor that they hire does

1:18:02.770,1:18:08.800
a very thorough job and for those who

1:18:06.700,1:18:11.350
don't attend that training do have an

1:18:08.800,1:18:13.780
opportunity to do it online and they and

1:18:11.350,1:18:16.810
we make sure they do do it online and

1:18:13.780,1:18:19.600
any new employees that are hired during

1:18:16.810,1:18:22.750
the year also have to have that training

1:18:19.600,1:18:26.800
shortly after they're hired and it's in

1:18:22.750,1:18:29.310
their hiring package as well okay and

1:18:26.800,1:18:32.650
you did somewhat of a review of that

1:18:29.310,1:18:37.000
just this week I think right correct I

1:18:32.650,1:18:39.190
did okay very good that's important for

1:18:37.000,1:18:43.440
us because we get audited on that I just

1:18:39.190,1:18:47.080
want to thank John for taking on this

1:18:43.440,1:18:52.390
activity for the board all right so the

1:18:47.080,1:18:55.120
next item is the water board has in the

1:18:52.390,1:18:57.690
water department as long and as well as

1:18:55.120,1:19:03.190
our engineers have been putting together

1:18:57.690,1:19:06.989
the EFC the engineers have been working

1:19:03.190,1:19:09.580
on the design for contract five and

1:19:06.989,1:19:10.719
they've been meeting with the

1:19:09.580,1:19:14.700
environmental facilities corporation

1:19:10.719,1:19:19.830
we've got a long list of required

1:19:14.700,1:19:22.900
documentation and they accelerated the

1:19:19.830,1:19:24.460
request for information so usually we

1:19:22.900,1:19:26.530
would give this information to them

1:19:24.460,1:19:33.190
around October they've asked for it by

1:19:26.530,1:19:36.219
August because they are in they are so

1:19:33.190,1:19:40.360
backed up at the state level with their

1:19:36.219,1:19:43.239
review given the work situation for so

1:19:40.360,1:19:47.200
many of the employees so that's being

1:19:43.239,1:19:49.810
worked on the USDA application an

1:19:47.200,1:19:53.110
application is being put together for a

1:19:49.810,1:19:55.810
filtration plant to see if where we can

1:19:53.110,1:19:57.300
be eligible for a grant funding to take

1:19:55.810,1:20:02.520
care of that

1:19:57.300,1:20:07.340
and we continue to work on the water

1:20:02.520,1:20:11.100
board with issues that surround

1:20:07.340,1:20:15.180
distribution of water and those items

1:20:11.100,1:20:16.800
the those maintenance items those

1:20:15.180,1:20:22.220
regular maintenance items that we have

1:20:16.800,1:20:24.570
to take care of and we also had a scare

1:20:22.220,1:20:26.640
where we thought that we were having a

1:20:24.570,1:20:28.830
major leak but it turned out that with

1:20:26.640,1:20:31.080
the drought with the number of people

1:20:28.830,1:20:36.450
who were filling up pools that there was

1:20:31.080,1:20:41.520
a large usage of water in the last two

1:20:36.450,1:20:44.640
months that caused us concern but that

1:20:41.520,1:20:47.360
seems to have leveled out so that's

1:20:44.640,1:20:52.950
pretty much everything that was going on

1:20:47.360,1:20:58.950
with the water department and the water

1:20:52.950,1:21:01.020
fund are there any items that you want

1:20:58.950,1:21:07.950
to talk about for personnel trustee

1:21:01.020,1:21:11.640
Davis no personnel we've had you know

1:21:07.950,1:21:15.600
folks resign that we haven't really had

1:21:11.640,1:21:19.590
anything so okay all right thank you and

1:21:15.600,1:21:22.860
then as far as the super fund goes the

1:21:19.590,1:21:24.690
village has been working with the town

1:21:22.860,1:21:26.750
not only on the inner municipal

1:21:24.690,1:21:32.480
connection of drinking water but also

1:21:26.750,1:21:35.940
with the work we're very interested in

1:21:32.480,1:21:38.720
reducing the number of sewer outfalls

1:21:35.940,1:21:43.880
that go into Wappingers Creek because

1:21:38.720,1:21:47.610
our fecal coliform count has quadrupled

1:21:43.880,1:21:51.360
since the 1999 natural resource

1:21:47.610,1:21:55.620
management plan sampling was done so

1:21:51.360,1:21:58.710
when we did the 2019 sampling we saw

1:21:55.620,1:22:01.830
that the fecal coliform counts were four

1:21:58.710,1:22:06.000
times as high as I were when they were

1:22:01.830,1:22:08.470
counted in 1999 there were six times to

1:22:06.000,1:22:12.910
high so this is just an incredible

1:22:08.470,1:22:16.630
amount of outfall that is must be going

1:22:12.910,1:22:18.790
in from septic systems from sewer plants

1:22:16.630,1:22:20.500
and as well as agricultural fecal

1:22:18.790,1:22:23.860
coliform that might be coming into the

1:22:20.500,1:22:25.990
system so for those reasons and as well

1:22:23.860,1:22:30.130
as the phosphorus and the nitrates we

1:22:25.990,1:22:33.760
continue to try to look at new ways of

1:22:30.130,1:22:41.950
controlling at the village met with the

1:22:33.760,1:22:45.340
a representative of biochar and we

1:22:41.950,1:22:47.470
talked about using biochar and a pilot

1:22:45.340,1:22:49.630
project that would go along with the

1:22:47.470,1:22:54.310
grant that we have from New York State

1:22:49.630,1:22:56.740
to study what the what nutrients are

1:22:54.310,1:23:00.220
coming downstream into web and Jarrett

1:22:56.740,1:23:05.980
Lake and what we're looking to do is to

1:23:00.220,1:23:08.410
use biochar we're a sewer outfall to put

1:23:05.980,1:23:09.730
it in contact with the the effluent

1:23:08.410,1:23:13.870
that's coming out of the sewer outfall

1:23:09.730,1:23:18.010
and goes into the watershed and to do

1:23:13.870,1:23:22.570
sampling with that treated effluent to

1:23:18.010,1:23:25.750
see if biochar does indeed work as they

1:23:22.570,1:23:29.500
claim and to use that evidence to

1:23:25.750,1:23:33.040
encourage other sewer systems upstream

1:23:29.500,1:23:36.850
to use biochar as well as possibly using

1:23:33.040,1:23:43.060
it with other drainage systems that also

1:23:36.850,1:23:45.850
put treated drainage or untreated

1:23:43.060,1:23:52.170
drainage into the creek so we would see

1:23:45.850,1:23:52.170
how useful this would be as a treatment

1:23:54.030,1:23:59.410
so the village of Weapon Jers Falls is

1:23:56.980,1:24:03.370
working with the town of whop injure on

1:23:59.410,1:24:06.670
a and as well as the town of

1:24:03.370,1:24:09.670
Poughkeepsie on upgrades to the Tri

1:24:06.670,1:24:14.110
municipal sewer commission's treatment

1:24:09.670,1:24:16.450
plant to see if it can increase the

1:24:14.110,1:24:19.930
capacity at the plant so that we can

1:24:16.450,1:24:20.630
divert some of these aging sewer systems

1:24:19.930,1:24:24.500
and set

1:24:20.630,1:24:27.110
systems in to try municipal instead of

1:24:24.500,1:24:30.440
having them treat and put out that

1:24:27.110,1:24:33.949
fluent into the creek so there's going

1:24:30.440,1:24:36.650
to be a map plan and report presented to

1:24:33.949,1:24:39.080
try municipal sewer commission tomorrow

1:24:36.650,1:24:42.350
morning at eleven o'clock and we'll be

1:24:39.080,1:24:44.210
taking a look at that to see what they

1:24:42.350,1:24:46.100
say it will also be using that

1:24:44.210,1:24:50.120
information and a future grant

1:24:46.100,1:24:51.650
application with the state for funding

1:24:50.120,1:24:55.190
that would go for all three

1:24:51.650,1:24:56.570
municipalities so that's some of the

1:24:55.190,1:24:59.120
work that we've been doing with the

1:24:56.570,1:25:03.590
sewer fund we have quarry use of it on

1:24:59.120,1:25:05.420
the call with our grant as our grant

1:25:03.590,1:25:07.400
administrator and grant writer and

1:25:05.420,1:25:09.080
quarry you want to address the board as

1:25:07.400,1:25:14.360
far as what you've been working on for

1:25:09.080,1:25:16.400
the village yes hello everybody so a

1:25:14.360,1:25:20.480
couple of things Matt just touched up on

1:25:16.400,1:25:23.030
the USDA as he said we the village

1:25:20.480,1:25:25.699
actually did their side it sits on

1:25:23.030,1:25:27.530
Casey's hands now but according to them

1:25:25.699,1:25:31.370
they're pretty ahead of schedule on it

1:25:27.530,1:25:33.460
so that should be getting done kind of

1:25:31.370,1:25:36.320
Sooners definitely before the deadline

1:25:33.460,1:25:39.520
try Muni as he said would once they have

1:25:36.320,1:25:41.780
that meeting and all we hope to get a

1:25:39.520,1:25:43.909
contractor hired and put that

1:25:41.780,1:25:47.929
implemented either later this year early

1:25:43.909,1:25:50.330
next year which we really good tap has

1:25:47.929,1:25:53.060
technically started on West Main

1:25:50.330,1:25:55.070
but obviously they haven't actually

1:25:53.060,1:25:57.469
started construction yet I guess

1:25:55.070,1:26:00.980
apparently they're going to start next

1:25:57.469,1:26:04.699
week which will be inconvenient but we

1:26:00.980,1:26:06.920
do get better sidewalks out of it for a

1:26:04.699,1:26:09.830
Near East Park I'm sure most of you had

1:26:06.920,1:26:11.780
passed it they are working they have the

1:26:09.830,1:26:14.600
brick walls up now which is looking

1:26:11.780,1:26:18.860
actually pretty nice so it's good to see

1:26:14.600,1:26:21.739
progress there our EPA has been sent in

1:26:18.860,1:26:24.380
we're just waiting for feedback from

1:26:21.739,1:26:27.650
them and then our phase ones are done

1:26:24.380,1:26:30.710
which is some very minimal testing at

1:26:27.650,1:26:34.460
our base all right could you describe

1:26:30.710,1:26:36.920
what the EPA grant is about so

1:26:34.460,1:26:39.200
so this is the this is our brownfield

1:26:36.920,1:26:42.380
grant we have various properties

1:26:39.200,1:26:45.590
throughout the village that we felt are

1:26:42.380,1:26:48.110
potential to have contamination that'd

1:26:45.590,1:26:51.560
be a Mill Street parking lot temple

1:26:48.110,1:26:54.620
field Frannie Reece originally and

1:26:51.560,1:26:56.860
doubly tree Frannie Reece has been

1:26:54.620,1:26:59.390
passed no contamination which is why

1:26:56.860,1:27:02.150
construction is underway there the other

1:26:59.390,1:27:04.850
three have well I shouldn't say that

1:27:02.150,1:27:07.489
Mill Street and temple had been shown to

1:27:04.850,1:27:10.790
have contamination those phase ones are

1:27:07.489,1:27:12.890
done we're about to start phase two the

1:27:10.790,1:27:15.500
Bleacher II we had some trouble I think

1:27:12.890,1:27:18.710
I touched upon it last week the EPA

1:27:15.500,1:27:20.960
didn't know whether or not we had access

1:27:18.710,1:27:23.750
to it so we proved to them over the

1:27:20.960,1:27:26.510
winter we did and testing has now gone

1:27:23.750,1:27:29.530
on there we're about to finish phase one

1:27:26.510,1:27:33.050
there and we assume there's going to be

1:27:29.530,1:27:34.910
contamination because it's bleachy and

1:27:33.050,1:27:37.160
then at that point phase two can begin

1:27:34.910,1:27:40.040
which is when they really start getting

1:27:37.160,1:27:44.380
in testing it heavily and then hopefully

1:27:40.040,1:27:46.850
starting to clean that stuff up LWR p

1:27:44.380,1:27:50.719
which is with the water mat again

1:27:46.850,1:27:53.210
touched upon that we are hoping assuming

1:27:50.719,1:27:57.340
testing those are right with biochar we

1:27:53.210,1:27:59.840
are considering using some of our LW RP

1:27:57.340,1:28:02.660
incorporating biochar into that project

1:27:59.840,1:28:06.560
to help with funding so we're gonna put

1:28:02.660,1:28:09.650
that at various locations money by sewer

1:28:06.560,1:28:11.930
drains if again if it is passed and goes

1:28:09.650,1:28:14.150
underway to see if that maybe starts to

1:28:11.930,1:28:16.130
clean up some of the water but other

1:28:14.150,1:28:19.540
than that we have had a lot of

1:28:16.130,1:28:21.800
back-and-forth with not only KC but also

1:28:19.540,1:28:23.710
members of the Wappingers

1:28:21.800,1:28:28.280
inter-municipal

1:28:23.710,1:28:30.830
watershed and they they have given

1:28:28.280,1:28:32.480
really good feedback on this big list

1:28:30.830,1:28:34.820
were making for for all the

1:28:32.480,1:28:37.910
municipalities to look into certain

1:28:34.820,1:28:40.250
things to do and so we still need a plan

1:28:37.910,1:28:42.290
a meeting another public meeting for

1:28:40.250,1:28:46.540
that but hopefully that will happen soon

1:28:42.290,1:28:50.070
whether it's in person or via zoom

1:28:46.540,1:28:55.000
the boathouse we did get word back from

1:28:50.070,1:28:59.950
our from the contractors we have onto it

1:28:55.000,1:29:02.350
we do have an additional supply that was

1:28:59.950,1:29:05.410
considered but for the initial price

1:29:02.350,1:29:08.530
gibbon was it was going to be an extra

1:29:05.410,1:29:10.989
80 we didn't want that it's now in talks

1:29:08.530,1:29:12.670
that it might not be that much so we

1:29:10.989,1:29:16.630
want to have a sit-down with them and

1:29:12.670,1:29:19.930
the architect and really hash out how

1:29:16.630,1:29:21.489
much money it will be I if it's too much

1:29:19.930,1:29:24.100
we're just not gonna go forward with it

1:29:21.489,1:29:27.580
what was that for that is for the

1:29:24.100,1:29:29.860
boathouse we we had a bit of what it was

1:29:27.580,1:29:32.680
for but and we wanted we want to sit

1:29:29.860,1:29:34.570
down and really hash out what the

1:29:32.680,1:29:36.670
additional money would be for before we

1:29:34.570,1:29:39.880
even tell him to go forward with it so

1:29:36.670,1:29:41.470
right it was proposed and we want to

1:29:39.880,1:29:44.140
really sit down with them and see what

1:29:41.470,1:29:46.360
it will be for if it's worth it if it's

1:29:44.140,1:29:50.410
80,000 we have probably won't go forward

1:29:46.360,1:29:52.300
with it but it wasn't if we do end up

1:29:50.410,1:29:54.550
bringing it back to the board it would

1:29:52.300,1:29:57.970
be something that the board would vote

1:29:54.550,1:30:00.900
on and and look at so it had to do with

1:29:57.970,1:30:07.380
a change in the way that they did

1:30:00.900,1:30:07.380
ventilation cooling and heating system

1:30:08.580,1:30:17.170
other than that we back to the EPA for a

1:30:15.460,1:30:19.000
second why you got a pause with yeah

1:30:17.170,1:30:21.340
what was the footprint that they were

1:30:19.000,1:30:25.570
looking at down there that the bleach

1:30:21.340,1:30:28.300
one the bleacher the two buildings one

1:30:25.570,1:30:32.920
it's on the I guess would be the

1:30:28.300,1:30:34.750
Southside not Jack Fettig inside it were

1:30:32.920,1:30:38.050
the two buildings were watching one

1:30:34.750,1:30:41.160
still there but ones not there kind of

1:30:38.050,1:30:43.239
closest to the entrance to the right I

1:30:41.160,1:30:45.940
don't have you know the part I don't

1:30:43.239,1:30:47.320
know but that's that's the section

1:30:45.940,1:30:50.200
they're looking at not they didn't go

1:30:47.320,1:30:51.640
inside the buildings yet but we do know

1:30:50.200,1:30:54.460
the building's obviously there's no

1:30:51.640,1:30:57.410
floor in there so we want to get tests

1:30:54.460,1:30:59.960
in the building's as well

1:30:57.410,1:31:03.740
uh and then another thing would be we

1:30:59.960,1:31:05.450
want to make a PowerPoint for some of

1:31:03.740,1:31:07.430
the various projects we are looking

1:31:05.450,1:31:09.380
forward to doing it might not be a

1:31:07.430,1:31:12.560
PowerPoint it might just these slides or

1:31:09.380,1:31:14.540
things we put out and we want to have

1:31:12.560,1:31:18.470
either a public meeting or just simply

1:31:14.540,1:31:21.170
again send it out social media if people

1:31:18.470,1:31:24.290
don't want to meet and get a sort of

1:31:21.170,1:31:26.150
public synopsis on certain areas we want

1:31:24.290,1:31:27.770
to work on and get a feel for what the

1:31:26.150,1:31:30.620
community would like to see in those

1:31:27.770,1:31:33.800
areas you know example be Franny Reed or

1:31:30.620,1:31:36.590
not frenemies Falls View Park for

1:31:33.800,1:31:38.480
instance we you know have a concept for

1:31:36.590,1:31:42.740
what we want but of course we want to

1:31:38.480,1:31:43.820
get public input for those places and so

1:31:42.740,1:31:46.580
lat

1:31:43.820,1:31:48.140
so that's the PowerPoint lastly I don't

1:31:46.580,1:31:51.380
know if we talked about bein oh we did

1:31:48.140,1:31:53.530
talk about bein um how we put a down

1:31:51.380,1:31:55.550
payment for the playground equipment and

1:31:53.530,1:31:58.040
we're gonna store those and probably

1:31:55.550,1:32:01.550
start setting up by next year so it can

1:31:58.040,1:32:04.810
be used for this summer and I think

1:32:01.550,1:32:04.810
that's all I have for the past two weeks

1:32:05.050,1:32:10.690
any uh any questions from anybody I

1:32:11.350,1:32:16.310
question Laurie yeah I just wanted it

1:32:14.930,1:32:19.100
please city Latino I just want to

1:32:16.310,1:32:20.870
clarify that we aren't storing that

1:32:19.100,1:32:22.940
playground equipment that was part of

1:32:20.870,1:32:26.330
the purchase order agreement that we

1:32:22.940,1:32:28.130
signed with compact they will not start

1:32:26.330,1:32:30.980
to produce it until we're ready to take

1:32:28.130,1:32:32.780
possession of it and install it there is

1:32:30.980,1:32:36.190
one of the reasons for moving ahead on

1:32:32.780,1:32:40.010
on the purchase order and the \$10,000

1:32:36.190,1:32:42.770
down payment on the fitment we should

1:32:40.010,1:32:45.290
also just make everybody aware the fact

1:32:42.770,1:32:49.040
that this is a considerable savings for

1:32:45.290,1:32:51.530
us by doing it they are holding a 2019

1:32:49.040,1:32:54.470
price on that equipment as well as the

1:32:51.530,1:32:56.780
price on the installation and also on

1:32:54.470,1:32:58.340
the shipping charges so we're really

1:32:56.780,1:32:59.720
appreciative I think in the long run

1:32:58.340,1:33:04.310
that will probably save us more like you

1:32:59.720,1:33:06.440
think that's about I stand corrected but

1:33:04.310,1:33:09.270
that is really good to know so thank you

1:33:06.440,1:33:11.370
for that okay

1:33:09.270,1:33:15.140
Thank You Cory if there's no other

1:33:11.370,1:33:18.989
questions I'm going to go back to the

1:33:15.140,1:33:25.340
agenda so we did talk about the public

1:33:18.989,1:33:25.340
input meeting you brought that up and oh

1:33:25.820,1:33:34.200
we uh I don't know do some anybody have

1:33:31.910,1:33:40.800
does anybody want to talk about the

1:33:34.200,1:33:46.170
wayfarer signs that Courtney is has put

1:33:40.800,1:33:50.730
together information about it's gonna be

1:33:46.170,1:33:55.680
assigned to committee I don't like this

1:33:50.730,1:34:03.570
time there well I mean does anybody is

1:33:55.680,1:34:05.820
anybody prepared to share on that well I

1:34:03.570,1:34:07.800
think it was survey put out I don't know

1:34:05.820,1:34:09.840
what the survey result for us I don't

1:34:07.800,1:34:13.530
know who's running the operation I know

1:34:09.840,1:34:15.390
that it was it was Courtney and this

1:34:13.530,1:34:18.120
should be assigned to a committee and it

1:34:15.390,1:34:20.550
should be you know there should we think

1:34:18.120,1:34:22.950
it needs further work I don't have any

1:34:20.550,1:34:26.370
objection to it but somebody's got to be

1:34:22.950,1:34:29.219
in charge of doing it and it's gonna be

1:34:26.370,1:34:31.620
presented to this body so I don't know

1:34:29.219,1:34:36.120
where we go with it kind of kind of lost

1:34:31.620,1:34:40.200
there okay so let me show you what we've

1:34:36.120,1:34:47.400
all got any I'll do the thing then so we

1:34:40.200,1:34:49.410
all got a this shared to us from the

1:34:47.400,1:34:53.969
group that is looking at this and this

1:34:49.410,1:34:57.090
is something that's been we had applied

1:34:53.969,1:34:59.550
for this last year we have actually done

1:34:57.090,1:35:03.840
some design work on this last year we

1:34:59.550,1:35:08.219
have so we applied for money from the

1:35:03.840,1:35:11.880
walk Andreas Greenway Trail grant

1:35:08.219,1:35:15.170
program and we had hoped to get I

1:35:11.880,1:35:18.090
believe it was ten thousand dollars for

1:35:15.170,1:35:19.500
the town of Wappingers as well as ten

1:35:18.090,1:35:22.390
thousand dollars for the village of

1:35:19.500,1:35:26.710
Wappingers Falls we had talked about

1:35:22.390,1:35:32.980
putting signs I sign up at the train

1:35:26.710,1:35:34.750
station telling people what with a map

1:35:32.980,1:35:40.990
that showed people what was available

1:35:34.750,1:35:42.490
and so they are also looking and then

1:35:40.990,1:35:44.800
they what they want to do this group

1:35:42.490,1:35:48.310
wants to do is to pay for the signs with

1:35:44.800,1:35:52.390
their donations and so I believe they've

1:35:48.310,1:35:55.030
gotten together and formed a group that

1:35:52.390,1:35:57.910
is willing to put up donations for a

1:35:55.030,1:36:03.510
sign that would look something like this

1:35:57.910,1:36:03.510
this is the sign that they have proposed

1:36:04.680,1:36:16.470
so you all should have a copy of this in

1:36:08.320,1:36:19.270
your email inbox so there's four

1:36:16.470,1:36:22.390
categories that they look at around the

1:36:19.270,1:36:26.350
map and they have to do with history the

1:36:22.390,1:36:28.690
business district the Falls and section

1:36:26.350,1:36:32.110
called explore which has to do with the

1:36:28.690,1:36:38.800
natural area around the village in the

1:36:32.110,1:36:48.220
town so the history section has this

1:36:38.800,1:36:50.800
photograph homestead and this write up

1:36:48.220,1:36:52.960
this is the walk injure indians over

1:36:50.800,1:36:55.270
eastern people lived along the eastern

1:36:52.960,1:36:58.060
shore of the hudson river and the name

1:36:55.270,1:37:03.250
Wappingers derives from the what IP word

1:36:58.060,1:37:05.080
for opossum in 1659 in the town European

1:37:03.250,1:37:07.330
settlers fleeing religious persecution

1:37:05.080,1:37:10.150
from the Massachusetts Bay Colony

1:37:07.330,1:37:12.070
established a small illegal encampment

1:37:10.150,1:37:14.560
near where the weapon jerk Creek flows

1:37:12.070,1:37:16.420
into the Hudson River and several months

1:37:14.560,1:37:18.970
later were removed by the Dutch

1:37:16.420,1:37:21.580
authorities Nicholas and his father

1:37:18.970,1:37:24.340
Adolphus Brewer Dutch Miller's purchased

1:37:21.580,1:37:30.010
over 700 acres of land near the

1:37:24.340,1:37:32.380
wottingers Falls in 1738 Nicholas built

1:37:30.010,1:37:34.230
his small stone frame house later used

1:37:32.380,1:37:36.449
by the Sun during the early year

1:37:34.230,1:37:38.699
of the Revolutionary War as a spy

1:37:36.449,1:37:40.739
headquarters for the committee for

1:37:38.699,1:37:44.219
detecting and it should say and

1:37:40.739,1:37:46.469
defeating conspiracies I don't believe

1:37:44.219,1:37:48.840
it's really a predecessor to the CIA oh

1:37:46.469,1:37:51.690
because the CIA was started after World

1:37:48.840,1:37:54.120
War two the walk injure Creek during

1:37:51.690,1:37:56.850
this time was also a major port for

1:37:54.120,1:37:58.860
ships and barges established by George

1:37:56.850,1:38:00.900
Washington for the Continental Army

1:37:58.860,1:38:04.290
during the Revolutionary War

1:38:00.900,1:38:06.120
Nicholas Brewer sold his home in 1776 to

1:38:04.290,1:38:08.400
Peter miss here in New York City

1:38:06.120,1:38:10.620
loyalists who conducted a store from his

1:38:08.400,1:38:12.090
home and charged a high price of tea

1:38:10.620,1:38:15.239
this sparked a three-day long

1:38:12.090,1:38:20.130
revolutionary protest in May of 1777

1:38:15.239,1:38:22.230
known as the Wappingers Tea Party the

1:38:20.130,1:38:24.330
storage structure has been known for

1:38:22.230,1:38:26.750
centuries as the nazir homestead

1:38:24.330,1:38:32.429
ancestral home of the Wazir family from

1:38:26.750,1:38:37.590
1776 to 1891 so I did reach out to the

1:38:32.429,1:38:40.880
Historic Society and they had not yet

1:38:37.590,1:38:44.190
seen the actual write-up but they are

1:38:40.880,1:38:47.489
looking at it individually and they

1:38:44.190,1:38:49.620
would like to comment on the facts that

1:38:47.489,1:38:54.870
are stated here and just make sure that

1:38:49.620,1:38:59.370
they're ready to sign off on this um so

1:38:54.870,1:39:01.530
it talks about the Falls and I believe

1:38:59.370,1:39:12.480
this is the right up for the Falls it's

1:39:01.530,1:39:22.320
similar and this is the explore section

1:39:12.480,1:39:26.870
of the picture of a creek and I'm not

1:39:22.320,1:39:29.610
sure where this is but it talks about

1:39:26.870,1:39:34.140
how you can explore the lower Wapping

1:39:29.610,1:39:38.130
jerk creek and fishing and boating the

1:39:34.140,1:39:44.040
water falls and then it has a picture of

1:39:38.130,1:39:45.870
main street and it says the village

1:39:44.040,1:39:47.070
center is made up of east and west main

1:39:45.870,1:39:53.390
street and that

1:39:47.070,1:39:57.150
talks about that section as well and

1:39:53.390,1:40:01.490
then it talks about the style that we

1:39:57.150,1:40:05.190
might like to see for the map and so

1:40:01.490,1:40:07.170
here is a map done by Brian Zico Foose

1:40:05.190,1:40:09.930
who lives on West Main Street he

1:40:07.170,1:40:12.390
actually came to the village from West

1:40:09.930,1:40:15.200
Virginia and he did this map called

1:40:12.390,1:40:18.960
welcome to Fayetteville West Virginia

1:40:15.200,1:40:22.800
however the Wappingers rises would

1:40:18.960,1:40:25.230
prefer my hometown to be the prototype

1:40:22.800,1:40:28.650
so this is a picture of where I'm from

1:40:25.230,1:40:32.550
on the beaches of Alabama with a more

1:40:28.650,1:40:35.640
watercolor type version of the map which

1:40:32.550,1:40:40.770
might be better for a watery area like

1:40:35.640,1:40:43.860
the village of Wappingers Falls and

1:40:40.770,1:40:48.510
that's the whole presentation so I think

1:40:43.860,1:40:50.040
they're trying to collect any comments

1:40:48.510,1:40:52.260
that they would like to get from the

1:40:50.040,1:40:56.790
board so I think you should do is you

1:40:52.260,1:40:59.670
should communicate those back to you

1:40:56.790,1:41:04.620
should communicate those and copy the

1:40:59.670,1:41:09.840
the Clerc communicate them back to what

1:41:04.620,1:41:11.220
Andrus rises and with any comments that

1:41:09.840,1:41:14.040
you have and maybe we could put them

1:41:11.220,1:41:21.240
together and and see which ones we feel

1:41:14.040,1:41:26.160
most strongly about so they give us

1:41:21.240,1:41:29.580
costs and the package it's not clear to

1:41:26.160,1:41:30.960
me how that adds up but they're they're

1:41:29.580,1:41:33.030
saying that they would donate this

1:41:30.960,1:41:35.900
anyway I think this is my understanding

1:41:33.030,1:41:39.450
of what they're talking about here are

1:41:35.900,1:41:41.340
there any so I think I love the maps and

1:41:39.450,1:41:44.280
I love the idea of getting them out

1:41:41.340,1:41:46.020
there we agreed with this and September

1:41:44.280,1:41:49.890
of 2019 when we put the first

1:41:46.020,1:41:52.580
application and so are there any

1:41:49.890,1:41:52.580
comments

1:41:53.909,1:42:02.159
um I just have a question how many of

1:41:58.090,1:42:06.540
these signs would would they be produced

1:42:02.159,1:42:13.239
they are talking about putting three

1:42:06.540,1:42:15.190
signs up they said that the best places

1:42:13.239,1:42:17.530
would be at the new parking lot at

1:42:15.190,1:42:21.190
Franny Reese Park the Mill Street

1:42:17.530,1:42:24.699
parking area and then they talked about

1:42:21.190,1:42:26.290
the Missouri Park weed we heard the

1:42:24.699,1:42:29.650
comment has already been made by both

1:42:26.290,1:42:32.260
the village hall and the Historic

1:42:29.650,1:42:35.110
Society that it would be better placed

1:42:32.260,1:42:38.579
at zion park where there's less signage

1:42:35.110,1:42:43.170
less there's a war memorial a bus stop

1:42:38.579,1:42:45.849
across the street and a flagpole and

1:42:43.170,1:42:48.369
there's a lot going on at that entrance

1:42:45.849,1:42:55.090
there's already as an historic trail

1:42:48.369,1:43:04.300
sign located that the library so stuff

1:42:55.090,1:43:06.790
that already exists and I had also

1:43:04.300,1:43:11.219
spoken with the Business Association and

1:43:06.790,1:43:14.290
I think that they would be happy to

1:43:11.219,1:43:21.159
donate the map that they've already had

1:43:14.290,1:43:25.119
produced for the village which we had to

1:43:21.159,1:43:33.360
look at in July of 2019 so we already

1:43:25.119,1:43:33.360
have done one map but I so I don't know

1:43:34.290,1:43:40.060
what they might do differently with this

1:43:37.780,1:43:42.099
new map and I think it's worth comparing

1:43:40.060,1:43:43.929
the two and seeing if it's if they're

1:43:42.099,1:43:47.739
going to be donating it anyway to see

1:43:43.929,1:43:49.630
what they are able to put together but

1:43:47.739,1:43:59.800
I'm open to it here whatever those those

1:43:49.630,1:44:00.630
are those are my opinions not my any

1:43:59.800,1:44:08.579
other kind

1:44:00.630,1:44:09.719
I like it I mean I maybe every week

1:44:08.579,1:44:15.320
available I can make it like a little

1:44:09.719,1:44:18.420
informational booth with it all so you

1:44:15.320,1:44:22.230
can hang you know like notice of

1:44:18.420,1:44:24.810
meetings and so I asked I asked Kourtney

1:44:22.230,1:44:28.380
if that's what this was for and she said

1:44:24.810,1:44:30.780
that this would not be for that I think

1:44:28.380,1:44:34.050
if we wanted to replace the information

1:44:30.780,1:44:45.900
signage that we have up that would be a

1:44:34.050,1:44:50.360
different effort idea yeah I think it's

1:44:45.900,1:44:53.190
a good idea dear to the the information

1:44:50.360,1:44:55.500
III and I think I get what you're saying

1:44:53.190,1:44:58.500
I think if you have like just a separate

1:44:55.500,1:45:01.260
thing that has information it might be a

1:44:58.500,1:45:03.119
little it might be read more because

1:45:01.260,1:45:04.710
like putting information kind of next to

1:45:03.119,1:45:06.650
this kind of sign with the map and

1:45:04.710,1:45:10.440
everything it might be little too much I

1:45:06.650,1:45:12.239
don't know to to take in all at once but

1:45:10.440,1:45:16.340
I think I think I think the welcome to

1:45:12.239,1:45:22.560
Walken designs is a very good idea I

1:45:16.340,1:45:24.929
know that the owner of the of the

1:45:22.560,1:45:28.739
cinderblock building on the corner of

1:45:24.929,1:45:31.679
market and East Main Street had offered

1:45:28.739,1:45:34.590
up the space on the side of the building

1:45:31.679,1:45:38.760
where the flags painted as a possible

1:45:34.590,1:45:41.340
location for signage or a mural so it's

1:45:38.760,1:45:43.650
possible that there could be a large

1:45:41.340,1:45:45.810
mural put on that side of the building

1:45:43.650,1:45:50.159
that had exactly the same information

1:45:45.810,1:45:52.710
and then smaller signs throughout so

1:45:50.159,1:45:54.389
that was an old idea I don't bring that

1:45:52.710,1:45:55.829
up to say that we should use that idea

1:45:54.389,1:46:00.290
just say that that's already been

1:45:55.829,1:46:00.290
something that was discussed in the past

1:46:05.019,1:46:13.119
okay so I'm thinking that you guys need

1:46:07.900,1:46:15.760
time to digest what you see here and so

1:46:13.119,1:46:19.630
I think maybe you should take a look at

1:46:15.760,1:46:23.769
it bake your comments and/or we could

1:46:19.630,1:46:26.019
get together and maybe each Ward's group

1:46:23.769,1:46:28.960
of trustees could get together and come

1:46:26.019,1:46:33.579
up with comments and get back to us or

1:46:28.960,1:46:38.440
three of each of us could do the same so

1:46:33.579,1:46:47.039
I will leave it Scott do you want to

1:46:38.440,1:46:47.039
take ownership of this you're muted I

1:46:48.119,1:46:55.929
said no I'm good you're good okay

1:46:53.619,1:46:59.670
so we'll see what you guys come back to

1:46:55.929,1:47:06.130
me with and then we'll get back to the

1:46:59.670,1:47:11.559
the group that presented this okay great

1:47:06.130,1:47:18.159
thank you and I think that's everything

1:47:11.559,1:47:20.110
John am I forgetting anything that's it

1:47:18.159,1:47:22.059
as far as the agenda but I have a

1:47:20.110,1:47:27.900
bargaining unit issue I'd like to

1:47:22.059,1:47:31.030
discuss an executive session okay though

1:47:27.900,1:47:37.780
is there anything else that he trustees

1:47:31.030,1:47:40.239
wanna bring up at this time okay

1:47:37.780,1:47:45.940
I had asked earlier when we were talking

1:47:40.239,1:47:47.920
about the Mary Ross Park comments if

1:47:45.940,1:47:51.420
there was anybody that wanted to make

1:47:47.920,1:47:53.889
public comments about the Mary Burke

1:47:51.420,1:47:57.550
discussion that we've been having over

1:47:53.889,1:48:00.309
the last couple of meetings if there's

1:47:57.550,1:48:02.590
anybody out there that joins the zoo

1:48:00.309,1:48:06.579
meeting specifically to make a comment

1:48:02.590,1:48:08.980
about Mary Ross or anything else this is

1:48:06.579,1:48:10.630
the time for open comments but I just

1:48:08.980,1:48:12.880
wanted to remind everybody that you

1:48:10.630,1:48:13.280
could make a comment about the merit of

1:48:12.880,1:48:16.490
us

1:48:13.280,1:48:24.380
our concept and the idea of licensing it

1:48:16.490,1:48:27.590
to a private business so if you want to

1:48:24.380,1:48:31.070
make a statement and you've joined us by

1:48:27.590,1:48:33.470
zoom you've left YouTube joined us by

1:48:31.070,1:48:37.010
zoom and you're logged in to this zoom

1:48:33.470,1:48:40.460
meeting just unmute yourself and speak

1:48:37.010,1:48:43.250
up and we'll recognize you one of you

1:48:40.460,1:48:46.930
and one of you can speak at this time if

1:48:43.250,1:48:46.930
anybody wants to make a public comment

1:48:47.650,1:48:52.930
the reason I'm taking so long is in case

1:48:50.720,1:48:56.510
somebody's out there trying to log on to

1:48:52.930,1:49:01.580
we're just giving everybody time to log

1:48:56.510,1:49:05.240
on to zoom to make comments we do have a

1:49:01.580,1:49:08.450
couple of people on this zoom call who

1:49:05.240,1:49:11.390
are visiting us and there are what there

1:51:33.430,1:51:38.420
[Music]

1:51:35.680,1:51:52.360
okay hold on I got nothing else open now

1:51:38.420,1:51:52.360
can you hear me okay forget this

1:51:53.580,1:51:56.750
[Music]

1:51:57.120,1:52:27.300
I think he's left the meeting we're just

1:52:23.670,1:52:30.270

1:52:27.300,1:52:32.100
to log on to the if you log on to the

1:52:30.270,1:52:36.870
zoom meeting you should turn off your

1:52:32.100,1:52:40.050
YouTube so please turn off your YouTube

1:52:36.870,1:52:42.150
if you log on to the zoom meeting so it

1:52:40.050,1:52:45.200
should turn it off completely

1:52:42.150,1:52:45.200
[Music]

1:52:47.810,1:52:50.969
[Music]

1:53:28.580,1:53:34.590
okay we're just gonna give one more

1:53:31.230,1:53:37.260
second and I'm gonna just try to find

1:53:34.590,1:53:39.590
out if Charlie would make to make a

1:53:37.260,1:53:39.590
statement

1:54:25.290,1:54:32.590
okay sorry about the confusion the

1:54:28.060,1:54:37.120
profanity but we still talking about the

1:54:32.590,1:54:38.530
merry West Park yes okay because you

1:54:37.120,1:54:42.490
kind of think about what that's going to

1:54:38.530,1:54:45.010
be but my question on that is there

1:54:42.490,1:54:47.320
gonna be alcohol out there and one of

1:54:45.010,1:54:48.910
the hours of operation of the park are

1:54:47.320,1:54:52.660
the restrictions so what hours it could

1:54:48.910,1:54:57.250
be out there yes so there's there was a

1:54:52.660,1:54:59.920
list of times that we included that we

1:54:57.250,1:55:03.460
read at the last meeting did you get to

1:54:59.920,1:55:05.470
see that I did see the last meeting but

1:55:03.460,1:55:08.080
it seemed like it was very preliminary

1:55:05.470,1:55:09.730
so I didn't really you know there's

1:55:08.080,1:55:12.670
something we could look at and read or

1:55:09.730,1:55:16.060
told what's going on there okay so I

1:55:12.670,1:55:41.080
read the times and I could get them

1:55:16.060,1:55:44.400
again hold on okay so the times that we

1:55:41.080,1:55:49.030
read and that we are contemplating and

1:55:44.400,1:55:56.290
seeking comment on right now or the use

1:55:49.030,1:56:00.540
would allow service from the the private

1:55:56.290,1:56:06.100
business that's adjacent to this from 1

1:56:00.540,1:56:09.910
to 8 p.m. on Sunday 2 to 10 p.m. on

1:56:06.100,1:56:14.110
Wednesday 2:00 to 10:00 p.m. on Thursday

1:56:09.910,1:56:18.689
5:00 to midnight on Friday and 3 to

1:56:14.110,1:56:21.339
midnight on Saturday uh it would deny

1:56:18.689,1:56:24.369
they would not be allowed to restrict

1:56:21.339,1:56:27.789
ass access to customers only nor would

1:56:24.369,1:56:29.530
they be allowed to refuse anyone to be

1:56:27.789,1:56:32.109
allowed there unless of course somebody

1:56:29.530,1:56:37.289
was creating a public nuisance and in

1:56:32.109,1:56:42.010
that case they would notify the police

1:56:37.289,1:56:43.749
and in May a temporary agreement or is

1:56:42.010,1:56:46.809
just something that's going to be firm

1:56:43.749,1:56:50.129
dope so the idea is that the person that

1:56:46.809,1:56:54.249
the business would make terminate

1:56:50.129,1:56:55.959
improvements with value to them and they

1:56:54.249,1:56:59.530
would look like the improvements that we

1:56:55.959,1:57:02.379
showed on the video at the maybe two

1:56:59.530,1:57:03.969
meetings ago and last meeting too so we

1:57:02.379,1:57:07.889
showed it to meetings ago and last

1:57:03.969,1:57:11.679
meeting a video of the improvements that

1:57:07.889,1:57:15.129
he's contemplating making should the

1:57:11.679,1:57:18.429
village agree to go into a license

1:57:15.129,1:57:23.649
agreement with them the public would be

1:57:18.429,1:57:28.179
allowed to use the seating area during

1:57:23.649,1:57:31.389
off hours and during hours so that's the

1:57:28.179,1:57:34.329
guy so I say to the licensing agreement

1:57:31.389,1:57:37.619
is that going to be restricted to only

1:57:34.329,1:57:40.989
appointed to back to a hundred percent

1:57:37.619,1:57:43.389
capacity inside the business or is this

1:57:40.989,1:57:47.829
licensing agreement going to exceed you

1:57:43.389,1:57:49.719
know you to perpetuate the it would go

1:57:47.829,1:57:52.629
past the kovat is that what you're

1:57:49.719,1:57:58.149
taught me so it's intended to be a

1:57:52.629,1:58:02.439
permanent addition to the fabric of the

1:57:58.149,1:58:04.209
the village center okay I think I'll

1:58:02.439,1:58:07.209
give my opinion on that Fortis worth

1:58:04.209,1:58:10.409
that's what we got yeah I think it's a

1:58:07.209,1:58:13.239
mistake to make it go past the Cova da

1:58:10.409,1:58:14.859
restrictions because first for one thing

1:58:13.239,1:58:16.149
you know how long that's business going

1:58:14.859,1:58:18.369
to be it and what's going to replace it

1:58:16.149,1:58:20.409
I think it's a very prominent place in

1:58:18.369,1:58:22.780
the village and to have that be a bar

1:58:20.409,1:58:24.669
place with people drinking liquor as

1:58:22.780,1:58:27.099
people drive through Main Street I think

1:58:24.669,1:58:29.529
you're taking a big risk turning a piece

1:58:27.099,1:58:31.630
of parkland over to a potential bar

1:58:29.529,1:58:33.850
business

1:58:31.630,1:58:35.950
forever I can see making the sacrifice

1:58:33.850,1:58:38.800
while you know we want our businesses to

1:58:35.950,1:58:40.780
make money during covet but I think once

1:58:38.800,1:58:42.700
Cove is over and that property goes back

1:58:40.780,1:58:48.120
100 percent in a village but no outside

1:58:42.700,1:58:52.660
liquor licenses maybe if I if I could

1:58:48.120,1:58:54.730
make a comment on that okay Craig just

1:58:52.660,1:58:59.620
let me are Charlie are you done for now

1:58:54.730,1:59:03.250
you can make another con yeah okay well

1:58:59.620,1:59:06.550
keep in mind and I say this given the

1:59:03.250,1:59:09.220
fact that I do have a conflict with this

1:59:06.550,1:59:13.780
particular applicant but I can say in

1:59:09.220,1:59:20.560
general once co vid and you know once

1:59:13.780,1:59:24.970
the outdoor dining is is relaxed and all

1:59:20.560,1:59:28.080
those regulations are over with you're

1:59:24.970,1:59:30.580
gonna have a changeover back to SLA and

1:59:28.080,1:59:33.160
SLA is going to be governing all of

1:59:30.580,1:59:38.590
these particular restaurants as

1:59:33.160,1:59:41.110
licensees so once that happens you're

1:59:38.590,1:59:43.780
going to now have you know everybody

1:59:41.110,1:59:46.680
back under the same rules and they're

1:59:43.780,1:59:50.020
going to have to enlarge their license

1:59:46.680,1:59:51.340
and and they're gonna have to be you

1:59:50.020,1:59:54.630
know make sure that they get that

1:59:51.340,1:59:58.660
approved by SLA so they'll be under the

1:59:54.630,2:00:02.590
jurisdiction of SLA so they're there

1:59:58.660,2:00:05.560
that would be under actually outside of

2:00:02.590,2:00:07.750
the village the villages hands at that

2:00:05.560,2:00:09.400
particular point in time so you know the

2:00:07.750,2:00:12.520
applicant will always have to deal with

2:00:09.400,2:00:19.630
the SLA and and their rule regulations

2:00:12.520,2:00:21.730
and oversight so that the business

2:00:19.630,2:00:24.250
that's asking if we would enter into

2:00:21.730,2:00:29.490
this arrangement understands that and

2:00:24.250,2:00:33.810
they're trying to find out what that

2:00:29.490,2:00:37.200
might look like with us away before they

2:00:33.810,2:00:40.120
spend any money on building the

2:00:37.200,2:00:42.630
improvements to that park that they have

2:00:40.120,2:00:42.630
proposed

2:00:44.490,2:00:51.070
can you hear me man yes well yeah I just

2:00:49.000,2:00:57.490
think why not just put in the agreement

2:00:51.070,2:00:59.890
because we will be the SLA requirements

2:00:57.490,2:01:02.200
will be in the agreement okay then the

2:00:59.890,2:01:03.460
the permanent use of that park at some

2:01:02.200,2:01:05.740
point I think the village should be

2:01:03.460,2:01:09.340
getting rent money for it you think in a

2:01:05.740,2:01:10.840
public park making it quasi private then

2:01:09.340,2:01:13.240
there should be some arrangement in the

2:01:10.840,2:01:15.610
future after kovat for a monthly fee for

2:01:13.240,2:01:18.280
a villager we're giving up a piece of

2:01:15.610,2:01:21.000
our public lands for private business so

2:01:18.280,2:01:24.070
there is a so there does it did

2:01:21.000,2:01:26.590
contemplate that what it says is you

2:01:24.070,2:01:30.310
know it depends on how much we estimate

2:01:26.590,2:01:34.240
the value of the improvement they could

2:01:30.310,2:01:39.670
be somewhere between fifteen thousand to

2:01:34.240,2:01:43.720
forty thousand dollars if and the the

2:01:39.670,2:01:48.880
way it's proposed right now is that that

2:01:43.720,2:01:50.770
would be amortized over a I believe it's

2:01:48.880,2:01:53.170
a ten year period but the idea was that

2:01:50.770,2:01:55.240
it be amortized over a stated number of

2:01:53.170,2:01:58.120
years and I think it's a ten year period

2:01:55.240,2:02:03.510
and that after that ten year period

2:01:58.120,2:02:03.510
there would be a fee owed to the village

2:02:04.680,2:02:13.470
okay thanks okay all right thank you for

2:02:07.780,2:02:13.470
your comments Charlie which comments

2:02:18.390,2:02:25.560
thank you all right any other discussion

2:02:25.740,2:02:32.260
any other comments from anybody here on

2:02:28.840,2:02:35.410
the zoo meeting no yes

2:02:32.260,2:02:37.120
it's Cindy Latino and not not talking

2:02:35.410,2:02:38.970
from recreation although I can speak

2:02:37.120,2:02:40.960
from that point of view as well but

2:02:38.970,2:02:45.700
speaking on behalf of the Wappingers

2:02:40.960,2:02:48.040
Falls Business Association we we think

2:02:45.700,2:02:52.420
that this is a great opportunity to

2:02:48.040,2:02:53.500
really make that four corner area look

2:02:52.420,2:02:55.750
spectacular

2:02:53.500,2:02:57.040
I think you know I think we've been able

2:02:55.750,2:02:58.990
to see that divine

2:02:57.040,2:03:02.260
been able to do something outside and

2:02:58.990,2:03:05.260
it's been very well handled and um you

2:03:02.260,2:03:07.090
know I think we do have that kind of a

2:03:05.260,2:03:09.520
commitment from vital room to do the

2:03:07.090,2:03:12.300
same thing it's a very underutilized

2:03:09.520,2:03:15.910
park right now it's overgrown and

2:03:12.300,2:03:19.150
honestly it's difficult to maintain um

2:03:15.910,2:03:22.090
so this would be a great opportunity for

2:03:19.150,2:03:24.580
us to have something looking better in

2:03:22.090,2:03:26.650
our downtown and I think more of our

2:03:24.580,2:03:29.290
residents would utilize the park once

2:03:26.650,2:03:30.520
it's fixed up so you know I again as I

2:03:29.290,2:03:33.040
said I'm speaking on behalf of the

2:03:30.520,2:03:35.560
Business Association saying that we

2:03:33.040,2:03:38.430
think it's it's a really a great

2:03:35.560,2:03:40.720
opportunity for a public-private

2:03:38.430,2:03:42.970
partnership and we hope that the village

2:03:40.720,2:03:44.890
will seriously instead of moving forward

2:03:42.970,2:03:48.820
with this because we do would be a great

2:03:44.890,2:03:50.710
thing to the building she Cindy I like

2:03:48.820,2:03:53.680
to say something I totally agree with

2:03:50.710,2:03:56.710
you it changes the whole aspect of that

2:03:53.680,2:04:00.040
corner right now it's basically used for

2:03:56.710,2:04:02.170
people walking their dogs and it's just

2:04:00.040,2:04:06.880
not used the way it should be

2:04:02.170,2:04:09.880
and with us being so short on places for

2:04:06.880,2:04:13.300
the restaurants to you know serve the

2:04:09.880,2:04:15.640
people I think it's a great idea and and

2:04:13.300,2:04:18.190
we're utilizing something that it's just

2:04:15.640,2:04:26.230
dead space right now thank you

2:04:18.190,2:04:29.080
i Brian Lamas um just walking through

2:04:26.230,2:04:32.500
the village I mean I didn't realize that

2:04:29.080,2:04:35.010
that was actually a park until you look

2:04:32.500,2:04:37.570
really really close I think the design I

2:04:35.010,2:04:39.940
again I'm agreeing with you all it

2:04:37.570,2:04:42.040
really and the fact that you know we

2:04:39.940,2:04:44.170
would we as village residents for to be

2:04:42.040,2:04:46.300
able to use it and have a nice place I

2:04:44.170,2:04:47.860
could take a walk there sit down for a

2:04:46.300,2:04:52.420
minute there well maybe go down to the

2:04:47.860,2:04:54.100
creamery get some ice you know I think I

2:04:52.420,2:04:56.490
think it's a good use of that space

2:04:54.100,2:05:00.010
especially if it's if it can work out

2:04:56.490,2:05:02.500
that bottom room is gonna you know work

2:05:00.010,2:05:04.680
in partnership I think kind of what it's

2:05:02.500,2:05:04.680
all about

2:05:05.520,2:05:13.090
okay well Bert we're we will continue to

2:05:10.150,2:05:15.719
get people's opinions on this and we

2:05:13.090,2:05:18.340
should leave ourselves open to

2:05:15.719,2:05:21.040
everything that the public says over the

2:05:18.340,2:05:24.040
next these past three meetings in the

2:05:21.040,2:05:30.250
next meeting that we have on this so um

2:05:24.040,2:05:31.780
I think it is there anything else that

2:05:30.250,2:05:34.060
anybody wants to bring up at this time

2:05:31.780,2:05:35.500
if there's not I'd like to ask if we

2:05:34.060,2:05:39.250
could get a motion to go into executive

2:05:35.500,2:05:45.760
to discuss the bargaining unit contract

2:05:39.250,2:05:47.949
issues that we have up maybe make a

2:05:45.760,2:05:50.710
motion to go into executive to discuss

2:05:47.949,2:05:55.750
bargaining unit yeah okay

2:05:50.710,2:06:02.320
and a second seconded by trustee Marco

2:05:55.750,2:06:07.620
John all the Weber and we may be coming

2:06:02.320,2:06:07.620
back out of executive after this to vote
