0:00:58.640,0:01:02.960  
we have the uh projects that we've been

0:01:01.440,0:01:06.000  
working on and we

0:01:02.960,0:01:06.479  
have uh i but first i'd like john to do

0:01:12.080,0:01:21.280

here trustee putnessa

0:01:36.320,0:01:41.840  
here village attorney wallace

0:01:45.520,0:01:57.040  
he's here

0:01:54.079,0:01:57.040  
craig you're on mute

0:02:07.200,0:02:14.879  
sorry sorry everybody okay

0:02:11.200,0:02:15.440  
okay uh so we're gonna get started

0:02:14.879,0:02:18.879  
tonight

0:02:15.440,0:02:20.800  
with the um a report of the

0:02:18.879,0:02:22.319  
projects that we've been working on and

0:02:20.800,0:02:25.599  
so on

0:02:22.319,0:02:28.560  
this past saturday we had

0:02:25.599,0:02:29.520  
a public input meeting and we discussed

0:02:28.560,0:02:33.120  
seven

0:02:29.520,0:02:36.480  
new projects uh as

0:02:33.120,0:02:37.120  
along with other items that were put out

0:02:36.480,0:02:40.400  
there for

0:02:37.120,0:02:42.400  
public input and i'd like to ask corey

0:02:40.400,0:02:43.440  
who did a great job putting this all

0:02:42.400,0:02:47.040  
together

0:02:43.440,0:02:47.680  
to give us uh the results of the public

0:02:47.040,0:02:50.480  
input

0:02:47.680,0:02:54.319  
from the saturday meeting as well as the

0:02:50.480,0:02:54.319  
survey that we had put out

0:02:55.040,0:02:59.440  
and hold on one second corey because

0:02:57.120,0:03:02.720  
i'll bring up

0:02:59.440,0:03:02.720  
so cory go ahead

0:03:03.200,0:03:06.319  
all right sorry i was losing yes so i

0:03:04.879,0:03:09.120  
just plugged in

0:03:06.319,0:03:09.120  
to ethernet

0:03:10.879,0:03:13.200  
okay

0:03:14.720,0:03:18.080  
all right so um i'm just gonna read

0:03:17.440,0:03:21.120  
results

0:03:18.080,0:03:22.480  
from i've got we just sort of combined

0:03:21.120,0:03:23.280  
them so this is what people wrote on the

0:03:22.480,0:03:26.720  
boards

0:03:23.280,0:03:27.920  
as well as the survey and some people

0:03:26.720,0:03:29.440  
answered indifferent

0:03:27.920,0:03:31.920  
to things but i'm just going to give an

0:03:29.440,0:03:33.519  
overall this is what people liked and

0:03:31.920,0:03:34.480  
the amount that didn't like and there is

0:03:33.519,0:03:36.959  
a difference

0:03:34.480,0:03:37.519  
um in the middle for indifferent i'm not

0:03:36.959,0:03:40.560  
just

0:03:37.519,0:03:42.159  
i think just rattling numbers off would

0:03:40.560,0:03:45.280  
be pointless so

0:03:42.159,0:03:46.560  
so to start is with the boathouse on

0:03:45.280,0:03:49.760  
this survey

0:03:46.560,0:03:53.120  
there was a 76 like for this

0:03:49.760,0:03:56.159  
and a six percent dislike and

0:03:53.120,0:04:00.159  
at the meeting there was a 100 like

0:03:56.159,0:04:03.200  
so most people enjoyed what we

0:04:00.159,0:04:03.599  
recommended for it which was an art

0:04:03.200,0:04:06.720  
house

0:04:03.599,0:04:11.360  
and event space as well as a boat house

0:04:06.720,0:04:14.720  
um of course people have brought up

0:04:11.360,0:04:15.519  
that cleaning up the weeds in wappinger

0:04:14.720,0:04:17.680  
creek would

0:04:15.519,0:04:19.519  
enhance this greatly which is obviously

0:04:17.680,0:04:21.840  
on the list of things to do

0:04:19.519,0:04:22.720  
but for the boathouse as a whole

0:04:21.840,0:04:25.840  
projects

0:04:22.720,0:04:28.639

or the what we want to do with it um

0:04:25.840,0:04:30.000

a lot of people really enjoyed that so

0:04:28.639,0:04:32.160

some of the top comments were

0:04:30.000,0:04:33.680

literally love it for a boathouse and

0:04:32.160,0:04:36.720

event space for residents

0:04:33.680,0:04:37.840

uh arts and event space and great idea

0:04:36.720,0:04:42.080

but clean up the creek

0:04:37.840,0:04:45.680

too many weeds which you know we expect

0:04:42.080,0:04:45.680

moving on to the cobbler shop

0:04:46.160,0:04:53.600

this was 84 like

0:04:50.080,0:04:56.720

and 5 dislike

0:04:53.600,0:04:58.639

and this one we gave a lot more options

0:04:56.720,0:05:01.120

on what to do with this property or a

0:04:58.639,0:05:03.520

lot more suggestions i could say

0:05:01.120,0:05:05.199

of what we want to do with this property

0:05:03.520,0:05:08.560

so i took a little tally

0:05:05.199,0:05:11.440

64 said they really liked the radio

0:05:08.560,0:05:14.960

station idea 14

0:05:11.440,0:05:19.199

wanted an information booth 14

0:05:14.960,0:05:22.000

liked it as a rotating art gallery

0:05:19.199,0:05:24.000

and eight percent uh suggested an ice

0:05:22.000,0:05:25.919

cream shop

0:05:24.000,0:05:28.000

some of it is yeah local talent use

0:05:25.919,0:05:30.400

singles any age love radio

0:05:28.000,0:05:31.520

radio stations or rotating art exhibit

0:05:30.400,0:05:33.440

would be great

0:05:31.520,0:05:35.199

and then i did throw in a few of those

0:05:33.440,0:05:35.680

oh we would love an ice cream shop on

0:05:35.199,0:05:38.720

west

0:05:35.680,0:05:41.520

on the west side of the village but this

0:05:38.720,0:05:43.199

one got yeah a lot of like

0:05:41.520,0:05:46.240

and the radio station seemed to be the

0:05:43.199,0:05:49.120

top the top thing

0:05:46.240,0:05:49.120

mary ross park

0:05:49.759,0:05:56.479

we had 83 percent like

0:05:52.800,0:05:58.800

and 5 dislike

0:05:56.479,0:06:00.000  
outdoor dining looks great to add more

0:05:58.800,0:06:03.120  
plants

0:06:00.000,0:06:06.000  
someone suggested which is a good point

0:06:03.120,0:06:07.520  
excellent idea some people said maybe we

0:06:06.000,0:06:10.960  
should just use it as

0:06:07.520,0:06:12.800  
an art or sculpture place but there was

0:06:10.960,0:06:14.720  
there was an overall consensus that they

0:06:12.800,0:06:15.520  
really liked doing something with this

0:06:14.720,0:06:18.240  
little plot of

0:06:15.520,0:06:19.440  
plot of land there was some pushback

0:06:18.240,0:06:21.039  
some people said oh there are more

0:06:19.440,0:06:22.560  
important things to do which is

0:06:21.039,0:06:24.479  
you know fair but this is just one of

0:06:22.560,0:06:27.360  
the projects we have

0:06:24.479,0:06:30.720  
um in our wheelhouse so for the most

0:06:27.360,0:06:34.000  
part it was generally liked

0:06:30.720,0:06:37.199  
and next we have falls you park

0:06:34.000,0:06:40.560  
this was 82 percent like

0:06:37.199,0:06:43.440  
and only 2 percent dislike this one

0:06:40.560,0:06:46.479  
again there was multiple suggestions

0:06:43.440,0:06:47.919  
for what to do with it or not only what

0:06:46.479,0:06:49.520  
to do with it but as you see there were

0:06:47.919,0:06:51.599  
multiple options

0:06:49.520,0:06:53.440  
and most people really liked the brick

0:06:51.599,0:06:55.680  
and stone option

0:06:53.440,0:06:58.960  
uh reading i think the brick i'm sorry

0:06:55.680,0:07:02.319  
the stone the stone option got 55

0:06:58.960,0:07:04.240  
the brick got 33 and the wood got 12.

0:07:02.319,0:07:06.560  
everyone really liked the idea of

0:07:04.240,0:07:07.520  
putting this building as well as a large

0:07:06.560,0:07:10.080  
overlook

0:07:07.520,0:07:10.960  
and most of the ideas for the building

0:07:10.080,0:07:14.840  
that people

0:07:10.960,0:07:17.840  
agreed with was a restaurant or little

0:07:14.840,0:07:17.840  
hotel

0:07:19.199,0:07:25.840  
next we have mill street parking lot

0:07:22.240,0:07:29.039  
we had a 72 percent

0:07:25.840,0:07:31.680  
like for this and a 14

0:07:29.039,0:07:33.680  
dislike with a decent indifferent

0:07:31.680,0:07:36.400  
percentage as well

0:07:33.680,0:07:37.919  
i think everyone in agrees that there

0:07:36.400,0:07:39.440  
needs to be more parking

0:07:37.919,0:07:41.360  
one of the quotes is great idea village

0:07:39.440,0:07:44.639  
desperately needs more parking

0:07:41.360,0:07:48.080  
one of the backlashes or

0:07:44.639,0:07:50.720  
hesitations someone had was

0:07:48.080,0:07:51.520  
um if we put apartments on the third

0:07:50.720,0:07:54.240  
floor

0:07:51.520,0:07:56.160  
suggestion between that or office spaces

0:07:54.240,0:07:58.000  
then a lot of the new parking spots

0:07:56.160,0:08:00.800  
would probably be

0:07:58.000,0:08:02.560  
taken up for those properties and so

0:08:00.800,0:08:04.479  
they wouldn't actually add more public

0:08:02.560,0:08:07.759  
parking to the area which is

0:08:04.479,0:08:10.000  
a fair suggestion but um

0:08:07.759,0:08:11.360  
a couple of the quotes for that one was

0:08:10.000,0:08:12.800  
just that

0:08:11.360,0:08:15.039  
but again parking has always been a

0:08:12.800,0:08:17.039  
problem um parking

0:08:15.039,0:08:18.800  
additional parking would be great i

0:08:17.039,0:08:20.080  
don't need to be convinced of the tides

0:08:18.800,0:08:22.479  
of building there

0:08:20.080,0:08:24.160  
so again everyone's on board with doing

0:08:22.479,0:08:26.240  
something with this property

0:08:24.160,0:08:28.800  
most people like the office space idea

0:08:26.240,0:08:31.520  
more than putting apartments up there

0:08:28.800,0:08:32.000  
and some even suggested if this happens

0:08:31.520,0:08:34.560  
making

0:08:32.000,0:08:36.719  
all of it metered parking so it would be

0:08:34.560,0:08:38.159  
public parking but it would also be

0:08:36.719,0:08:40.159  
it wouldn't be free it'd be a way for

0:08:38.159,0:08:41.919  
the village to make money so

0:08:40.159,0:08:44.000  
that wasn't too big of a suggestion but

0:08:41.919,0:08:47.519  
it is something that came up

0:08:44.000,0:08:49.760  
here and there moving on we have going

0:08:47.519,0:08:53.120  
hall

0:08:49.760,0:08:55.120  
we had an 86 like

0:08:53.120,0:08:56.720  
for this project any five percent

0:08:55.120,0:08:59.200  
dislike

0:08:56.720,0:09:01.040  
uh some people still wanted to see a

0:08:59.200,0:09:03.120  
building come up there again

0:09:01.040,0:09:05.279  
a lot of people said oh but what about

0:09:03.120,0:09:09.200  
regional restoring going hall which

0:09:05.279,0:09:12.320  
is obviously an extremely costly manner

0:09:09.200,0:09:14.560  
um but a majority of people really liked

0:09:12.320,0:09:16.800  
the outdoor restaurant idea

0:09:14.560,0:09:17.760  
of course here is shown is just a

0:09:16.800,0:09:19.519  
concept of it

0:09:17.760,0:09:21.440  
some people suggested well what about

0:09:19.519,0:09:23.519  
something a little more enclosed

0:09:21.440,0:09:25.040  
something that could be used in colder

0:09:23.519,0:09:26.480  
months as well because this is uh

0:09:25.040,0:09:29.440  
definitely a very

0:09:26.480,0:09:31.200  
summery type of structure at the moment

0:09:29.440,0:09:32.560  
it would probably be very cold so

0:09:31.200,0:09:34.720  
a lot of people enjoyed the idea of

0:09:32.560,0:09:36.160  
having this as an outdoor eating space

0:09:34.720,0:09:39.200  
so long as

0:09:36.160,0:09:41.600  
there's a way to use it as the as the

0:09:39.200,0:09:43.200  
months get colder

0:09:41.600,0:09:45.200  
some of the quotes i'll just say would

0:09:43.200,0:09:46.959  
be would like more enclosed area for

0:09:45.200,0:09:49.200  
cold weather dining

0:09:46.959,0:09:50.959  
i love it or rebuilding goring hall

0:09:49.200,0:09:52.800  
would be ideal

0:09:50.959,0:09:54.800  
but i understand putting a pavilion

0:09:52.800,0:09:56.959  
there being beneficial for the village

0:09:54.800,0:09:56.959  
so

0:09:58.720,0:10:02.560  
we also have the united methodist church

0:10:00.880,0:10:06.880  
which is where this whole

0:10:02.560,0:10:10.000  
meeting took place um there was a

0:10:06.880,0:10:14.160  
76 percent like and a 5

0:10:10.000,0:10:16.320  
dislike for this one

0:10:14.160,0:10:18.399  
there was also a lot of suggestions here

0:10:16.320,0:10:19.279  
uh there's various rooms we even had

0:10:18.399,0:10:22.160  
different

0:10:19.279,0:10:23.440  
comment blocks in each room to see what

0:10:22.160,0:10:26.880  
people wanted

0:10:23.440,0:10:28.399  
the top two was a theater space

0:10:26.880,0:10:31.279  
i think people really liked the theater

0:10:28.399,0:10:33.920  
space idea especially in the church part

0:10:31.279,0:10:35.360  
and a lot of people really really there

0:10:33.920,0:10:38.000  
was a lot

0:10:35.360,0:10:39.279  
of talk about keeping it as a daycare or

0:10:38.000,0:10:41.360  
teen center

0:10:39.279,0:10:43.279  
something that they think would benefit

0:10:41.360,0:10:45.120  
the youth of the community

0:10:43.279,0:10:46.640  
um but there were others who liked the

0:10:45.120,0:10:49.200  
senior idea

0:10:46.640,0:10:50.800  
and the restaurant idea was floated

0:10:49.200,0:10:52.399  
around but i don't think it got as much

0:10:50.800,0:10:54.399  
traction as others

0:10:52.399,0:10:56.000  
another problem though in some of the

0:10:54.399,0:10:58.399  
quotes as well people brought up where

0:10:56.000,0:11:00.240  
the church has a lot of traffic

0:10:58.399,0:11:02.079  
changes must accommodate more traffic

0:11:00.240,0:11:03.519  
and parking

0:11:02.079,0:11:05.920  
performance and learning space is

0:11:03.519,0:11:07.440  
awesome as long as parking is addressed

0:11:05.920,0:11:09.680  
and then there's a few you know it needs

0:11:07.440,0:11:11.680  
a new playground a brewery or restaurant

0:11:09.680,0:11:13.600  
or theater in front so

0:11:11.680,0:11:15.360  
the things we are hoping people wanted

0:11:13.600,0:11:18.720  
the things we suggested

0:11:15.360,0:11:20.480  
a lot of them are picking up and um

0:11:18.720,0:11:21.920  
that was all that was in the survey but

0:11:20.480,0:11:24.640  
we did have a few more

0:11:21.920,0:11:26.720  
projects posted at the actual public

0:11:24.640,0:11:29.120  
meeting

0:11:26.720,0:11:30.800  
we had saint mary's which people said

0:11:29.120,0:11:32.560  
they would like to have

0:11:30.800,0:11:33.839  
you know whether it be a public library

0:11:32.560,0:11:36.640  
area or

0:11:33.839,0:11:37.839  
a great place for town and facility

0:11:36.640,0:11:39.279  
senior center

0:11:37.839,0:11:41.200  
which is also something we've thrown

0:11:39.279,0:11:43.440  
around and

0:11:41.200,0:11:44.959  
zion and mazir were trying to get

0:11:43.440,0:11:47.760  
parking at zion mazir

0:11:44.959,0:11:49.519  
or i'm sorry at zion uh shared public

0:11:47.760,0:11:53.120  
parking

0:11:49.519,0:11:55.519  
and we also suggested these little kiosk

0:11:53.120,0:11:56.800  
shops at mazir park and most people who

0:11:55.519,0:11:58.320  
commented on it

0:11:56.800,0:12:00.079  
said they actually really liked this

0:11:58.320,0:12:02.079  
idea as long as it's seasonal

0:12:00.079,0:12:04.079  
i think almost every single one said

0:12:02.079,0:12:05.360  
seasonal have it around christmas time

0:12:04.079,0:12:07.600  
you know that one even says holiday

0:12:05.360,0:12:09.120  
market have it around christmas time but

0:12:07.600,0:12:10.079  
in the summer they want the park to

0:12:09.120,0:12:13.600  
remain

0:12:10.079,0:12:13.920  
a park that they can use and the last

0:12:13.600,0:12:18.000  
one

0:12:13.920,0:12:20.240  
is route 9

0:12:18.000,0:12:21.040  
which more traffic calming was a big

0:12:20.240,0:12:24.720  
thing

0:12:21.040,0:12:27.519  
more friendly pedestrian and cycling um

0:12:24.720,0:12:28.959  
sections of it more research on safer

0:12:27.519,0:12:30.880  
crosswalks

0:12:28.959,0:12:33.279  
and we've discussed new bus shelters

0:12:30.880,0:12:36.560  
which they said yes to new bus shelters

0:12:33.279,0:12:40.000  
so long as the power memorial is

0:12:36.560,0:12:40.560  
incorporated with intuit and so that's

0:12:40.000,0:12:42.000  
uh

0:12:40.560,0:12:44.160  
for the ones we talked about there

0:12:42.000,0:12:45.120  
that's that's the largest overview we

0:12:44.160,0:12:46.720  
have of

0:12:45.120,0:12:49.440  
most people liked the projects and they

0:12:46.720,0:12:50.880  
gave a lot of really good suggestions

0:12:49.440,0:12:52.160  
and we're just going to keep compiling

0:12:50.880,0:12:53.839  
we still have the survey out so we're

0:12:52.160,0:12:56.880  
going to keep compiling

0:12:53.839,0:12:58.560  
answers and and see what people feel

0:12:56.880,0:13:01.120  
so we also had something on the

0:12:58.560,0:13:06.240  
bleachery right did you get comments oh

0:13:01.120,0:13:08.480  
yes we did we had

0:13:06.240,0:13:11.440  
yeah we had a bleachery slide as well

0:13:08.480,0:13:14.880  
people really liked the distillery idea

0:13:11.440,0:13:15.600  
um history on the site could be more

0:13:14.880,0:13:17.920  
accessible for

0:13:15.600,0:13:19.680  
walking uh i think they're talking about

0:13:17.920,0:13:21.279  
the the walkman's path or the workers

0:13:19.680,0:13:25.200  
path

0:13:21.279,0:13:29.120  
and um an art house or condos

0:13:25.200,0:13:30.880  
and you know we do know with what

0:13:29.120,0:13:32.560  
is in that area where you know we're

0:13:30.880,0:13:33.440  
doing a clean up of the soil and stuff

0:13:32.560,0:13:35.760  
there

0:13:33.440,0:13:37.440  
that deters it from being certain things

0:13:35.760,0:13:39.760  
but i i think a lot of people really

0:13:37.440,0:13:41.279  
liked the distillery idea

0:13:39.760,0:13:43.199  
just making something down there that's

0:13:41.279,0:13:45.760  
worth going down there

0:13:43.199,0:13:47.040  
and uh i actually had one more too which

0:13:45.760,0:13:50.079  
was baine park which

0:13:47.040,0:13:50.800  
also wasn't in the survey and people

0:13:50.079,0:13:52.800  
really just

0:13:50.800,0:13:54.399  
they liked the playground idea i mean

0:13:52.800,0:13:55.279  
we've talked about bain park a lot we've

0:13:54.399,0:13:58.320  
had its own

0:13:55.279,0:13:59.519  
public meeting for bain park uh that was

0:13:58.320,0:14:00.639  
the only other one they talked about

0:13:59.519,0:14:02.079  
addressing parking

0:14:00.639,0:14:04.320  
because we know a lot of residents use

0:14:02.079,0:14:06.720  
that area right now for parking

0:14:04.320,0:14:07.920  
and making sure that upkeeping all of

0:14:06.720,0:14:11.279  
these parks

0:14:07.920,0:14:12.800  
doesn't heavily increase um you know

0:14:11.279,0:14:14.800  
obviously maintenance to it and that's

0:14:12.800,0:14:16.639  
going to cost more money but

0:14:14.800,0:14:18.399  
so those are the those are all of the

0:14:16.639,0:14:20.959  
projects that we talked about

0:14:18.399,0:14:22.720  
at the meeting it went really well uh i

0:14:20.959,0:14:24.560  
don't recall if matt said it but i mean

0:14:22.720,0:14:27.839  
we were expecting

0:14:24.560,0:14:30.720  
around 30 35 people

0:14:27.839,0:14:31.760  
and i believe our attendance came to 62.

0:14:30.720,0:14:33.279  
so

0:14:31.760,0:14:34.880  
it was a really good meeting i saw some

0:14:33.279,0:14:36.399  
of you there and um

0:14:34.880,0:14:38.720  
yeah it was a it was a good day all

0:14:36.399,0:14:42.160  
together

0:14:38.720,0:14:44.079  
and the um the number of uh survey

0:14:42.160,0:14:47.519  
respondents was

0:14:44.079,0:14:50.160  
over a hundred yeah yeah so we got about

0:14:47.519,0:14:53.839  
100 i think it was 118

0:14:50.160,0:14:56.560  
uh responses to the survey online

0:14:53.839,0:14:58.480  
so uh we collected a lot of good

0:14:56.560,0:15:00.320  
information and uh

0:14:58.480,0:15:01.920  
and corey did a great job putting this

0:15:00.320,0:15:05.040  
together so

0:15:01.920,0:15:07.680  
um we want to thank him for all this

0:15:05.040,0:15:11.199  
good effort that he did

0:15:07.680,0:15:15.440  
thanks thanks thank you corey great job

0:15:11.199,0:15:19.040  
thank you okay so uh cory's going to

0:15:15.440,0:15:22.560  
head off i did want to also say that um

0:15:19.040,0:15:25.120  
we had done a presentation before

0:15:22.560,0:15:25.680  
and we had been talking about west main

0:15:25.120,0:15:28.720  
street

0:15:25.680,0:15:31.199  
if you remember in the um

0:15:28.720,0:15:32.240  
the video that got uh put out about it

0:15:31.199,0:15:34.560  
you know there's

0:15:32.240,0:15:35.839  
been some talk around the gold leaf

0:15:34.560,0:15:39.519  
buildings so the

0:15:35.839,0:15:41.120  
uh buildings on the west side of west

0:15:39.519,0:15:44.160  
main street

0:15:41.120,0:15:48.240  
between groundhog and the

0:15:44.160,0:15:50.480  
um between groundhog

0:15:48.240,0:15:50.480  
and

0:15:51.600,0:15:55.680

the county players on the same side as

0:15:53.839,0:15:56.800

both of those buildings there's a group

0:15:55.680,0:15:59.600

of buildings uh

0:15:56.800,0:16:00.399

one of at least one of them is condemned

0:15:59.600,0:16:03.279

and

0:16:00.399,0:16:04.240

another one has a parking spot parking

0:16:03.279,0:16:07.839

for

0:16:04.240,0:16:09.759

um 10 or 12 cars and then there's a

0:16:07.839,0:16:10.560

cement block building and there had been

0:16:09.759,0:16:13.519

talk about

0:16:10.560,0:16:14.320

putting a project there that would uh

0:16:13.519,0:16:17.360

take up all

0:16:14.320,0:16:20.160

three three parcels

0:16:17.360,0:16:20.639

and work to get something going there so

0:16:20.160,0:16:22.959

that

0:16:20.639,0:16:24.079

there were two different developers and

0:16:22.959,0:16:27.040

um

0:16:24.079,0:16:28.560

they uh one of those properties looks

0:16:27.040,0:16:32.000  
like it's going to be

0:16:28.560,0:16:34.000  
closed on uh soon i

0:16:32.000,0:16:36.079  
uh did want to say that there is a

0:16:34.000,0:16:40.079  
unique opportunity for the board

0:16:36.079,0:16:43.759  
to consider purchasing the middle lot

0:16:40.079,0:16:45.759  
and adding property for just for

0:16:43.759,0:16:47.759  
parking for west main street if you

0:16:45.759,0:16:51.040  
remember at the end of december

0:16:47.759,0:16:52.560  
january we did a parking study and the

0:16:51.040,0:16:55.680  
parking study came back

0:16:52.560,0:16:56.880  
that parking was needed throughout the

0:16:55.680,0:17:00.880  
business district

0:16:56.880,0:17:03.360  
but it was thoroughly needed on the

0:17:00.880,0:17:05.360  
west main street side of the business

0:17:03.360,0:17:08.240  
district

0:17:05.360,0:17:09.480  
i think that if the village wants to

0:17:08.240,0:17:12.720  
continue

0:17:09.480,0:17:15.839  
revitalizing that part of the village

0:17:12.720,0:17:18.480  
that it did seriously consider whether

0:17:15.839,0:17:21.679  
or not it might want to purchase

0:17:18.480,0:17:25.360  
the parking lot area there so

0:17:21.679,0:17:26.910  
um i think that that's something that

0:17:25.360,0:17:28.559  
should be discussed and

0:17:26.910,0:17:30.640  
[Music]

0:17:28.559,0:17:32.000  
explored so there would be an

0:17:30.640,0:17:33.840  
opportunity to do

0:17:32.000,0:17:36.480  
that there'd also be an opportunity to

0:17:33.840,0:17:37.760  
purchase just the parking subdivide off

0:17:36.480,0:17:40.799  
the building

0:17:37.760,0:17:42.160  
uh that goes with it and uh sell it to

0:17:40.799,0:17:44.320  
somebody with the

0:17:42.160,0:17:45.679  
um with a deed restriction that says

0:17:44.320,0:17:48.240  
that it could only be used for

0:17:45.679,0:17:51.679  
commercial so that it wouldn't add

0:17:48.240,0:17:56.080  
additional uh an additional burden

0:17:51.679,0:17:59.120  
to the community for the amount of

0:17:56.080,0:18:01.200  
apartments that it might add

0:17:59.120,0:18:02.640  
that would take up additional parkings

0:18:01.200,0:18:06.000  
or it could be

0:18:02.640,0:18:09.039  
kept by the village and uh rented

0:18:06.000,0:18:10.720  
to a business that would go well with

0:18:09.039,0:18:13.280  
the mix

0:18:10.720,0:18:15.120  
for the businesses in our business

0:18:13.280,0:18:16.960  
district like an art gallery or

0:18:15.120,0:18:19.039  
something specific like that

0:18:16.960,0:18:20.640  
and then the money could be put back

0:18:19.039,0:18:24.640  
into um

0:18:20.640,0:18:26.720  
keeping up with the parking lots

0:18:24.640,0:18:28.000  
that we have around the area so those

0:18:26.720,0:18:31.840  
are just some ideas

0:18:28.000,0:18:34.080  
for us to consider and i'll leave you

0:18:31.840,0:18:35.679  
with that for now when we could discuss

0:18:34.080,0:18:37.520  
that at another time

0:18:35.679,0:18:38.880  
mayor i just want to interject that i

0:18:37.520,0:18:42.880  
think it's advisable

0:18:38.880,0:18:45.120  
it just re-um just uh

0:18:42.880,0:18:46.480  
emphasize that these are general

0:18:45.120,0:18:49.280  
concepts

0:18:46.480,0:18:50.640  
there are no specific plans for any one

0:18:49.280,0:18:57.840  
property being

0:18:50.640,0:18:57.840  
acquired okay and and uh that that is

0:18:58.080,0:19:02.480  
to understand that distinction yeah so

0:19:00.480,0:19:03.440  
while everything that you saw in all of

0:19:02.480,0:19:06.960  
these concepts

0:19:03.440,0:19:10.559  
is um these are uh

0:19:06.960,0:19:11.760  
planning ideas they're uh general there

0:19:10.559,0:19:14.480  
are things that

0:19:11.760,0:19:15.520  
we just want to collect information from

0:19:14.480,0:19:19.039  
the public about

0:19:15.520,0:19:20.880  
whether or not they're um interested in

0:19:19.039,0:19:22.960  
seeing this whether there's any public

0:19:20.880,0:19:24.640  
controversy surrounding the use of any

0:19:22.960,0:19:27.919  
of the buildings in this

0:19:24.640,0:19:31.039  
manner and just guiding the

0:19:27.919,0:19:34.960  
board and the village and

0:19:31.039,0:19:37.440  
future projects to consider

0:19:34.960,0:19:41.600  
so are there any uh questions or

0:19:37.440,0:19:41.600  
comments about the entire presentation

0:19:44.559,0:19:50.160  
okay uh so i think we corey really got a

0:19:48.320,0:19:50.720  
lot of participation out there and we

0:19:50.160,0:19:54.240  
also

0:19:50.720,0:19:54.640  
were very thankful to have a great video

0:19:54.240,0:19:58.400  
which

0:19:54.640,0:20:02.400  
which got more than um i think it

0:19:58.400,0:20:03.360  
a week ago it was up to 5000 views and i

0:20:02.400,0:20:05.679  
think it's even

0:20:03.360,0:20:06.480  
gotten many many more views since then

0:20:05.679,0:20:09.760  
so

0:20:06.480,0:20:11.679  
um we really want to thank the

0:20:09.760,0:20:13.360  
village resident who put the time and

0:20:11.679,0:20:16.320  
effort into doing that

0:20:13.360,0:20:17.440  
uh pro bono for us because it was a very

0:20:16.320,0:20:21.600  
professionally done

0:20:17.440,0:20:24.799  
video that uh we really appreciate

0:20:21.600,0:20:25.360  
okay uh so that being said i think we're

0:20:24.799,0:20:28.799  
gonna go

0:20:25.360,0:20:29.120  
on and i will share the screen again and

0:20:28.799,0:20:32.720  
ask

0:20:29.120,0:20:35.840  
john zarowski to speak to us about

0:20:32.720,0:20:35.840  
the um

0:20:45.840,0:20:50.720  
hold on i'm sorry i gotta switch my

0:21:00.840,0:21:03.840  
screen

0:21:06.799,0:21:11.840  
okay john uh our engineer will

0:21:10.240,0:21:13.440  
lead us through the projects that are

0:21:11.840,0:21:17.440  
ongoing

0:21:13.440,0:21:20.880  
can everybody see a document titled

0:21:17.440,0:21:20.880  
projects for discussion

0:21:23.440,0:21:26.720  
yeah okay

0:21:28.159,0:21:34.799  
go through this um frannie race park

0:21:31.679,0:21:37.360  
along very nicely they're looking

0:21:34.799,0:21:38.080  
at some paving last week and then

0:21:37.360,0:21:40.159  
striping

0:21:38.080,0:21:42.960  
around the case so it appears that

0:21:40.159,0:21:42.960  
they're on target

0:22:04.000,0:22:08.080  
they were very careful doing it however

0:22:06.559,0:22:10.960  
because of that

0:22:08.080,0:22:12.240  
central hudson came in they wanted to

0:22:10.960,0:22:15.520  
take

0:22:12.240,0:22:18.640  
um 460 linear feet of three inch ps main

0:22:15.520,0:22:21.919  
further down um and deeper

0:22:18.640,0:22:21.919  
much deeper than they are

0:22:25.360,0:22:29.520  
they're targeting the 24th of august for

0:22:27.919,0:22:31.760  
being done but again they're

0:22:29.520,0:22:34.400  
going to take control of the schedule

0:22:31.760,0:22:37.520  
and contact can only do so much

0:22:34.400,0:22:40.080  
um as uh central hudson is very much on

0:22:37.520,0:22:43.120  
the road

0:22:40.080,0:22:44.880  
again even with that we're hoping that

0:22:43.120,0:22:46.880  
if cedric watson gets out of there that

0:22:44.880,0:22:48.720  
they will still be able to finish by the

0:22:46.880,0:22:51.520  
october 17

0:22:48.720,0:22:51.520  
contract date

0:22:52.159,0:22:59.039  
next project um of the project so

0:22:56.240,0:22:59.840  
contract five that is about the the

0:22:59.039,0:23:02.400  
interconnect

0:22:59.840,0:23:03.760  
the water connect the town and the

0:23:02.400,0:23:05.120  
village

0:23:03.760,0:23:07.039  
we're moving ahead on getting the

0:23:05.120,0:23:09.520  
drawings to d.o.t

0:23:07.039,0:23:10.400  
but um i think we need to talk about

0:23:09.520,0:23:14.320  
including

0:23:10.400,0:23:15.840  
the um a piece of sewer main that was

0:23:14.320,0:23:18.000  
that wasn't completed as part of

0:23:15.840,0:23:19.840  
contract 4 because of the

0:23:18.000,0:23:21.440  
the tanks that were discovered in the

0:23:19.840,0:23:25.840  
contaminated soil that

0:23:21.440,0:23:27.919  
basically ended that part of the project

0:23:25.840,0:23:29.200  
so we never finished the section of

0:23:27.919,0:23:32.799  
sewer that went from

0:23:29.200,0:23:36.000  
aero autoblast to duchess plaza

0:23:32.799,0:23:38.320  
and i've had several of you you

0:23:36.000,0:23:39.679  
know people like to improve contract

0:23:38.320,0:23:41.679  
five

0:23:39.679,0:23:43.279  
funding for contract five is purely

0:23:41.679,0:23:44.640  
drinking water it has nothing to do with

0:23:43.279,0:23:47.039  
clean water so this

0:23:44.640,0:23:51.840  
if it's going to be funded um this would

0:23:47.039,0:23:51.840  
be a village funded project

0:24:02.480,0:24:06.559  
although it's nearly done we need the

0:24:04.799,0:24:08.480  
easement document signed

0:24:06.559,0:24:11.120  
so that the amusement for the sewer main

0:24:08.480,0:24:11.120  
is in place

0:24:11.679,0:24:14.480  
of that in place

0:24:16.159,0:24:21.679  
authorization and then um if you want me

0:24:20.000,0:24:23.840  
to include that in the drawings

0:24:21.679,0:24:24.960  
as part of this project for contract

0:24:23.840,0:24:26.799  
five

0:24:24.960,0:24:28.240  
and uh we need to do that before we go

0:24:26.799,0:24:30.240  
to the department of health

0:24:28.240,0:24:32.080  
that brings the dot back into the

0:24:30.240,0:24:33.360  
picture because now we're in vo2 right

0:24:32.080,0:24:35.840  
away

0:24:33.360,0:24:38.000  
and i'm sure the dpw probably wants to

0:24:35.840,0:24:39.520  
comment on it as well so

0:24:38.000,0:24:42.400  
these are all pieces that need to be in

0:24:39.520,0:24:44.840  
place before we go out for

0:24:42.400,0:24:47.840  
getting our like before we submit for

0:24:44.840,0:24:47.840  
approvals

0:24:48.080,0:24:52.480  
continue with this or move to the next

0:24:50.640,0:24:54.080  
project

0:24:52.480,0:24:57.279  
you can come back to this semester some

0:24:54.080,0:25:00.240  
questions um the water filter plant

0:24:57.279,0:25:02.400  
we're putting together the usda funding

0:25:00.240,0:25:05.039  
again it's nearly ready to go in

0:25:02.400,0:25:06.480  
just the last two pieces i believe matt

0:25:05.039,0:25:11.679  
did you guys do the

0:25:06.480,0:25:11.679  
notice of intent with us

0:25:13.200,0:25:18.559  
i have to check with corey hold on

0:25:16.480,0:25:20.240  
we have talked about it we need the

0:25:18.559,0:25:29.840  
notice of intent on so that we can

0:25:20.240,0:25:29.840  
include that and then get this submitted

0:25:30.960,0:25:34.799  
anyway there is a rolling deadline so

0:25:32.880,0:25:38.000  
there's we're not up against a

0:25:34.799,0:25:39.760  
solid date on this but so

0:25:38.000,0:25:41.039  
i'd like to get this in so we can see if

0:25:39.760,0:25:44.159  
we need some funding for the water

0:25:41.039,0:25:44.159  
filter plant in the water

0:25:46.400,0:25:49.919  
so i'm gonna i'll have to get that

0:25:48.559,0:25:52.559  
answer for you

0:25:49.919,0:25:53.840  
okay all right we can move on um bain

0:25:52.559,0:25:57.279  
park master plan

0:25:53.840,0:25:58.960  
that they come up in your presentation

0:25:57.279,0:26:01.520  
matt but so we are moving ahead with a

0:25:58.960,0:26:04.880  
master plan

0:26:01.520,0:26:06.320  
um the draft survey map is done um we're

0:26:04.880,0:26:08.159  
planning on a kickoff meeting in

0:26:06.320,0:26:10.480  
september

0:26:08.159,0:26:12.480  
um we'll be putting together the master

0:26:10.480,0:26:15.120  
plan um the

0:26:12.480,0:26:16.000  
playground area and then also preferring

0:26:15.120,0:26:19.039  
the uh

0:26:16.000,0:26:19.919  
the secret documentation for it the

0:26:19.039,0:26:21.919  
grease trap

0:26:19.919,0:26:23.440  
is moving forward we've put together

0:26:21.919,0:26:25.120  
some things like apparently there's a

0:26:23.440,0:26:26.720  
meeting on friday in the courtroom with

0:26:25.120,0:26:30.159  
the the committee has been

0:26:26.720,0:26:33.279  
selected so nancy and

0:26:30.159,0:26:37.440  
christian will be there to present

0:26:33.279,0:26:40.640  
the grease trap language for you

0:26:37.440,0:26:42.960  
you're revising your code

0:26:40.640,0:26:44.559  
the brownfield grant program we have put

0:26:42.960,0:26:48.159  
together an application

0:26:44.559,0:26:50.159  
um for moving forward on the

0:26:48.159,0:26:51.360  
getting the epa and not the application

0:26:50.159,0:26:52.880  
but the work plan

0:26:51.360,0:26:54.640  
and the health and safety plan for the

0:26:52.880,0:26:55.919  
epa for doing a phase two at the

0:26:54.640,0:26:58.799  
bleacher

0:26:55.919,0:27:00.240  
um they're scaling it back a little bit

0:26:58.799,0:27:02.080  
we just got word from the epa that

0:27:00.240,0:27:03.760  
they're scaling it back a little bit

0:27:02.080,0:27:06.559  
i'll have more when i flush that out

0:27:03.760,0:27:10.080  
with them for next month's meeting

0:27:06.559,0:27:14.720  
but um we are moving forward on the

0:27:10.080,0:27:16.480  
brownfield for the blue trees the

0:27:14.720,0:27:18.640  
infrastructure study nothing more has

0:27:16.480,0:27:20.320  
happened on that since the last time

0:27:18.640,0:27:23.360  
and my understanding that there was a

0:27:20.320,0:27:24.480  
meeting which um been invited to but

0:27:23.360,0:27:27.679  
nancy to

0:27:24.480,0:27:31.039  
lead on that so she attended the meeting

0:27:27.679,0:27:32.720  
um the water extension

0:27:31.039,0:27:34.320  
and the water and sewer extension out of

0:27:32.720,0:27:35.840  
high view terrace

0:27:34.320,0:27:37.200  
um because we need to figure out if

0:27:35.840,0:27:38.799  
we're going to take that out to bed or

0:27:37.200,0:27:41.200  
if it's going to be done in

0:27:38.799,0:27:41.200  
the water

0:27:43.200,0:27:46.960  
so on that one we've been meeting with

0:27:45.600,0:27:49.360  
the county and we'll be

0:27:46.960,0:27:50.320  
uh giving you giving more detail as to

0:27:49.360,0:27:53.520  
how that's gonna

0:27:50.320,0:27:56.320  
go forward it's um however

0:27:53.520,0:27:58.240  
that being said this grant is not

0:27:56.320,0:28:01.520  
actually

0:27:58.240,0:28:02.640  
uh in contract yet so this is the last

0:28:01.520,0:28:06.090  
grant that we got

0:28:02.640,0:28:07.279  
and it uh depends on the federal

0:28:06.090,0:28:10.159  
[Music]

0:28:07.279,0:28:12.000  
process completing as of a certain date

0:28:10.159,0:28:15.279  
and they haven't completed

0:28:12.000,0:28:17.679  
um their process yet so we'll be

0:28:15.279,0:28:20.320  
given instructions as to how that's

0:28:17.679,0:28:20.320  
going to proceed

0:28:24.720,0:28:32.480  
so if you want to step back to

0:28:28.320,0:28:36.399  
the boat house which is on my list

0:28:32.480,0:28:40.640  
but um going to the boathouse

0:28:36.399,0:28:44.399  
like to take that um out to bed

0:28:40.640,0:28:47.200  
going forward you have to prepare um

0:28:44.399,0:28:49.360  
preliminary bid documents we have to put

0:28:47.200,0:28:52.159  
the specs in the front end together

0:28:49.360,0:28:54.320  
for that so i would just want to know if

0:28:52.159,0:28:59.840  
you want to go ahead with the boathouse

0:28:54.320,0:28:59.840  
we had a cost estimate for that

0:29:03.440,0:29:11.520  
with a 20 contingency we added about 107

0:29:06.960,0:29:15.039  
000 nowadays for going ahead with the

0:29:11.520,0:29:18.559  
patio behind it the

0:29:15.039,0:29:21.919  
sidewalks came fucking and tying into

0:29:18.559,0:29:24.840  
the existing bath that was put in

0:29:21.919,0:29:27.840  
and that would be with the landscaping

0:29:24.840,0:29:27.840  
curbing

0:29:30.799,0:29:33.919  
yeah so this is just a conceptual

0:29:32.720,0:29:38.080  
picture um

0:29:33.919,0:29:38.960  
so is we asked uh if the board remembers

0:29:38.080,0:29:42.080  
right

0:29:38.960,0:29:44.320  
not doesn't seem so long ago but

0:29:42.080,0:29:45.200  
uh yet it seems like a really long time

0:29:44.320,0:29:48.320  
ago so in

0:29:45.200,0:29:51.440  
january and february of 2020 we asked

0:29:48.320,0:29:53.360  
uh our engineers to prepare documents so

0:29:51.440,0:29:55.120  
that we could be ready to go out to bid

0:29:53.360,0:29:57.279  
that does not mean that they so they

0:29:55.120,0:29:59.120  
prepared the plans and specifications

0:29:57.279,0:30:02.159  
and got us the estimate

0:29:59.120,0:30:03.919  
and um they need to what they're asking

0:30:02.159,0:30:06.880  
is for us to put this

0:30:03.919,0:30:09.200  
out so that they could prepare it

0:30:06.880,0:30:10.159  
prepare the bid documents themselves

0:30:09.200,0:30:13.600  
with all of the

0:30:10.159,0:30:16.799  
contract uh requests

0:30:13.600,0:30:20.159  
um the financing on this we

0:30:16.799,0:30:23.679  
still have uh 11

0:30:20.159,0:30:26.080  
000 from the dec left in a grant to be

0:30:23.679,0:30:28.240  
spent on the outside and fifty thousand

0:30:26.080,0:30:29.440  
dollars from a county grant to be spent

0:30:28.240,0:30:32.640  
on the outside

0:30:29.440,0:30:35.600  
and we've also received back

0:30:32.640,0:30:39.039  
uh sixty eight thousand dollars from

0:30:35.600,0:30:42.320  
from the repayment of the cdbg

0:30:39.039,0:30:44.240  
uh so we should be able to use uh

0:30:42.320,0:30:45.520  
that funding and have more than enough

0:30:44.240,0:30:49.200  
to complete uh

0:30:45.520,0:30:50.799  
it a 107 thousand dollar job

0:30:49.200,0:30:52.880  
i'd like to ask the board if we could

0:30:50.799,0:30:54.399  
move as quickly as possible because we

0:30:52.880,0:30:57.679  
do have two

0:30:54.399,0:30:59.600  
uh contracting entities that are located

0:30:57.679,0:31:01.279  
in the village right now working on a

0:30:59.600,0:31:04.480  
project and we might

0:31:01.279,0:31:06.559  
uh we might do well

0:31:04.480,0:31:08.159  
uh because they're already set up here

0:31:06.559,0:31:10.799  
in the village and this

0:31:08.159,0:31:12.320  
could be a nice project for them to end

0:31:10.799,0:31:15.279  
their season with

0:31:12.320,0:31:15.840  
and we might get favorable pricing um

0:31:15.279,0:31:18.080  
but

0:31:15.840,0:31:19.840  
you know we did that last time and we

0:31:18.080,0:31:20.399  
actually got favorable pricing from a

0:31:19.840,0:31:22.960  
different

0:31:20.399,0:31:25.200  
uh contractor it was wasn't the same as

0:31:22.960,0:31:28.240  
these two contractors that are here

0:31:25.200,0:31:31.519  
so um i'd like to ask if we could

0:31:28.240,0:31:32.720  
uh get approval to put this out to bid

0:31:31.519,0:31:34.799  
and to

0:31:32.720,0:31:35.919  
get the results back as soon as possible

0:31:34.799,0:31:37.600  
so we can

0:31:35.919,0:31:40.480  
see what the prices are and see if we

0:31:37.600,0:31:40.480  
can move forward

0:31:43.279,0:31:46.080  
were there any questions

0:31:50.960,0:31:54.720  
or we just use the plans that we have

0:31:53.840,0:31:57.600  
we've actually

0:31:54.720,0:31:58.000  
modified the plans um based on what we

0:31:57.600,0:32:01.919  
did

0:31:58.000,0:32:05.440  
um our meetings back in january um

0:32:01.919,0:32:07.600  
to we're putting a patio behind

0:32:05.440,0:32:07.600  
and

0:32:09.760,0:32:16.159  
can i share a screen here you could know

0:32:14.930,0:32:18.080  
[Music]

0:32:16.159,0:32:20.880  
really gonna cause us nothing just to go

0:32:18.080,0:32:23.279  
out and find a big jar correct

0:32:20.880,0:32:24.960  
so if you can see my screen i've got if

0:32:23.279,0:32:26.840  
you can see my mouse moving around

0:32:24.960,0:32:29.120  
so we've got a patio in the back of the

0:32:26.840,0:32:32.640  
stairwell yeah

0:32:29.120,0:32:34.080  
shaving in the sidewalk which ties into

0:32:32.640,0:32:36.799  
the

0:32:34.080,0:32:38.080  
walkway and then the landscaping the

0:32:36.799,0:32:40.399  
curbing

0:32:38.080,0:32:43.679  
um that's what came up with 20

0:32:40.399,0:32:46.960

contingent came up with 107 so

0:32:43.679,0:32:48.799

um so this is where we're at we've got

0:32:46.960,0:32:50.240

you know like the specs are pretty much

0:32:48.799,0:32:53.039

ready to go

0:32:50.240,0:32:54.840

and we just need uh the dates and things

0:32:53.039,0:32:56.720

for the contract the front end of the

0:32:54.840,0:32:59.919

contract to put this out to bid

0:32:56.720,0:33:01.440

fairly quickly but we already have like

0:32:59.919,0:33:04.960

based on these meetings

0:33:01.440,0:33:11.200

for handicapped access and

0:33:04.960,0:33:13.760

building all right

0:33:11.200,0:33:14.640

this would put us in a position where we

0:33:13.760,0:33:16.880

could

0:33:14.640,0:33:18.000

finish this year there are two other

0:33:16.880,0:33:21.200

contractors

0:33:18.000,0:33:24.080

in our way to finishing this year so it

0:33:21.200,0:33:26.159

just requires that they finish their

0:33:24.080,0:33:29.440

projects

0:33:26.159,0:33:31.039  
in time for this pro contractor to come

0:33:29.440,0:33:31.840  
out and finish this project but we're

0:33:31.039,0:33:35.200  
meeting with them

0:33:31.840,0:33:37.440  
friday and we uh have also been we also

0:33:35.200,0:33:39.600  
went down to the boathouse today

0:33:37.440,0:33:41.760  
uh to look and see how the progress is

0:33:39.600,0:33:43.840  
going and we

0:33:41.760,0:33:45.760  
don't have any information that leads us

0:33:43.840,0:33:47.919  
to believe they won't finish on time for

0:33:45.760,0:33:50.240  
this to happen this year

0:33:47.919,0:33:50.240  
okay

0:34:04.350,0:34:07.520  
[Music]

0:34:09.359,0:34:13.599  
any other questions so we're talking

0:34:12.720,0:34:15.280  
about the

0:34:13.599,0:34:17.040  
patio on the back and all the

0:34:15.280,0:34:19.200  
landscaping

0:34:17.040,0:34:21.440  
patio landscaping the parking lot and

0:34:19.200,0:34:23.200  
the sidewalks

0:34:21.440,0:34:24.480  
okay so i just have one other question

0:34:23.200,0:34:27.599  
um i know you guys

0:34:24.480,0:34:30.639  
hired mark lotto at the last meeting so

0:34:27.599,0:34:33.919  
what is he working on

0:34:30.639,0:34:35.040  
he's working on the sheetrock on the

0:34:33.919,0:34:38.960  
inside

0:34:35.040,0:34:42.560  
the bathrooms the

0:34:38.960,0:34:45.520  
kitchen area the

0:34:42.560,0:34:45.520  
bidding of the

0:34:46.839,0:34:53.919  
toilets uh so he'll he'll fit out the

0:34:49.760,0:34:56.320  
boat all the bathrooms and um

0:34:53.919,0:34:57.680  
and then he'll work in the back room

0:34:56.320,0:35:01.040  
he'll move the stuff

0:34:57.680,0:35:04.320  
from the back room over to the

0:35:01.040,0:35:07.920  
uh american legion and

0:35:04.320,0:35:11.760  
uh get that boat rental area set up

0:35:07.920,0:35:17.680  
cleaned out and set up and uh ready to

0:35:11.760,0:35:20.560  
be moved into

0:35:17.680,0:35:22.000  
um i have a question uh regarding the

0:35:20.560,0:35:24.480  
the exterior work

0:35:22.000,0:35:26.079  
is that pretty much is it pretty much

0:35:24.480,0:35:28.079  
adhering to

0:35:26.079,0:35:30.000  
like the uh you know i'm not an expert

0:35:28.079,0:35:32.640  
at reading blueprints or anything

0:35:30.000,0:35:33.839  
like that but the overall design does it

0:35:32.640,0:35:35.920  
conform to

0:35:33.839,0:35:38.000  
pretty much what you know we've

0:35:35.920,0:35:41.280  
displayed like the art rendering

0:35:38.000,0:35:44.320  
that we saw um up again

0:35:41.280,0:35:48.880  
so you can see it but it is

0:35:44.320,0:35:52.320  
uh yeah it's just not gonna have

0:35:48.880,0:35:55.359  
so it's gonna have uh the patio where

0:35:52.320,0:35:58.720  
you see on the back of the building

0:35:55.359,0:35:59.599  
is gonna be pulled in closer to the back

0:35:58.720,0:36:03.920  
of the building

0:35:59.599,0:36:07.520  
so that if you're uh so that

0:36:03.920,0:36:10.560

that space can be enjoyed by

0:36:07.520,0:36:11.359

um people can just walk right out onto

0:36:10.560,0:36:13.680

the patio

0:36:11.359,0:36:15.680

so we also saved a lot of money by

0:36:13.680,0:36:19.280

taking out the curves and

0:36:15.680,0:36:23.040

making a squared off patio and

0:36:19.280,0:36:23.920

uh if you see all the uh foliage that's

0:36:23.040,0:36:27.359

put

0:36:23.920,0:36:31.200

in the pink there it would give us

0:36:27.359,0:36:33.359

a clearer way to access the garage which

0:36:31.200,0:36:33.760

is the boat house so the boathouse is

0:36:33.359,0:36:36.400

the

0:36:33.760,0:36:37.440

little perpendicular building that that

0:36:36.400,0:36:39.520

sticks out

0:36:37.440,0:36:41.599

right on the northern side of the

0:36:39.520,0:36:46.640

building toward the creek

0:36:41.599,0:36:46.640

and this would give us better more uh

0:36:47.839,0:36:51.359

it would be better access to that part

0:36:50.240,0:36:53.680  
of the building

0:36:51.359,0:36:55.839  
uh it won't be as pretty but it will

0:36:53.680,0:36:59.440  
save us money

0:36:55.839,0:37:00.800  
for that question yeah yeah okay so it's

0:36:59.440,0:37:03.920  
pretty close to the concept

0:37:00.800,0:37:07.280  
yeah that's good

0:37:03.920,0:37:10.079  
uh this this paved area that you see

0:37:07.280,0:37:11.520  
closer to the creek with the pink

0:37:10.079,0:37:15.119  
vegetation

0:37:11.520,0:37:18.560  
shown would uh there would be more

0:37:15.119,0:37:20.800  
grass here but we would use natural

0:37:18.560,0:37:22.830  
uh a natural the natural setting instead

0:37:20.800,0:37:24.000  
of um

0:37:22.830,0:37:26.880  
[Music]

0:37:24.000,0:37:27.520  
needing all of that hardscape at that

0:37:26.880,0:37:31.440  
location

0:37:27.520,0:37:31.440  
too okay

0:37:35.520,0:37:38.720  
okay any other questions

0:37:40.960,0:37:44.400  
if there's no other questions can we get

0:37:43.599,0:37:48.000  
a motion

0:37:44.400,0:37:51.839  
to uh have casey put this

0:37:48.000,0:37:54.720  
work out to bed

0:37:51.839,0:37:57.599  
the motion emotion from trustee lammers

0:37:54.720,0:37:57.599  
can i get a second

0:38:00.640,0:38:05.839  
i'll make it second by trustee huber all

0:38:04.240,0:38:08.079  
those in favor

0:38:05.839,0:38:08.079  
hi

0:38:09.760,0:38:16.079  
and any opposed

0:38:12.880,0:38:16.079  
are there any opposed

0:38:16.640,0:38:20.880  
okay i did not hear that any were

0:38:18.400,0:38:22.160  
opposed so if you're on mute and you

0:38:20.880,0:38:25.599  
opposed it please

0:38:22.160,0:38:28.000  
unmute yourself and re-oppose it but i'm

0:38:25.599,0:38:28.880  
i'm gonna say that we're recording this

0:38:28.000,0:38:31.440  
as uh

0:38:28.880,0:38:32.400  
all in fake all who are present here in

0:38:31.440,0:38:34.640  
favor of

0:38:32.400,0:38:36.880  
uh moving ahead with putting this out to

0:38:34.640,0:38:36.880  
bid

0:38:38.720,0:38:41.839  
okay uh

0:38:44.839,0:38:47.839  
surely

0:38:57.599,0:39:01.839  
19th century factory

0:39:08.400,0:39:15.839  
okay so uh the next item on the agenda

0:39:12.560,0:39:15.839  
oh hold on i got a question

0:39:16.480,0:39:22.560  
go ahead um i actually have a question

0:39:19.520,0:39:23.760  
and kind of a concern for frannie reese

0:39:22.560,0:39:25.680  
park i took a

0:39:23.760,0:39:26.960  
ride up there today and kind of walked

0:39:25.680,0:39:29.760  
down

0:39:26.960,0:39:32.720  
um mary can we finish the agenda and

0:39:29.760,0:39:34.400  
then uh go back to that

0:39:32.720,0:39:35.839  
all right no no actually that's good

0:39:34.400,0:39:36.800  
this is a good time i'm sorry because

0:39:35.839,0:39:39.200  
we're doing the

0:39:36.800,0:39:40.880  
projects now good go ahead so i walked

0:39:39.200,0:39:43.200  
down there is there going to be

0:39:40.880,0:39:44.400  
a wall put up alongside the landing

0:39:43.200,0:39:47.520  
that's on the bottom

0:39:44.400,0:39:50.960  
or some kind of fencing yeah

0:39:47.520,0:39:53.680  
so where we uh went down there and we

0:39:50.960,0:39:55.760  
decided that the best way to put

0:39:53.680,0:39:57.680  
something there would be a vegetated

0:39:55.760,0:40:00.079  
border

0:39:57.680,0:40:03.119  
so there would be a something telling

0:40:00.079,0:40:06.720  
you that that was the edge

0:40:03.119,0:40:08.720  
okay and then secondly um are we gonna

0:40:06.720,0:40:10.000  
somehow someway make that park handicap

0:40:08.720,0:40:12.560  
accessible because

0:40:10.000,0:40:13.119  
there's no way anybody that needs to go

0:40:12.560,0:40:16.079  
down there

0:40:13.119,0:40:19.040  
with either a wheelchair or a walker is

0:40:16.079,0:40:19.040  
going to make it down there

0:40:20.079,0:40:23.440  
the staircase is not user friendly to

0:40:22.160,0:40:27.280  
anyone who's got to bring

0:40:23.440,0:40:29.119  
down a child in a carriage and then

0:40:27.280,0:40:31.280  
god forbid if there's an emergency and

0:40:29.119,0:40:31.680  
an emt or a paramedic needs to go down

0:40:31.280,0:40:34.160  
there

0:40:31.680,0:40:36.079  
trying to get a stretcher down and back

0:40:34.160,0:40:39.440  
up is not going to be

0:40:36.079,0:40:40.079  
that easy yeah so with the stretcher

0:40:39.440,0:40:43.440  
comment

0:40:40.079,0:40:45.040  
is it is what it is that you saw

0:40:43.440,0:40:46.640  
uh that's the way it's gonna be but

0:40:45.040,0:40:51.200  
there will be railing

0:40:46.640,0:40:54.240  
added on the um turns in the stairway

0:40:51.200,0:40:57.599  
and the ada access we have a second

0:40:54.240,0:41:01.440  
phase that we we'd like to do which

0:40:57.599,0:41:04.640  
we think instead of bringing out a

0:41:01.440,0:41:05.280  
300 000 bridge to cross over to the top

0:41:04.640,0:41:08.319  
of the

0:41:05.280,0:41:10.160  
um amphitheater we think that it's

0:41:08.319,0:41:13.280  
possible that we could

0:41:10.160,0:41:16.400  
uh look at getting

0:41:13.280,0:41:20.319  
ada access so that ada

0:41:16.400,0:41:23.359  
um that there will be a way to view

0:41:20.319,0:41:26.640  
uh the amphitheater from the top

0:41:23.359,0:41:29.200  
and so we're working on that

0:41:26.640,0:41:31.520  
that's that's not uh the the way that

0:41:29.200,0:41:35.040  
the site

0:41:31.520,0:41:36.800  
uh was the the way that the site is did

0:41:35.040,0:41:40.160  
not lend itself to being

0:41:36.800,0:41:42.960  
um to us making the grade with the ramp

0:41:40.160,0:41:49.599  
to get up to the paved area where the

0:41:42.960,0:41:51.839  
parking lot was

0:41:49.599,0:42:03.839  
are there any other comments about any

0:41:51.839,0:42:03.839  
of the projects

0:42:04.960,0:42:10.079  
guess i'll take off then

0:42:08.000,0:42:12.400  
you don't need me anymore tonight oh yes

0:42:10.079,0:42:14.880  
no i think we're good does uh anybody

0:42:12.400,0:42:17.839  
need to ask john any questions before he

0:42:14.880,0:42:17.839  
goes

0:42:20.000,0:42:23.680  
okay so um i think

0:42:23.920,0:42:31.839  
next on the agenda uh i'm gonna put the

0:42:26.640,0:42:31.839  
i'm gonna share the agenda

0:42:35.720,0:42:39.200  
[Music]

0:42:40.319,0:42:47.680  
okay uh next item on the agenda is

0:42:43.520,0:42:51.440  
um thank you john uh we have

0:42:47.680,0:42:53.359  
a court audit and uh jessica would you

0:42:51.440,0:42:59.839  
like to talk to us about

0:42:53.359,0:42:59.839  
the court

0:43:09.839,0:43:13.839  
sorry no i'm okay

0:43:15.119,0:43:17.680  
so uh

0:43:19.280,0:43:21.599  
okay

0:43:22.319,0:43:29.200  
i don't think we have any um

0:43:27.280,0:43:30.720  
so do you have the results of the court

0:43:29.200,0:43:35.119  
audit jessica

0:43:30.720,0:43:35.119  
oh yeah everything went really well so

0:43:35.280,0:43:40.240  
um they're really organized and they

0:43:37.520,0:43:41.040  
keep track of everything so it's ready

0:43:40.240,0:43:42.640  
to go

0:43:41.040,0:43:44.400  
okay very good so there were no

0:43:42.640,0:43:47.680  
exceptions nope

0:43:44.400,0:43:50.720  
okay so uh can we get a motion

0:43:47.680,0:43:55.839  
to approve the court audit performed by

0:43:50.720,0:43:55.839  
our treasurer

0:44:00.800,0:44:04.160  
seconded by trustee lammers all those in

0:44:03.119,0:44:07.839  
favor

0:44:04.160,0:44:11.520  
aye any opposed

0:44:07.839,0:44:14.720  
okay uh next item on the agenda we have

0:44:11.520,0:44:18.240  
the discussion of uh property that uh

0:44:14.720,0:44:22.560  
we have had several violations

0:44:18.240,0:44:24.240  
for and uh so

0:44:22.560,0:44:25.680  
i'm going to ask the attorney to take it

0:44:24.240,0:44:26.560  
over from here and i'm going to start

0:44:25.680,0:44:28.400  
trying to share

0:44:26.560,0:44:29.839  
the documents that you need as you need

0:44:28.400,0:44:31.280  
them

0:44:29.839,0:44:33.040  
you might want to tell me which one the

0:44:31.280,0:44:36.480  
first

0:44:33.040,0:44:37.520  
first document that you need the notice

0:44:36.480,0:44:41.359  
of violation

0:44:37.520,0:44:41.359  
yep okay so um

0:44:42.800,0:44:47.680  
all right as you'll recall this

0:44:46.079,0:44:52.000  
particular property

0:44:47.680,0:44:54.319  
has been lot of um

0:44:52.000,0:44:55.280  
our angry residents who've come before

0:44:54.319,0:44:57.920  
the store

0:44:55.280,0:44:59.200  
have complained about it there have been

0:44:57.920,0:45:02.319  
a lot of

0:44:59.200,0:45:02.800  
prior um enforcement actions under the

0:45:02.319,0:45:05.599  
old

0:45:02.800,0:45:07.119  
property maintenance code uh

0:45:05.599,0:45:08.960  
particularly of which

0:45:07.119,0:45:10.480  
i had personally prosecuted a couple

0:45:08.960,0:45:13.599  
years ago in front of judge

0:45:10.480,0:45:18.880  
chase the local court

0:45:13.599,0:45:23.520  
and as a result of that um we had a

0:45:18.880,0:45:26.960  
uh law change um a couple months ago

0:45:23.520,0:45:30.640  
and um this property maintenance code

0:45:26.960,0:45:33.760  
um was you know asked for

0:45:30.640,0:45:36.800  
reasons just like this

0:45:33.760,0:45:40.640  
um i i

0:45:36.800,0:45:43.760  
before i get into the allegations um

0:45:40.640,0:45:46.400  
from the enforcement officer or for the

0:45:43.760,0:45:47.920  
code enforcement officer um i just

0:45:46.400,0:45:50.800  
wanted to

0:45:47.920,0:45:52.720  
if anybody has any questions about um

0:45:50.800,0:45:55.520  
the actual applicable law it's

0:45:52.720,0:45:57.599  
chapter 114 under the property

0:45:55.520,0:46:01.839  
maintenance code

0:45:57.599,0:46:02.640  
that is previously passed a couple

0:46:01.839,0:46:04.880  
months ago

0:46:02.640,0:46:05.760  
um you know we went over a number of

0:46:04.880,0:46:09.599  
drafts so

0:46:05.760,0:46:12.960  
um basically enlarged

0:46:09.599,0:46:15.040  
the um the the umbrella of

0:46:12.960,0:46:16.800  
offenses that could be charged under

0:46:15.040,0:46:20.000  
that law and

0:46:16.800,0:46:23.280  
we made it so that if

0:46:20.000,0:46:26.800  
the orders to remedy were ignored

0:46:23.280,0:46:29.680  
um then the village

0:46:26.800,0:46:33.280  
building department could actually bring

0:46:29.680,0:46:36.640  
a hearing a request a hearing before

0:46:33.280,0:46:40.839  
the village board for action and

0:46:36.640,0:46:43.119  
as after hearing

0:46:40.839,0:46:45.119  
uh um

0:46:43.119,0:46:47.040  
from the building department you could

0:46:45.119,0:46:50.319  
then authorize

0:46:47.040,0:46:51.280  
uh the village to take action and

0:46:50.319,0:46:54.560  
actually

0:46:51.280,0:46:57.599  
remedy the problem and take the uh

0:46:54.560,0:47:00.000  
billing the the cost of of

0:46:57.599,0:47:01.040  
remedying the problem and put it on the

0:47:00.000,0:47:04.400  
uh owner's

0:47:01.040,0:47:05.920  
tax bill um to be uh you know paid

0:47:04.400,0:47:09.200  
through his taxes

0:47:05.920,0:47:12.000  
um and uh we would get recoup

0:47:09.200,0:47:13.280  
that way so that is not a law that's on

0:47:12.000,0:47:16.800  
the books

0:47:13.280,0:47:18.640  
um i do not want to prejudice this

0:47:16.800,0:47:22.319  
particular individual's

0:47:18.640,0:47:25.920  
rights in any way i can tell you that um

0:47:22.319,0:47:28.559  
he was noticed tonight i i don't

0:47:25.920,0:47:29.839  
think he is here or any representative

0:47:28.559,0:47:33.440  
of his

0:47:29.839,0:47:36.160  
here um but i'll let uh brian murphy now

0:47:33.440,0:47:38.240  
speak to that and he can explain to you

0:47:36.160,0:47:39.680  
uh what he did what he observed and why

0:47:38.240,0:47:42.400  
we're here

0:47:39.680,0:47:43.200  
so uh do we need to open a public

0:47:42.400,0:47:45.520  
hearing

0:47:43.200,0:47:48.800  
at this time make a motion for a public

0:47:45.520,0:47:48.800  
hearing he's got to be sworn in

0:47:48.960,0:47:52.960  
i'll make a motion that we open to

0:47:50.480,0:47:55.359  
public hearing exactly

0:47:52.960,0:47:56.400  
seconded by uh trustee huber all those

0:47:55.359,0:47:59.440  
in favor

0:47:56.400,0:48:02.800  
aye aye any opposed

0:47:59.440,0:48:03.359  
and uh should i let brian speak first

0:48:02.800,0:48:06.559  
and then

0:48:03.359,0:48:08.559  
um ask if there's anybody to respond

0:48:06.559,0:48:10.160  
yeah brian just raise your right hand

0:48:08.559,0:48:12.960  
for the record and just

0:48:10.160,0:48:14.319  
you know do you prom you uh affirm the

0:48:12.960,0:48:14.720  
promise to tell the truth the whole

0:48:14.319,0:48:16.640  
truth

0:48:14.720,0:48:18.480  
nothing but the truth under penalty of

0:48:16.640,0:48:21.920  
perjury you do

0:48:18.480,0:48:25.040  
okay so i know this is not an official

0:48:21.920,0:48:28.400  
like court proceeding but um you know if

0:48:25.040,0:48:29.040  
uh i i want the record to reflect that

0:48:28.400,0:48:32.640  
you were

0:48:29.040,0:48:34.000  
you know that you did um actually make

0:48:32.640,0:48:36.160  
these statements under penalty

0:48:34.000,0:48:38.000  
of perjury because you would have had to

0:48:36.160,0:48:39.119  
sign a complaint to that effect anyway

0:48:38.000,0:48:40.079  
if we were going through the court

0:48:39.119,0:48:42.800  
system

0:48:40.079,0:48:43.520  
so why don't you just explain to the

0:48:42.800,0:48:45.520  
board

0:48:43.520,0:48:47.440  
um as to what is going on at this

0:48:45.520,0:48:50.800  
particular

0:48:47.440,0:48:53.680  
okay um we see

0:48:50.800,0:48:55.760  
numerous complaints over the years of

0:48:53.680,0:48:59.200  
specific property

0:48:55.760,0:49:00.839  
have not had much luck with getting any

0:48:59.200,0:49:03.359  
compliance like

0:49:00.839,0:49:06.720  
uh voter attorney wallace said

0:49:03.359,0:49:10.880  
we had taken the gentleman to court um

0:49:06.720,0:49:13.520  
the trial won got the fines

0:49:10.880,0:49:14.720  
but nothing was taking care of the

0:49:13.520,0:49:16.480  
property we we

0:49:14.720,0:49:18.319  
you know we got the fines but it still

0:49:16.480,0:49:21.680  
doesn't clean up the property

0:49:18.319,0:49:25.200  
and it's only gotten worse here

0:49:21.680,0:49:28.319  
um and now with the new law

0:49:25.200,0:49:31.760  
in place chapter 114 you know

0:49:28.319,0:49:35.200  
we're here now and uh we were able to uh

0:49:31.760,0:49:37.040  
go into the position and uh

0:49:35.200,0:49:39.119  
you know cut the grass cut down all the

0:49:37.040,0:49:42.960  
obnoxious growth the sumac

0:49:39.119,0:49:46.559  
this a lot of undergrowth

0:49:42.960,0:49:47.839  
uh obnoxious road uh i can't hear you

0:49:46.559,0:49:51.200  
brian

0:49:47.839,0:49:53.920  
can you hear me now way better okay

0:49:51.200,0:49:55.520  
i'm having a hard time my audio is is

0:49:53.920,0:49:58.559  
not working very well either

0:49:55.520,0:50:01.040  
um but they're just you know

0:49:58.559,0:50:03.119  
the property is way overgrown uh they're

0:50:01.040,0:50:06.319  
poison sumac poison ivy

0:50:03.119,0:50:07.520  
you know poison everything you name it

0:50:06.319,0:50:10.240  
it's growing there

0:50:07.520,0:50:12.559  
um and the uh the owner's not doing

0:50:10.240,0:50:15.280  
anything about it at all um

0:50:12.559,0:50:17.040  
this this so the notice you were looking

0:50:15.280,0:50:18.160  
at is the first one there's also a

0:50:17.040,0:50:20.880  
second one

0:50:18.160,0:50:22.559  
that would send registered mail and we

0:50:20.880,0:50:23.760  
firmly see this come back

0:50:22.559,0:50:26.800  
you know giving him the second

0:50:23.760,0:50:30.160  
opportunity to be here

0:50:26.800,0:50:32.720  
and to uh clean up his property and

0:50:30.160,0:50:34.000  
nothing is happening i think it's time

0:50:32.720,0:50:37.520  
for the village

0:50:34.000,0:50:38.839  
board to you know authorize either the

0:50:37.520,0:50:41.520  
highway department or

0:50:38.839,0:50:43.280  
whatever landscaper we choose to go in

0:50:41.520,0:50:47.680  
and clean it up so the neighbors

0:50:43.280,0:50:47.680  
don't have to uh look at it any further

0:50:48.240,0:50:53.839  
um can you just explain to

0:50:51.520,0:50:55.920  
to the board this first notice of

0:50:53.839,0:50:56.400  
violation what is it for and do you have

0:50:55.920,0:50:59.040  
any

0:50:56.400,0:51:01.680  
pictures to show the board the condition

0:50:59.040,0:51:05.280  
of the property as it exists today

0:51:01.680,0:51:08.319  
um i do

0:51:05.280,0:51:11.040  
um i i can't read that

0:51:08.319,0:51:11.680  
if it can be made bigger i'm not sure if

0:51:11.040,0:51:14.960  
that's the

0:51:11.680,0:51:18.160  
high grass or the uh this is the um

0:51:14.960,0:51:23.839  
high grass obnoxious growth okay so it's

0:51:18.160,0:51:23.839  
chapter 1 14 6 i think

0:51:27.839,0:51:33.920  
the backyard is just growing wild

0:51:31.359,0:51:35.760  
on the the front yard you can't see the

0:51:33.920,0:51:38.319  
house

0:51:35.760,0:51:39.920  
the side yard you can't see the cars

0:51:38.319,0:51:42.720  
that are sinking into the driveway

0:51:39.920,0:51:43.680  
it's just way overgrown would you like

0:51:42.720,0:51:46.000  
me to read it

0:51:43.680,0:51:47.359  
the the notice of mayor why don't you

0:51:46.000,0:51:49.680  
read it and then why don't you

0:51:47.359,0:51:50.720  
bring the board to the pictures so he

0:51:49.680,0:51:53.040  
can he can

0:51:50.720,0:51:54.480  
testify as to what he observed mayor do

0:51:53.040,0:51:58.160  
you have the pictures or no

0:51:54.480,0:52:02.000  
no i don't okay yeah are you

0:51:58.160,0:52:05.040  
i got pictures pictures are in

0:52:02.000,0:52:07.359  
your packet by the way that was given to

0:52:05.040,0:52:10.160  
everybody oh okay i have the pictures

0:52:07.359,0:52:10.160  
then i do have a problem

0:52:10.240,0:52:14.800  
so i'll read this and then we'll uh so

0:52:13.119,0:52:17.040  
this just says please take notice that

0:52:14.800,0:52:18.800  
the code enforcement officer

0:52:17.040,0:52:20.720  
of the village of wepinger's falls

0:52:18.800,0:52:21.520  
determined that the overgrown weeds and

0:52:20.720,0:52:23.760  
obnoxious

0:52:21.520,0:52:25.440  
growth throughout the entire property

0:52:23.760,0:52:28.720  
violates 114

0:52:25.440,0:52:32.240  
6f of the village code on july 10th

0:52:28.720,0:52:34.400  
2020 and august 12 2020 the enforcement

0:52:32.240,0:52:35.839  
official issued a notice of violation

0:52:34.400,0:52:37.839  
and orders to remedy

0:52:35.839,0:52:40.400  
which directed that the weeds and or

0:52:37.839,0:52:43.839  
grass should be cut in violation

0:52:40.400,0:52:47.119  
existing on your property be cured

0:52:43.839,0:52:49.440  
on or before august 22nd 2020.

0:52:47.119,0:52:51.280  
in accordance with chapter 114 of the

0:52:49.440,0:52:54.559  
village code the enforcement official

0:52:51.280,0:52:56.720  
filed written reports with the village

0:52:54.559,0:52:58.400  
noting that he has inspected the

0:52:56.720,0:52:58.960  
property and found that the overgrown

0:52:58.400,0:53:01.520  
weeds

0:52:58.960,0:53:03.760  
and noxious growth throughout the entire

0:53:01.520,0:53:05.760  
property was not in compliance with

0:53:03.760,0:53:07.280  
the property maintenance requirements of

0:53:05.760,0:53:10.640  
114

0:53:07.280,0:53:14.640  
at its august 26th meeting

0:53:10.640,0:53:16.000  
the village considered the rep

0:53:14.640,0:53:18.160  
considered the reports of the

0:53:16.000,0:53:20.240  
enforcement official and any evidence

0:53:18.160,0:53:22.559  
presented at the meeting and pursuant to

0:53:20.240,0:53:25.280  
the provisions of chapter 114

0:53:22.559,0:53:26.960  
of the code duly adopted a resolution

0:53:25.280,0:53:28.079  
which we will show in a minute that

0:53:26.960,0:53:30.720  
determined that the

0:53:28.079,0:53:31.760  
overgrowth of weeds and noxious

0:53:30.720,0:53:33.920  
overgrowth

0:53:31.760,0:53:35.440  
throughout the entire property was not

0:53:33.920,0:53:38.480  
in compliance with the property

0:53:35.440,0:53:43.839  
maintenance requirements of 114

0:53:38.480,0:53:43.839  
and i will

0:53:45.280,0:53:48.400  
share the other

0:53:54.559,0:54:01.200  
the affidavits of service on

0:53:57.839,0:54:11.839  
the uh property owner should be

0:54:01.200,0:54:11.839  
also attached to the papers

0:54:13.359,0:54:25.839  
i'm gonna share this but it can't be

0:54:36.960,0:54:41.760  
okay here's the photos that uh were part

0:54:39.359,0:54:45.040

of this i don't see a way to

0:54:41.760,0:54:48.160

change my orientation here you

0:54:45.040,0:54:48.160

you can right click

0:54:49.359,0:54:58.240

and we rotate clockwise okay thank you

0:54:54.960,0:55:00.400

okay now we got one picture by picture

0:54:58.240,0:55:00.960

actually this is the next code violation

0:55:00.400,0:55:04.400

so

0:55:00.960,0:55:05.760

let's get back to this one and it does

0:55:04.400,0:55:09.200

have uh

0:55:05.760,0:55:09.200

that's a different property right there

0:55:11.680,0:55:15.359

can you right click and then up you know

0:55:13.760,0:55:16.000

to the is these the right properties

0:55:15.359,0:55:17.520

though

0:55:16.000,0:55:20.000

no that's a different property that's

0:55:17.520,0:55:22.319

the next one

0:55:20.000,0:55:23.359

don't have any other pictures in this

0:55:22.319,0:55:26.400

you have that if you go

0:55:23.359,0:55:26.400

go back to the garage

0:55:29.760,0:55:34.480  
all right well actually why don't we

0:55:31.200,0:55:38.480  
stop here you can testify at least

0:55:34.480,0:55:41.839  
brian as to you know the growth i think

0:55:38.480,0:55:45.440  
you can see that that's a garage

0:55:41.839,0:55:48.559  
back there that has no roof well

0:55:45.440,0:55:49.839  
basically no roof on it um but that's

0:55:48.559,0:55:52.960  
just a small clip of

0:55:49.839,0:55:54.480  
the the overgrowth that uh is on the

0:55:52.960,0:55:57.040  
entire property right there

0:55:54.480,0:55:58.559  
you know um that's a picture from the

0:55:57.040,0:56:02.000  
neighbor's yard

0:55:58.559,0:56:05.520  
shooting into the address

0:56:02.000,0:56:08.960  
there pretty pretty evident

0:56:05.520,0:56:17.839  
that uh you know there there's a

0:56:08.960,0:56:17.839  
massive lack of maintenance

0:56:20.160,0:56:25.920  
is that same picture

0:56:23.200,0:56:26.400  
a little different angle okay can you

0:56:25.920,0:56:29.359  
keep

0:56:26.400,0:56:30.000  
scrolling down those are the only two

0:56:29.359,0:56:33.680  
pictures i

0:56:30.000,0:56:35.920  
have yeah right brian

0:56:33.680,0:56:37.680  
they are mayor if can you can you go

0:56:35.920,0:56:40.640  
into your email i just

0:56:37.680,0:56:40.640  
voted you an email

0:56:41.599,0:56:46.559  
i apologize i had it set up for some

0:56:43.440,0:56:49.200  
reason my

0:56:46.559,0:56:50.559  
my regular computer the audio is not

0:56:49.200,0:56:54.880  
working so i'm on

0:56:50.559,0:56:58.079  
the small laptop and i can't get to

0:56:54.880,0:57:00.559  
my regular uh stuff so

0:56:58.079,0:57:01.680  
um i did just ordered you a an email

0:57:00.559,0:57:13.839  
with uh

0:57:01.680,0:57:13.839  
with more pictures

0:57:17.280,0:57:23.920  
all right while we wait for that um

0:57:20.559,0:57:24.799  
brian would you would you um would you

0:57:23.920,0:57:28.160  
say that

0:57:24.799,0:57:30.559  
the can this those pictures represent

0:57:28.160,0:57:32.400  
a fair and accurate representation are a

0:57:30.559,0:57:34.240  
fair and accurate representation of how

0:57:32.400,0:57:36.799  
the property looks today

0:57:34.240,0:57:38.000  
absolutely and when was the last time

0:57:36.799,0:57:41.040  
you were

0:57:38.000,0:57:42.240  
at that property we were by on i believe

0:57:41.040,0:57:45.440  
friday

0:57:42.240,0:57:47.760  
okay when you say we were you there

0:57:45.440,0:57:49.680  
yes i was yes did you observe any change

0:57:47.760,0:57:52.880  
in the condition of the property

0:57:49.680,0:57:55.280  
no aside you know that could

0:57:52.880,0:57:57.040  
change from those pictures yeah i mean

0:57:55.280,0:58:01.040  
it's getting worse

0:57:57.040,0:58:03.920  
okay and uh you you allege that you um

0:58:01.040,0:58:04.640  
serve them with two orders to remedy

0:58:03.920,0:58:06.400  
correct

0:58:04.640,0:58:07.680  
and did you prepare an affidavit of

0:58:06.400,0:58:10.640  
mailing

0:58:07.680,0:58:12.480  
yes okay and and um you have that

0:58:10.640,0:58:15.440  
affidavit of mailing

0:58:12.480,0:58:17.599  
um i believe you do i'm pretty sure all

0:58:15.440,0:58:20.160  
right i see it's not in this package but

0:58:17.599,0:58:22.079  
i think that you know i would provide it

0:58:20.160,0:58:25.200  
to the village clerk so he could

0:58:22.079,0:58:28.079  
at least show the village trustees that

0:58:25.200,0:58:29.920  
jurisdiction was obtained and we could

0:58:28.079,0:58:33.920  
have this hearing today

0:58:29.920,0:58:37.280  
all right so call for you to just give

0:58:33.920,0:58:42.720  
that to the village clerk

0:58:37.280,0:58:46.000  
and um at this point in time what do you

0:58:42.720,0:58:49.040  
what is your opinion as to

0:58:46.000,0:58:51.839  
uh village action what is your

0:58:49.040,0:58:53.520  
recommendation that's the village

0:58:51.839,0:58:55.839  
i have some questions whenever we get a

0:58:53.520,0:58:55.839  
second

0:58:56.079,0:59:00.720  
okay before he asked the question

0:58:58.960,0:59:03.599  
trustee davis

0:59:00.720,0:59:04.720  
that was the picture that's uh those are

0:59:03.599,0:59:07.440  
those are

0:59:04.720,0:59:08.079  
even more recent can we see that again

0:59:07.440,0:59:10.240  
please yeah

0:59:08.079,0:59:11.760  
so it's okay so when you send them like

0:59:10.240,0:59:14.079  
this i have to

0:59:11.760,0:59:15.599  
share then stop share and then go get a

0:59:14.079,0:59:17.520  
different picture so

0:59:15.599,0:59:19.839  
okay you want to go back to the original

0:59:17.520,0:59:19.839  
picture

0:59:23.520,0:59:30.720  
okay what does that picture represent

0:59:26.720,0:59:33.040  
the backyard of 25 south rimson avenue

0:59:30.720,0:59:34.319  
and who does 25 south bremsen avenue

0:59:33.040,0:59:37.680  
belong to

0:59:34.319,0:59:41.119  
uh the record that became mr john

0:59:37.680,0:59:44.160  
okay have you spoken to him i have not

0:59:41.119,0:59:45.680  
has he reached out to you

0:59:44.160,0:59:47.760  
has he attempted to reach out to you to

0:59:45.680,0:59:50.960  
your knowledge or your office

0:59:47.760,0:59:52.400  
no okay and

0:59:50.960,0:59:54.480  
when did you one when were these

0:59:52.400,0:59:58.240  
pictures taken they were taken

0:59:54.480,1:00:01.040  
august 12 of 2020

0:59:58.240,1:00:03.040  
yes and is that were they taken by you

1:00:01.040,1:00:05.119  
no they were taken by my deputy

1:00:03.040,1:00:06.799  
okay and is that a fair and accurate

1:00:05.119,1:00:07.680  
representation of how the property looks

1:00:06.799,1:00:11.040  
today

1:00:07.680,1:00:13.200  
yes okay what is that a

1:00:11.040,1:00:16.400  
picture of that is a picture of the

1:00:13.200,1:00:17.440  
garage at 25 south rimson avenue

1:00:16.400,1:00:19.119  
is that a fair and accurate

1:00:17.440,1:00:21.440  
representation of how the property looks

1:00:19.119,1:00:21.440  
today

1:00:26.839,1:00:29.839  
yes

1:00:34.850,1:00:42.400  
[Music]

1:00:39.839,1:00:43.200  
what is this a picture of that is a

1:00:42.400,1:00:45.200  
picture of the

1:00:43.200,1:00:47.599  
rear of the property at 25 south rimson

1:00:45.200,1:00:50.240  
avenue that's the garage in the

1:00:47.599,1:00:52.160  
left-hand side and uh was that taken on

1:00:50.240,1:00:54.319  
august 12 2020 as well

1:00:52.160,1:00:55.760  
yes correct and is that a fair and

1:00:54.319,1:00:57.200  
accurate representation of how the

1:00:55.760,1:01:01.520  
property looks today

1:00:57.200,1:01:11.839  
yes your knowledge hasn't changed no

1:01:01.520,1:01:11.839  
made it got worse

1:01:16.559,1:01:19.520  
there any other pictures

1:01:20.400,1:01:25.839  
all right you can skip this i think this

1:01:22.000,1:01:25.839  
is a repeat

1:01:28.799,1:01:35.280  
yeah you know you can only get pictures

1:01:32.799,1:01:39.760  
of the rear of this yard from

1:01:35.280,1:01:41.359  
one side of the property

1:01:39.760,1:01:43.760  
all right you can't see down the

1:01:41.359,1:01:47.359  
driveway site you can't see

1:01:43.760,1:01:48.960  
looking west from south remsen

1:01:47.359,1:01:50.960  
because there's numerous unregistered

1:01:48.960,1:01:52.319  
vehicles and

1:01:50.960,1:01:54.319  
like dumag you just can't see through

1:01:52.319,1:01:56.640  
the yard you know you don't have also

1:01:54.319,1:01:57.920  
fences correct there are but they're

1:01:56.640,1:01:59.280  
only four you know they're

1:01:57.920,1:02:00.720  
they're they're not very they're not

1:01:59.280,1:02:01.520  
really blocking line of sight from the

1:02:00.720,1:02:04.480  
front yard

1:02:01.520,1:02:06.799  
it's the overgrowth of sumac trees and

1:02:04.480,1:02:08.400  
unregistered vehicles and

1:02:06.799,1:02:11.039  
whatever else is hiding behind it you

1:02:08.400,1:02:14.559  
can't don't know

1:02:11.039,1:02:15.680  
okay before the the board contemplates

1:02:14.559,1:02:17.440  
action

1:02:15.680,1:02:18.720  
um are there any questions from the

1:02:17.440,1:02:21.839  
board

1:02:18.720,1:02:21.839  
i have some

1:02:23.680,1:02:29.520  
so i guess

1:02:27.200,1:02:30.480  
just go back i have a series of

1:02:29.520,1:02:33.359  
questions but

1:02:30.480,1:02:34.640  
go back and give us the history brian if

1:02:33.359,1:02:38.799  
you would

1:02:34.640,1:02:39.920  
um what let's go back to the meeting

1:02:38.799,1:02:41.280  
the board meeting where we were

1:02:39.920,1:02:42.400  
approached by the residents on the

1:02:41.280,1:02:44.400  
village

1:02:42.400,1:02:48.559  
we took action after that what exactly

1:02:44.400,1:02:51.680  
did we do

1:02:48.559,1:02:54.720  
uh you know i'm i'm not sure which one

1:02:51.680,1:02:57.520  
which meeting you're talking about

1:02:54.720,1:02:57.520  
i'm sorry so

1:02:59.200,1:03:06.079  
after chapter 114 was

1:03:02.799,1:03:09.119  
adopted and became law by village board

1:03:06.079,1:03:09.599  
we had to take a little time to get used

1:03:09.119,1:03:13.119  
to it

1:03:09.599,1:03:16.240  
and then you know we issued the original

1:03:13.119,1:03:18.799  
violation notice which i believe was

1:03:16.240,1:03:22.160  
dated for last meeting or maybe two

1:03:18.799,1:03:25.280  
board meetings ago and it was adjourned

1:03:22.160,1:03:27.440  
till this meeting that's okay okay

1:03:25.280,1:03:29.359  
you know um but we've spoken with

1:03:27.440,1:03:31.039  
neighbors and

1:03:29.359,1:03:32.960  
you know take pictures and we're just

1:03:31.039,1:03:34.240  
trying to get everything in order

1:03:32.960,1:03:36.079  
because it's the new law in a new

1:03:34.240,1:03:38.480  
particular product right so as

1:03:36.079,1:03:40.799  
as of today you have two you've written

1:03:38.480,1:03:44.400  
two violations

1:03:40.799,1:03:46.000  
correct yes we we've written two by one

1:03:44.400,1:03:46.720  
violation was for overgrowth and one

1:03:46.000,1:03:48.559  
violation

1:03:46.720,1:03:50.400  
was for an unsafe structure and those

1:03:48.559,1:03:53.920  
were done twice

1:03:50.400,1:03:53.920  
okay and and so

1:03:54.799,1:03:58.319  
and we've got no response from the

1:03:56.839,1:04:00.640  
homeowner

1:03:58.319,1:04:02.480  
correct right and you're gonna so you're

1:04:00.640,1:04:03.680  
gonna recommend tonight that the board

1:04:02.480,1:04:05.599  
take action

1:04:03.680,1:04:07.440  
and that we have there may be a

1:04:05.599,1:04:09.440  
possibility that we send our personnel

1:04:07.440,1:04:13.119  
in there to clean it up right

1:04:09.440,1:04:16.400  
correct okay so um

1:04:13.119,1:04:19.760  
what other violations are there

1:04:16.400,1:04:22.880  
well there there are there appear to be

1:04:19.760,1:04:25.200  
numerous unregistered vehicles um

1:04:22.880,1:04:26.799  
but we can't get clear pictures or

1:04:25.200,1:04:28.160  
anything of them

1:04:26.799,1:04:30.000  
without actually stepping on the

1:04:28.160,1:04:33.200  
property which we can't do

1:04:30.000,1:04:34.559  
um you know and

1:04:33.200,1:04:37.760  
i i just i don't know what's in the

1:04:34.559,1:04:37.760  
backyard until we clean it up

1:04:38.079,1:04:42.240  
so this has not gone before the court

1:04:40.319,1:04:44.400  
right

1:04:42.240,1:04:46.480  
not these not these specific charges he

1:04:44.400,1:04:50.079  
was in front of the court

1:04:46.480,1:04:53.119  
uh two years or so ago um

1:04:50.079,1:04:55.039  
for unregistered vehicle for for

1:04:53.119,1:04:57.039  
for parking in his front lawn and and

1:04:55.039,1:04:58.960  
other tickets i i don't

1:04:57.039,1:05:00.240  
know them off the top of my head well

1:04:58.960,1:05:02.480  
and and what was that

1:05:00.240,1:05:03.680  
how was that juke what happened what was

1:05:02.480,1:05:06.880  
it original trial

1:05:03.680,1:05:07.760  
and um and we won and he was issued

1:05:06.880,1:05:10.799  
fines

1:05:07.760,1:05:13.760  
under the same vehicles there

1:05:10.799,1:05:15.680  
yes a couple of them are yes it appears

1:05:13.760,1:05:17.280  
okay so it appears it's the same vehicle

1:05:15.680,1:05:19.119  
so in order to do that we would have to

1:05:17.280,1:05:20.000  
ascertain the information on the vehicle

1:05:19.119,1:05:23.760  
right

1:05:20.000,1:05:27.680  
correct so if it's the same vehicle

1:05:23.760,1:05:31.119  
and he wasn't he was fine

1:05:27.680,1:05:32.079  
and then he didn't follow the orders of

1:05:31.119,1:05:34.839  
the court

1:05:32.079,1:05:36.480  
and have the cars towed out of there or

1:05:34.839,1:05:39.200  
removed then he's

1:05:36.480,1:05:42.799  
in violation of the same the sa there

1:05:39.200,1:05:46.000  
the statue of limitations on those fines

1:05:42.799,1:05:47.760  
i mean on those tickets no more

1:05:46.000,1:05:51.200  
they have to be reduced to judgments in

1:05:47.760,1:05:54.240  
order to act as liens on his property

1:05:51.200,1:05:57.359  
so judge chase did find him

1:05:54.240,1:05:59.599  
um i don't recall if those judge those

1:05:57.359,1:06:00.400  
fines were um doesn't reduce the

1:05:59.599,1:06:02.079  
judgments

1:06:00.400,1:06:03.599  
so i can't doesn't he give doesn't he

1:06:02.079,1:06:05.280  
give him a certain amount of time to get

1:06:03.599,1:06:09.200  
the vehicles removed once he does

1:06:05.280,1:06:12.640  
once he rolls on that no there has to be

1:06:09.200,1:06:15.119  
um more charges brought and that's

1:06:12.640,1:06:15.760  
precisely why the new law was passed

1:06:15.119,1:06:18.240  
because

1:06:15.760,1:06:20.559  
you can cite somebody under the old law

1:06:18.240,1:06:22.160  
so many times

1:06:20.559,1:06:23.920  
we would have had to bring an action in

1:06:22.160,1:06:27.280  
supreme court uh

1:06:23.920,1:06:29.359  
to to get a little more deep into it

1:06:27.280,1:06:31.119  
so so what we're going to do then what

1:06:29.359,1:06:32.720  
we're going to do then based on the

1:06:31.119,1:06:34.640  
decision of the board today we're going

1:06:32.720,1:06:36.240  
to go in and we're going to bring our

1:06:34.640,1:06:37.839  
public works folks in there and they're

1:06:36.240,1:06:39.760  
going to clean it up

1:06:37.839,1:06:41.359  
and then the second that they're done

1:06:39.760,1:06:42.240  
cutting the last tree down because it

1:06:41.359,1:06:44.079  
looks like it's a

1:06:42.240,1:06:45.359  
jungle in there then we're going to

1:06:44.079,1:06:46.000  
we're going to get the information on

1:06:45.359,1:06:47.200  
the vehicles

1:06:46.000,1:06:49.119  
and we're going to write we're going to

1:06:47.200,1:06:51.200  
we're going to write the violations for

1:06:49.119,1:06:52.799  
the vehicles as well do we know how many

1:06:51.200,1:06:54.640  
approximately how many vehicles there

1:06:52.799,1:06:58.720  
are

1:06:54.640,1:07:00.880  
i i believe five okay so that

1:06:58.720,1:07:02.079  
in the backyard there could be more yeah

1:07:00.880,1:07:04.400  
there there's

1:07:02.079,1:07:05.599  
definitely two in the front yard that

1:07:04.400,1:07:08.160  
that you can see

1:07:05.599,1:07:09.920  
and i believe there are three to four

1:07:08.160,1:07:12.799  
more in the rear yard

1:07:09.920,1:07:15.119  
so those are going to be those are going

1:07:12.799,1:07:16.720  
to be

1:07:15.119,1:07:18.319  
five vehicles there's going to be an

1:07:16.720,1:07:20.960  
ordered remedy for

1:07:18.319,1:07:22.319  
we're going to write each individual's

1:07:20.960,1:07:25.039  
car separately right

1:07:22.319,1:07:25.440  
each vehicle separately right we don't

1:07:25.039,1:07:27.359  
have

1:07:25.440,1:07:29.200  
well i i will discuss that i guess with

1:07:27.359,1:07:32.720  
villager with the village attorney

1:07:29.200,1:07:36.400  
i believe we can have them in one but

1:07:32.720,1:07:36.880  
we you know we'll well you know we we we

1:07:36.400,1:07:39.280  
just were

1:07:36.880,1:07:39.920  
we're this yeah the hearing is really

1:07:39.280,1:07:42.319  
for the

1:07:39.920,1:07:43.200  
for the present offenses that are yes so

1:07:42.319,1:07:45.680  
we're gonna we're go

1:07:43.200,1:07:47.440  
okay but still the present offenses if

1:07:45.680,1:07:48.480  
we've determined that that there's been

1:07:47.440,1:07:50.319  
violations on

1:07:48.480,1:07:52.079  
on vehicles already and it turns out

1:07:50.319,1:07:55.039  
that it's the same vehicle

1:07:52.079,1:07:56.480  
and they were they've they disregarded

1:07:55.039,1:07:58.720  
the orders of the courts to have the

1:07:56.480,1:08:01.280  
vehicles removed and paid the fine

1:07:58.720,1:08:02.079  
um are there additional charges that we

1:08:01.280,1:08:04.480  
can make

1:08:02.079,1:08:05.520  
yeah there are conceivably additional

1:08:04.480,1:08:08.480  
charges

1:08:05.520,1:08:09.200  
but right now you're just being asked to

1:08:08.480,1:08:10.799  
um

1:08:09.200,1:08:13.280  
make a determination as to whether or

1:08:10.799,1:08:15.280  
not this property is in non-compliance

1:08:13.280,1:08:19.440  
under the general maintenance code

1:08:15.280,1:08:21.759  
uh on section 114 for the uh overgrowth

1:08:19.440,1:08:23.440  
um and then also if we go in there and

1:08:21.759,1:08:25.199  
we cut the overgrowth out there's a

1:08:23.440,1:08:28.080  
also potential that we're going to find

1:08:25.199,1:08:31.279  
other violations right

1:08:28.080,1:08:31.279  
that's possibility

1:08:31.600,1:08:34.400  
a lot of things

1:08:35.199,1:08:38.719  
i i mean it's just going to it's going

1:08:36.719,1:08:40.799  
to be an overwhelm overwhelming

1:08:38.719,1:08:42.719  
fine it's gonna go on his taxes it's

1:08:40.799,1:08:45.920  
gonna get paid off by the county

1:08:42.719,1:08:47.199  
and we're okay but that's uh that's a

1:08:45.920,1:08:49.279  
lot that's

1:08:47.199,1:08:50.239  
the fine the fines are gonna be

1:08:49.279,1:08:54.080  
overwhelming right

1:08:50.239,1:08:56.480  
well i mean you know uh brian murphy has

1:08:54.080,1:08:57.520  
the discretion to bring tickets every

1:08:56.480,1:08:59.520  
single day

1:08:57.520,1:09:03.279  
and every continuous violation

1:08:59.520,1:09:04.960  
thereafter is a thousand dollars a day

1:09:03.279,1:09:07.279  
and it's just ridiculous that it's just

1:09:04.960,1:09:09.679  
not gonna the homeowner's not gonna go

1:09:07.279,1:09:10.880  
take care of his problem so i'm very

1:09:09.679,1:09:14.319  
unfortunate

1:09:10.880,1:09:15.920  
all right that's all i got i i have a

1:09:14.319,1:09:20.480  
question

1:09:15.920,1:09:23.679  
um it has has the homeowner has

1:09:20.480,1:09:26.799  
just completely disregarded no responses

1:09:23.679,1:09:31.040  
whatever to any of this stuff

1:09:26.799,1:09:34.560  
correct nothing we've heard nothing

1:09:31.040,1:09:37.600  
wow well we have served him

1:09:34.560,1:09:40.560  
to you know return to the

1:09:37.600,1:09:43.040  
post office like we're supposed to um i

1:09:40.560,1:09:44.239  
i personally posted the first notice on

1:09:43.040,1:09:47.279  
his door

1:09:44.239,1:09:48.719  
um actually on his car i should pay on

1:09:47.279,1:09:51.040  
this one as far because you can't get to

1:09:48.719,1:09:51.040  
his door

1:09:54.480,1:09:58.880  
certified they were saying regular and

1:09:57.440,1:10:02.159  
the first one

1:09:58.880,1:10:05.120  
was put on his property purposely uh

1:10:02.159,1:10:05.120  
absolutely nothing

1:10:10.239,1:10:15.199  
okay all right well okay

1:10:14.080,1:10:17.280  
are you going to look for are you going

1:10:15.199,1:10:18.000  
to look for a motion for us now to uh

1:10:17.280,1:10:19.840  
have to hide

1:10:18.000,1:10:21.360  
the public works department going and

1:10:19.840,1:10:24.800  
clean up the property

1:10:21.360,1:10:27.199  
there's a resolution before before

1:10:24.800,1:10:28.400  
the hearing but count so we have to end

1:10:27.199,1:10:31.199  
the public hearing but that's what we're

1:10:28.400,1:10:32.880  
going to do well that that would uh

1:10:31.199,1:10:34.640  
we would have to end the public hearing

1:10:32.880,1:10:36.800  
with respect to

1:10:34.640,1:10:39.440  
this particular charge and reopen it as

1:10:36.800,1:10:40.880  
to the next charge

1:10:39.440,1:10:42.800  
oh so we'll have a separate public

1:10:40.880,1:10:44.080  
hearing for the next charge yeah well

1:10:42.800,1:10:45.840  
here's the thing we're we're not

1:10:44.080,1:10:48.800  
recommending action

1:10:45.840,1:10:50.400  
um at this point in time uh with respect

1:10:48.800,1:10:53.520  
to the demolition

1:10:50.400,1:10:56.320  
uh only because we

1:10:53.520,1:10:58.000  
actually brian why don't you uh you know

1:10:56.320,1:11:01.600  
just let the board know what

1:10:58.000,1:11:06.880  
what your thoughts are on that you know

1:11:01.600,1:11:06.880  
um but for for the the second violation

1:11:06.960,1:11:10.400  
the features of the garage roof are

1:11:09.280,1:11:13.440  
pretty clear

1:11:10.400,1:11:15.440  
from a distance um so

1:11:13.440,1:11:17.199  
i'm not comfortable with asking the

1:11:15.440,1:11:20.640  
village board yet to move ahead

1:11:17.199,1:11:22.320  
but demolishing this garage until

1:11:20.640,1:11:24.960  
we were able to get onto the property

1:11:22.320,1:11:26.239  
clean it up and take a better look and

1:11:24.960,1:11:27.760  
if i need so

1:11:26.239,1:11:30.080  
i would reach out to the village

1:11:27.760,1:11:31.440  
engineer before we demolish anything and

1:11:30.080,1:11:33.760  
ask for a report

1:11:31.440,1:11:37.040  
to be issued from there that's why we're

1:11:33.760,1:11:40.239  
not moving ahead with that

1:11:37.040,1:11:40.640  
in addition um we want to also assess

1:11:40.239,1:11:43.760  
the

1:11:40.640,1:11:45.920  
costs of demolition as well

1:11:43.760,1:11:46.880  
so that we can bring that information

1:11:45.920,1:11:50.320  
before the board

1:11:46.880,1:11:50.320  
possibly for future action

1:11:50.880,1:11:55.120  
we're hoping that that you know any

1:11:53.040,1:11:55.600  
action tonight might light a fire under

1:11:55.120,1:11:58.719  
him and

1:11:55.600,1:12:01.920  
and and get him to take some action

1:11:58.719,1:12:04.080  
on his property but it's just it's

1:12:01.920,1:12:05.440  
ridiculous to me i mean you're gonna

1:12:04.080,1:12:07.360  
you're at the point now where you're

1:12:05.440,1:12:09.040  
gonna you know if you got these two

1:12:07.360,1:12:10.560  
violations you got

1:12:09.040,1:12:12.800  
we're going to talk about the garage

1:12:10.560,1:12:14.159  
we're going to talk about the cars

1:12:12.800,1:12:16.320  
we're going to talk about the number of

1:12:14.159,1:12:20.000  
times that we could write tickets

1:12:16.320,1:12:23.920  
i mean that they caught the

1:12:20.000,1:12:23.920  
gonna be huge huge

1:12:24.320,1:12:29.520  
yeah absolutely under the new law i

1:12:27.600,1:12:31.360  
understand we're into the

1:12:29.520,1:12:33.199  
the public hearing for the one but under

1:12:31.360,1:12:35.360  
the new law i believe

1:12:33.199,1:12:37.199  
once we get a process in place we would

1:12:35.360,1:12:38.400  
be able to legally go in and remove

1:12:37.199,1:12:42.239  
these vehicles

1:12:38.400,1:12:46.080  
but vince's law is at noon

1:12:42.239,1:12:50.480  
we don't have a process yet

1:12:46.080,1:12:53.280  
to actually go in and physically remove

1:12:50.480,1:12:54.880  
what can we do brian so that we can not

1:12:53.280,1:12:57.199  
i mean because

1:12:54.880,1:12:59.280  
this thing's going on forever i think

1:12:57.199,1:13:00.800  
everybody wants to put a close on it

1:12:59.280,1:13:03.120  
it's going to go to the courts he's

1:13:00.800,1:13:04.800  
going to be levy fines there's potential

1:13:03.120,1:13:05.199  
other matters that we can find them for

1:13:04.800,1:13:06.880  
what

1:13:05.199,1:13:09.840  
what can we do now what can the board do

1:13:06.880,1:13:13.280  
to make make it the process a lot more

1:13:09.840,1:13:15.360  
easier for this one specifically

1:13:13.280,1:13:16.960

the board could approve coming in to

1:13:15.360,1:13:17.679

clean it up so we can see what's going

1:13:16.960,1:13:20.880

on

1:13:17.679,1:13:21.760

going into the future we need to get a

1:13:20.880,1:13:24.080

process

1:13:21.760,1:13:25.679

where we could use this law to go in and

1:13:24.080,1:13:26.800

remove unregistered vehicles from

1:13:25.679,1:13:30.960

private property

1:13:26.800,1:13:30.960

so we can get rid of that violation

1:13:31.199,1:13:36.239

those are really the two generally this

1:13:34.080,1:13:36.239

one

1:13:36.640,1:13:40.239

is not the normal you know if you have

1:13:38.640,1:13:42.320

other garages that are in bad people

1:13:40.239,1:13:44.400

because i think everybody's under the

1:13:42.320,1:13:45.199

same opinion as me and anybody can feel

1:13:44.400,1:13:47.520

free to

1:13:45.199,1:13:49.199

speak up here but i think we want this

1:13:47.520,1:13:51.520

this thing done

1:13:49.199,1:13:53.040  
all right i'm tired of this ramson

1:13:51.520,1:13:55.679  
avenue of property

1:13:53.040,1:13:56.320  
being an issue so i i think everybody

1:13:55.679,1:13:58.320  
else has

1:13:56.320,1:14:00.640  
we've talked about it for years we've

1:13:58.320,1:14:02.400  
created legislation to get it done

1:14:00.640,1:14:04.560  
now now it's time to do something and

1:14:02.400,1:14:07.600  
get it done so if we gotta

1:14:04.560,1:14:10.239  
work out a procedure for cars then

1:14:07.600,1:14:11.280  
i don't i don't know if that legislation

1:14:10.239,1:14:14.239  
we just passed

1:14:11.280,1:14:15.679  
covered that or not but so we gotta we

1:14:14.239,1:14:18.159  
gotta figure out what we're doing here

1:14:15.679,1:14:18.159  
and do it

1:14:19.440,1:14:26.080  
linger on for forever

1:14:22.960,1:14:30.000  
the legislation that was just passed has

1:14:26.080,1:14:33.120  
the process built into it for me to get

1:14:30.000,1:14:33.840  
from my office to the individual in

1:14:33.120,1:14:36.960  
front of

1:14:33.840,1:14:39.600  
the board how we are now

1:14:36.960,1:14:40.080  
with this specific one where i'm asking

1:14:39.600,1:14:42.239  
that we

1:14:40.080,1:14:43.679  
mow the lawn and cut the trees that we

1:14:42.239,1:14:47.840  
have the ability to do

1:14:43.679,1:14:50.400  
we we don't have the ability to

1:14:47.840,1:14:52.000  
tow vehicles and store them so we need

1:14:50.400,1:14:55.120  
to come up with a process

1:14:52.000,1:14:57.560  
of who is going to do that um

1:14:55.120,1:14:59.520  
i don't even know if we can

1:14:57.560,1:15:00.080  
constitutionally take somebody's

1:14:59.520,1:15:02.719  
property

1:15:00.080,1:15:04.320  
from them and remove it from their from

1:15:02.719,1:15:07.280  
their real property

1:15:04.320,1:15:08.960  
and store it because that could be a you

1:15:07.280,1:15:09.360  
know that could be an unconstitutional

1:15:08.960,1:15:11.840  
act

1:15:09.360,1:15:13.120  
but that's that's the decision of the by

1:15:11.840,1:15:15.280  
the court once they're

1:15:13.120,1:15:16.960  
once they're cited and invited for

1:15:15.280,1:15:20.159  
being in violation right

1:15:16.960,1:15:22.239  
well we all you have to

1:15:20.159,1:15:24.159  
act within the confines of the law that

1:15:22.239,1:15:26.880  
yeah but we have we have i don't think

1:15:24.159,1:15:28.480  
that our law even calls for that so yeah

1:15:26.880,1:15:30.080  
but we have laws in the books right now

1:15:28.480,1:15:31.520  
that you can't have an unregistered

1:15:30.080,1:15:35.440  
vehicle on your property

1:15:31.520,1:15:37.360  
yes but it the right of a municipality

1:15:35.440,1:15:38.800  
to go on somebody's private property and

1:15:37.360,1:15:42.320  
remove property

1:15:38.800,1:15:44.000  
is is trumped by that individual's

1:15:42.320,1:15:46.239  
private property rights

1:15:44.000,1:15:48.080  
so commissioner burke i'd like to hear

1:15:46.239,1:15:50.640  
your your view on this because i'm sure

1:15:48.080,1:15:53.120  
you've dealt with it before

1:15:50.640,1:15:54.640  
you got any suggestions for us here well

1:15:53.120,1:15:55.600  
what craig would say is kind of true we

1:15:54.640,1:15:57.360  
really it's like

1:15:55.600,1:15:58.960  
any property on somebody's thing we

1:15:57.360,1:16:00.159  
can't just go in and take it without a

1:15:58.960,1:16:02.880  
search warrant

1:16:00.159,1:16:05.040  
so i see a vehicle is the same thing

1:16:02.880,1:16:07.760  
just because it's unregistered

1:16:05.040,1:16:09.280  
um it might be a violation that the

1:16:07.760,1:16:11.360  
village thinks but i don't think it

1:16:09.280,1:16:13.040  
could remove from the property

1:16:11.360,1:16:15.040  
what do they do in other municipalities

1:16:13.040,1:16:17.440  
that you've worked

1:16:15.040,1:16:20.000  
um never seen too many vehicles

1:16:17.440,1:16:22.719  
unregistered in a person's driveway

1:16:20.000,1:16:24.320  
right yeah and that i i gotta agree with

1:16:22.719,1:16:26.640  
with commissioner burke on that

1:16:24.320,1:16:27.920  
but um i can tell you that in the other

1:16:26.640,1:16:30.800  
municipalities where

1:16:27.920,1:16:32.080  
um there's a law like this on the books

1:16:30.800,1:16:34.239  
you know when you start

1:16:32.080,1:16:36.080  
like ticketing people and getting

1:16:34.239,1:16:37.040  
judgments of a thousand dollars at a

1:16:36.080,1:16:40.159  
clip

1:16:37.040,1:16:43.360  
um it starts to get um

1:16:40.159,1:16:45.199  
noticed so when you're i i can tell you

1:16:43.360,1:16:48.400  
that this particular property

1:16:45.199,1:16:50.560  
is mortgage free so if he really wants

1:16:48.400,1:16:53.520  
to see his equity and his property

1:16:50.560,1:16:54.560  
eaten up by all these municipal fines i

1:16:53.520,1:16:57.760  
think that maybe

1:16:54.560,1:17:01.040  
you know you're we'll see some action

1:16:57.760,1:17:01.040  
well i i i should attorney

1:17:02.719,1:17:06.640  
if the homeowner doesn't doesn't pay

1:17:05.679,1:17:10.320  
their fines or

1:17:06.640,1:17:10.640  
or the homeowner uh is let's put it this

1:17:10.320,1:17:13.679  
way

1:17:10.640,1:17:16.800  
if the homeowner is getting tagged with

1:17:13.679,1:17:19.920  
a potential of let's just use even

1:17:16.800,1:17:20.560  
even fifty dollars or or twenty five

1:17:19.920,1:17:22.960  
dollars

1:17:20.560,1:17:24.560  
fine for their car they're still in like

1:17:22.960,1:17:26.560  
a hundred and

1:17:24.560,1:17:28.159  
four cars or a hundred and twenty five

1:17:26.560,1:17:30.560  
bucks there if they're written

1:17:28.159,1:17:31.600  
through two or three times plus the plus

1:17:30.560,1:17:33.920  
the garage

1:17:31.600,1:17:35.840  
plus us going in and cleaning it up plus

1:17:33.920,1:17:37.520  
that being put on their tax burden

1:17:35.840,1:17:39.120  
that's thousands that's thousands of

1:17:37.520,1:17:40.800  
dollars and

1:17:39.120,1:17:42.960  
i just don't understand why this

1:17:40.800,1:17:45.520  
property owner does not

1:17:42.960,1:17:48.320  
contact us and and work out something

1:17:45.520,1:17:51.040  
that works for everybody

1:17:48.320,1:17:53.120  
may i interject something here yeah one

1:17:51.040,1:17:56.400  
other last thing brian if i may

1:17:53.120,1:17:58.560  
this uh brian this is directed at you

1:17:56.400,1:18:00.000  
didn't this homeowner make the comment

1:17:58.560,1:18:01.199  
that they would rather go to gail and

1:18:00.000,1:18:04.719  
clean it up

1:18:01.199,1:18:08.480  
absolutely in front of the judge

1:18:04.719,1:18:12.080  
at trial that's just ridiculous

1:18:08.480,1:18:12.400  
well this uh trustee dave this is what

1:18:12.080,1:18:14.719  
uh

1:18:12.400,1:18:17.199  
and i'm gonna ask mr wallace about this

1:18:14.719,1:18:20.239  
if you take a look at those pictures

1:18:17.199,1:18:21.679  
um anybody who's living in those

1:18:20.239,1:18:26.000  
conditions

1:18:21.679,1:18:28.560  
like that just judging by

1:18:26.000,1:18:30.000  
the response to all of the documents

1:18:28.560,1:18:34.880  
that has been given

1:18:30.000,1:18:37.040  
it's it's kind of like not really caring

1:18:34.880,1:18:38.840  
you know um i'm just throwing that out

1:18:37.040,1:18:42.480  
there you know

1:18:38.840,1:18:44.480  
so you've been served notice you're not

1:18:42.480,1:18:45.760  
i think there's some other issues going

1:18:44.480,1:18:48.719  
on there that you know

1:18:45.760,1:18:50.239  
just i'm just throwing it out there yeah

1:18:48.719,1:18:53.360  
you know

1:18:50.239,1:18:53.360  
how we deal with that

1:18:54.719,1:19:01.040  
yeah yeah yeah yeah well yeah but

1:18:58.000,1:19:02.560  
also for safety for safety wise

1:19:01.040,1:19:04.000  
or we're gonna send our crew in here to

1:19:02.560,1:19:06.320  
clean it up but god only knows what's

1:19:04.000,1:19:07.600  
living in the garage with no roof on it

1:19:06.320,1:19:09.520  
well that's kind of what i'm getting

1:19:07.600,1:19:13.199  
here's the thing if there are

1:19:09.520,1:19:14.880  
violations that um brian murphy observes

1:19:13.199,1:19:16.640  
he has a right to bring an

1:19:14.880,1:19:19.040  
administrative search warrant

1:19:16.640,1:19:21.199  
and uh you know we're prepared to do

1:19:19.040,1:19:24.400  
that you know on any property

1:19:21.199,1:19:27.440  
where where you know

1:19:24.400,1:19:30.400  
this long earrings are of

1:19:27.440,1:19:30.800  
a last resort you know they're they're

1:19:30.400,1:19:32.320  
and

1:19:30.800,1:19:33.920  
we're at a last resort for this

1:19:32.320,1:19:36.880  
particular project

1:19:33.920,1:19:38.080  
my my suggestion is to start let's let's

1:19:36.880,1:19:40.400  
let's

1:19:38.080,1:19:41.840  
create the situation that our public uh

1:19:40.400,1:19:42.719  
public works people go ahead and clean

1:19:41.840,1:19:44.719  
it up and

1:19:42.719,1:19:46.480  
let's get ready to start writing as many

1:19:44.719,1:19:49.760  
tickets that we have to

1:19:46.480,1:19:52.159  
based on the violations you see once the

1:19:49.760,1:19:53.040  
once the vegetation is cleared out just

1:19:52.159,1:19:55.760  
just write it all

1:19:53.040,1:19:56.719  
up because it's it's crazy there's

1:19:55.760,1:19:58.320  
there's they've got

1:19:56.719,1:19:59.760  
they've got word from your department

1:19:58.320,1:20:01.760  
brian already

1:19:59.760,1:20:03.199  
they know what the circumstance are

1:20:01.760,1:20:04.800  
they've been in violation and they've

1:20:03.199,1:20:06.719  
been in front of the courts before

1:20:04.800,1:20:08.320  
because of the cars before they know

1:20:06.719,1:20:10.639  
what's sitting on their plate

1:20:08.320,1:20:12.480  
so just i would just prepare to start

1:20:10.639,1:20:12.880  
start writing every violation that you

1:20:12.480,1:20:15.920  
find

1:20:12.880,1:20:16.639  
it's enough you know the property and

1:20:15.920,1:20:18.960  
then if the con

1:20:16.639,1:20:21.199  
if the homeowner's making comments the

1:20:18.960,1:20:23.679  
homeowner's making comments that

1:20:21.199,1:20:24.800  
um you know that they're they'll go to

1:20:23.679,1:20:26.880  
jail first then

1:20:24.800,1:20:28.000  
then so be it i i just think it's

1:20:26.880,1:20:31.120  
ridiculous

1:20:28.000,1:20:32.000  
yeah well before we close the public

1:20:31.120,1:20:34.080  
hearing with respect

1:20:32.000,1:20:35.520  
to this charge um you know i just wanted

1:20:34.080,1:20:37.600  
to ask brian do you have any

1:20:35.520,1:20:40.880  
recommendations to the board

1:20:37.600,1:20:42.239  
um you know as in your capacity as a

1:20:40.880,1:20:46.000  
code enforcement officer

1:20:42.239,1:20:48.080  
uh as to any action i i recommend we

1:20:46.000,1:20:49.679  
go in and start trying to clean it up

1:20:48.080,1:20:52.480  
you know with

1:20:49.679,1:20:54.239  
cut the poison sumac you know cut all

1:20:52.480,1:20:56.239  
the obnoxious overgrowth

1:20:54.239,1:20:58.080  
so we can see what's going on i mean i i

1:20:56.239,1:20:59.600  
don't want to clear cut this guy's

1:20:58.080,1:21:02.960  
property and cut down all those

1:20:59.600,1:21:06.159  
decent trees but it's

1:21:02.960,1:21:07.600  
yeah you can't see i mean you know what

1:21:06.159,1:21:11.360  
is your recommendation that

1:21:07.600,1:21:12.960  
refer for now as to the um uh detached

1:21:11.360,1:21:15.840  
garage

1:21:12.960,1:21:15.840  
structure

1:21:16.000,1:21:20.000  
my my recommendation for the detached

1:21:18.239,1:21:23.920  
garage right now

1:21:20.000,1:21:23.920  
is that we

1:21:24.639,1:21:28.639  
uh we wait a little bit so we can get

1:21:27.199,1:21:29.679  
closer to it and see what's going on

1:21:28.639,1:21:31.520  
with it

1:21:29.679,1:21:32.719  
okay and gather more information on

1:21:31.520,1:21:36.159  
demolition costs

1:21:32.719,1:21:38.000  
and come back to the board so basically

1:21:36.159,1:21:38.960  
we'd ask the board to table that

1:21:38.000,1:21:41.440  
particular

1:21:38.960,1:21:42.159  
allegation for now until we get more

1:21:41.440,1:21:44.880  
information

1:21:42.159,1:21:46.000  
and can come before the board with um

1:21:44.880,1:21:47.600  
you know an opinion

1:21:46.000,1:21:49.679  
possibly from the village engineer

1:21:47.600,1:21:52.880  
because it involves a structure

1:21:49.679,1:21:55.520  
and um mayor if

1:21:52.880,1:21:57.520  
if it's the board's pleasure to close

1:21:55.520,1:21:58.639  
the public hearing at this point in time

1:21:57.520,1:22:00.719  
and ask you to

1:21:58.639,1:22:02.639  
read the uh resolution which is in the

1:22:00.719,1:22:04.560  
form of motion

1:22:02.639,1:22:06.960  
i actually have something real quick

1:22:04.560,1:22:08.880  
ryan did um did he allow you on his

1:22:06.960,1:22:10.239  
property to take those pictures or did

1:22:08.880,1:22:11.280  
you have to take those pictures from

1:22:10.239,1:22:12.719  
somewhere else

1:22:11.280,1:22:14.560  
they're from somewhere else we we

1:22:12.719,1:22:16.560  
weren't on his property

1:22:14.560,1:22:17.679  
um because i just have concern of

1:22:16.560,1:22:20.480  
sending our

1:22:17.679,1:22:21.679  
employees onto his property to cut down

1:22:20.480,1:22:24.560  
whatever we're gonna cut

1:22:21.679,1:22:26.000  
trim um i feel like this will be a

1:22:24.560,1:22:29.199  
safety matter when we do

1:22:26.000,1:22:33.360  
try to approach his property

1:22:29.199,1:22:33.840  
i agree with you uh john cargs village

1:22:33.360,1:22:35.600  
clerk

1:22:33.840,1:22:37.040  
i can just tell you from historical

1:22:35.600,1:22:39.360  
memory

1:22:37.040,1:22:40.400  
we used contractors before for this kind

1:22:39.360,1:22:43.600  
of activity

1:22:40.400,1:22:45.199  
not our highway guys i

1:22:43.600,1:22:47.679  
would have to agree with you right there

1:22:45.199,1:22:49.920  
john we have other things to do

1:22:47.679,1:22:51.520  
and the contractor will give you a price

1:22:49.920,1:22:54.639

he has a burden rate

1:22:51.520,1:22:57.520

he'll be able to give you a real

1:22:54.639,1:22:59.280

accurate cost of what it would be only

1:22:57.520,1:23:01.679

my recommendation based on what we've

1:22:59.280,1:23:04.400

done in the past

1:23:01.679,1:23:04.960

well let's get a price on that and we

1:23:04.400,1:23:06.560

will keep

1:23:04.960,1:23:09.600

the highway department on the back

1:23:06.560,1:23:10.320

burner i mean they cleaned up the lawn

1:23:09.600,1:23:14.159

on

1:23:10.320,1:23:17.920

down to stairs

1:23:14.159,1:23:19.440

do you want to uh substitute um

1:23:17.920,1:23:21.760

private contractor for highway

1:23:19.440,1:23:24.800

department and the resolution then

1:23:21.760,1:23:27.440

don't we the possibility of

1:23:24.800,1:23:28.320

employees or contractors it doesn't say

1:23:27.440,1:23:31.360

that yes

1:23:28.320,1:23:35.199

it does right yes okay

1:23:31.360,1:23:37.280  
yeah you have that built in so then

1:23:35.199,1:23:40.000  
then you know you have discretion at

1:23:37.280,1:23:43.280  
that point in time

1:23:40.000,1:23:46.320  
i i agree i i just i don't know how

1:23:43.280,1:23:49.600  
a contractor is going to be able to give

1:23:46.320,1:23:51.199  
a price minus

1:23:49.600,1:23:53.520  
i think you need to go in there hourly

1:23:51.199,1:23:58.080  
because you can't see

1:23:53.520,1:24:00.080  
what you have to do in the far back

1:23:58.080,1:24:02.080  
it's it's a debatable item we could we

1:24:00.080,1:24:04.159  
can discuss that we can debate it later

1:24:02.080,1:24:05.440  
but if it's written the way it's written

1:24:04.159,1:24:08.000  
let's just move on

1:24:05.440,1:24:08.560  
okay i i you know i think you know we

1:24:08.000,1:24:12.080  
can take

1:24:08.560,1:24:12.960  
the matter of police concern uh up at

1:24:12.080,1:24:14.880  
the time that

1:24:12.960,1:24:16.239  
you know the contractor has to go on

1:24:14.880,1:24:19.280  
onto the property

1:24:16.239,1:24:19.280  
i mean it's legitimate

1:24:19.520,1:24:24.400  
well then you know because

1:24:22.560,1:24:26.320  
then we do we take we take another

1:24:24.400,1:24:28.639  
course right right commissioner burke

1:24:26.320,1:24:30.000  
i mean that's we'll assist whatever

1:24:28.639,1:24:30.480  
whatever you need down there there you

1:24:30.000,1:24:32.000  
go

1:24:30.480,1:24:35.360  
there's your answer all right

1:24:32.000,1:24:35.360  
everything's got to be peaceable

1:24:35.600,1:24:41.280  
all right all right so

1:24:38.880,1:24:42.560  
at this point in time there's a motion

1:24:41.280,1:24:44.639  
to

1:24:42.560,1:24:47.120  
close public hearing did we get a motion

1:24:44.639,1:24:47.120  
to close

1:24:47.600,1:24:51.920  
so trust me trustee panesa made a motion

1:24:50.080,1:24:54.960  
to close could i get a second

1:24:51.920,1:24:58.159  
second executive trustee davis

1:24:54.960,1:25:01.600  
all those in favor

1:24:58.159,1:25:03.440  
opposed okay uh do you want to do the

1:25:01.600,1:25:03.760  
other public hearing first and then vote

1:25:03.440,1:25:05.520  
on

1:25:03.760,1:25:07.280  
both things well i think it was

1:25:05.520,1:25:09.760  
determined that uh

1:25:07.280,1:25:12.080  
well actually is is it the board's

1:25:09.760,1:25:13.760  
pleasure to table that particular matter

1:25:12.080,1:25:16.000  
for now until we find out more

1:25:13.760,1:25:20.239  
information that's recommended by

1:25:16.000,1:25:20.239  
uh brian murphy

1:25:23.440,1:25:28.960  
wait regarding the

1:25:27.120,1:25:31.040  
the cleanup of the property or the

1:25:28.960,1:25:32.560  
detached garage structure

1:25:31.040,1:25:35.920  
okay i thought we were going to open up

1:25:32.560,1:25:38.639  
and talk about the detached garage

1:25:35.920,1:25:41.040  
now record the recommendation is to

1:25:38.639,1:25:41.040  
table

1:25:47.440,1:25:50.639  
would they be able to just keep the

1:25:48.719,1:25:53.920  
public hearing open yeah

1:25:50.639,1:25:55.920  
that's that's what we'll do after the

1:25:53.920,1:25:56.639  
action is taken on this particular

1:25:55.920,1:25:58.239  
charge

1:25:56.639,1:26:01.040  
you'll open up the public hearing and

1:25:58.239,1:26:08.800  
adjourn it so that way you don't have to

1:26:01.040,1:26:11.440  
notice them okay all right

1:26:08.800,1:26:13.520  
so the public the motion is is with

1:26:11.440,1:26:16.480  
respect to the public hearing

1:26:13.520,1:26:18.800  
on the brush and grass and overgrowth

1:26:16.480,1:26:18.800  
only

1:26:20.560,1:26:24.000  
so mayor if it was our action taken i

1:26:23.120,1:26:26.239  
don't even know

1:26:24.000,1:26:27.840  
john no we didn't take we talked about

1:26:26.239,1:26:30.960  
we didn't

1:26:27.840,1:26:33.040  
so if if there's a motion

1:26:30.960,1:26:34.639  
grant you know that passes to close the

1:26:33.040,1:26:35.840  
public hearing with respect to that one

1:26:34.639,1:26:39.199  
charge only

1:26:35.840,1:26:41.040  
then i'd ask them your mayor to read the

1:26:39.199,1:26:51.840  
resolution with respect to the

1:26:41.040,1:26:51.840  
overgrowth into the record

1:26:57.360,1:27:00.800  
okay that's that's it right there

1:27:03.120,1:27:06.480  
okay this is the right one right

1:27:07.040,1:27:11.760  
okay uh though i would like to get a

1:27:11.040,1:27:14.400  
motion

1:27:11.760,1:27:15.040  
on the following resolution that states

1:27:14.400,1:27:17.679  
whereas

1:27:15.040,1:27:20.000  
john touchette is the last known owner

1:27:17.679,1:27:21.280  
of real properties shown on the taxes

1:27:20.000,1:27:24.159  
you have to close the public hearing

1:27:21.280,1:27:26.000  
before oh i thought we did the

1:27:24.159,1:27:28.080  
could we get a motion to close the

1:27:26.000,1:27:30.239  
public hearing i'll make a motion to

1:27:28.080,1:27:33.600  
close the public hearing

1:27:30.239,1:27:35.040  
second didn't we do that no we talked

1:27:33.600,1:27:38.480  
about it

1:27:35.040,1:27:39.280  
no we did it it's done now the motion

1:27:38.480,1:27:42.560  
was by

1:27:39.280,1:27:46.560  
trustee panesa seconded by trustee davis

1:27:42.560,1:27:48.560  
to close the public hearing yes okay

1:27:46.560,1:27:49.600  
okay so i'm look now i'm looking for a

1:27:48.560,1:27:54.880  
motion to

1:27:49.600,1:27:57.520  
um pass the following resolution

1:27:54.880,1:27:58.480  
and a second and so the resolution

1:27:57.520,1:28:00.800  
states whereas

1:27:58.480,1:28:02.960  
john teshet is the last known owner of

1:28:00.800,1:28:04.400  
real property shown on the tax records

1:28:02.960,1:28:08.639  
and the tax map

1:28:04.400,1:28:08.639  
of the village's tax parcel id

1:28:09.639,1:28:13.360  
6158-18409-148

1:28:10.880,1:28:14.400  
having a street address of 25 south

1:28:13.360,1:28:17.120  
remsen

1:28:14.400,1:28:17.760  
and there is no record of a mortgage

1:28:17.120,1:28:20.159  
whereas

1:28:17.760,1:28:20.880  
the village it has received numerous

1:28:20.159,1:28:23.280  
complaints

1:28:20.880,1:28:25.360  
that the property has become overgrown

1:28:23.280,1:28:29.280  
with grass and weeds and that it was

1:28:25.360,1:28:31.920  
unsightly and whereas on june 12th

1:28:29.280,1:28:32.800  
and august 12th both of 2020

1:28:31.920,1:28:35.600  
respectively

1:28:32.800,1:28:37.679  
an enforcement official observed the

1:28:35.600,1:28:39.920  
existence of overgrown weeds

1:28:37.679,1:28:42.159  
and noxious growth throughout the entire

1:28:39.920,1:28:45.920  
property which violates 114

1:28:42.159,1:28:48.320

1:28:49.199,1:28:55.120  
dated july 10th 2020 and august 12

1:28:52.480,1:28:56.400  
2020 respectively copies of which are

1:28:55.120,1:28:58.639

1:28:56.400,1:29:00.080  
which informed any person in control of

1:28:58.639,1:29:01.840

or that additional time is needed to

1:29:14.080,1:29:18.480

and that the property was not

in compliance with property maintenance

1:29:40.320,1:29:44.560  
requirements

1:29:41.280,1:29:46.880  
of chapter 114 and whereas a public

1:29:44.560,1:29:49.600

not subject to competitive bidding

1:31:22.880,1:31:28.000  
and be it further it would be further

1:32:47.840,1:32:50.719  
village charges

1:32:49.280,1:32:52.880  
and it would be further resolved that

1:32:50.719,1:32:55.920  
the village clerk is directed to mail

because

1:34:50.560,1:34:55.440  
it involves a permanent structure and um

1:34:53.440,1:34:56.400  
we may need to get the village engineer

1:34:55.440,1:35:00.000  
involved

1:34:56.400,1:35:02.320  
in determining whether or not it's a

1:35:00.000,1:35:05.280  
it's an imminent threat to the occupant

1:35:02.320,1:35:05.280  
or to the public

1:35:06.080,1:35:10.800  
so why don't we at least open the public

1:35:09.360,1:35:14.000  
hearing which we did

1:35:10.800,1:35:17.360  
okay and then brian can you just

1:35:14.000,1:35:20.239  
at least for jurisdictional purposes um

1:35:17.360,1:35:21.119  
mayor can you put the allegation the

1:35:20.239,1:35:24.480  
charge the order

1:35:21.119,1:35:25.840  
remedy before the board so that they can

1:35:24.480,1:35:29.040  
see and familiarize

1:35:25.840,1:35:32.159  
themselves with it and then you know

1:35:29.040,1:35:42.560  
then the action can be taken to adjourn

1:35:32.159,1:35:46.400  
the public hearing

1:35:42.560,1:35:46.400  
now the order of remedy is yes

1:35:49.440,1:35:52.639  
okay what is this

1:35:52.880,1:35:58.960  
this is overgrowth okay this is here's

1:35:56.080,1:35:58.960  
the structure

1:35:59.760,1:36:06.239  
right brian you know

1:36:03.360,1:36:08.239  
there's no picture on the screen oh i

1:36:06.239,1:36:11.600  
think we were gonna first look at the

1:36:08.239,1:36:15.040  
order to remedy i'll show you

1:36:11.600,1:36:16.239  
yeah that's it yes that's it that that's

1:36:15.040,1:36:19.119  
the second notice

1:36:16.239,1:36:20.800  
that went along with the second notice

1:36:19.119,1:36:24.080  
for the grass correct

1:36:20.800,1:36:26.639  
all right and how was mr touchette uh

1:36:24.080,1:36:27.600  
served to uh certified return receipt

1:36:26.639,1:36:30.960  
mail

1:36:27.600,1:36:34.320  
okay and um you have the mailings

1:36:30.960,1:36:36.880  
we do okay so please um file those with

1:36:34.320,1:36:38.719  
village clark forthwith i believe they

1:36:36.880,1:36:41.360  
have him already okay

1:36:38.719,1:36:43.119  
well i want he he has to receive them as

1:36:41.360,1:36:45.440  
well from your office i have them

1:36:43.119,1:36:47.360  
but you're gonna need them so what is

1:36:45.440,1:36:49.920  
your recommendation with respect to this

1:36:47.360,1:36:51.600  
particular violation

1:36:49.920,1:36:53.520  
my recommendation is that the public

1:36:51.600,1:36:56.000  
hearing is kept open

1:36:53.520,1:36:56.800  
so we can further investigate the

1:36:56.000,1:37:00.880  
condition

1:36:56.800,1:37:03.440  
of the detached garage

1:37:00.880,1:37:04.880  
i wrote the violation with clear

1:37:03.440,1:37:08.080  
pictures of the roof

1:37:04.880,1:37:09.119  
to where it it you know it's in bad

1:37:08.080,1:37:12.320  
shape

1:37:09.119,1:37:13.119  
but when we go on to the property to

1:37:12.320,1:37:15.600  
clean up the

1:37:13.119,1:37:16.159  
overgrowth at that time i would like to

1:37:15.600,1:37:20.400  
take a

1:37:16.159,1:37:23.440  
a better look at it and see um

1:37:20.400,1:37:23.440  
what's going on with it

1:37:24.560,1:37:28.800  
do you have any does the board have any

1:37:26.159,1:37:28.800  
other questions

1:37:29.360,1:37:34.880  
no okay so

1:37:32.719,1:37:35.840  
then board should entertain a motion to

1:37:34.880,1:37:37.920  
adjourn

1:37:35.840,1:37:39.520  
the public hearing with respect to this

1:37:37.920,1:37:42.560  
particular charge

1:37:39.520,1:37:46.840  
um do you uh have a date brian

1:37:42.560,1:37:50.000  
in mind september 9 or september 23

1:37:46.840,1:37:53.199  
um september

1:37:50.000,1:37:54.960  
what's your preference on that i

1:37:53.199,1:37:57.040

i think we should do september 9th and

1:37:54.960,1:38:00.639

then we could adjourn it again if it's

1:37:57.040,1:38:03.280

not okay right yeah i agree

1:38:00.639,1:38:04.480

because the the uh village election is

1:38:03.280,1:38:08.159

one the 16th

1:38:04.480,1:38:08.159

the 15th i'm sorry

1:38:08.880,1:38:15.840

okay yeah the uh september 9

1:38:11.920,1:38:18.880

will uh be okay but you know i i just

1:38:15.840,1:38:20.560

need to be able to get

1:38:18.880,1:38:21.920

a contract in there to clean it up so we

1:38:20.560,1:38:25.199

can take a look at it

1:38:21.920,1:38:27.679

um subject to availability

1:38:25.199,1:38:29.040

i mean it may not have any action by

1:38:27.679,1:38:31.520

then

1:38:29.040,1:38:32.880

so if need be we may have to adjourn it

1:38:31.520,1:38:35.600

again

1:38:32.880,1:38:36.800

okay i'd ask the though the village

1:38:35.600,1:38:39.679

clerk to notify

1:38:36.800,1:38:45.760  
him of of the next adjourned date for

1:38:39.679,1:38:49.760  
the public hearing on that charge

1:38:45.760,1:38:51.679  
all right okay so um

1:38:49.760,1:38:53.040  
could we get a motion to adjourn this

1:38:51.679,1:38:55.920  
public hearing until

1:38:53.040,1:38:55.920  
september 9th

1:38:56.080,1:39:03.760  
i'll make it seconded by trustee lammers

1:39:01.280,1:39:04.960  
motion made by trustee panesa all those

1:39:03.760,1:39:08.960  
in favor

1:39:04.960,1:39:08.960  
aye any opposed

1:39:11.360,1:39:16.560  
um motion passes

1:39:22.000,1:39:25.520  
so we have one other thing in here uh

1:39:24.800,1:39:27.679  
brian

1:39:25.520,1:39:29.840  
are we doing this tonight this notice

1:39:27.679,1:39:31.440  
this second notice this third notice of

1:39:29.840,1:39:33.600  
violation

1:39:31.440,1:39:36.239  
i i would like to be able to open the

1:39:33.600,1:39:38.080  
public hearing it hasn't been

1:39:36.239,1:39:40.239  
there has not been a resolution written

1:39:38.080,1:39:42.400  
for it yet um so i'm not sure

1:39:40.239,1:39:44.480  
i would ask the village attorney if we

1:39:42.400,1:39:47.760  
can open the public hearing

1:39:44.480,1:39:49.840  
and during it well i mean do you have

1:39:47.760,1:39:53.440  
affidavits of service

1:39:49.840,1:39:56.880  
you do okay and was that

1:39:53.440,1:39:59.679  
individual notice to appear tonight

1:39:56.880,1:40:01.199  
they received the uh oh they received

1:39:59.679,1:40:03.040  
the violation notices

1:40:01.199,1:40:04.320  
yes and called their own you just put

1:40:03.040,1:40:07.679  
the um the

1:40:04.320,1:40:10.560  
the uh buco

1:40:07.679,1:40:10.560  
violation up

1:40:12.320,1:40:15.840  
atrabuco place

1:40:17.199,1:40:24.320  
who's the owner of record this is norris

1:40:20.840,1:40:27.360  
durand at eight tribucco place

1:40:24.320,1:40:30.400  
with the mailing address of 25

1:40:27.360,1:40:30.400  
hornbeck ridge

1:40:30.960,1:40:38.960  
poughkeepsie new york

1:40:36.159,1:40:41.199  
and that was noticed as you can see for

1:40:38.960,1:40:44.960  
a hearing tonight at five o'clock p.m

1:40:41.199,1:40:48.080  
have you heard from him uh brian

1:40:44.960,1:40:51.280  
the owner um we have

1:40:48.080,1:40:54.719  
um and

1:40:51.280,1:40:58.800  
i i had expected her to

1:40:54.719,1:41:02.000  
be on this evening but she's not

1:40:58.800,1:41:04.320  
do you have pictures of all right so

1:41:02.000,1:41:05.679  
why don't we open the public hearing and

1:41:04.320,1:41:08.239  
adjourn it to september

1:41:05.679,1:41:09.840  
9th is that something you'd like to do

1:41:08.239,1:41:12.159  
you recommend to the board

1:41:09.840,1:41:13.199  
i i recommend that yes because we we we

1:41:12.159,1:41:15.920  
don't have a

1:41:13.199,1:41:17.360  
resolution yet this has not gone to you

1:41:15.920,1:41:18.400  
know we don't have the resolution to

1:41:17.360,1:41:23.040  
move forwards

1:41:18.400,1:41:25.199  
um so i yeah i recommend that we uh

1:41:23.040,1:41:26.719  
open a public hearing and adjourn it but

1:41:25.199,1:41:28.159  
there are pictures and i would like

1:41:26.719,1:41:30.480  
you know if there are questions i would

1:41:28.159,1:41:31.600  
like to answer them also you know just

1:41:30.480,1:41:33.600  
you know

1:41:31.600,1:41:36.080  
okay is there a motion to open the

1:41:33.600,1:41:38.960  
public hearing

1:41:36.080,1:41:41.600  
yeah you know the action is bringing in

1:41:38.960,1:41:43.440  
front of the board

1:41:41.600,1:41:45.199  
brian let me just get the motion to open

1:41:43.440,1:41:49.040  
the public hearing first

1:41:45.199,1:41:49.040  
so who made the motion

1:41:50.400,1:42:00.880  
who did kevin so trustee hoover my

1:41:54.239,1:42:03.679  
demotion second second was made by

1:42:00.880,1:42:07.199  
trustee panesa all those in favor

1:42:03.679,1:42:10.480  
aye okay all right brian go ahead

1:42:07.199,1:42:12.639

okay so what i was you know um

1:42:10.480,1:42:14.000

all these actions that were well the two

1:42:12.639,1:42:14.320

actions that we're bringing again you

1:42:14.000,1:42:15.920

know

1:42:14.320,1:42:18.239

to the village board this evening are

1:42:15.920,1:42:21.760

all coming from neighbor numerous

1:42:18.239,1:42:22.880

neighbor complaints um this property has

1:42:21.760,1:42:25.920

been another one

1:42:22.880,1:42:28.960

that has had numerous uh

1:42:25.920,1:42:30.719

violations um time and time again

1:42:28.960,1:42:32.880

and they would do a little bit of

1:42:30.719,1:42:33.520

cleaning it it's not occupied it is

1:42:32.880,1:42:35.760

vacant

1:42:33.520,1:42:36.800

and it's been vacant for forever for

1:42:35.760,1:42:38.480

quite a long time

1:42:36.800,1:42:40.639

um i don't know exactly how many years

1:42:38.480,1:42:44.400

but quite a few

1:42:40.639,1:42:48.400

that right there is a pile of 2x12

1:42:44.400,1:42:49.600  
lumber to i don't know what to do

1:42:48.400,1:42:51.440  
she tells me one day it was going to be

1:42:49.600,1:42:53.119  
in addition then the next day was

1:42:51.440,1:42:54.560  
delivered to the wrong property

1:42:53.119,1:42:57.280  
and she's building a house somewhere

1:42:54.560,1:42:59.280  
else but um you can see the condition of

1:42:57.280,1:43:02.400  
the backyard right there

1:42:59.280,1:43:04.080  
and to to her

1:43:02.400,1:43:05.440  
that that is satisfactory to this

1:43:04.080,1:43:08.239  
homeowner that that's

1:43:05.440,1:43:08.960  
what she thinks this prop that that is

1:43:08.239,1:43:12.320  
okay

1:43:08.960,1:43:14.960  
and for our code that's not okay

1:43:12.320,1:43:14.960  
in my opinion

1:43:16.400,1:43:20.320  
and that's all i have that's all i have

1:43:20.560,1:43:24.480  
well can you just explain what he what

1:43:22.800,1:43:27.040  
that picture is right there

1:43:24.480,1:43:28.239  
from that is we are standing in her

1:43:27.040,1:43:32.080  
driveway

1:43:28.239,1:43:36.639  
looking north to behind that is

1:43:32.080,1:43:39.440  
vets field the clubhouse and the

1:43:36.639,1:43:40.480  
barn which obviously you cannot see

1:43:39.440,1:43:44.480  
through that that's

1:43:40.480,1:43:47.600  
um poison or poison sumac to your left

1:43:44.480,1:43:50.560  
poison ivy to your right uh

1:43:47.600,1:43:52.080  
pricker bushes intertwined and i'm not

1:43:50.560,1:43:52.719  
sure of the species of the tree in front

1:43:52.080,1:43:55.679  
of you

1:43:52.719,1:43:56.560  
um you look looking at an accumulation

1:43:55.679,1:43:59.360  
of

1:43:56.560,1:44:00.400  
twigs and branches and combustibles in

1:43:59.360,1:44:03.679  
front of you

1:44:00.400,1:44:04.320  
um a ripped shattered tattered tarpon

1:44:03.679,1:44:07.600  
chatter

1:44:04.320,1:44:10.400  
tattered tarp um

1:44:07.600,1:44:11.760  
and just you know obnoxious growth and

1:44:10.400,1:44:13.199  
overgrown property

1:44:11.760,1:44:15.040  
you know there's a little bit of grass

1:44:13.199,1:44:17.280  
back there you just can't see it

1:44:15.040,1:44:20.320  
when was this picture taken that was

1:44:17.280,1:44:22.080  
taken on the 10th of august and have you

1:44:20.320,1:44:23.119  
had a recent opportunity to view the

1:44:22.080,1:44:25.760  
property

1:44:23.119,1:44:27.199  
i have yes and is that a fair and

1:44:25.760,1:44:28.000  
accurate representation of how the

1:44:27.199,1:44:31.679  
property

1:44:28.000,1:44:31.679  
appears today yes

1:44:32.480,1:44:35.840  
okay what's the next picture

1:44:37.920,1:44:41.119  
they don't know what that is so it could

1:44:39.520,1:44:43.199  
be construction

1:44:41.119,1:44:45.520  
it is those are two by twelves now

1:44:43.199,1:44:48.800  
that's two stacks

1:44:45.520,1:44:52.000  
of two by twelves um

1:44:48.800,1:44:54.000  
covered in a ripped tarp that extend the

1:44:52.000,1:44:58.000  
length of the driveway i mean it's

1:44:54.000,1:45:00.239  
two very very large piles

1:44:58.000,1:45:01.040  
of construction debris that has been

1:45:00.239,1:45:04.159  
there

1:45:01.040,1:45:05.920  
for years to your knowledge is there an

1:45:04.159,1:45:07.280  
open building permit with respect to

1:45:05.920,1:45:10.000  
this house for any

1:45:07.280,1:45:11.679  
time there is not an open building

1:45:10.000,1:45:12.880  
permit

1:45:11.679,1:45:14.639  
and is that a fair and accurate

1:45:12.880,1:45:15.440  
representation of how the property looks

1:45:14.639,1:45:18.000  
today

1:45:15.440,1:45:18.000  
yes it is

1:45:23.520,1:45:26.800  
one more picture okay what is that

1:45:25.199,1:45:28.239  
picture of

1:45:26.800,1:45:31.199  
that's the same picture standing in the

1:45:28.239,1:45:33.600  
backyard that was the previous picture

1:45:31.199,1:45:35.040  
so is that the same property this is the

1:45:33.600,1:45:37.840  
same this is right here

1:45:35.040,1:45:38.800  
this picture is the other side of the

1:45:37.840,1:45:42.159  
the property

1:45:38.800,1:45:45.199  
um the east side and you're looking

1:45:42.159,1:45:48.800  
north again straight ahead would be uh

1:45:45.199,1:45:50.800  
vets field um and

1:45:48.800,1:45:52.800  
the and i have not even said here yet

1:45:50.800,1:45:54.400  
for that but the the stairwell the

1:45:52.800,1:45:57.040  
stairs to that door

1:45:54.400,1:45:59.520  
have collapsed they're gone all together

1:45:57.040,1:46:01.520  
um you can see the new 2x12

1:45:59.520,1:46:03.280  
they started to try to rectify a

1:46:01.520,1:46:05.040  
previous violation notice

1:46:03.280,1:46:06.800  
that we had written but that's as far as

1:46:05.040,1:46:08.480  
they have gotten

1:46:06.800,1:46:10.080  
and again you could barely get around

1:46:08.480,1:46:13.119  
that house from the

1:46:10.080,1:46:16.080  
you know the uh the the sumac

1:46:13.119,1:46:17.040  
the the poison ivy the prickles and

1:46:16.080,1:46:19.440  
numerous other

1:46:17.040,1:46:21.600  
uh issues and in your capacity as

1:46:19.440,1:46:22.239  
building inspector is that a violation

1:46:21.600,1:46:24.719  
of any

1:46:22.239,1:46:26.719  
uh new york state building code it is

1:46:24.719,1:46:28.480  
and and she's been cited

1:46:26.719,1:46:32.000  
and is that a dangerous condition in

1:46:28.480,1:46:32.000  
your estimation it is

1:46:33.440,1:46:37.199  
if somebody walked off of that platform

1:46:36.080,1:46:40.320  
where would they go

1:46:37.199,1:46:42.480  
wait a minute um into that hole right

1:46:40.320,1:46:42.480  
there

1:46:43.600,1:46:49.440  
is that concrete it is

1:46:47.600,1:46:51.119  
are they concrete stairs leaving they

1:46:49.440,1:46:52.400  
are not they were wooden stairs that

1:46:51.119,1:46:55.760  
rotted away

1:46:52.400,1:46:57.760  
oh okay and what you're looking at to

1:46:55.760,1:46:59.199  
the left is a new 2x12

1:46:57.760,1:47:01.199  
then we're going to put new stringers

1:46:59.199,1:47:04.320  
for stairs but

1:47:01.199,1:47:05.040  
that's as far as you know that's as far

1:47:04.320,1:47:09.199  
as they got

1:47:05.040,1:47:13.440  
right but those violations

1:47:09.199,1:47:16.560  
are not in part of one chapter 114.

1:47:13.440,1:47:22.080  
we handle those differently are there

1:47:16.560,1:47:25.040  
any questions from the board

1:47:22.080,1:47:25.600  
no so well what what what's your what's

1:47:25.040,1:47:28.400  
your

1:47:25.600,1:47:29.360  
attempt for progress for this brian what

1:47:28.400,1:47:32.960  
are you going to do

1:47:29.360,1:47:34.000  
well for for the for for writing this

1:47:32.960,1:47:37.679  
one and putting her

1:47:34.000,1:47:40.719  
in in front of the village board um

1:47:37.679,1:47:41.920  
i i am hoping that she realizes that if

1:47:40.719,1:47:44.320  
it's not done

1:47:41.920,1:47:45.840  
that the village of wappingers falls

1:47:44.320,1:47:48.880  
village board

1:47:45.840,1:47:51.520  
will you know act

1:47:48.880,1:47:53.440  
and and we will clean up the property as

1:47:51.520,1:47:56.080  
it as pertains to

1:47:53.440,1:47:57.040  
you know obnoxious growth overgrowth and

1:47:56.080,1:48:00.719  
uh

1:47:57.040,1:48:02.800  
and and uh you know tall grass

1:48:00.719,1:48:04.560  
so essentially what you're saying is we

1:48:02.800,1:48:06.159  
just we're going to give her enough time

1:48:04.560,1:48:08.239  
to to

1:48:06.159,1:48:11.199  
to take action and if not we're going to

1:48:08.239,1:48:14.159  
we're going to start writing citations

1:48:11.199,1:48:14.960  
well well yes we could write citations

1:48:14.159,1:48:17.040  
and we could and

1:48:14.960,1:48:18.080  
and the village board could also pass a

1:48:17.040,1:48:19.920  
resolution

1:48:18.080,1:48:21.119  
to direct either a contractor or the

1:48:19.920,1:48:23.679  
highway department

1:48:21.119,1:48:25.280  
to go on and clean the property we're

1:48:23.679,1:48:27.440  
not looking to go on

1:48:25.280,1:48:28.639  
and rebuild her a set of stairs that

1:48:27.440,1:48:31.360  
that's that's a

1:48:28.639,1:48:32.000  
completely separate issue but i am

1:48:31.360,1:48:35.440  
looking to go

1:48:32.000,1:48:39.360  
on to help the neighbors to have all the

1:48:35.440,1:48:41.679  
poison ivy prickles and all the uh

1:48:39.360,1:48:42.719  
you know again the uh the overgrowth the

1:48:41.679,1:48:45.520  
undergrowth and

1:48:42.719,1:48:46.560  
poison sumac and poison ivy all removed

1:48:45.520,1:48:48.719  
from our property

1:48:46.560,1:48:50.080  
that that's what we're looking to do

1:48:48.719,1:48:52.159  
brian to your knowledge is there a

1:48:50.080,1:49:00.719  
pending foreclosure action

1:48:52.159,1:49:03.199  
i do not believe so all right so what is

1:49:00.719,1:49:04.960  
your recommendation for action of of the

1:49:03.199,1:49:07.760  
board tonight

1:49:04.960,1:49:09.199  
my recommendation is that we adjourn

1:49:07.760,1:49:11.280  
this public hearing

1:49:09.199,1:49:12.560  
and she is given a notice from the

1:49:11.280,1:49:15.679  
village board

1:49:12.560,1:49:18.719  
to appear at the next

1:49:15.679,1:49:20.639  
village board meeting before you do that

1:49:18.719,1:49:22.880  
have you had you commented on this

1:49:20.639,1:49:24.000  
this picture that is just showing the

1:49:22.880,1:49:26.840  
address i'm sorry

1:49:24.000,1:49:29.040  
that that was just for identification

1:49:26.840,1:49:30.480  
purposes

1:49:29.040,1:49:31.840  
so you understand that you were

1:49:30.480,1:49:34.080  
previously put under oath and you're

1:49:31.840,1:49:36.960  
still under oath right brian

1:49:34.080,1:49:39.360  
yes sir okay and your recommendation is

1:49:36.960,1:49:42.239  
to continue the public hearing

1:49:39.360,1:49:43.920  
yes all right so there would be a motion

1:49:42.239,1:49:45.280  
to adjourn the public hearing and a

1:49:43.920,1:49:47.679  
motion to adjourn

1:49:45.280,1:49:50.480  
the hearing to a date that's convenient

1:49:47.679,1:49:50.480  
to the board

1:49:52.000,1:49:56.480  
could we have a motion to adjourn this

1:49:54.080,1:49:59.679  
public hearing until september 9th

1:49:56.480,1:50:02.080  
i'll make it second

1:49:59.679,1:50:04.400  
second i could buy trustee panesa all

1:50:02.080,1:50:07.280  
those in favor

1:50:04.400,1:50:07.280  
any opposed

1:50:07.760,1:50:11.360  
okay hi

1:50:12.800,1:50:21.440  
okay um so i'm gonna move on

1:50:17.119,1:50:24.080  
to the zoning board is that

1:50:21.440,1:50:25.199  
is there anything left for this uh these

1:50:24.080,1:50:28.560  
two

1:50:25.199,1:50:31.599  
zoning hearings yeah

1:50:28.560,1:50:34.719  
okay so um the next item on the agenda

1:50:31.599,1:50:38.239  
is we would first like to

1:50:34.719,1:50:41.040

thank uh miss rachel degrazia for

1:50:38.239,1:50:41.840

her service to the village of wepinger's

1:50:41.040,1:50:45.199

falls by

1:50:41.840,1:50:48.800

serving on the zoning board of appeals

1:50:45.199,1:50:52.080

uh rachel and mike are moving

1:50:48.800,1:50:54.880

uh west and they um

1:50:52.080,1:50:57.679

have uh made a great home here many

1:50:54.880,1:51:00.880

friends and we appreciate their service

1:50:57.679,1:51:03.920

uh so we would like to wish them well

1:51:00.880,1:51:04.400

and thank rachel for her service so john

1:51:03.920,1:51:06.880

would you

1:51:04.400,1:51:07.760

please prepare a letter on behalf of the

1:51:06.880,1:51:09.920

board

1:51:07.760,1:51:12.000

acknowledging uh her service to the

1:51:09.920,1:51:12.320

village of wappinger's falls thanking

1:51:12.000,1:51:16.080

her

1:51:12.320,1:51:21.199

and telling her that we will miss her um

1:51:16.080,1:51:24.719

and then uh we'd also like to

1:51:21.199,1:51:26.800  
great people pass

1:51:24.719,1:51:27.840  
i'd like to ask if i could get a motion

1:51:26.800,1:51:29.840  
to appoint

1:51:27.840,1:51:32.080  
miss loretta holloway to fill the

1:51:29.840,1:51:34.480  
vacancy for the remainder of

1:51:32.080,1:51:35.599  
rachel degrazia's term on the zoning

1:51:34.480,1:51:38.960  
board

1:51:35.599,1:51:41.280  
i'll make a motion i'll second it so

1:51:38.960,1:51:42.400  
uh loretta has been serving as an

1:51:41.280,1:51:45.040  
alternate for

1:51:42.400,1:51:46.239  
many years and uh we appreciate her

1:51:45.040,1:51:49.760  
service and where

1:51:46.239,1:51:52.320  
uh she was also recommended by uh

1:51:49.760,1:51:53.040  
the chairman of the zoning board as well

1:51:52.320,1:51:57.199  
as

1:51:53.040,1:52:01.040  
um got um other recommendations as well

1:51:57.199,1:52:04.080  
so all those in favor

1:52:01.040,1:52:04.639  
who made the motion i didn't get that i

1:52:04.080,1:52:07.040  
believe

1:52:04.639,1:52:07.920  
ryan made the most so brian lammers made

1:52:07.040,1:52:10.960  
the motion

1:52:07.920,1:52:15.199  
and trustee davis seconded the motion

1:52:10.960,1:52:18.639  
that's correct all those in favor

1:52:15.199,1:52:20.719  
any opposed okay

1:52:18.639,1:52:25.199  
and uh brian do you want to talk to us

1:52:20.719,1:52:25.199  
about the resignation for robert walner

1:52:26.880,1:52:32.639  
brian murphy did he go off no he's

1:52:30.400,1:52:32.639  
uh

1:52:33.520,1:52:37.239  
i'm sorry my mouse wasn't working um

1:52:36.159,1:52:40.159  
yeah

1:52:37.239,1:52:41.119  
unfortunately uh we had received the

1:52:40.159,1:52:45.840  
resignation

1:52:41.119,1:52:45.840  
of robert um

1:52:45.920,1:52:50.000  
was offered a full-time position as a

1:52:48.159,1:52:53.040  
code enforcement officer

1:52:50.000,1:52:58.719  
um in another municipality and

1:52:53.040,1:52:58.719  
uh i i had he had asked me about it

1:52:59.199,1:53:03.040  
and that's it you can't blame him he's

1:53:01.599,1:53:06.080  
leaving for a full-time position in

1:53:03.040,1:53:06.080  
another municipality

1:53:06.960,1:53:10.639  
bad to see him go yes

1:53:10.840,1:53:16.960  
yes okay

1:53:13.440,1:53:17.760  
so uh we will also uh ask that we

1:53:16.960,1:53:19.760  
prepare a

1:53:17.760,1:53:20.960  
uh thank you letter to robert for his

1:53:19.760,1:53:23.040  
service and

1:53:20.960,1:53:25.679  
uh could i get a motion to accept the

1:53:23.040,1:53:28.400  
written resignation of robert walner

1:53:25.679,1:53:30.480  
i'll make it mayor i'll second it

1:53:28.400,1:53:31.360  
seconded by trustee davis all those in

1:53:30.480,1:53:34.719  
favor

1:53:31.360,1:53:37.760  
aye hi okay um you know

1:53:34.719,1:53:39.520  
i gotta comment on this one uh

1:53:37.760,1:53:40.800  
since he was i mean he did a lot of work

1:53:39.520,1:53:43.440  
for the village i mean

1:53:40.800,1:53:46.159  
he's helping brian out uh is there any

1:53:43.440,1:53:48.320  
way we can put an ad in the paper to

1:53:46.159,1:53:50.000  
do if we control this position again we

1:53:48.320,1:53:51.679  
actually already did we repeated the

1:53:50.000,1:53:55.360  
same ad that we had

1:53:51.679,1:53:57.840  
uh before okay great

1:53:55.360,1:53:59.360  
yeah i mean can i make one come but the

1:53:57.840,1:54:00.960  
paper might be a good place to put it

1:53:59.360,1:54:04.159  
all though

1:54:00.960,1:54:07.920  
wherever we can put it and the quick

1:54:04.159,1:54:12.400  
that we can fill this position

1:54:07.920,1:54:12.400  
it's very very needed

1:54:13.280,1:54:19.280  
it's very needed um we we have scheduled

1:54:16.320,1:54:20.239  
out prior knowing he was resigning you

1:54:19.280,1:54:22.480  
know

1:54:20.239,1:54:24.560  
we have scheduled out for a month and a

1:54:22.480,1:54:26.639  
half of fire inspections

1:54:24.560,1:54:29.199  
and rental registries and things like

1:54:26.639,1:54:31.679  
that to where

1:54:29.199,1:54:33.360  
you know i'm not going to be in the

1:54:31.679,1:54:35.199  
office much and not going to be able to

1:54:33.360,1:54:38.560  
do a lot of other things

1:54:35.199,1:54:40.719  
we get somebody else to uh i think we

1:54:38.560,1:54:44.080  
could i think we can put it in the paper

1:54:40.719,1:54:45.280  
and indeed and then you're able to also

1:54:44.080,1:54:49.199  
post it on a

1:54:45.280,1:54:52.880  
website for zoning brian

1:54:49.199,1:54:55.280  
uh what pardon me

1:54:52.880,1:54:56.480  
on on our website don't you know isn't

1:54:55.280,1:54:58.880  
there a um

1:54:56.480,1:55:00.880  
i can forward it to the associate that

1:54:58.880,1:55:04.639  
is association okay so

1:55:00.880,1:55:06.639  
so we'll do those three methods is that

1:55:04.639,1:55:08.480  
yeah and we'll also post it on our

1:55:06.639,1:55:11.599  
website

1:55:08.480,1:55:11.599

okay um

1:55:15.599,1:55:24.800

so uh that that we did receive

1:55:20.320,1:55:27.840

uh we did receive a comment

1:55:24.800,1:55:32.080

uh on our website and

1:55:27.840,1:55:34.880

it is a comment

1:55:32.080,1:55:35.920

it's a comment from a resident who lives

1:55:34.880,1:55:39.679

on hillsides

1:55:35.920,1:55:42.719

and they uh request that we

1:55:39.679,1:55:47.760

would not turn the

1:55:42.719,1:55:51.119

water tower area into a park um

1:55:47.760,1:55:51.119

and uh

1:55:51.360,1:56:01.840

i'll get you the actual comment sorry

1:56:04.159,1:56:08.560

so it's the the um comment is from marie

1:56:07.119,1:56:11.920

magna

1:56:08.560,1:56:14.000

at hillside subject is the possibility

1:56:11.920,1:56:17.360

of a playground where the water tower

1:56:14.000,1:56:19.280

is i have heard about the possibility of

1:56:17.360,1:56:21.440

putting playground on hillside avenue

1:56:19.280,1:56:23.360  
where water tower is located i have had

1:56:21.440,1:56:25.199  
a discussion with my neighbors

1:56:23.360,1:56:27.360  
and we are against this idea we are

1:56:25.199,1:56:29.440  
senior citizens and we all feel we don't

1:56:27.360,1:56:30.000  
need someone's children running around

1:56:29.440,1:56:32.480  
here

1:56:30.000,1:56:34.800  
we enjoy the quiet and privacy this will

1:56:32.480,1:56:36.560  
also attract undesirables which i

1:56:34.800,1:56:38.800  
witnessed years ago

1:56:36.560,1:56:41.360  
there used to be activity after dark we

1:56:38.800,1:56:43.199  
have teens now that hang out up there

1:56:41.360,1:56:45.199  
we are all in agreement that we don't

1:56:43.199,1:56:47.040  
want this park this could also bring

1:56:45.199,1:56:48.000  
cars that will be taking up parking on

1:56:47.040,1:56:51.360  
the street

1:56:48.000,1:56:51.360  
it's not a good idea

1:56:52.400,1:57:00.080  
okay um and i have safety on the agenda

1:56:57.840,1:57:02.480  
john did you want to say something about

1:57:00.080,1:57:02.480  
safety

1:57:03.119,1:57:07.040  
uh no uh mayor i i put that on the

1:57:05.679,1:57:08.800  
agenda every

1:57:07.040,1:57:10.080  
every time just in case there's

1:57:08.800,1:57:13.280  
something that comes up

1:57:10.080,1:57:17.920  
uh with the police or

1:57:13.280,1:57:21.679  
anything else relative to safety okay

1:57:17.920,1:57:25.280  
and um is there anything

1:57:21.679,1:57:28.960  
else that the board has

1:57:25.280,1:57:31.119  
yes i have something if that's all right

1:57:28.960,1:57:32.800  
i something came to my attention i just

1:57:31.119,1:57:33.360  
wanted to know what the status was and

1:57:32.800,1:57:35.760  
see if

1:57:33.360,1:57:36.880  
what we were what we were allowing to be

1:57:35.760,1:57:38.560  
done

1:57:36.880,1:57:41.599  
and not allowing to be done and that's

1:57:38.560,1:57:41.599  
regarding the um

1:57:42.000,1:57:44.239  
on

1:57:45.199,1:57:52.080  
the electrical line that the power

1:57:48.719,1:57:56.320  
source that patsy's pizza is using

1:57:52.080,1:57:57.840  
from their building to the tent um

1:57:56.320,1:57:59.679  
i guess there's there's been some

1:57:57.840,1:58:02.159  
controversy over it

1:57:59.679,1:58:04.159  
um i i think there's an easy remedy for

1:58:02.159,1:58:05.199  
it and i just wanted to throw it out

1:58:04.159,1:58:08.159  
there i don't

1:58:05.199,1:58:09.520  
think that cutting power off or not

1:58:08.159,1:58:10.719  
allowing them to do something when

1:58:09.520,1:58:13.920  
there's a remedy i

1:58:10.719,1:58:17.199  
but my suggestion is is that they

1:58:13.920,1:58:18.480  
encase the uh the line in a in a length

1:58:17.199,1:58:20.940  
of pipe and put

1:58:18.480,1:58:23.040  
item put

1:58:20.940,1:58:26.159  
[Music]

1:58:23.040,1:58:27.840  
blacktop over it and until

1:58:26.159,1:58:29.840  
their season's over i mean i don't i

1:58:27.840,1:58:31.679

don't know any reason why we

1:58:29.840,1:58:33.520

would prohibit them from running

1:58:31.679,1:58:36.880

electric across there

1:58:33.520,1:58:38.400

when you know it's it's not i mean

1:58:36.880,1:58:40.159

the traffic isn't an issue because

1:58:38.400,1:58:41.520

there's there's not that many cars that

1:58:40.159,1:58:44.719

go down there

1:58:41.520,1:58:46.080

and um it would remedy the subject

1:58:44.719,1:58:48.400

temporarily until

1:58:46.080,1:58:50.080

it's a problem i don't know why anybody

1:58:48.400,1:58:52.400

would complain about it

1:58:50.080,1:58:53.920

but they have i think there's an easy

1:58:52.400,1:58:55.280

remedy and i think that's the remedy

1:58:53.920,1:58:58.400

they should be

1:58:55.280,1:59:01.199

trustee dave is what what

1:58:58.400,1:59:03.360

i'm sorry go ahead kevin i would

1:59:01.199,1:59:05.440

disagree with that because

1:59:03.360,1:59:07.119

that that is the village right away that

1:59:05.440,1:59:10.000  
is the village road

1:59:07.119,1:59:11.119  
and noble president can dig across the

1:59:10.000,1:59:14.239  
road to put anything

1:59:11.119,1:59:16.080  
in our road without village permission

1:59:14.239,1:59:17.360  
i'd rather see him call central hudson

1:59:16.080,1:59:20.560  
and have him drop a line in

1:59:17.360,1:59:24.080  
a meter to that lot and put a

1:59:20.560,1:59:27.199  
hole off or whatever

1:59:24.080,1:59:29.679  
he made it to be there yeah

1:59:27.199,1:59:30.960  
only because i just don't think we

1:59:29.679,1:59:32.800  
should be digging in the village right

1:59:30.960,1:59:34.960  
away

1:59:32.800,1:59:36.880  
i'm not saying i'm not saying to dig i'm

1:59:34.960,1:59:42.320  
saying just lay the pipe over and put

1:59:36.880,1:59:42.320  
put put item on top of it or put the

1:59:42.800,1:59:47.760  
coal patch over it and so until they can

1:59:45.760,1:59:49.760  
get a line dropped

1:59:47.760,1:59:51.199  
if they can get a line put across there

1:59:49.760,1:59:52.960  
from central ups and that's fine but

1:59:51.199,1:59:54.560  
temporarily until then

1:59:52.960,1:59:56.880  
just put a piece of pipe and some coal

1:59:54.560,1:59:59.040  
patch on it

1:59:56.880,2:00:00.960  
well i can tell you one thing can i just

1:59:59.040,2:00:02.000  
interject one thing though this is like

2:00:00.960,2:00:03.920  
uh

2:00:02.000,2:00:05.520  
actually a pending investigation that

2:00:03.920,2:00:08.639  
probably should be discussed in

2:00:05.520,2:00:10.800  
in-house in the executive session so

2:00:08.639,2:00:12.560  
you know you guys are gonna be uh we're

2:00:10.800,2:00:13.360  
gonna be adjourning anyway to go in

2:00:12.560,2:00:15.760  
there so i

2:00:13.360,2:00:17.440  
i think that maybe it's not appropriate

2:00:15.760,2:00:17.920  
to talk about at this particular point

2:00:17.440,2:00:20.000  
in time

2:00:17.920,2:00:21.360  
because brian's gonna actually join us

2:00:20.000,2:00:25.840  
real quick for that

2:00:21.360,2:00:29.520  
can ex and can uh tell you what he uh

2:00:25.840,2:00:31.920  
far as the update all right but

2:00:29.520,2:00:33.520  
i got just but it's seasonal it's a a

2:00:31.920,2:00:34.960  
six to eight week process i don't i

2:00:33.520,2:00:37.040  
really don't see what the big deal is

2:00:34.960,2:00:39.440  
here

2:00:37.040,2:00:41.599  
okay so why don't we uh go into

2:00:39.440,2:00:44.480  
executive are there any other items

2:00:41.599,2:00:44.480  
before we do that

2:00:46.639,2:00:50.320  
i don't have anything uh commissioner

2:00:48.960,2:00:52.800  
burke do you have anything that you

2:00:50.320,2:00:56.560  
wanted to bring up

2:00:52.800,2:00:59.520  
no okay i would just uh tell you that

2:00:56.560,2:01:00.560  
uh the commissioner and myself met about

2:00:59.520,2:01:04.000  
uh

2:01:00.560,2:01:06.719  
his um work

2:01:04.000,2:01:08.080  
uh involved with duchess county duchess

2:01:06.719,2:01:11.520  
county has been inviting

2:01:08.080,2:01:12.159  
myself and the commissioner to and as

2:01:11.520,2:01:15.199  
well as

2:01:12.159,2:01:16.960  
uh i think we've also gotten our

2:01:15.199,2:01:20.320  
lieutenant involved

2:01:16.960,2:01:21.520  
in the county's effort for along with

2:01:20.320,2:01:24.000  
the state's effort

2:01:21.520,2:01:24.719  
for police reform so there's there have

2:01:24.000,2:01:27.760  
been

2:01:24.719,2:01:30.080  
uh some laws passed at the state level

2:01:27.760,2:01:33.280  
having to do with police reform

2:01:30.080,2:01:36.639  
uh the uh setting up of a committee and

2:01:33.280,2:01:38.480  
the reviewing of policies i just like to

2:01:36.639,2:01:41.599  
say that our commissioner's done

2:01:38.480,2:01:42.800  
a great job reviewing uh what the state

2:01:41.599,2:01:44.480  
and the county have

2:01:42.800,2:01:46.880  
been done the county has done a great

2:01:44.480,2:01:49.560  
job in putting together

2:01:46.880,2:01:50.719  
assistance for all dutchess county

2:01:49.560,2:01:53.679  
municipalities

2:01:50.719,2:01:55.599  
and uh making it available to all of us

2:01:53.679,2:01:57.760  
and getting the information out so

2:01:55.599,2:01:58.639  
uh thank you to walter for all the good

2:01:57.760,2:02:02.320  
work you're doing

2:01:58.639,2:02:05.280  
as far as that goes okay

2:02:02.320,2:02:07.520  
i have just one thing mayor okay i

2:02:05.280,2:02:09.840  
attended a webinar today with

2:02:07.520,2:02:12.719  
new york conference of mayors with

2:02:09.840,2:02:16.000  
respect to the upcoming election

2:02:12.719,2:02:17.840  
on september 15th if anyone out there

2:02:16.000,2:02:19.840  
has any questions about it

2:02:17.840,2:02:21.760  
feel free to call me at any time at the

2:02:19.840,2:02:23.679  
village hall

2:02:21.760,2:02:24.880  
we spent a lot of time on absentee

2:02:23.679,2:02:27.520  
ballots

2:02:24.880,2:02:28.560  
returning the ballots preparing the

2:02:27.520,2:02:31.520  
polling place

2:02:28.560,2:02:33.920  
and all of that and i will be totally in

2:02:31.520,2:02:35.840  
charge of that election that day

2:02:33.920,2:02:37.520  
so any questions at all please direct

2:02:35.840,2:02:42.080  
them to me thank you

2:02:37.520,2:02:42.080  
yeah john maybe you can answer

2:02:43.599,2:02:47.440  
tony wallace you wanna i'm sorry i was

2:02:46.159,2:02:50.000  
just gonna comment uh

2:02:47.440,2:02:50.480  
along the lines that uh john cars just

2:02:50.000,2:02:52.800  
said

2:02:50.480,2:02:53.840  
the um the legislature actually came up

2:02:52.800,2:02:56.560  
this week

2:02:53.840,2:02:57.440  
with new legislation on uh absentee

2:02:56.560,2:03:00.800  
voting

2:02:57.440,2:03:02.480  
so to make it much easier for those who

2:03:00.800,2:03:04.239  
don't want to venture out and you know

2:03:02.480,2:03:06.400  
into public and would rather

2:03:04.239,2:03:08.400  
vote from the privacy of their own home

2:03:06.400,2:03:10.719  
they can do so so um

2:03:08.400,2:03:11.520  
i those questions can be answered by our

2:03:10.719,2:03:14.960  
village clerk

2:03:11.520,2:03:18.000  
because they're in caps they're in a uh

2:03:14.960,2:03:20.560  
in the in the paperwork that the village

2:03:18.000,2:03:21.920  
would be giving them for the uh absent

2:03:20.560,2:03:24.400  
with the absentee ballots

2:03:21.920,2:03:25.679  
is that correct john yes that's

2:03:24.400,2:03:29.040  
absolutely correct

2:03:25.679,2:03:29.760  
covet 19 is a reason why you can fill

2:03:29.040,2:03:33.199  
out

2:03:29.760,2:03:35.040  
an absentee ballot and get it to me

2:03:33.199,2:03:36.239  
i have another question if i mention we

2:03:35.040,2:03:43.840  
also put that on the

2:03:36.239,2:03:43.840  
on the website that information

2:03:44.400,2:03:50.320  
um this is pointed at john

2:03:47.760,2:03:52.560  
carter john on a normal uh new york

2:03:50.320,2:03:55.599  
village law says that uh

2:03:52.560,2:03:57.199  
the term for a trustee leaving office is

2:03:55.599,2:04:00.320  
midnight the night before the

2:03:57.199,2:04:03.199  
reorg what's what's it gonna be for this

2:04:00.320,2:04:03.840  
because of the kovitz situation for uh

2:04:03.199,2:04:06.800  
trustee

2:04:03.840,2:04:06.800  
uh comornik and i

2:04:07.119,2:04:11.520  
i don't know exactly but i was told the

2:04:10.320,2:04:14.639  
day

2:04:11.520,2:04:18.320  
after the election but

2:04:14.639,2:04:18.320  
i'll firm that up

2:04:19.360,2:04:25.760  
john that um the the oath of office

2:04:22.719,2:04:29.440  
has to be executed by the um

2:04:25.760,2:04:31.920  
you know winning candidate so i would

2:04:29.440,2:04:33.040  
i would venture to say that you know as

2:04:31.920,2:04:36.239  
soon as your

2:04:33.040,2:04:37.040  
uh the candidate has executed that oath

2:04:36.239,2:04:40.239  
of office

2:04:37.040,2:04:41.280  
i think yeah i read it i read the code i

2:04:40.239,2:04:43.760  
read the

2:04:41.280,2:04:44.480  
new york state law regarding villages

2:04:43.760,2:04:45.840  
and it's it's

2:04:44.480,2:04:48.000  
they said it's midnight before the

2:04:45.840,2:04:50.159  
reorganizational meeting

2:04:48.000,2:04:51.840  
so i i don't know if that holds true for

2:04:50.159,2:04:53.040  
this situation i don't even know what

2:04:51.840,2:04:55.119  
the

2:04:53.040,2:04:57.199  
do we know what the rear meeting would

2:04:55.119,2:04:59.840  
be even

2:04:57.199,2:05:01.840  
i wouldn't venture to say that we

2:04:59.840,2:05:04.840  
without any other direction

2:05:01.840,2:05:06.719  
from the state we should have our reorg

2:05:04.840,2:05:10.079  
meeting on

2:05:06.719,2:05:14.320  
september 23rd

2:05:10.079,2:05:15.440  
uh i'm sorry september 30th september

2:05:14.320,2:05:18.840  
30th yeah yeah

2:05:15.440,2:05:21.840  
so that's the last uh wednesday in

2:05:18.840,2:05:21.840  
september

2:05:25.360,2:05:30.239  
midnight any night any anyway john maybe

2:05:28.400,2:05:32.639  
get some clarification

2:05:30.239,2:05:34.000  
i will that'll come that'll come down

2:05:32.639,2:05:35.199  
from the government's off governor's

2:05:34.000,2:05:38.239  
office anyway so

2:05:35.199,2:05:41.599  
so if there is no uh official

2:05:38.239,2:05:45.040  
new york state guidance on that then

2:05:41.599,2:05:48.320  
the uh what let's advertise

2:05:45.040,2:05:51.360  
the reorg as being uh

2:05:48.320,2:05:53.119  
wednesday september 30th and and

2:05:51.360,2:05:55.119  
one other thing on that note just

2:05:53.119,2:05:59.360  
because you know i'm a protocol freak

2:05:55.119,2:05:59.360  
um trustees lammer

2:05:59.840,2:06:04.159  
catalano she left someone right writes

2:06:02.480,2:06:06.239  
her out of the election and whoever wins

2:06:04.159,2:06:09.199  
the second ward

2:06:06.239,2:06:09.760  
they need to have ample opportunity to

2:06:09.199,2:06:12.960  
pick the

2:06:09.760,2:06:16.079

committees so that information

2:06:12.960,2:06:19.040

should be sent to them immediately aft

2:06:16.079,2:06:20.079

right you know right after the election

2:06:19.040,2:06:24.159

as i remember

2:06:20.079,2:06:27.520

john carson's always um ceremoniously

2:06:24.159,2:06:28.079

uh performed the oath uh at the reorg

2:06:27.520,2:06:31.840

meeting

2:06:28.079,2:06:32.560

so um that would bring us to september

2:06:31.840,2:06:34.639

30th

2:06:32.560,2:06:36.159

great job yeah the reason that i say

2:06:34.639,2:06:37.040

that is because there's gonna if we're

2:06:36.159,2:06:39.760

still covered

2:06:37.040,2:06:41.040

if it's still covered a covert situation

2:06:39.760,2:06:43.040

we're not gonna have time to

2:06:41.040,2:06:44.159

to analyze the committees and everything

2:06:43.040,2:06:47.119

else so

2:06:44.159,2:06:48.320

i think you take a little extra you know

2:06:47.119,2:06:51.040

preparation and

2:06:48.320,2:06:52.480  
make sure that people know you know what

2:06:51.040,2:06:56.560  
the committee situation is

2:06:52.480,2:06:56.560  
anyway that's it for me sorry

2:06:56.880,2:06:59.920  
okay so uh could i have a motion to go

2:06:59.440,2:07:02.960  
into

2:06:59.920,2:07:05.920  
executive with our attorney and

2:07:02.960,2:07:06.800  
uh our code enforcement officer brian

2:07:05.920,2:07:10.840  
murphy

2:07:06.800,2:07:12.079  
and commissioner burke and commissioner

2:07:10.840,2:07:14.079  
berg

2:07:12.079,2:07:17.199  
is for the purpose of discussing a

2:07:14.079,2:07:17.199  
pending investigation

2:07:17.440,2:07:24.840  
i'll make the motion second second

2:07:21.520,2:07:27.840  
seconded by trustee lammers all those in

2:07:24.840,2:07:27.840  
favor

2:07:28.480,2:07:41.840  
thanks everybody
