bulletin board we have emailed a copy of

0:02:49.920,0:02:55.280
the notice

0:02:55.360,0:02:59.280
all right board if you have the latest

0:02:57.120,0:03:01.360
agenda you'll see casey engineering's

0:02:59.280,0:03:03.519
projects discussion

0:03:01.360,0:03:05.120
if if you don't have it i can get it to

0:03:03.519,0:03:07.760
you

0:03:05.120,0:03:07.760
so john

0:03:08.159,0:03:14.400
would you like me to share my screen uh

0:03:12.319,0:03:19.840
well probably would be nice for people

0:03:14.400,0:03:19.840
to see yeah you can do it

0:03:24.319,0:03:30.080
okay that didn't work

0:03:27.440,0:03:30.840
hey can you see the screen now anybody

0:03:30.080,0:03:34.000
yeah

0:03:30.840,0:03:35.519
good okay so we have the boat house

0:03:34.000,0:03:37.280
under construction

0:03:35.519,0:03:38.879
um woodland manor was awarded the

0:03:37.280,0:03:41.200
contract they have been at it

0:03:38.879,0:03:42.959
and they're working quite diligently

0:03:41.200,0:03:44.879
they're planning or hoping to be paving

0:03:42.959,0:03:47.120
by the first week of december

0:03:44.879,0:03:48.959
remember that was for the the patio the

0:03:47.120,0:03:50.799
parking area the sidewalks

0:03:48.959,0:03:52.400
the lighting we did do the alternate ad

0:03:50.799,0:03:53.439
lighting to add the lightings that were

0:03:52.400,0:03:56.400
similar

0:03:53.439,0:03:57.360
to the other lights in the project um

0:03:56.400,0:03:59.840
frannie reese

0:03:57.360,0:04:01.120
is moving right along is actually down

0:03:59.840,0:04:04.319
to punchless items

0:04:01.120,0:04:06.480
and work relating to the the stairs in

0:04:04.319,0:04:08.400
the handrail

0:04:06.480,0:04:09.519
pretty much substantially complete at

0:04:08.400,0:04:12.879
this point

0:04:09.519,0:04:15.360
the uh the tap project also with

0:04:12.879,0:04:17.359
contract uh contact construction is

0:04:15.360,0:04:18.560
nearly complete also down to punchless

0:04:17.359,0:04:20.239
items

0:04:18.560,0:04:22.320
um we're going to continue monitoring

0:04:20.239,0:04:23.280
that and that's also you remember that's

0:04:22.320,0:04:26.479
where the wall

0:04:23.280,0:04:28.160
collapse so there is a section of

0:04:26.479,0:04:29.600
sidewalk that won't be completed this

0:04:28.160,0:04:33.120
year

0:04:29.600,0:04:34.880
um contract five has been submitted

0:04:33.120,0:04:36.240
um contract five is the water

0:04:34.880,0:04:39.680
interconnect with

0:04:36.240,0:04:43.360
um the town of wappingers in the village

0:04:39.680,0:04:45.759
uh down low sea road we've also

0:04:43.360,0:04:48.080
had the board's requested added the

0:04:45.759,0:04:51.360
sewer work in front of dutchess plaza

0:04:48.080,0:04:53.280
and aero auto glass to the contract five

0:04:51.360,0:04:54.960
a set of drawings that will be out to

0:04:53.280,0:04:56.960
bid

0:04:54.960,0:04:58.320
that's part of the proposal that nancy

0:04:56.960,0:05:02.000
presented to the board

0:04:58.320,0:05:03.759
um earlier this week and and we will get

0:05:02.000,0:05:07.600
into that in a minute

0:05:03.759,0:05:10.479
um again this is uh this project is

0:05:07.600,0:05:12.479
intended to go out to bid in the spring

0:05:10.479,0:05:16.080
it solves a lot of problems

0:05:12.479,0:05:16.560
as far as duplication or backup wells

0:05:16.080,0:05:19.360
and the

0:05:16.560,0:05:21.520
health department is very very happy

0:05:19.360,0:05:25.840
with this project by the way

0:05:21.520,0:05:28.479
uh again nancy had submitted um

0:05:25.840,0:05:29.280
a request a proposal to there for the

0:05:28.479,0:05:32.160
minimal work

0:05:29.280,0:05:33.120
associated with putting the contract

0:05:32.160,0:05:35.280
five

0:05:33.120,0:05:36.320
i mean the contract for sewer work into

0:05:35.280,0:05:38.160
the drawings

0:05:36.320,0:05:40.000
and then it will be also the inspection

0:05:38.160,0:05:42.639
work that would would have been done

0:05:40.000,0:05:44.000
under contract 4 for this section of the

0:05:42.639,0:05:46.000
the sewer work again in front of

0:05:44.000,0:05:47.759
dutchess plaza and aero auto glass on

0:05:46.000,0:05:52.080
route 9.

0:05:47.759,0:05:54.800
we would need um

0:05:52.080,0:05:55.360
okay and and the last thing on the item

0:05:54.800,0:05:57.360
for that

0:05:55.360,0:05:59.440
is it is time to schedule the public

0:05:57.360,0:06:01.199
hearing for contract five

0:05:59.440,0:06:03.919
um the board would do that that would be

0:06:01.199,0:06:05.680
great the water filter plant the usd

0:06:03.919,0:06:07.199
application has been submitted

0:06:05.680,0:06:09.360
we're just waiting to hear if they have

0:06:07.199,0:06:12.160
any questions or comments

0:06:09.360,0:06:13.759
um bain park the master plan that the

0:06:12.160,0:06:18.840
committee met

0:06:13.759,0:06:21.120
back on october 20th and

0:06:18.840,0:06:22.560
um remotely

0:06:21.120,0:06:25.120
and then there was a kickoff design

0:06:22.560,0:06:26.800
meeting for november 6th

0:06:25.120,0:06:28.800
again we're working on this this is for

0:06:26.800,0:06:29.759
the concept master plan for the park the

0:06:28.800,0:06:31.680
site design

0:06:29.759,0:06:34.160
of the playground equipment and of

0:06:31.680,0:06:37.600
course the eaf form that's required

0:06:34.160,0:06:39.919
the grease trap the committee met on the

0:06:37.600,0:06:41.360
uh august 28th it's a two-year grant

0:06:39.919,0:06:44.160
we're working on it that should be

0:06:41.360,0:06:47.360
submitted in the next coming weeks

0:06:44.160,0:06:49.120
the epa for the brownfield assessments

0:06:47.360,0:06:50.800
we're just finalizing a few things with

0:06:49.120,0:06:52.160
the epa and we should be able to get out

0:06:50.800,0:06:53.919
to the bleachery

0:06:52.160,0:06:56.800
and do the phase two environmental

0:06:53.919,0:07:00.400
assessment associated with that brand

0:06:56.800,0:07:02.160
um and that site the sewer and water

0:07:00.400,0:07:03.520
infrastructure study has been submitted

0:07:02.160,0:07:05.280
we have heard nothing more

0:07:03.520,0:07:07.599
um i guess at this point we probably

0:07:05.280,0:07:11.120
should just remove this from the list

0:07:07.599,0:07:12.800
and then pogitaris again um nothing more

0:07:11.120,0:07:14.160
has been done on it and we're just

0:07:12.800,0:07:16.160
waiting to hear from the village if you

0:07:14.160,0:07:19.440
need anything else

0:07:16.160,0:07:19.440

does anybody have any questions

0:07:20.000,0:07:24.160

yeah i do going back to uh it's john

0:07:22.240,0:07:25.759

carter going back to contract five

0:07:24.160,0:07:27.840

design

0:07:25.759,0:07:31.360

it's time to schedule a presentation

0:07:27.840,0:07:34.720

public meeting who's going to do that

0:07:31.360,0:07:38.000

corey are you there

0:07:34.720,0:07:40.479

yeah corey this is matt uh corey

0:07:38.000,0:07:41.280

it should be the one to work with john

0:07:40.479,0:07:44.400

zorowski

0:07:41.280,0:07:47.520

to schedule that and um

0:07:44.400,0:07:49.280

i think we're going to try to do it in a

0:07:47.520,0:07:52.240

zoom meeting

0:07:49.280,0:07:52.240

in december

0:07:54.560,0:08:01.120

yes i concur okay

0:07:58.639,0:08:02.560

just want to follow up on that okay i'll

0:08:01.120,0:08:04.240

i'll check in with

0:08:02.560,0:08:05.759

corey tomorrow and we'll see what dates

0:08:04.240,0:08:07.919
will work

0:08:05.759,0:08:08.879
yeah so if that doesn't work because of

0:08:07.919,0:08:10.080
um

0:08:08.879,0:08:12.319
you know all the different things that

0:08:10.080,0:08:15.759
are going on we'll push it off

0:08:12.319,0:08:17.520
to january but um i think if

0:08:15.759,0:08:19.199
if we're going to be more and more shut

0:08:17.520,0:08:22.560
down it might be

0:08:19.199,0:08:22.560
good to use that time

0:08:25.039,0:08:28.240
uh are we we're not looking at a hard

0:08:26.960,0:08:29.840
deadline for that

0:08:28.240,0:08:31.599
uh for the public meeting there's no

0:08:29.840,0:08:33.360
hard deadlines not yet

0:08:31.599,0:08:34.640
not yet before we go to construction

0:08:33.360,0:08:35.839
there will be but we're not at that

0:08:34.640,0:08:37.839
point yet so

0:08:35.839,0:08:40.080
right now it's in front of the efc the

0:08:37.839,0:08:41.760
health the state health department the

0:08:40.080,0:08:43.360
dutchess county health department in the

0:08:41.760,0:08:47.200
county

0:08:43.360,0:08:47.200
for comments reviewing comments

0:08:48.399,0:08:51.839
so i have john zarelski i have a

0:08:51.279,0:08:55.120
question

0:08:51.839,0:08:58.560
from this is matt alexander um

0:08:55.120,0:09:00.399
on the franny reese project uh i

0:08:58.560,0:09:02.080
believe you said that the only thing

0:09:00.399,0:09:05.279
left was the handrail

0:09:02.080,0:09:05.279
is that is it

0:09:05.360,0:09:10.640
there's a few punchless items the

0:09:07.120,0:09:13.680
handrail and um i think the stairs

0:09:10.640,0:09:14.880
need to be reworked i thought i think

0:09:13.680,0:09:17.279
the stairs

0:09:14.880,0:09:18.399
uh so i think they've been reworked

0:09:17.279,0:09:22.160
maybe they just need to be

0:09:18.399,0:09:22.160
inspected george is like

0:09:23.279,0:09:27.279
they've been reworked we're waiting for

0:09:25.360,0:09:28.959
the measurements from the contractor to

0:09:27.279,0:09:30.080
confirm that that the work is done

0:09:28.959,0:09:32.320
properly and we'll

0:09:30.080,0:09:33.200
inspect to make sure but um we we

0:09:32.320,0:09:35.600
believe that the

0:09:33.200,0:09:38.399
stair work is complete it's just the

0:09:35.600,0:09:38.399
handrail okay

0:09:38.640,0:09:42.720
i looked at it myself i drove by there

0:09:42.160,0:09:44.399
today

0:09:42.720,0:09:46.240
and there was a construction company

0:09:44.399,0:09:48.720
there doing something over there by the

0:09:46.240,0:09:48.720
stairs

0:09:49.120,0:09:55.360
today okay um

0:09:52.399,0:09:57.440
so also while you're on this excuse me

0:09:55.360,0:09:59.200
while you're on that subject

0:09:57.440,0:10:01.680
residents have been asking me for

0:09:59.200,0:10:04.800
parking permits for that

0:10:01.680,0:10:06.640
area so the reason i want to uh

0:10:04.800,0:10:08.240
the reason i'm asking john is because i

0:10:06.640,0:10:12.240
want to do we

0:10:08.240,0:10:16.320
um do we have a date yet

0:10:12.240,0:10:16.320
for uh these punch list items

0:10:17.360,0:10:20.720
the remaining punchless item is

0:10:19.040,0:10:23.760
installation of the handrail

0:10:20.720,0:10:25.200
and in uh today we communicated with

0:10:23.760,0:10:27.839
saccone to ask when their

0:10:25.200,0:10:29.839
sub is ready to install it and uh we

0:10:27.839,0:10:32.160
don't have a date from them yet but

0:10:29.839,0:10:33.760
we uh expect that that work will be

0:10:32.160,0:10:36.000
concluded this month

0:10:33.760,0:10:36.959
and we're waiting for a firm date for

0:10:36.000,0:10:39.040
the handrail

0:10:36.959,0:10:40.000
it's been fabricated it needs to be

0:10:39.040,0:10:42.240
installed

0:10:40.000,0:10:43.920
and uh we'll hear back in the next

0:10:42.240,0:10:45.600
couple of days

0:10:43.920,0:10:47.680
okay all right if you could just email

0:10:45.600,0:10:51.680
the board and myself

0:10:47.680,0:10:55.200
uh it's going to do here you will so um

0:10:51.680,0:10:57.360
that would be useful and then john uh

0:10:55.200,0:10:59.040
courage will try to get you that

0:10:57.360,0:11:00.399
information so you can start calling

0:10:59.040,0:11:02.560
back the people who have been calling

0:11:00.399,0:11:02.560
you

0:11:03.440,0:11:07.760
because once we know that i think we'll

0:11:05.120,0:11:09.440
be able to

0:11:07.760,0:11:11.920
give you some information about the

0:11:09.440,0:11:11.920
parking

0:11:13.600,0:11:19.440
okay good i just have one thing

0:11:20.160,0:11:23.519
i have one thing it's for nancy

0:11:23.680,0:11:27.600
go ahead fancy uh just to follow up on

0:11:26.800,0:11:29.600
the email did

0:11:27.600,0:11:31.279
uh are we are we looking on that

0:11:29.600,0:11:33.519
pedestrian crosswalk

0:11:31.279,0:11:36.079
for the uh the hole in the ground there

0:11:33.519,0:11:39.200
in west maine

0:11:36.079,0:11:41.600
uh d.o.t has completed uh

0:11:39.200,0:11:43.120
some test pits and boring and to

0:11:41.600,0:11:46.399
characterize the rock

0:11:43.120,0:11:47.360
there we received information from them

0:11:46.399,0:11:49.440
this week

0:11:47.360,0:11:51.360
and we need to convene another technical

0:11:49.440,0:11:55.760
meeting we had already had

0:11:51.360,0:11:58.320
one technical meeting between kc and dot

0:11:55.760,0:11:59.040
with geotech and structural engineers

0:11:58.320,0:12:02.000
and

0:11:59.040,0:12:03.279
so far the collective is in agreement

0:12:02.000,0:12:05.440
that we're going to work together to

0:12:03.279,0:12:08.560
come up with a solution

0:12:05.440,0:12:10.000
we urge the dot that we'd we'd like to

0:12:08.560,0:12:13.279
have an effective solution that's

0:12:10.000,0:12:14.560
not overkill and uh and once we identify

0:12:13.279,0:12:16.800
the solution

0:12:14.560,0:12:18.959
the we anticipate the village will

0:12:16.800,0:12:20.959
probably be turning to d.o.t to figure

0:12:18.959,0:12:24.000
out how to achieve funding for

0:12:20.959,0:12:26.399
the fix in the meantime um

0:12:24.000,0:12:28.399
the the resident engineer is the one

0:12:26.399,0:12:29.120
that's following up on how they're going

0:12:28.399,0:12:32.880
to

0:12:29.120,0:12:35.360
uh bridge the the open area

0:12:32.880,0:12:36.240
and um i've reached out to him i will

0:12:35.360,0:12:39.279
nudge him again

0:12:36.240,0:12:41.839
i have not heard back um the there was

0:12:39.279,0:12:43.760
talk of them perhaps using an aluminum

0:12:41.839,0:12:46.240
walkway with handrails like

0:12:43.760,0:12:47.760
like you saw during construction um uh

0:12:46.240,0:12:50.160
contact use one

0:12:47.760,0:12:51.120
um but but i don't think that that's in

0:12:50.160,0:12:53.680
place yet right

0:12:51.120,0:12:55.680
and no not yet reason why i've seen

0:12:53.680,0:12:58.240
residents walking up the street and they

0:12:55.680,0:12:59.279
they walk on the curb part of it yeah

0:12:58.240,0:13:02.320
yeah it's not good

0:12:59.279,0:13:04.160
so i'll continue to push d.o.t because

0:13:02.320,0:13:04.639
you you have an interim fix that you

0:13:04.160,0:13:06.959
need

0:13:04.639,0:13:09.120
resolved to to maintain pedestrian

0:13:06.959,0:13:11.519
access through your commercial corridor

0:13:09.120,0:13:14.560
and then the permanent fix wouldn't be

0:13:11.519,0:13:21.360
resolved until 2021 according to d.o.t

0:13:14.560,0:13:24.720
correct thank you

0:13:21.360,0:13:26.000
okay um before uh casey leaves um do you

0:13:24.720,0:13:31.120
have more john

0:13:26.000,0:13:34.240
for the report no that was interesting

0:13:31.120,0:13:35.200
okay so um corey do you want to talk to

0:13:34.240,0:13:40.639
us about the

0:13:35.200,0:13:40.639
nine element plan and uh what's going on

0:13:41.680,0:13:48.800
yes so um the three things

0:13:46.320,0:13:49.360
that i sent john to put on uh there are

0:13:48.800,0:13:52.480
three

0:13:49.360,0:13:55.519
uh demonstration projects

0:13:52.480,0:13:57.920
that we've lined up for the nine element

0:13:55.519,0:14:01.519
plan and lwrp and i've

0:13:57.920,0:14:03.760
brought them to the dos this week um

0:14:01.519,0:14:05.440
which they approved on just pending some

0:14:03.760,0:14:08.480
dec approval

0:14:05.440,0:14:11.519
but uh the three projects

0:14:08.480,0:14:15.440
are one is twin island

0:14:11.519,0:14:19.199
uh biochar project twin island is

0:14:15.440,0:14:22.320
a pond up at the headwater

0:14:19.199,0:14:24.399
of wappinger creek and um the project

0:14:22.320,0:14:28.800
there is going to include

0:14:24.399,0:14:32.399
uh installing biochar as well as a weir

0:14:28.800,0:14:32.720
uh at the the drainage point of the pond

0:14:32.399,0:14:35.279
and

0:14:32.720,0:14:36.160
the weir is supposed to help catch a lot

0:14:35.279,0:14:39.040
of debris

0:14:36.160,0:14:40.959
as well as um hopefully fix the water

0:14:39.040,0:14:42.560
level of the pond help it rise

0:14:40.959,0:14:43.920
and the biochar will be there it's

0:14:42.560,0:14:46.000
something we've brought up a few times

0:14:43.920,0:14:49.040
at this board meeting

0:14:46.000,0:14:51.680
but uh the biochar is

0:14:49.040,0:14:52.320
this natural filter and we're putting it

0:14:51.680,0:14:55.360
in

0:14:52.320,0:14:57.120
uh there and another spot to over 30

0:14:55.360,0:14:58.959
days to see

0:14:57.120,0:15:01.360
how well it filters out the water and

0:14:58.959,0:15:04.800
hopefully we can install that in

0:15:01.360,0:15:07.440
in more areas if it's successful

0:15:04.800,0:15:08.639
the green pond project is very similar

0:15:07.440,0:15:11.760
there's no weir

0:15:08.639,0:15:15.440
but it's also a biochar project

0:15:11.760,0:15:18.959
green pond is literally a very green

0:15:15.440,0:15:23.040
pond next to duchess airport it's

0:15:18.959,0:15:24.959
at the bottom or the it's

0:15:23.040,0:15:27.680
it collects a lot of runoff from not

0:15:24.959,0:15:30.480
only a construction

0:15:27.680,0:15:31.519
property but also there's a neighborhood

0:15:30.480,0:15:34.000
complex there

0:15:31.519,0:15:34.639
with a lot of private septic so the

0:15:34.000,0:15:37.440
water gets

0:15:34.639,0:15:38.639
gets a lot of bad stuff in it there's a

0:15:37.440,0:15:41.759
dam at the bottom of it

0:15:38.639,0:15:44.160
and we want to install biochar there for

0:15:41.759,0:15:47.440
the same reasons test it over 30 days

0:15:44.160,0:15:51.199
and see if it filters out the water and

0:15:47.440,0:15:55.279
the third project is this streamgo

0:15:51.199,0:15:58.160
filtration project uh up at woodhill

0:15:55.279,0:16:00.000
it's this giant crate again i think i

0:15:58.160,0:16:03.120
brought up a little last week it's it's

0:16:00.000,0:16:04.800
this giant crate um that these people

0:16:03.120,0:16:06.560
from canada have made

0:16:04.800,0:16:08.160
essentially their own water filtration

0:16:06.560,0:16:12.399
system and you can

0:16:08.160,0:16:15.680
retrofit it onto active and outdated

0:16:12.399,0:16:18.079
filtration systems and um

0:16:15.680,0:16:19.120
it does its own thing it can clean water

0:16:18.079,0:16:22.639
it

0:16:19.120,0:16:24.480
has all this behind it it has this

0:16:22.639,0:16:26.320
they call it a membrane it's really just

0:16:24.480,0:16:29.600
it's like a filter it's very

0:16:26.320,0:16:31.680
very fine um and they also have this big

0:16:29.600,0:16:34.240
tub where they have these little

0:16:31.680,0:16:37.519
microscopic bugs in there eating

0:16:34.240,0:16:38.560
phosphorus and uh instead it's the one

0:16:37.519,0:16:40.880
thing right at the end

0:16:38.560,0:16:42.639
they say you know if it goes through the

0:16:40.880,0:16:44.800
whole process you can

0:16:42.639,0:16:46.160
drink it right then which you know they

0:16:44.800,0:16:48.959
pour you the cup but no one

0:16:46.160,0:16:50.000
i have not seen anyone drink it yet um

0:16:48.959,0:16:52.720
but so those are

0:16:50.000,0:16:54.800
three demonstration projects we plan on

0:16:52.720,0:16:57.600
doing through the lwrp

0:16:54.800,0:16:58.160
and uh hopefully if they're successful

0:16:57.600,0:17:01.920
which we

0:16:58.160,0:17:03.839
assume uh they will be then we can

0:17:01.920,0:17:05.439
encourage and try and implement that

0:17:03.839,0:17:08.959
creek wide and

0:17:05.439,0:17:10.959
maybe start actually in the water

0:17:08.959,0:17:12.959
yeah so there's one more that i'm going

0:17:10.959,0:17:14.959
to add uh to that that

0:17:12.959,0:17:16.480
we've only recently started talking

0:17:14.959,0:17:19.839
about and that's

0:17:16.480,0:17:23.439
to uh take sediment from

0:17:19.839,0:17:26.319
the beds of wappinger lake and

0:17:23.439,0:17:26.959
to treat that sediment that watery

0:17:26.319,0:17:30.160
sediment

0:17:26.959,0:17:33.440
with uh biochar and uh

0:17:30.160,0:17:36.480
to test that sediment

0:17:33.440,0:17:40.240
afterwards to see if it would be

0:17:36.480,0:17:43.760
okay to use for uh

0:17:40.240,0:17:44.640
residential non-food landscaping

0:17:43.760,0:17:48.160
purposes

0:17:44.640,0:17:51.200
or uh commercial landscaping versus

0:17:48.160,0:17:52.240
purposes and uh what this would allow us

0:17:51.200,0:17:56.400
to do would be

0:17:52.240,0:17:59.440
to um try to uh

0:17:56.400,0:18:03.120
dredge the lake and use

0:17:59.440,0:18:04.640
the dredged spoils in other locations so

0:18:03.120,0:18:05.919
that we could dispose of it without

0:18:04.640,0:18:10.960
sending it to a

0:18:05.919,0:18:10.960
sending it far away as a contaminated

0:18:12.840,0:18:15.840
source

0:18:16.960,0:18:20.720
that's it for the uh night element did

0:18:19.840,0:18:23.120
you

0:18:20.720,0:18:24.880
did i did you get all of that or am i

0:18:23.120,0:18:28.000
going

0:18:24.880,0:18:29.919
no i think we got it corey

0:18:28.000,0:18:31.440
provided me with three items that he

0:18:29.919,0:18:34.799
wanted the board to

0:18:31.440,0:18:37.120
uh take action on tonight

0:18:34.799,0:18:38.960
well i don't think we have enough

0:18:37.120,0:18:41.840
information to take action tonight

0:18:38.960,0:18:42.400
yeah i i was actually uh john i meant to

0:18:41.840,0:18:44.880
say that

0:18:42.400,0:18:45.600
i after having a conversation with matt

0:18:44.880,0:18:47.280
later today

0:18:45.600,0:18:49.200
um i think we're going to hold off on

0:18:47.280,0:18:50.880
them they were the three projects i just

0:18:49.200,0:18:52.960
discussed but i think we're gonna

0:18:50.880,0:18:54.640
we're gonna hold off for for another

0:18:52.960,0:18:55.679
yeah each of the three projects needs

0:18:54.640,0:18:57.600
approval from

0:18:55.679,0:18:58.799
either the dec or the department of

0:18:57.600,0:19:01.520
health

0:18:58.799,0:19:01.520
so yeah

0:19:01.840,0:19:05.360
without uh without their approval

0:19:04.480,0:19:08.880
because they are

0:19:05.360,0:19:11.039
um dec state regulated

0:19:08.880,0:19:12.640
yeah so there's actually four projects

0:19:11.039,0:19:16.559
so um

0:19:12.640,0:19:19.039
right so since we're looking ahead

0:19:16.559,0:19:21.840
uh let's make it for the next time we

0:19:19.039,0:19:25.200
can get those on the agenda

0:19:21.840,0:19:27.760
okay um

0:19:25.200,0:19:30.160
so are we gonna i'm sorry are we gonna

0:19:27.760,0:19:31.919
table these items is that it

0:19:30.160,0:19:34.559
we're gonna table the contracts

0:19:31.919,0:19:34.559
themselves

0:19:35.760,0:19:40.880
okay just for clarity i'm looking at a

0:19:39.120,0:19:42.000
duchess county department of health

0:19:40.880,0:19:45.120
application

0:19:42.000,0:19:48.000
for wastewater disposal system

0:19:45.120,0:19:49.600
for woodhill green pilot that's yeah

0:19:48.000,0:19:50.400
that's the pilot plant that corey was

0:19:49.600,0:19:55.200
talking about

0:19:50.400,0:19:57.600
it's a it's a package um um

0:19:55.200,0:19:59.520
our plant it'll treat sewage but the

0:19:57.600,0:20:01.039
department of health has to approve that

0:19:59.520,0:20:03.440
pilot study

0:20:01.039,0:20:04.799
um as it affects an existing wastewater

0:20:03.440,0:20:06.640
treatment plant

0:20:04.799,0:20:08.000
so we're not taking any action on that

0:20:06.640,0:20:09.520
application tonight

0:20:08.000,0:20:11.919
we need so we need the department of

0:20:09.520,0:20:13.840
health to do something before we

0:20:11.919,0:20:15.360
yeah no none of the three john that that

0:20:13.840,0:20:18.400
was my mistake i um

0:20:15.360,0:20:21.120
i did send that to you uh yesterday but

0:20:18.400,0:20:22.000
uh after the rest yesterday and today i

0:20:21.120,0:20:24.640
i should have

0:20:22.000,0:20:25.280
uh told you the table all right corey

0:20:24.640,0:20:26.960
you and i

0:20:25.280,0:20:28.400
can get together tomorrow morning so i

0:20:26.960,0:20:32.240
have accurate minutes

0:20:28.400,0:20:35.360
sure sure thank you thanks

0:20:32.240,0:20:37.120
um if that's it for those projects the

0:20:35.360,0:20:39.919
next is a resolution

0:20:37.120,0:20:42.159
for ormander development matt did you

0:20:39.919,0:20:46.559

0:22:22.080,0:22:26.720
hundred dollars

0:22:23.440,0:22:27.200
to orbiter development corporation and i

0:22:26.720,0:22:30.880
have

0:22:27.200,0:22:33.840
a motion to approve so

0:22:30.880,0:22:33.840
do we have uh

0:22:34.159,0:22:39.679
who who is um

0:22:37.200,0:22:41.200
who is saying that this is ready is it

0:22:39.679,0:22:44.480
the planning board or the

0:22:41.200,0:22:48.320
no brian brian has to

0:22:44.480,0:22:50.320
yeah okay it's brian murphy uh

0:22:48.320,0:22:51.840
christian moore from casey engineering

0:22:50.320,0:22:53.520
was out there a while ago i have an

0:22:51.840,0:22:55.440
email verifying that

0:22:53.520,0:22:56.640
he is satisfied and also the planning

0:22:55.440,0:23:00.320
board chairman

0:22:56.640,0:23:02.400
tom morris uh walked the site and uh

0:23:00.320,0:23:04.080
we we have confirmation that it's all

0:23:02.400,0:23:05.600
completed

0:23:04.080,0:23:07.600
okay very good that's what i want to do

0:23:05.600,0:23:09.679
here so uh

0:23:07.600,0:23:12.559
so brian you're going to issue a final

0:23:09.679,0:23:15.760
certificate of occupancy

0:23:12.559,0:23:18.400
we have okay

0:23:15.760,0:23:20.480
then yeah then i know that you had

0:23:18.400,0:23:22.640
issued a temporary co

0:23:20.480,0:23:23.679
we did we initially issued a temporary

0:23:22.640,0:23:26.880
co

0:23:23.679,0:23:29.600
because they posted the uh bond and then

0:23:26.880,0:23:30.159
after uh christian moore and uh tom

0:23:29.600,0:23:32.480
morris

0:23:30.159,0:23:33.360
walked the site about two to three weeks

0:23:32.480,0:23:36.159
ago we had

0:23:33.360,0:23:37.440
issued a uh a full certificate of

0:23:36.159,0:23:41.760
occupancy

0:23:37.440,0:23:44.000
okay then then by by uh

0:23:41.760,0:23:45.679
that very act we we have to release the

0:23:44.000,0:23:48.559
bond and i recommend that the board

0:23:45.679,0:23:51.279
adopt this resolution

0:23:48.559,0:23:52.799
okay so could we get a motion i'll make

0:23:51.279,0:23:56.159
it

0:23:52.799,0:23:59.919
in a second a second

0:23:56.159,0:23:59.919
and uh all those in favor

0:24:01.039,0:24:07.520
are there any opposed

0:24:04.159,0:24:09.039
okay can i just do a roll call vote

0:24:07.520,0:24:13.440
quick

0:24:09.039,0:24:17.279
yeah so uh trustee cuber hi

0:24:13.440,0:24:17.279
trustee marco john hi

0:24:30.960,0:24:37.360
okay okay

0:24:34.320,0:24:40.159
the last item on the printed agenda

0:24:37.360,0:24:40.880
is uh in previous business property

0:24:40.159,0:24:44.640
maintenance

0:24:40.880,0:24:45.679
updates list three properties 25 south

0:24:44.640,0:24:49.919
at remsen

0:24:45.679,0:24:49.919
eight tribucco and ten north

0:24:50.480,0:24:53.200
okay brian

0:24:53.679,0:25:00.640
okay um 25 south ramson um

0:24:57.360,0:25:02.960
i have no further updates on

0:25:00.640,0:25:02.960
um

0:25:03.919,0:25:08.640
uh maybe commissioner burke does but ate

0:25:06.480,0:25:09.120
chiboko i have been in contact with the

0:25:08.640,0:25:11.520
owner

0:25:09.120,0:25:12.480
and they are starting very slowly to

0:25:11.520,0:25:15.840
take care of it

0:25:12.480,0:25:19.760
um i do have a

0:25:15.840,0:25:21.679
bid from a contractor to go on there but

0:25:19.760,0:25:25.520
trying to give the owner a little bit

0:25:21.679,0:25:25.520
more time to take care of the issues

0:25:25.600,0:25:31.600
10 north street i would request that we

0:25:29.120,0:25:33.279
i believe it's a public hearing and if

0:25:31.600,0:25:33.919
it is i would request that we adjourn it

0:25:33.279,0:25:37.120
to the

0:25:33.919,0:25:41.120
next meeting we are going to uh be

0:25:37.120,0:25:42.080
uh issuing uh order to remedy violation

0:25:41.120,0:25:44.000
notices

0:25:42.080,0:25:45.440
um using the new york state property

0:25:44.000,0:25:48.720
maintenance code

0:25:45.440,0:25:52.000
and not uh chapter 114 the

0:25:48.720,0:25:52.000
village property maintenance code

0:25:52.559,0:25:58.559
okay so i just go i just

0:25:55.760,0:26:00.080
if i think it's appropriate that we go

0:25:58.559,0:26:03.120
into executive session

0:26:00.080,0:26:06.880
for uh any discussion on

0:26:03.120,0:26:06.880
um 25 south cremson

0:26:07.200,0:26:12.720
okay so before you do that

0:26:10.559,0:26:15.039
is it possible for the village board to

0:26:12.720,0:26:19.600
consider casey's proposal

0:26:15.039,0:26:19.600
dated november 13th about route 9 sewer

0:26:20.159,0:26:23.279
okay i was trying to figure out who that

0:26:21.679,0:26:27.440
was so this is nancy

0:26:23.279,0:26:30.480
yes okay um

0:26:27.440,0:26:32.960
yes i think so yes so

0:26:30.480,0:26:34.400
uh we're not ready to go into executive

0:26:32.960,0:26:35.520
yet so is there anything else on the

0:26:34.400,0:26:39.840
agenda

0:26:35.520,0:26:43.039
john no that's it mayor so

0:26:39.840,0:26:46.320
nancy why don't you uh talk to us about

0:26:43.039,0:26:49.440
uh route 9 okay

0:26:46.320,0:26:51.600
the the route 9 sewer uh proposal i

0:26:49.440,0:26:53.440
actually drafted it for john's signature

0:26:51.600,0:26:54.880
he's the one sitting with you now but i

0:26:53.440,0:26:58.159
wrote it um

0:26:54.880,0:27:00.799
as john said for

0:26:58.159,0:27:01.919
contract 4 this work was included but as

0:27:00.799,0:27:03.600
many of you know

0:27:01.919,0:27:05.919
it was cancelled because of an

0:27:03.600,0:27:07.760
environmental issue discovered at arrow

0:27:05.919,0:27:10.480
auto glass that needed to be resolved

0:27:07.760,0:27:12.799
before the construction could happen

0:27:10.480,0:27:14.640
since that time arrow auto glass has

0:27:12.799,0:27:15.120
resolved their environmental issue there

0:27:14.640,0:27:17.120
were

0:27:15.120,0:27:19.279
some unknown petroleum tanks and there

0:27:17.120,0:27:20.240
was some soil that was tainted with

0:27:19.279,0:27:23.200
petroleum

0:27:20.240,0:27:24.000
that's been cleaned up by the owner

0:27:23.200,0:27:26.159
that's good

0:27:24.000,0:27:28.080
and with that done the village has

0:27:26.159,0:27:30.480
expressed the desire to

0:27:28.080,0:27:33.039
install the route 9 sewer improvements

0:27:30.480,0:27:35.679
as part of contract 5.

0:27:33.039,0:27:36.640
the the the work will be night work per

0:27:35.679,0:27:39.120
dot

0:27:36.640,0:27:39.919
uh in that corridor and and through the

0:27:39.120,0:27:43.039
easements

0:27:39.919,0:27:45.279
at duchess plaza that um owner

0:27:43.039,0:27:46.960
in negotiation about the easement also

0:27:45.279,0:27:50.320
requested night work so that

0:27:46.960,0:27:52.960
business is not impacted the proposal

0:27:50.320,0:27:53.760
from kc is a minimal amount of

0:27:52.960,0:27:57.520
engineering

0:27:53.760,0:28:00.480
for presenting the design to dot

0:27:57.520,0:28:01.039
for a highway work on it and negotiating

0:28:00.480,0:28:04.240
a

0:28:01.039,0:28:07.679
work zone traffic control um uh

0:28:04.240,0:28:10.640
plan and uh and then there's

0:28:07.679,0:28:11.520
there's time in there for uh observing

0:28:10.640,0:28:14.000
the construction

0:28:11.520,0:28:16.320
as it's as it's done during the night

0:28:14.000,0:28:19.600
for contract five in 2021

0:28:16.320,0:28:21.520
so the proposal um on the last page of

0:28:19.600,0:28:24.399
it we are we said casey engineering

0:28:21.520,0:28:27.360
proposes timing materials billing up to

0:28:24.399,0:28:28.720
2000 for the minimal engineering design

0:28:27.360,0:28:31.919
approval

0:28:28.720,0:28:34.480
and department of health and d.o.t um

0:28:31.919,0:28:36.640
and efforts needed to for construction

0:28:34.480,0:28:38.799
support for the route 9 sewer portion of

0:28:36.640,0:28:45.840
the contract 5 improvements

0:28:38.799,0:28:45.840
the uh anticipated construction

0:28:49.279,0:28:53.440
it includes taking a a line of sewer

0:28:51.760,0:28:55.760
that's a problem in front of dutchess

0:28:53.440,0:28:58.080
plaza out of service

0:28:55.760,0:28:59.039
removing manholes and and capping pipe

0:28:58.080,0:29:02.559
and filling

0:28:59.039,0:29:02.559
uh pipe with flowable fill

0:29:06.320,0:29:12.000
okay um so this is a i

0:29:09.520,0:29:12.640
i think that this is a very important

0:29:12.000,0:29:16.880
project

0:29:12.640,0:29:21.120
because it will help the village

0:29:16.880,0:29:24.080
avoid an underneath route 9

0:29:21.120,0:29:26.399
sewer issue and so for that reason i

0:29:24.080,0:29:30.080
would like to um

0:29:26.399,0:29:30.640
encourage the board to finish this

0:29:30.080,0:29:34.399
project

0:29:30.640,0:29:35.840
that we started a couple of years ago

0:29:34.399,0:29:38.159
here i got a couple things man that's

0:29:35.840,0:29:38.159
kevin

0:29:38.640,0:29:44.399
uh it is a we should we needed

0:29:42.799,0:29:46.720
last monday not just not this past

0:29:44.399,0:29:49.520
monday but last week on monday night

0:29:46.720,0:29:50.480
the highway department got called in for

0:29:49.520,0:29:52.840
the the sewer on

0:29:50.480,0:29:55.840
time was backing up and it was a big

0:29:52.840,0:29:55.840
grease

0:29:57.760,0:30:01.200
so if this project was done when argenio

0:30:00.480,0:30:04.799
did it

0:30:01.200,0:30:05.200
he would never had this issue it's got

0:30:04.799,0:30:08.960

my

0:30:05.200,0:30:12.480

headphones on it and i just let kc know

0:30:08.960,0:30:14.559

that there is uh

0:30:12.480,0:30:15.520

there's uh pieces left over from this

0:30:14.559,0:30:17.919

project

0:30:15.520,0:30:19.520

from uh argenio when it came there's a

0:30:17.919,0:30:23.840

manhole down

0:30:19.520,0:30:23.840

holding station down here

0:30:35.279,0:30:39.120

we'll look at that for sure okay

0:30:39.360,0:30:44.080

okay well if that's the case kevin uh

0:30:41.840,0:30:47.200

would you make a motion

0:30:44.080,0:30:50.480

i'll make a motion for the contract

0:30:47.200,0:30:54.720

number five sewer project okay

0:30:50.480,0:30:54.720

and could i get a second second

0:30:55.279,0:31:02.880

all those in favor hi hi hi

0:30:59.840,0:31:06.320

okay uh so i think that's the

0:31:02.880,0:31:07.760

end of our published portion

0:31:06.320,0:31:10.559

is there anything that the board wants

0:31:07.760,0:31:13.200
to bring up a mayor

0:31:10.559,0:31:13.760
yes mr burke um i thought we were going

0:31:13.200,0:31:15.519
to vote on

0:31:13.760,0:31:16.799
you know officer candidate tonight the

0:31:15.519,0:31:18.960
personnel

0:31:16.799,0:31:18.960
i'm

0:31:22.559,0:31:26.240
very good thank you so is somebody from

0:31:25.200,0:31:32.159
the board

0:31:26.240,0:31:34.720
ready to talk to us about that

0:31:32.159,0:31:36.720
since its labor involves labor you can

0:31:34.720,0:31:38.240
go in the executive session to discuss

0:31:36.720,0:31:38.880
it and then come out of executive

0:31:38.240,0:31:43.039
session

0:31:38.880,0:31:43.039
if there is board action

0:31:44.559,0:31:52.399
okay you guys good with that um

0:31:48.559,0:31:54.640
could i um is there anything else that

0:31:52.399,0:31:57.600
the board wants to bring up

0:31:54.640,0:31:57.600
in public session

0:32:01.840,0:32:04.880
if there's nothing from the board is

0:32:03.360,0:32:15.840
there anybody from the public that would

0:32:04.880,0:32:15.840
like to speak

0:32:17.919,0:32:20.960
um i'm just giving a little extra time

0:32:20.399,0:32:24.000
in case

0:32:20.960,0:32:27.039
you're on youtube and just to remind

0:32:24.000,0:32:30.080
everybody the way to

0:32:27.039,0:32:33.120
to do this is to go on to

0:32:30.080,0:32:33.120
the village's

0:32:33.200,0:32:39.279
face uh excuse me uh webpage

0:32:37.480,0:32:42.080
wappingersfallsny.gov

0:32:39.279,0:32:43.039
look at the zoom link that is posted

0:32:42.080,0:32:45.200
there

0:32:43.039,0:32:48.159
and if you go on that zoom link you can

0:32:45.200,0:32:57.840
make a public comment so

0:32:48.159,0:32:57.840
i'll just give a little bit more time

0:33:05.120,0:33:11.840
okay so um that being said

0:33:08.640,0:33:11.840
i know that we have

0:33:11.919,0:33:18.159
at least one personnel item one matter

0:33:14.559,0:33:18.159
of potential litigation

0:33:20.080,0:33:25.840
a collective bargaining agreement

0:33:26.240,0:33:30.480
matter for the contract

0:33:30.559,0:33:34.960
is there anything else craig or board

0:33:37.440,0:33:42.799
okay so for those well we'll also be

0:33:40.559,0:33:46.159
discussing um

0:33:42.799,0:33:49.519
some other uh some some litigation um

0:33:46.159,0:33:53.519
from the uh the agenda

0:33:49.519,0:33:56.799
as well that we

0:33:53.519,0:33:58.720
dude had touched upon in the meeting

0:33:56.799,0:34:00.399
all right for those items could i get a

0:33:58.720,0:34:02.240
motion following

0:34:00.399,0:34:04.559
all of those items could i get a motion

0:34:02.240,0:34:08.480
to go into executive session

0:34:04.559,0:34:11.919
i'll make it what was that

0:34:08.480,0:34:16.720
that was brian trustee lammers

0:34:11.919,0:34:16.720
second all those in favor

0:34:17.040,0:34:21.839
any opposed

0:34:22.280,0:34:25.379
[Music]

0:34:44.240,0:34:51.040
okay okay so uh we're ready

0:34:47.679,0:34:51.040
for a motion

0:34:51.599,0:34:56.399
um i'd like to make a motion to
